(O-2015-131)
(COR.COPY 2)

ORDINANCE NUMBER O- 20517 (NEW SERIES)

DATE OF FINAL PASSAGE JUN 29 2015

AN EMERGENCY ORDINANCE AMENDING CHAPTER 6, ARTICLE 7, DIVISION 38 OF THE SAN DIEGO MUNICIPAL CODE BY AMENDING SECTIONS 67.3802, 67.3803, 67.3804, 67.3805, 67.3806, AND 67.3807, ALL RELATING TO EMERGENCY WATER REGULATIONS.

WHEREAS, on April 25, 2014, Governor Edmund G. Brown Jr. issued an emergency executive order (April 2014 Proclamation) to strengthen the State's ability to manage water and habitat effectively in drought conditions, and called on all Californians to redouble their efforts to conserve water. The April 2014 Proclamation finds that the continuous severe drought conditions present urgent challenges across the State, including water shortages in communities and for agricultural production, increased wildfires, degraded habitat for fish and wildlife, threat of saltwater contamination, and additional water scarcity, if drought conditions continue; and

WHEREAS, the April 2014 Proclamation refers to the Governor's Proclamation No. 1-17-2014, issued on January 17, 2014, declaring a drought State of Emergency to exist in California due to severe drought conditions (January 2014 Proclamation). The January 2014 Proclamation finds that dry conditions and lack of precipitation present urgent problems to drinking water supplies and cultivation of crops, which put farmers' long-term investments at risk. The conditions also threaten the survival of animals and plants that rely on California's rivers, including many species in danger of extinction. The January 2014 Proclamation also calls on all Californians to reduce their water usage by 20 percent; and

WHEREAS, drought conditions are continuing. As of March 3, 2015, snow water equivalents for the Northern, Central, and Southern Sierra regions were at 16 percent, 20 percent, and 21 percent of normal for that date, respectively. Additionally, most reservoirs are less than

60 percent full and January 2015 was one of the driest months ever recorded in California history. Moreover, many communities face the prospect of needing emergency drinking water supplies; and

WHEREAS, the likelihood that any additional precipitation will significantly reduce the severity of drought conditions this year is extremely low; and

WHEREAS, Water Code section 1058.5 grants the State Water Board the authority to adopt emergency regulations in certain drought years in order to: “prevent the waste, unreasonable use, unreasonable method of use, or unreasonable method of diversion, of water, to promote water recycling or water conservation, to require curtailment of diversions when water is not available under the diverter’s priority of right, or in furtherance of any of the foregoing, to require reporting of diversion or use or the preparation of monitoring reports”; and

WHEREAS, on July 15, 2014, the State Water Board adopted an emergency regulation to support water conservation (Resolution No. 2014-0038), and that regulation became effective July 28, 2014 upon approval by the Office of Administrative Law (OAL) and expired on April 25, 2015; and

WHEREAS, on April 1, 2015, Governor Brown issued a new Executive Order that directs the State Water Board to impose restrictions on urban water suppliers to achieve a statewide 25 percent reduction in potable urban usage through February 2016; require commercial, industrial, and institutional users to implement water efficiency measures; prohibit irrigation with potable water of ornamental turf in public street medians; and prohibit irrigation with potable water outside newly constructed homes and buildings that is not delivered by drip or microspray systems; along with other directives; and

WHEREAS, on March 17, 2015, the State Water Board amended and readopted the emergency regulation to support water conservation (Resolution No. 2015-0013), which became effective March 27, 2015; and

WHEREAS, directive two of the Governor's April 1, 2015 Executive Order directs the State Water Board to consider the relative per capita usage of each urban water supplier's service area and require that areas with high per capita use achieve proportionally greater reductions than areas with low per capita use, requiring the City of San Diego to reduce its water usage by 16 percent; and

WHEREAS, on May 5, 2015, the State Water Board adopted the emergency regulation because of the continuing emergency drought conditions, the need for prompt action to prevent the waste and unreasonable use of water and to promote conservation, and the specific actions called for in the Governor's April 1, 2015 Executive Order; and

WHEREAS, the City of San Diego has placed restrictions on outdoor watering and other uses of water, but the State Water Board has determined that San Diegans must reduce water consumption by 16 percent or face financial penalties impacting all water customers; and

