WHEREAS, under Charter section 280(a)(2) this resolution is not subject to veto by the Mayor because this matter requires the City Council to act as a quasi-judicial body and where a public hearing was required by law implicating due process rights of individuals affected by the decision and where the Council was required by law to consider evidence at the hearing and to make legal findings based on the evidence presented; and

WHEREAS, the matter was set for public hearing on JUL 29 2008, testimony having been heard, evidence having been submitted, and the City Council having fully considered the matter and being fully advised concerning the same; NOW, THEREFORE,

BE IT RESOLVED, by the Council of the City of San Diego, that it adopts the following findings with respect to Tentative Map No. 265665:

1. The proposed subdivision complies with the applicable zoning and development regulations of the San Diego Municipal Code/Land Development Code [SDMC/LDC] (SDMC/LDC section 125.0440(b)).
2. The decision maker has considered the effects of the proposed subdivision on the housing needs of the region and that those needs are balanced against the needs for public services and the available fiscal and environmental resources (SDMC/LDC section 125.0440(h) and Subdivision Map Act Section 66412.3).
3. Each of the tenants of the proposed condominium project has received, pursuant to Subdivision Map Act Section 66452.9, written notification of intention to convert at least sixty days prior to the filing of a tentative map (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(a)).
4. The project has been conditioned that the Subdivider will give each tenant, and each person applying for the rental of a unit in such residential real property, all applicable notices and rights now or hereafter required by the Subdivision Map Act (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(a)).

5. The project has been conditioned that the Subdivider will give each tenant ten days' written notification that an application for a public report will be, or has been, submitted to the Department of Real Estate, and that such report will be available on request (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(a)).

6. The project has been conditioned that the Subdivider will give each tenant of the proposed condominium project written notification within ten days of approval of a final map for the proposed conversion (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(b)). If the subdivider chooses to provide affordable housing units, the subdivider shall enter into an affordable housing agreement with the Housing Commission, prior to recordation of the Final Map.

7. The project has been conditioned that the Subdivider will give each of the tenants of the proposed condominium project 180 days' written notice of intention to convert prior to termination of tenancy due to the conversion or proposed conversion (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(c)).

8. The project has been conditioned that the Subdivider will give each of the tenants of the proposed condominium project notice of an exclusive right to contract for the purchase of his or her respective unit upon the same terms and conditions that such unit will be initially offered to the general public or terms more favorable to the tenant, which notice shall be provided within five working days of the issuance of the Subdivision Public Report.. The right shall run for a period of not less than ninety days from the date of issuance of the subdivision public report pursuant to Section 11018.2 of the Business and Professions Code, unless the tenant gives prior written notice of his or her intention not to exercise the right (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(d)).

9. The project was not financed by funds obtained from a governmental agency to provide for elderly, disabled, or low income housing (SDMC/LDC section 125.0444(b)).

10. For any project that was developed to provide housing for the elderly, disabled or to provide low income housing, provisions have been made to perpetuate the use for which the project was developed (SDMC/LDC section 125.0444(c)).

11. Each of the tenants of the proposed condominium project has received written notification of the project application for the condominium conversion within ten days after the application was deemed complete (SDMC/LDC section 125.0431(a)(3)).

12. The project has been conditioned that the Subdivider will give each person applying for the rental of a unit in such residential real property written notification that the project application for the condominium conversion was deemed complete (SDMC/LDC section 125.0431(a)(3)).

13. The project has been conditioned that the Subdivider will give each tenant a notice of termination of tenancy sixty days prior to being required to vacate the property. (SDMC/LDC section 125.0431(a)(4)).

14. A Building Conditions Report has been prepared in accordance with the Land Development Manual by a registered architect or engineer licensed by the State of California (SDMC/LDC section 144.0504(b)).

15. The project has been conditioned that the Subdivider will provide to a prospective purchaser a copy of the Building Conditions Report prior to the opening of an escrow account. (SDMC/LDC section 144.0504(c)).

16. The project has been conditioned that the Subdivider will provide a relocation assistance payment to all tenants of the project whose tenancy has terminated due to the condominium conversion. (SDMC/LDC section 144.0505).

17. The project has been conditioned for the Subdivider to complete the physical improvements as outlined in SDMC/LDC section 144.0507, to the satisfaction of the City Engineer prior to final map approval.

18. The project has been conditioned for the Subdivider to satisfy the inclusionary housing requirements on-site in accordance with SDMC/LDC section 142.1306. (SDMC/LDC section 144.0508).

19. The property contains easements and a street reservation which must be vacated to implement the Final Map in accordance with San Diego Municipal Code 125.0430.

20. The requested underground waiver of the existing overhead facilities, qualifies under the guidelines of Council Policy No. 600-25 Underground Conversion of Utility Lines at Developers Expense in that:

- a. The conversion involves a short span of overhead facility (less than 600 feet in length).
- b. The conversion is a requirement of a condominium conversion of an existing development and the conversion would not represent a logical extension to an underground facility.

The above findings are supported by the minutes, maps and exhibits, all of which are herein incorporated by reference.

BE IT FURTHER RESOLVED, that pursuant to California Government Code section 66434(g), the following public service easements and street reservation, located within the project boundaries as shown in Tentative Map No. 265665, shall be vacated, contingent upon the recordation of the approved final map for the project:

- a. The 10 feet wide public utility easement dedicated on Map No. 3851.

(R-2008-573)

- b. The drain easement granted per deed recorded May 7, 1963, File/Page 79089, Series 4, Bk. 1963.
- c. A 35 feet wide portion of the street reservation in Map 5879 reserved per Map 3603.

BE IT FURTHER RESOLVED, that Tentative Map No. 265665/Easement Vacation No 499428 is granted to Charles Warner, Applicant/Subdivider and Lintvedt, McColl & Associates Engineer, subject to the attached conditions which are made a part of this resolution by this reference.
