

ORDINANCE NUMBER O- 22147 (NEW SERIES)

DATE OF FINAL PASSAGE SEP 29 2026

AN ORDINANCE OF THE COUNCIL OF THE CITY OF SAN DIEGO AUTHORIZING THE AWARD OF CONSTRUCTION CONTRACT K-26-2434-DBB-3-C TO SKANSKA USA CIVIL WEST CALIFORNIA DISTRICT INC, TO PROVIDE CONSTRUCTION SERVICES FOR THE EL CAMINO REAL TO VIA DE LA VALLE (1/2 MILE) PROJECT.

RECITALS

The Council of the City of San Diego (Council) adopts this Ordinance based on the following:

A. The El Camino Real to Via De La Valle (1/2 Mile) project modifies the segment of El Camino Real between Via De La Valle and San Dieguito Road in order to improve the structural integrity of the bridge over the San Dieguito River, alleviate problems associated with high flood events, improve pedestrian and vehicular access to nearby coastal and recreational resources, relieve traffic congestion, and improve consistency with the adopted land use plan for the project area (Project).

B. The road will be elevated out of the 100-year floodplain and will shift to the east. The re-aligned road will move the intersection of Via de la Valle to De la Valle Place and will include new traffic signals, feature a stamped concrete median, turn pockets, ADA compliant sidewalks, landscaped parkways, and bike lanes. A raised undercrossing underneath will accommodate safe access to the Coast to Crest Trail across the busy thoroughfare. Additionally, the Project includes the installation of water facilities from San Dieguito Road to Via De La Valle contemplated under the El Camino Real Pipeline North project (CIP L23001.1), which are incorporated into this action for efficiency and include the installation of a water main across the proposed bridge to improve potable water distribution to the area.

C. Due to the complexities in bridge construction and the Mitigation Monitoring and Reporting Program (MMRP), the duration of the construction agreement encompassing the bridge construction and road work is anticipated to take 51 months, with an additional 60 months for the long-term MMRP plant maintenance and monitoring phase, for a total of 111 months.

D. This project is federally funded through the Highway Bridge Program under the Federal Highway Administration and must start construction by December 2026. Construction is anticipated to begin in the winter of 2026 and the long-term maintenance and monitoring is expected to be completed by the fall of 2035.

E. On May 20, 2026, the City advertised the construction contract K-26-2434-DBB-3-C (Agreement) with a bid due date of July 23, 2026. Three bids were submitted, and Skanska USA Civil West California District Inc. was identified as the lowest responsive bidder. This action requests approval of the Agreement for constructions services for the Project in an amount not to exceed \$57,397,332.00 for a duration of 111 months.

F. The Office of the City Attorney prepared this Ordinance based on the information provided by City staff (including information provided by affected third parties and verified by City staff), with the understanding that this information is complete and accurate.

G. This action is subject to San Diego Charter section 99, which provides (subject to certain exceptions) that no contract, agreement, or obligation creating City indebtedness and extending for a period of more than five years may be authorized except by an ordinance adopted by a two-thirds majority of the Council.

ACTION ITEMS

Be it ordained by the Council of the City of San Diego:
