RECITALS

The Council of the City of San Diego (Council) adopts this Resolution based on the following:

A. Council Policy 100-18 provides that the City of San Diego shall allocate 15 percent of the annual total parking meter revenue, less the administrative and parking meter operations costs, to Community Parking Districts. In that action, Council also authorized the allocation of not to exceed \$1,800,000 of parking meter revenue in Fiscal Year 2026 to the Transportation Department to accelerate delivery of eligible transportation infrastructure improvements and maintenance activities within Parking Meter Zones.

B. The Transportation Department has used the \$1,800,000 in parking meter revenue allocated for Fiscal Year 2026 for transportation safety repairs and improvements by City crews, including streetlight repairs, pothole repairs, sidewalk improvements, and traffic safety and Vision Zero related improvements within the Downtown, Uptown, Mid-City, and Pacific Beach Parking Meter Zones.

C. For Fiscal Year 2027, the City seeks to allocate an additional \$1,809,000 in parking meter revenue to the Transportation Department to continue transportation safety repairs and improvements in the Parking Meter Zones where that revenue was collected.

D. The Office of the City Attorney prepared this Resolution based on the information provided by City staff, with the understanding that this information is complete and accurate.
