Item 53 A 04/4/17

(O-2017-114)

|--|

DATE OF FINAL PASSAGE APR 1 3 2017

AN ORDINANCE OF THE COUNCIL OF THE CITY OF SAN DIEGO AUTHORIZING FINANCING THROUGH THE CLEAN WATER STATE REVOLVING FUND AND TAKING RELATED ACTIONS IN CONNECTION WITH PLANNING AND DESIGN OF THE PURE WATER NORTH CITY MORENA BOULEVARD PUMP STATION AND PIPELINE PROJECT.

WHEREAS, the City of San Diego (City) desires to utilize the Clean Water State
Revolving Fund (CWSRF) financing program to finance the costs of the planning and
design of the Pure Water North City Morena Boulevard Pump Station and Pipeline (Project)
because it will result in significant debt service savings when compared to financing with
30-year fixed rate bonds; and

WHEREAS, the City intends to finance the planning and design of the Project or portions of the Project with moneys (Project Funds) provided by the State of California, acting by and through the State Water Resources Control Board; and

WHEREAS, the State Water Resources Control Board may fund the Project Funds with proceeds from the sale of obligations, the interest upon which is excluded from gross income for federal income tax purposes (Obligations), and

WHEREAS, prior to either the issuance of the Obligations or the approval by the State Water Resources Control Board of the Project Funds, the City desires to incur certain capital expenditures (Expenditures) with respect to the Project from available moneys of the City; and

WHEREAS, the City has determined that those moneys to be advanced on and after the date hereof to pay the Expenditures are available only for a temporary period, and it is necessary to reimburse the City for the Expenditures from the proceeds of the Obligations;

WHEREAS, under San Diego Charter section 99, no contract, agreement or obligation where the City incurs debt extending for a period of more than five years may be authorized except by ordinance adopted by a two-thirds' majority vote of the City Council; NOW, THEREFORE,

BE IT ORDAINED, by the Council of the City of San Diego, as follows:

Section 1. That the Mayor or his designee (Authorized Representatives) are hereby authorized to sign and file, for and on behalf of the City, a Financial Assistance Application for a financing agreement from the State Water Resources Control Board for the planning and design of the Project. The Authorized Representatives are designated to provide the assurances, certifications, and commitments required for the financial assistance application, including executing a financial assistance agreement from the State Water Resources Control Board in an amount not to exceed \$3,000,000, and any amendments or changes thereto necessary to fulfill the purpose of the Project and it's financing. The Authorized Representatives are designated to represent the City in carrying out the City's responsibilities under the financing agreement, including certifying disbursement requests on behalf of the City and compliance with applicable state and federal laws.

Section 2. That the City hereby dedicates and pledges the net revenues of its water enterprise and the Water Enterprise Fund (otherwise known as the Water Revenue Fund) for repayment of any and all CWSRF financing for the Project, and this pledged source of revenue shall remain in effect throughout the term of such financing unless modification or change of such pledge is approved in writing by the State Water Resources Control Board.

So long as the financing agreements are outstanding, the City's pledge hereunder shall constitute a lien in favor of the State Water Resources Control Board on the foregoing funds and revenues without any further action necessary, and so long as the financing agreements are outstanding, the City commits to maintaining the funds and revenues at levels sufficient to meet its obligations under the financing agreements.

Section 3. The City hereby states its intention and reasonably expects to reimburse Expenditures paid prior to the issuance of the Obligations or the approval by the State Water Board of the Project Funds.

Section 4. That the reasonably expected maximum principal amount of the Project Funds is \$3,000,000. The City's CWSRF financing agreement will not exceed this amount without approval by the City Council and the State Water Resources Control Board.

Section 5. That this ordinance is being adopted no later than sixty days after the date on which the City will expend moneys for the planning and design portion of the Project costs to be reimbursed with Project Funds.

Section 6. That each City expenditure will be of a type properly chargeable to a capital account under general federal income tax principles.

Section 7. That the City hereby removes this Project from the scope of water projects included in the declaration of official intent in San Diego Resolution R-301522 adopted on June 16, 2006. To the best of our knowledge, the City is not aware of any other previous adoption of official intents by the City that have been made as a matter of course for the purpose of reimbursing expenditures and for which tax-exempt obligation have not been issued.

Section 8. This ordinance is adopted as official intent of the City in order to comply with Treasury Regulation §1.150-2 and any other regulations of the Internal Revenue Service relating to the qualification for reimbursement of Project costs.

Section 9. That a full reading of this ordinance is dispensed with prior to its passage, a written or printed copy having been made available to the City Council and the public prior to the day of its passage.

Section 10. That this ordinance shall take effect and be in force on the thirtieth day from and after its final passage.
