20. The requested underground waiver of the existing overhead facilities, qualifies under the guidelines of Council Policy No. 600 25 Underground Conversion of Utility Lines at Developers Expense in that the conversion involves a short span of overhead facility (less than 600 feet in length) and it has been determined that such conversion is not a part of a continuing effort to accomplish a total undergrounding within a specific street or area.

That said Findings are supported by the minutes, maps, and exhibits, all of which are herein incorporated by reference.

BE IT FURTHER RESOLVED, that based on the Findings hereinbefore adopted by the City Council of the City of San Diego, Tentative Map No. 247911, including the waiver of the requirement to underground existing overhead utilities, is hereby granted to MATT BROWAR
