

RESOLUTION NUMBER R- 314922

DATE OF FINAL PASSAGE MAY 2 6 2023

A RESOLUTION OF THE COUNCIL OF THE CITY OF SAN DIEGO APPROVING THE PROJECTS ON THE CITY'S LIST TO BE FUNDED BY FISCAL YEAR 2024 ROAD MAINTENANCE AND REHABILITATION ACCOUNT (RMRA) FUNDS AND AUTHORIZING THE AWARD, EXECUTION AND FUNDING OF FOUR PROJECTS: SLURRY SEAL GROUP 2421, SLURRY SEAL GROUP 2422, SLURRY SEAL GROUP 2423, AND SLURRY SEAL GROUP 2424 AND RELATED ACTIONS.

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and signed into law by the Governor in April 2017 to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of the City of San Diego (City) are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the City must adopt by resolution a list of projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, City staff identified projects that are proposed to use RMRA funding, and those projects are included in the list attached as Exhibit A, "City of San Diego - Fiscal Year 2024 Road Maintenance and Rehabilitation Account Project List (Project List);" and

WHEREAS, the City will receive an estimated \$34,125,003 in RMRA funding in Fiscal Year 2024 from SB 1; and

WHEREAS, this will be the seventh year the City has received SB 1 funding which will enable the City to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

WHEREAS, the City has undergone a robust public process to ensure public input into our community's transportation priorities/the Project List; and

WHEREAS, the City used a Pavement Management System to develop the SB 1 Project List to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the community's priorities for transportation investment; and

WHEREAS, the City selects streets for the Project List based on established criteria including the Overall Condition Index (OCI), maintenance history, street functional classification, traffic loading, proximity to emergency facility/school/tourist attraction, and coordination with public and private construction; and

WHEREAS, the funding from SB 1 will allow the City to pursue four slurry seal projects for the maintenance of approximately 97 miles of streets and roads in all nine City Council Districts in Fiscal Year 2024; and

WHEREAS, the 2018 California Statewide Local Streets and Roads Needs Assessment found that City streets and roads are in an "at-risk" condition and RMRA funding will help increase the overall quality of the City's road system and over the next decade will bring City streets and roads into a "good" condition; and

WHEREAS, the City's SB 1 project list and overall investment in its local street and road infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive co-benefits statewide; and

WHEREAS, this action will authorize the Mayor to advertise, award and execute construction contracts to build the projects on the City's Project List: Slurry Seal Group 2421, Slurry Seal Group 2422, Slurry Seal Group 2423, and Slurry Seal Group 2424; and

WHEREAS, this action will authorize the Chief Financial Officer to appropriate and expend an amount not to exceed \$34,125,003 of RMRA funding for projects on the Project List, and an amount not to exceed \$4,371,400 of Transnet funds, for new bike lane improvements on these projects; and

WHEREAS, the Office of the City Attorney has drafted this resolution based on the information provided by City staff, including information provided by affected third parties and verified by City staff, with the understanding that this information is complete, true, and accurate; NOW, THEREFORE,

BE IT RESOLVED, by the City Council of the City of San Diego, as follows:

Additional Information: ?

The City of San Diego, using its pavement management system, has identified projects S2421, S2422, S2423, and S2424 for RMRA funding. The pavement management system takes into account OCI, maintenance history, road classification, and proximity to emergency facilities and schools to determine the most cost effective resurfacing application to improve the road condition.

Project Flexibility:

Pursuant to SHC Section 2034(a)(1), this project list shall not limit the flexibility of an eligible city or county to fund projects in accordance with local needs and priorities, so long as the projects are consistent with SHC Section 2030(b). After submittal of the project list to the Commission, in the event a city or county elects to make changes to the project list pursuant to the statutory provision noted above, formal notification of the Commission is not required. However, the Project Expenditure Report form that is due to the Commission by October 1st each year, will provide an opportunity for jurisdictions to annually communicate such changes to the Commission as part of the regular reporting process.
