

ORDINANCE NUMBER O- 22113 (NEW SERIES)

DATE OF FINAL PASSAGE JUN 26 2026

AN ORDINANCE OF THE COUNCIL OF THE CITY OF SAN DIEGO AUTHORIZING THE FIRST AMENDMENT TO CONTRACT H2426362-M WITH BROWN AND CALDWELL FOR DESIGN AND CONSTRUCTION SUPPORT SERVICES FOR THE PUMP STATION 2 IMPROVEMENTS AND MODERNIZATION PROJECT AND RELATED ACTIONS.

RECITALS

The Council of the City of San Diego (Council) adopts this Ordinance based on the following:

A. On June 10, 2024, the City of San Diego (City) entered into an agreement with Brown and Caldwell for design of the Pump Station 2 (PS2) Improvements and Modernization Project (Project) for a period of five years, in an amount not to exceed \$2,941,124 (Contract).

B. PS2 is the largest and most critical pump station within the City's wastewater collection system. PS2 must provide reliable, uninterrupted service, and any shutdown of PS2 poses potential risks of wastewater system spills. The Contract included design services for upgrades and rehabilitation, environmental review and studies, evaluation of the existing condition assessment, condition assessments of structural components to identify future upgrade and replacement needs, and construction support services for the Project.

C. The First Amendment to the Contract extends the term for an additional three years to June 10, 2032, increases the not to exceed amount by \$2,294,011 (First Amendment), bringing the total not to exceed amount to \$5,235,135, and adds additional scope of work as more fully set forth in the First Amendment which is included in the staff materials accompanying this Ordinance.

D. The First Amendment addresses issues discovered during investigations performed under the Contract, such as significant deterioration of concrete and reinforcing steel

beams of the wet well and influent channel which potentially compromise the integrity of PS2 components and could increase the risk of structural failure. To address these conditions, additional structural repairs and reinforcement are required to stabilize the wet well and influent channel, along with design of a full structural framing system to safely support repair activities during construction. A secondary stop log is required to block wastewater and isolate the channel during maintenance and construction. Physical modeling is also necessary to simulate actual flow conditions and confirm PS2 will operate safely and reliably under the updated design. The Project is expected to extend beyond the originally anticipated Contract term, therefore requiring additional time for construction support services.

E. The Office of the City Attorney prepared this Ordinance based on the information provided by City staff, including information provided by affected third parties and verified by City staff, with the understanding that this information is complete and accurate.

F. The First Amendment is subject to San Diego Charter section 99, which provides (subject to certain exceptions) that no contract, agreement, or obligation creating City indebtedness and extending for a period of more than five years may be authorized except by an ordinance adopted by a two-thirds majority of the Council.

#### ACTION ITEMS

Be it ordained by the Council of the City of San Diego:
