

ORDINANCE NUMBER O- 20720 (NEW SERIES)

DATE OF FINAL PASSAGE AUG 10 2016

AN ORDINANCE AMENDING CHAPTER 6, ARTICLE 6 OF THE SAN DIEGO MUNICIPAL CODE BY ADDING NEW DIVISION 8, SECTIONS 66.0801, 66.0802, 66.0803, 66.0804, 66.0805, 66.0806, 66.0807, 66.0808, 66.0809, AND 66.0810 RELATING TO REDUCING THE USE OF PLASTIC AND PAPER SINGLE-USE CARRYOUT BAGS AND PROMOTING THE USE OF RECYCLABLE AND REUSABLE CARRYOUT BAGS.

WHEREAS, an estimated 700 million plastic single-use carryout bags and 29,474,000 paper single-use carryout bags are distributed within the City of San Diego (City) annually; and

WHEREAS, most plastic and paper single-use carryout bags are not recycled and contribute to the waste stream, and numerous studies document the prevalence of plastic single-use carryout bags littering the environment, blocking storm drains, and fouling beaches and the ocean environment; and

WHEREAS, plastic single-use carryout bags that become litter in the environment may impair the City's ability to comply with its Municipal Separate Storm Sewer System (MS4) Permit; and

WHEREAS, the California Integrated Waste Management Act of 1989, Assembly Bill 939 (AB 939), requires each local jurisdiction in the State to divert 50% of waste from landfill disposal, and, in 2011, Assembly Bill 341 (AB 341) established a statewide goal to divert 75% of waste from landfill disposal by 2020; and

WHEREAS, on July 13, 2015, the City Council adopted a Zero Waste Plan that targets 75% waste diversion by the year 2020, 90% waste diversion by the year 2035, and Zero Waste by the year 2040; and

WHEREAS, the City operates the Miramar Landfill (Landfill), which currently is the only municipal landfill in the City, and preserving Landfill capacity in order to extend the useful life of the Landfill for the benefit of the City's citizens is of paramount concern; and

WHEREAS, reducing the use of single-use carryout bags will assist the City in its efforts to achieve State waste diversion rates, to meet the City's Zero Waste Plan targets, to extend the useful life of the Landfill, and to maintain compliance with the City's MS4 Permit; and

WHEREAS, the proposed ordinance is designed to reduce single-use carryout bag use by prohibiting the provision of plastic and non-recyclable paper single-use carryout bags at regulated stores, and requiring those stores to charge \$0.10 for each recyclable paper single-use carryout bag; and

WHEREAS, there are several alternatives to single-use carryout bags readily available in the City, including reusable bags made from sustainable materials; and

WHEREAS, the Rules and Economic Development Committee held public hearings on September 11, 2013 and October 23, 2013 to consider a proposed local single-use carryout bag reduction ordinance; and

WHEREAS, on October 23, 2013, the Rules and Economic Development Committee directed the Environmental Services Department to refine the proposed local single-use carryout bag reduction ordinance, prepare the appropriate environmental document, and present the item to the full City Council; and

WHEREAS, on September 30, 2014, Governor Brown signed Senate Bill 270 (SB 270) into law, which enacted a statewide law related to single-use carryout bags that preempts local single-use carryout bag reduction ordinances adopted on or after September 1, 2014; and

WHEREAS, on February 24, 2015, the Office of the Secretary of State confirmed that a referendum to overturn SB 270 qualified for the November 2016 ballot, thereby suspending SB 270 pending the results of the election in which the referendum is considered by state voters; and

WHEREAS, the City desires to adopt and implement a local single-use carryout bag reduction ordinance due to the uncertainty surrounding SB 270; and

WHEREAS, the City, as lead agency under the California Environmental Quality Act (CEQA), has prepared and completed an Environmental Impact Report and a Mitigation Monitoring and Reporting Program covering this activity; NOW, THEREFORE,

BE IT ORDAINED, by the Council of the City of San Diego, as follows:
