item 336 |1/15/16 (R-2017-197)

RESOLUTION NUMBER R- 310805

DATE OF FINAL PASSAGE NOV 28 2016

A RESOLUTION OF THE COUNCIL OF THE CITY OF SAN DIEGO APPROVING THE SAN YSIDRO IMPACT FEE STUDY, FISCAL YEAR 2017, AND THE DEVELOPMENT IMPACT FEE SCHEDULE FOR PROPERTIES WITHIN THE SAN YSIDRO COMMUNITY PLANNING AREA, AND AUTHORIZING THE CHIEF FINANCIAL OFFICER TO ESTABLISH AND MODIFY INDIVIDUAL CAPITAL IMPROVEMENT PROGRAM PROJECT BUDGETS TO REFLECT THE IMPACT FEE STUDY.

WHEREAS, the purpose of Development Impact Fees (DIFs) is to ensure that each new development project pays its proportionate share of the funding needed for public facilities necessary to serve new development; and

BE IT RESOLVED, by the Council of the City of San Diego (City Council), that it approves the San Ysidro Impact Fee Study, contingent upon Resolution No Reso

BE IT FURTHER RESOLVED, that the Chief Financial Officer is authorized to establish and modify individual Capital Improvement Program project budgets to reflect the San Ysidro Impact Fee Study, provided funding is available for such action.

BE IT FURTHER RESOLVED, as follows:

- 1. That the fee schedule contained in the San Ysidro Impact Fee Study is the appropriate and applicable Development Impact Fee (DIF) schedule for all new development within the San Ysidro area and is hereby adopted.
- 2. Effective sixty days from the date of final passage of this resolution, that all DIFs due under the San Ysidro Impact Fee Study shall be those fees in effect at the time the project's building permits or construction permits are issued, in accordance with San Diego Municipal Code section 142.0640(b), contingent upon Resolution No. R-310805 adopting the San Ysidro Community Plan becoming effective.
- 3. That the DIFs due shall automatically increase in accordance with San Diego Municipal Code section 142.0640(c).
- 4. That the San Ysidro Impact Fee Study is incorporated by reference into this Resolution as support and justification for satisfaction of findings required pursuant to the Mitigation Fee Act, as set forth in California Government Code section 66025, for imposition of development impact fees. Specifically, it is determined and found that this documentation:
- a. Identifies the purpose of the DIF, which is to ensure that each development project pays its proportionate share of funding needed for the public facilities projects necessary to serve new development;
- b. Identifies the use to which the DIF is to be put, which includes but is not limited to the funding of public facilities projects to serve the community at full community development as identified in the San Ysidro Community Plan and General Plan. A list of the public facilities projects is shown in the San Ysidro Impact Fee Study;
- c. Demonstrates how there is a reasonable relationship between the DIFs' use and the type of development project on which the DIF is imposed, which includes the

following: The DIF will be used to provide for a proportionate fair share contribution for community infrastructure projects needed to serve both residential and non-residential development based on the increased intensity of the development permitted in accordance with the DIF schedule in effect at the time a building permit is issued. Credit will be given for any existing development;

- d. Demonstrates how there is a reasonable relationship between the need for the public facility and the type of development project on which the DIF is imposed, which includes the following:
- (i) Mobility/Transportation Projects: Both residential development and non-residential development utilize the community's transportation system, which requires various street and bridge projects, traffic signal interconnect systems, and medians.
- (ii) Park and Recreation Projects: Residential development utilizes the community's parks, and improvements are necessary based on the projected population at full community development and General Plan standards.
- (iii) Library Projects: Residential development utilizes the community libraries, and improvements are necessary based on the projected population at full community development and General Plan standards.
- (iv) Fire/Rescue Projects: Residential and non-residential development will be served by community fire/rescue facilities, and additional facilities are necessary based

on the projected population at full community development, General Plan standards, and established emergency response times.
