RESOLUTION NUMBER R- 303132

DATE OF FINAL PASSAGE NOV 0 8 2007

A RESOLUTION OF THE COUNCIL OF THE CITY OF SAN DIEGO AUTHORIZING ADDITIONAL FUNDING FOR THE SOUTH CHOLLAS LANDFILL SLOPE MODIFICATION PROJECT

WHEREAS, the South Chollas Landfill was operated by the City of San Diego from 1951 through 1981; and

WHEREAS, the Environmental Services Department is tasked with ensuring regulatory compliance at this inactive landfill site; and

WHEREAS, one of those requirements is to maintain sufficient protective cover so that in-place refuse does not become a public nuisance or contaminate ground or surface waters; and

WHEREAS, a construction contract was entered into with 3-D Enterprises in April of 2007 to stabilize the slope along State Route 94 by constructing an earth soil buttress key at the base of the slope and provide additional soil cover to the majority of the slope to ensure compliance with existing regulations; and

WHEREAS, a vegetative layer and hydroseeding is scheduled at the completion of earth moving activities to minimize erosion and provide additional habitat for endangered wildlife species; and

WHEREAS, the earthwork portion of the project is nearly complete, but additional funding is still required to complete the project; and

WHEREAS, due to the unknown nature of landfills, a slight design variation and an increase in earthwork quantities is required to complete project design standards; NOW THEREFORE,

BE IT RESOLVED, by the Council of the City of San Diego, as follows:

- 1. That the City Auditor and Comptroller is authorized to transfer \$250,000 from CIP No. 32-022.0, Arizona Landfill Gas Utilization, to CIP No. 32.020.0, South Chollas Landfill Improvements, all within Refuse Disposal Enterprise Fund 41201 for the purpose of additional contingency and revegetation efforts in connection with the South Chollas Landfill Slope Modification Project.
- 2. That the expenditure of an amount not to exceed \$250,000 from CIP No. 32-020.0, is hereby authorized, solely and exclusively to provide funds for additional contingency and revegetation costs in connection with the South Chollas Landfill Slope Modification Project, an amount of \$3,361,702 having previously been authorized by Resolution RR-301068 and RR-302047 for a total project cost of \$3,611,702.
- 3. That this activity is not a separate project under the California Environmental Quality Act Guidelines sections 15060(c)(3) and 15378(c) because this activity is a subsequent discretionary approval of the Project adequately addressed in Negative Declaration LDR File No. 42-0126, which was reviewed, considered, and certified by the City Council per Resolution R-301069, adopted on November 28, 2005, and this subsequent discretionary approval does not involve any change in circumstance, additional information, or project change which warrants additional environmental review.
