

RESOLUTION NUMBER R-303465

DATE OF FINAL PASSAGE MARCH 4, 2008

WHEREAS, William G. Clarke, Trustee of the Clarke Trust, Owner/Permittee, filed an application with the City of San Diego for a coastal development permit to divide an existing 2-story apartment complex with nine dwelling unit apartments into nine residential condominium units to be known as the 1244 Oliver Street Tentative Map project, located at 1244 Oliver Street on the north side of Oliver Avenue and east of Everts Street, and legally described as Lots 29 and 30, Block 289, Pacific Beach Subdivision of AC Lots 67, 68, 76, 77, 80, and 81, Map TR No. 946, in the Pacific Beach Community Plan area, in the RM-1-1 zone, Coastal Overlay Zone (non-appealable), and Coastal Height Limitation Overlay Zone; and

WHEREAS, a hearing before the Planning Commission of the City of San Diego was scheduled for August 30, 2007 and continued to September 27, 2007, where the Planning Commission considered Site Development Permit [SDP] No. 457937 and Tentative Map No. 254536, and pursuant to Resolution No. 4316-1-PC voted to approve the Permit; and

WHEREAS, Robert J. Bateman, San Diego Land Surveying & Engineering, Inc. appealed the Planning Commission decision to the Council of the City of San Diego; and

WHEREAS, under Charter section 280(a)(2) this resolution is not subject to veto by the Mayor because this matter requires the City Council to act as a quasi-judicial body and where a public hearing was required by law implicating due process rights of individuals affected by the decision and where the Council was required by law to consider evidence at the hearing and to make legal findings based on the evidence presented; and

WHEREAS, the matter was set for public hearing on March 4, 2008, testimony having been heard, evidence having been submitted, and the City Council having fully considered the matter and being fully advised concerning the same; NOW, THEREFORE,

BE IT RESOLVED, by the Council of the City of San Diego, that it adopts the following findings with respect to Coastal Development Permit No. 457937:

**A. COASTAL DEVELOPMENT PERMIT – SAN DIEGO MUNICIPAL CODE
[SDMC] SECTION 126.0708**

1. The proposed coastal development will not encroach upon any existing physical access way that is legally used by the public or any proposed public accessway identified in a Local Coastal Program land use plan; and the proposed coastal development will enhance and protect public views to and along the ocean and other scenic coastal areas as specified in the Local Coastal Program land use plan. The 0.143-acre project site is currently developed with an existing apartment complex which includes nine residential apartment units. The development proposes to divide the existing nine dwelling units into residential condominiums and is located approximately five blocks from the coastline. The proposed development is existing and is contained within the existing legal lot area, which will not encroach upon any existing or proposed physical access to the coast. The project site is not located on or adjacent to an identified visual access corridor as identified within the Pacific Beach Local Coastal Program. The project site is situated along Oliver Street, within a developed multi family residential neighborhood. The proposed division into condominiums met the development setbacks and height limit required at the time it was built and the proposed structure will not block any identified visual corridor.

2. The proposed coastal development will not adversely affect environmentally sensitive lands. The 0.143-acre project site is currently developed with a nine dwelling unit apartment complex and does not contain environmentally sensitive lands. The environmental review determined that the project would not have a significant environmental effect on environmentally sensitive lands and was found to be exempt from environmental review under California Environmental Quality Act [CEQA] Guidelines. The project does not propose any grading on any portion of the property and does not propose any encroachment into Environmentally Sensitive Lands.

3. The proposed coastal development is in conformity with the certified Local Coastal Program land use plan and complies with all regulations of the certified Implementation Program. The proposed division of the existing apartment complex with nine dwelling units into condominium units is located on a site which has a Multi-Family Residential land use designation. During environmental review, it was determined that the project was exempt under the CEQA Guidelines. The project design was also determined to be in compliance with all of the applicable development regulations at the time it was constructed. Due to these factors the proposed condominium conversion was found to be in compliance with the City of

San Diego adopted Pacific Beach Community Plan and the Progress Guide and General Plan and the certified Local Coastal Program Land Use Plan.

4. For every Coastal Development Permit issued for any coastal development between the nearest public road and the sea or the shoreline of any body of water located within the Coastal Overlay Zone the coastal development is in conformity with the public access and public recreation policies of Chapter 3 of the California Coastal Act. The 0.143-acre site, currently developed with an existing apartment complex that includes nine dwelling units, is located within a well developed multi-family residential neighborhood. The project site is not located between the first public road and the sea or coastline. Development of the project will be fully within the private property. The project site is approximately five blocks away from the Pacific Ocean. There is no identified public access and public recreation area on or adjacent to the project site and these stated resources will not be impaired by the development of this site. The proposed condominium conversion project is designed to take access off the existing public alley and public street, with all ten existing off street parking spaces off the alley and street. The existing character and pedestrian design of the street will remain unaltered.

The above findings are supported by the minutes, maps and exhibits, all of which are incorporated herein by this reference.

BE IT FURTHER RESOLVED, that the appeal of Robert J. Bateman is denied; the decision of the Planning Commission is sustained; and Coastal Development Permit No. 457937 is granted to William G. Clarke, Trustee of the Clarke Family Trust, Owner/Permittee, under the terms and conditions set forth in the attached permit which is made a part of this resolution.
