(R-2020-440)

RESOLUTION NUMBER R- 312948

DATE OF FINAL PASSAGE APR 15 2020

A RESOLUTION OF THE COUNCIL OF THE CITY OF SAN DIEGO DETERMINING THAT THE APPROVAL OF THE PROJECTS FOR FISCAL YEAR 2021 FUNDED BY SENATE BILL 1: THE ROAD REPAIR AND ACCOUNTABILITY ACT ARE STATUTORILY EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT PURSUANT TO CEQA GUIDELINES SECTION 15301(C) EXISTING FACILITIES.

WHEREAS, the Road Repair and Accountability Act of 2017, established the Road Maintenance and Rehabilitation Account (RMRA), as a means to address basic road maintenance, rehabilitation, and critical safety needs on both the state highway and local streets and road systems; and

WHEREAS, the City has proposed a list of citywide projects, attached to this Resolution as "City of San Diego-Fiscal Year 2021 Road Maintenance and Rehabilitation Account Project List (Projects)," which will repair and maintain City streets by applying a slurry seal asphalt surface treatment or by removing and replacing asphalt surfaces on streets; and

WHEREAS, the California State Legislature, through the California Environmental Quality Act (CEQA), and Public Resources Code sections 21000-21177, has determined that CEQA does not apply to various types of projects listed therein; and

WHEREAS, CEQA section 21084 states that the CEQA Guidelines shall list those classes of projects which have been determined not to have a significant effect on the environment and which shall be exempt from CEQA; and

WHEREAS, pursuant to that authority, CEQA Guidelines sections 15260-15285 list the statutory exemptions promulgated by California State Legislature; and

WHEREAS, on February 25, 2020, the City of San Diego Planning Department established that these proposed Projects are statutorily exempt from CEQA pursuant to CEQA Guidelines, section 15301(c) Existing Facilities because the activity only involves the resurfacing or paving of existing streets, and does not involve any expansion of those facilities, and that no exceptions to the exemption as set forth in CEQA Guidelines 15300.2 apply; and

WHEREAS, the Council of the City of San Diego has considered the potential environmental effects of these Projects; and

WHEREAS, the Council of the City of San Diego, using its independent judgment, has determined that these Projects will not have a significant effect on the environment as they only involve the resurfacing or paving of existing streets; NOW, THEREFORE,

BE IT RESOLVED, by the Council of the City of San Diego that the Projects set forth in the attachment "City of San Diego-Fiscal Year 2021 Road Maintenance and Rehabilitation Account Project List" are statutorily exempt from CEQA pursuant to CEQA Guidelines section 15301(c) Existing Facilities and no exceptions to the exemption as set forth in CEQA Guidelines 15300.2 apply.

APPROVED: MARA W. ELLIOTT, City Attorney

2016

**Additional Information: ?**

The City of San Diego, using its pavement management system, has identified projects S2121, S2122, AC2010, AC2011, AC2012, and AC2013 for RMRA funding. The pavement management system takes into account OCI, maintenance history, road classification, and proximity to emergency facilities and schools to determine the most cost effective resurfacing application to improve the road condition.

**Project Flexibility:**

Pursuant to SHC Section 2034(a)(1), this project list shall not limit the flexibility of an eligible city or county to fund projects in accordance with local needs and priorities, so long as the projects are consistent with SHC Section 2030(b). After submittal of the project list to the Commission, in the event a city or county elects to make changes to the project list pursuant to the statutory provision noted above, formal notification of the Commission is not required. However, the Project Expenditure Report form that is due to the Commission by October 1st each year, will provide an opportunity for jurisdictions to annually communicate such changes to the Commission as part of the regular reporting process.