WHEREAS, education and enforcement against water waste is a key tool in conservation programs. When conservation becomes a social norm in a community, the need for enforcement is reduced or eliminated; and

WHEREAS, public information and awareness is critical to achieving conservation goals, and the Save Our Water campaign, run jointly by the Department of Water Resources (DWR) and the Association of California Water Agencies, is an excellent resource for conservation information and messaging that is integral to effective drought response (<http://saveourwater.com>); and

WHEREAS, the State Water Board also distributed for public review and comment a Finding of Emergency under State laws and regulations and adopted the emergency regulation because of the continuing emergency drought conditions, the need for prompt action, and the need to act before the current emergency regulation expires on April 25, 2015; and

WHEREAS, on May 14, 2015, the San Diego County Water Authority adopted an Ordinance imposing additional requirements upon its member agencies relating to the use and conservation of water and establishing penalties and water allocations for member agencies, including watering landscaping no more than two days a week; and

WHEREAS, the City of San Diego is amending its Emergency Water Regulations contained in San Diego Municipal Code Sections 67.3802 through 67.3807 in order to enforce the San Diego County Water Authority's Ordinance and the State Water Board's emergency regulation to cut San Diego's water use by the state mandated 16 percent; and

WHEREAS, the City Council has determined the necessity of alleviating the negative impacts of the drought emergency described above by making the following emergency changes to the San Diego Municipal Code for the immediate preservation of the public peace, property, health or safety in compliance with Charter section 295(e); and

WHEREAS, pursuant to Charter section 280(a)(3), this ordinance is not subject to veto by the Mayor because it is an emergency ordinance; NOW, THEREFORE,

BE IT ORDAINED, by the Council of the City of San Diego, as follows:

Section 1. That Chapter 6, Article 7, Division 38 of the San Diego Municipal Code is amended by amending Sections 67.3802, 67.3803, 67.3804, 67.3805, 67.3806, and 67.3807, all relating to Emergency Water Regulations, to read as follows:

§67.3801 Declaration of Necessity and Intent

[No change in text.]

§67.3802 Definitions

The following words and phrases whenever used in this Division will have the meaning defined in this section:

Cascading Fountain means a water feature with a flow which does not eject water up into the air.

Customer through *Metropolitan* [No change in text.]

Ornamental Fountain means a water feature with an external forced flow or stream of water against gravity that is not used for recreational purposes or to support aquatic life.

Potted Plant [No change in text.]

Rain Event means a period during or within 48 hours after measurable precipitation of 1/8 of an inch or more recorded at the nearest reporting weather station for the *customer*.

Recreational Fountain means any recreational structure, other than swimming pools or spa pools, which is open to the general public or which may be open to the general public, and uses re-circulated water in which people come into contact. This includes, but is not limited to, zero depth water features, interactive fountains, water slides, waterfalls, or combinations of such water features. Water features not intended for human contact, such as *ornamental fountains*, are not included.

Water Authority through *Water Conservation* [No change in text]

§67.3803 Water Waste Prohibitions

The following restrictions will be in effect at all times:

(a) through (b) [No change in text.]

- (c) A *customer* shall not wash down sidewalks, driveways, parking areas, tennis courts or other paved areas without using a power washer or a hose with a shutoff nozzle. Washing any paved areas is only allowed to alleviate immediate safety or sanitation hazards. Wash water shall be collected and prevented from leaving the property and entering the municipal separate storm sewer system pursuant to Chapter 4, Article 3, Division 3 of this Code.
- (d) A *customer* shall not overfill swimming pools and spas.
- (e) A *customer* shall not use non-recirculating *ornamental fountains* or *cascading fountains*.
- (f) Vehicle washing shall only be done in a commercial car wash or using a hose with an automatic shutoff nozzle or hand held container.
- (g) Single pass-through cooling systems as part of water service connections shall be prohibited after the effective date of this section. Non-recirculating systems in all conveyer car wash and commercial laundry systems shall be prohibited after the effective date of this section.
- (h) Restaurants and other food establishments shall only serve and refill water upon request.
- (i) Guests in hotels, motels, and other commercial lodging establishments shall be provided the option of not laundering towels and linens daily.
- (j) A *customer* may only irrigate *potted plants*, non-commercial vegetable gardens and fruit trees, residential and commercial landscapes, including golf courses, parks, school grounds and recreation fields, before 10:00

a.m. and after 6:00 p.m. A *customer* may irrigate at any time the following:

1. through 6. [No change in text.]

§67.3804 Application

(a) through (b) [No change in text.]

(c) Nothing in this Division is intended to affect or limit the ability of the City Manager to declare and respond to an unforeseeable *disaster* or water emergency such as an earthquake, *drought*, aqueduct break, or other major disruption in the water supply, pursuant to the City Charter or other provisions of this Code.

(d) This Division does not apply to use of water from private wells or to reclaimed water, or the use of grey water systems.

(e) through (f) [No change in text.]

(g) This Division does not apply to areas serviced by the Park and Recreation Department, including public rights-of-way, and street trees, or areas with significant public benefit requiring enhanced irrigation schedules, such as public parks. Irrigation of the areas serviced by the Park and Recreation Department shall be operated and maintained according to a schedule determined by the City Manager, consistent with section 67.3801.

§67.3805 Drought Response Level 1 – Drought Watch Condition

(a) through (b) [No change in text.]

1. through 2. [No change in text.]

3. The washing of automobiles, trucks, trailers, airplanes and other types of mobile equipment is permitted only before 10:00 a.m. or

after 6:00 p.m. with a hand-held container or a hand-held hose equipped with a positive shut-off nozzle for quick rinses. Boats and boat engines are permitted to be washed down after use.

Washing is permitted at any time on the immediate premises of a commercial car wash. The use of water by all types of commercial car washes which do not use partially recirculated water will be reduced in volume by an amount determined by resolution of the City Council. Mobile equipment washings are exempt from these regulations where the health, safety and welfare of the public are contingent upon frequent vehicle cleanings, such as garbage trucks and vehicles to transport food products, livestock and perishables.

4. through 5. [No change in text.]

6. Construction operations receiving water from a fire hydrant meter or water truck will not use water beyond normal construction activities, consistent with Section 67.3803 and that required by regulatory agencies. Construction projects requiring watering for new landscaping materials shall adhere to the designated irrigation hours of only before 10:00 a.m. and after 6:00 p.m.

7. Irrigation is prohibited during a *rain event*.

§67.3806 Drought Response Level 2 – Drought Alert Condition

(a) through (b) [No change in text.]

1. Limit all landscape irrigation using sprinklers to no more than five minutes per watering station during the two assigned *days* per week on a schedule established and posted by the City Manager.

This provision does not apply to landscape irrigation systems using water efficient devices, including drip/micro-irrigation systems and stream rotor sprinklers.

2. Landscaped areas, including trees and shrubs not irrigated by a landscape irrigation system governed by Section 67.3806(b)(1) shall be watered no more than two assigned *days* per week by using a hand held container, hand-held hose with positive shut-off nozzle, or low volume non-spray irrigation (soaker hose.)
3. Stop operating *ornamental fountains* except to the extent needed for maintenance.
4. *Potted plants*, non-commercial vegetable gardens and fruit trees may be irrigated on any *day*, but must be irrigated only before 10:00 a.m. or after 6:00 p.m.

5. [No change in text.]

(A) through (D) [No change in text.]

- (c) The City Manager may recommend and, upon resolution of the City Council, implement a water allocation per *customer* account served by the City of San Diego, and a schedule of surcharges or penalties for exceeding the water allocation. If the City Council adopts or modifies water allocations, the City Manager will post notice of the water allocation prior to the effective date(s). Following the effective date(s) of the water allocation as established by the City Council, any *customer* that uses water in excess of the allocation will be subject to a surcharge or penalty for each billing unit of water in excess of the allocation. The surcharge or

penalty for excess water usage will be in addition to any other remedy or penalty that may be imposed for violation of this Division. The *water conservation* measures required under Level 1 Drought Watch and Level 2 Drought Alert conditions, may be suspended by resolution of the City Council during the period a water allocation is in effect.

§67.3807 Drought Response Level 3 – Drought Critical Condition

(a) through (b) [No change in text.]

1. Limit all landscape irrigation to no more than five minutes per watering station during the two assigned *days* per week on a schedule established and posted by the City Manager. This provision will not apply to commercial *growers* or nurseries, nor to the irrigation of golf course greens. *Customers* with irrigation systems that use non-standard spray heads, such as impact rotors, rotating nozzles or micro-spray heads shall limit irrigation to no more than 18 minutes per *day* total on assigned watering *days*.
2. through 3. [No change in text.]
4. Stop operating *cascading fountains* and *recreational fountains* except to the extent needed for maintenance.

(c) through (d) [No change in text.]

- (e) The City Manager may recommend and, upon resolution of the City Council, implement a water allocation per *customer* served by the City of San Diego, and a schedule of surcharges or penalties for exceeding the water allocation. If the City Council adopts or modifies a water allocation, the City Manager will post notice of the allocation prior to the effective

date(s). Following the effective date(s) of the water allocation as established by the City Council, any *customer* that uses water in excess of the allocation will be subject to a surcharge or penalty for each billing unit of water in excess of the allocation. The surcharge or penalty for excess water usage will be in addition to any other remedy or penalty that may be imposed for violation of this Division. The *water conservation* measures required under Level 1 Drought Watch, Level 2 Drought Alert, and Level 3 Drought Critical conditions may be suspended by resolution of the City Council during the period a water allocation is in effect.

§67.3808 Drought Response Level 4 – Drought Emergency

[No change in text.]

§67.3809 Procedures for Determination and Notification of Drought Level

[No change in text.]

§67.3810 Hardship Variance

[No change in text.]

§67.3811 Violations and Penalties

[No change in text.]

Section 2. That a full reading of this ordinance is dispensed with prior to its passage, a written or printed copy having been available to the City Council and the public prior to the day of its passage.

Sections 3. That this ordinance shall take effect and be in force immediately upon its passage pursuant to Charter sections 280(a)(3) and 295(e).

Section 4. This ordinance is declared to be an emergency measure required for the immediate preservation of the public peace, property health or safety pursuant to San Diego Charter section 295, and shall take effect immediately and continue in force from the day of adoption by the affirmative vote of at least six members of the City Council.

ORDINANCE NUMBER O-_____ (NEW SERIES)

DATE OF FINAL PASSAGE _____

AN EMERGENCY ORDINANCE AMENDING CHAPTER 6,
ARTICLE 7, DIVISION 38 OF THE SAN DIEGO MUNICIPAL
CODE BY AMENDING SECTIONS 67.3802, 67.3803, 67.3804,
67.3805, 67.3806, AND 67.3807, ALL RELATING TO
EMERGENCY WATER REGULATIONS.

Article 7: Water System

Division 38: Emergency Water Regulations

§67.3801 Declaration of Necessity and Intent

[No change in text.]

§67.3802 Definitions

The following words and phrases whenever used in this Division will have the
meaning defined in this section:

Cascading Fountain means a water feature with a flow which does not eject water
up into the air.

Customer through *Metropolitan* [No change in text.]

Ornamental Fountain means a water feature with an external forced flow or
stream of water against gravity that is not used for recreational purposes or to
support aquatic life.

Potted Plant [No change in text.]

Rain Event means a period during or within 48 hours after measurable precipitation of 1/8 of an inch or more recorded at the nearest reporting weather station for the customer.

Recreational Fountain means any recreational structure, other than swimming pools or spa pools, which is open to the general public or which may be open to the general public, and uses re-circulated water in which people come into contact. This includes, but is not limited to, zero depth water features, interactive fountains, water slides, waterfalls, or combinations of such water features. Water features not intended for human contact, such as ornamental fountains, are not included.

Water Authority through Water Conservation [No change in text.]

§67.3803 Water Waste Prohibitions

The following restrictions will be in effect at all times:

(a) through (b) [No change in text.]

