## ATTACHMENT II

## Excerpt from Council Policy 100-03: Transient Occupancy Tax Attachment A: General Requirements and Conditions Section B: Funding

- 1. Expenses must be both incurred and paid by an organization before the City will release funding to the organization, except as otherwise may be provided.
- 2. Expenses must be incurred during the City's fiscal year (July 1 June 30) for which the program is funded, except as otherwise may be provided.
- 3. City funds may not be used for alcoholic beverages. In addition, City funds may not be used for travel, meals, lodging, or entertainment expenses, except as otherwise may be provided. Waivers to this provision will be considered for expenditures within the Economic Development Program categories. Organizations receiving waivers may use City funds for travel, meals, or lodging within the following parameters:
  - a. Travel when use of public air carrier transport is required in order to perform the contractual scope of services to the City, City funds may be applied toward the equivalent of coach airfare only. City funds may not be applied toward any upgrades.
  - b. Meals when provision of meals is required in order to perform the contractual scope of services to the City, City funds may be applied toward a maximum of \$50 per day per person for meals (excluding sales tax and a maximum 15% gratuity, which are also eligible expenses). This daily maximum is further limited by meal, as follows: \$10, \$15, and \$25 are the maximum City funds that can be applied toward breakfast, lunch, and dinner, respectively, per person. If alcoholic beverages are consumed with meals, they may not be paid for with City funds. In the event that meals are provided to individuals who are not members of the funded organization within the scope of a business development meeting, documentation containing the purpose of the meeting, the benefit to the City, and a list of attendees must be provided to the City in order for City funding to be utilized.
  - c. Lodging when out-of-town lodging is required in order to perform the contractual scope of services to the City, City funds may be applied toward the equivalent of the cost of a standard room in a business class hotel, or toward the conference rates of the host hotel when attending a conference.
  - d. Sponsorships the City acknowledges the business requirement of event sponsorships by promotional organizations in order to market San Diego as a convention destination in a highly competitive market, and to attract businesses to the region. The primary objective of a funded organization's participation in such events is to gain exposure for San Diego and secure access to important decision makers representing prominent convention groups and businesses. sponsorship of such events is an acceptable application of City funds. If alcoholic beverages are consumed during event sponsorships, they may not be paid for with City funds.

- 4. City funds will be used only to assist an organization in its annual operating program or in its sponsorship of special events. City funding will not be used for capital or equipment outlay, for the purchase of awards, trophies, gifts, or uniforms, nor for the buildup of reserves.
- 5. Matching fund requirements will be determined by the appropriate application process as called for in the specific funding guidelines within each funding category, if applicable.
- 6. Organizations requesting funds should possess, at a minimum, a three-year track record of operations. Annual requests for funding may be for one-time events or projects, though applicant organizations must have a three-year history.
