### SUBJECT IMPROVEMENTS: INSTALLATION OF STREETLIGHTS – SAN YSIDRO REDEVELOPMENT PROJECT AREA

#### I. FINDINGS OF BENEFIT

The subject improvements (Project) for which the Redevelopment Agency of the City of San Diego (Agency) proposes to pay will benefit the San Ysidro Redevelopment Project Area (Project Area) or the immediate neighborhood in which the Project Area is located in that:

- A. These improvements are within the San Ysidro Redevelopment Project.
- B. The Project will enhance portions of the San Ysidro Redevelopment Project Area for the benefit of residents, visitors, and merchants.
- C. The Project will improve the pedestrian safety needs of residents and visitors by the creation of additional lighting for specific areas including East San Ysidro Boulevard, West Olive Drive, Border Village Road, Beyer Boulevard, Bolton Hall Road, Sunset Lane, Smythe Avenue, Alverson Road, Virginia Avenue, West Park Avenue and Seward Avenue.

#### II. NO OTHER REASONABLE MEANS OF FINANCING

There are no other reasonable means available to the community for financing the Project for which the Agency proposes to pay in that:

##### City of San Diego

- A. The City's Capital Improvement Project (CIP) Budget is funded primarily with water and sewer fees, a half-cent local sales tax for transportation improvements, development impact fees, State and Federal grants and/or the issuance of bonds. The Fiscal Year 2007 CIP Budget supports construction projects such as the development of parkland, the installation of a traffic signal or street lighting system, or the construction or remodeling of a City facility.
- B. Most major tax revenue categories continue to show signs of growth, although revenue estimates reflect an uncertain economy. Moderate growth is anticipated for most Fiscal Year 2007 major revenues. Major revenue sources include Property Tax, Sales Tax, Transient Occupancy Tax and Franchise Fees.
- C. The CIP Budget was developed in accordance with City and Council Policy, and each project activity was evaluated and incorporated in the budget. Projects are funded

based on need and the availability of appropriate funding sources for that project. The City's CIP Budget for Fiscal Year 2007 totals \$293.7 million, a decrease of \$95.9 million from Fiscal Year 2006.

- D. Funding from the CIP Budget for this project is presently unavailable, since other priority public infrastructure projects have been allocated from the available CIP funds this fiscal year.

### III. ELIMINATION OF BLIGHTING CONDITIONS

The payment of Agency funds toward the cost of the Project will assist in the elimination of one or more blighting conditions inside the San Ysidro Redevelopment Project Area in that:

- A. The Project will upgrade deficient public right-of-way space with new lighting which will improve the image of certain commercial and residential areas of San Ysidro.
- B. The Project will upgrade public infrastructure that does not presently meet City's street lighting standards for commercial, business, and residential corridors.
- C. The improvements will help eliminate economic blighted conditions in that the neighborhood will be enhanced with crime-deterrent lighting and provide incentive for private investment, improved maintenance and increased consumer activity in the surrounding areas.
- D. The Project will correct and upgrade substandard and deteriorated lighting infrastructure and will minimize pedestrian tripping hazards by providing increased lighting.

### IV. PROJECT IS CONSISTENT WITH IMPLEMENTATION PLAN

The payment of Agency funds toward the cost of the Project is consistent with the Third Implementation Plan for the San Ysidro Redevelopment Project Area (Document No. D-04073), adopted October 10, 2006, pursuant to Health and Safety Code Section 33490, in that:

- A. The Project addresses the Implementation Plan's specific goals and objectives including:
  - i. Eliminate and prevent the spread of blight and deterioration and conserve, rehabilitate and redevelop the Project Area.
  - ii. Improve, promote, and preserve the positive neighborhood characteristics in San Ysidro while correcting its physical and economic deficiencies.

R- 302670

iii. Improve, support, and promote the growth and viability of the Project Area's business environment and address the commercial, service, and employment needs of the Project Area.

iv. Enhance infrastructure facilities.

B. The Project improvements are consistent with the Implementation Plan's scheduled Work Program.