(c) ~~A customer will not use a running hose to wash down sidewalks, driveways, parking areas, tennis courts, patios or other paved areas, except to alleviate immediate safety or sanitation hazards, unless connected to a water efficient device such as a commercial water broom.~~

A customer shall not wash down sidewalks, driveways, parking areas, tennis courts or other paved areas without using a power washer or a hose with a shutoff nozzle. Washing any paved areas is only allowed to alleviate immediate safety or sanitation hazards. Wash water shall be collected and prevented from leaving the property and entering the

municipal separate storm sewer system pursuant to Chapter 4, Article 3,
Division 3 of this Code.

- (d) A customer ~~will~~ shall not overfill swimming pools and spas.
- (e) A customer ~~will~~ shall not use non-recirculating ~~decorative water~~
ornamental or cascading fountains.
- (f) Vehicle washing ~~can~~ shall only be done in a commercial car wash or using
a hose with an automatic shutoff nozzle or hand held container.
- (g) Single pass-through cooling systems as part of water service connections
~~will~~ shall be prohibited after the effective date of this section. Non-
recirculating systems in all conveyer car wash and commercial laundry
systems ~~will~~ shall be prohibited after the effective date of this section.
- (h) Restaurants and other food establishments ~~will~~ shall only serve and refill
water upon request.
- (i) Guests in hotels, motels, and other commercial lodging establishments
~~will~~ shall be provided the option of not laundering towels and linens daily.
- (j) A customer may only irrigate *potted plants*, non-commercial vegetable
gardens and fruit trees, residential and commercial landscapes, including
golf courses, parks, school grounds and recreation fields, before
10:00 a.m. and after 6:00 p.m. ~~during the months of June through October~~
~~and before 10:00 a.m. and after 4:00 p.m. during the months of November~~
~~through May.~~ A customer may irrigate at any time the following:

1. through 6. [No change in text.]

§67.3804 **Application**

- (a) through (b) [No change in text.]
- (c) Nothing in this Division is intended to affect or limit the ability of the City Manager to declare and respond to an unforeseeable *disaster* or water emergency such as an earthquake, *drought*, aqueduct break, or other major disruption in the water supply, pursuant to the City Charter or other provisions of this Code.
- (d) This Division does not apply to use of water from private wells or to reclaimed water, or the use of ~~fully permitted~~ grey water systems.
- (e) through (f) [No change in text.]
- (g) This Division does not apply to areas serviced by the Park and Recreation Department, including public rights-of-way, and street trees, or areas with significant public benefit requiring enhanced irrigation schedules, such as public parks, Irrigation of the areas serviced by the Park and Recreation Department shall be operated and maintained according to a schedule determined by the City Manager, consistent with section 67.3801.

§67.3805 Drought Response Level 1 – Drought Watch Condition

- (a) through (b) [No change in text.]
1. through 2. [No change in text.]
 3. The washing of automobiles, trucks, trailers, airplanes and other types of mobile equipment is permitted only before 10:00 a.m. or after 6:00 p.m. ~~during the months of June through October and only before 10:00 a.m. and after 4:00 p.m. during the months of November through May,~~ with a hand-held container or a hand-held

hose equipped with a positive shut-off nozzle for quick rinses. Boats and boat engines are permitted to be washed down after use. Washing is permitted at any time on the immediate premises of a commercial car wash. The use of water by all types of commercial car washes which do not use partially recirculated water will be reduced in volume by an amount determined by resolution of the City Council. Mobile equipment washings are exempt from these regulations where the health, safety and welfare of the public are contingent upon frequent vehicle cleanings, such as garbage trucks and vehicles to transport food products, livestock and perishables.

4. through 5. [No change in text.]

6. Construction operations receiving water from a fire hydrant meter or water truck will not use water beyond normal construction activities, consistent with Section 67.3803 and that required by regulatory agencies. Construction projects requiring watering for new landscaping materials shall adhere to the designated irrigation hours of only before 10:00 a.m. and after 6:00 p.m. ~~during the months of June through October and only before 10:00 a.m. and after 4:00 p.m. during the months of November through May.~~
7. Irrigation is ~~not permitted~~ prohibited during a rain event.

§67.3806 Drought Response Level 2 – Drought Alert Condition

(a) through (b) [No change in text.]

1. Limit all landscape irrigation using sprinklers to no more than five minutes per watering station during the two assigned days per week on a schedule established and posted by the City Manager.
~~Limit lawn watering and landscape irrigation using sprinklers to no more than ten minutes maximum per watering station per assigned Day during the months of June through October and no more than seven minutes maximum per watering station per assigned Day during the months of November through May. This provision does not apply to landscape irrigation systems using water efficient devices, including drip/micro-irrigation systems and stream rotor sprinklers.~~
2. Landscaped areas, including trees and shrubs not irrigated by a landscape irrigation system governed by Section 67.3806(b)(12) shall be watered no more than ~~three~~ two assigned days per week by using a hand held container, hand-held hose with positive shut-off nozzle, or low volume non-spray irrigation (soaker hose.)
3. Stop operating ornamental fountains except to the extent needed for maintenance.
4. Potted plants, non-commercial vegetable gardens and fruit trees may be irrigated on any day, but must be irrigated only before 10:00 a.m. or after 6:00 p.m. ~~during the months of June through October and only before 10:00 a.m. and after 4:00 p.m. during the months of November through May.~~

5. [No change in text.]
- (c) The City Manager may recommend and, upon resolution of the City Council, implement a water allocation per *customer* account served by the City of San Diego, and a schedule of surcharges or penalties for exceeding the water allocation. If the City Council adopts or modifies water allocations, the City Manager will post notice of the water allocation prior to the effective date(s). Following the effective date(s) of the water allocation as established by the City Council, any *customer* that uses water in excess of the allocation will be subject to a surcharge or penalty for each billing unit of water in excess of the allocation. The surcharge or penalty for excess water usage will be in addition to any other remedy or penalty that may be imposed for violation of this Division. The *water conservation* measures required under Level 1 Drought Watch and Level 2 Drought Alert conditions, ~~may shall~~ be suspended by resolution of the City Council during the period a water allocation is in effect.

§67.3807 Drought Response Level 3 – Drought Critical Condition

- (a) through (b) [No change in text.]
1. Limit all landscape irrigation to no more than five minutes per watering station during the two assigned *days* per week on a schedule established and posted by the City Manager. ~~During the months of November through May, landscape irrigation is limited to no more than once per week on a schedule established and posted by the City Manager.~~ This provision will not apply to

commercial *growers* or nurseries, nor to the irrigation of golf course greens.

Customers with irrigation systems that use non-standard spray heads, such as impact rotors, rotating nozzles or micro-spray heads shall limit irrigation to no more than 18 minutes per *day* total on assigned watering *days*.

2. through 3. [No change in text.]

4. Stop operating *cascading fountains* and *recreational fountains* except to the extent needed for maintenance.

(c) through (d) [No change in text.]

(e) The City Manager may recommend and, upon resolution of the City Council, implement a water allocation per *customer* served by the City of San Diego, and a schedule of surcharges or penalties for exceeding the water allocation. If the City Council adopts or modifies a water allocation, the City Manager will post notice of the allocation prior to the effective date(s). Following the effective date(s) of the water allocation as established by the City Council, any *customer* that uses water in excess of the allocation will be subject to a surcharge or penalty for each billing unit of water in excess of the allocation. The surcharge or penalty for excess water usage will be in addition to any other remedy or penalty that may be imposed for violation of this Division. The *water conservation* measures required under Level 1 Drought Watch, Level 2 Drought Alert, and Level

3 Drought Critical conditions ~~may~~ shall be suspended by resolution of the City Council during the period a water allocation is in effect.

AUTHENTICATED BY:

KEVIN L. FAULCONER
Mayor of The City of San Diego, California.

(Seal)

ELIZABETH S. MALAND
City Clerk of The City of San Diego, California.

By Aty Maed, Deputy

I HEREBY CERTIFY that the foregoing ordinance was passed on the day of its introduction, to wit, on JUN 29 2015, said ordinance being of the kind and character authorized for passage on its introduction by Section 16 of the Charter.

I FURTHER CERTIFY that said ordinance was read in full prior to passage or that such reading was dispensed with by a vote of five members of the Council, and that a written copy of the ordinance was made available to each member of the Council and the public prior to the day of its passage.

ELIZABETH S. MALAND
City Clerk of The City of San Diego, California.

(Seal)
