#107-B
11/10/26
(R-2027-135)

RESOLUTION NUMBER R- 317022

DATE OF FINAL PASSAGE NOV 13 2026

A RESOLUTION OF THE COUNCIL OF THE CITY OF SAN DIEGO AUTHORIZING THE USE OF CITY FORCES FOR THE FY2027 TRANSPORTATION MILL & PAVE PROJECT (B27010) FOR STREET REPAIRS AT MULTIPLE LOCATIONS CITYWIDE IN AN AMOUNT NOT TO EXCEED $12,000,000.

RECITALS

The Council of the City of San Diego (Council) adopts this Resolution based on the following:

A. Mill and pave treatments provide rehabilitation of the structural integrity of a street after damage has occurred, typically because of trench cuts for water, sewer, stormwater, and dry utility work impacting the street surface, or due to deterioration of the street over time.

B. Prior to Fiscal Year (FY) 2025, there were two existing mill and pave teams that responded to Get It Done requests for spot mill and pave maintenance work. These teams are typically comprised of 15 members, including Equipment Operators, Heavy Truck Drivers, Utility Workers, and Laborers. The two teams historically completed approximately 10 lane miles per year of resurfacing work.

C. The budget for FY 2025 included a new Mill and Pave Team and a Street Reconstruction Team. This allowed Transportation Department to complete 24 lane miles of resurfacing work in FY 2025 and 30 lane miles in FY 2026.

D. The Department is seeking authorization to use an amount not to exceed $12 million for the cost of using City forces for the FY 2027 Transportation Mill & Pave project (Project), which includes paving on the street segments listed in the supporting materials for this action and included with this resolution as Exhibit A.

E. San Diego Municipal Code section 22.3105 requires Council approval for the use of City forces on public works projects if the cost of using City forces exceeds $500,000.

F. The current total project cost, including the proposed $12 million in City forces work, is estimated at $19.7 million, based on asphalt prices as of September 2026. Any increases in asphalt pricing during the fiscal year may result in a corresponding increase in the total project cost. Any additional funding required as a result of increased asphalt prices or other project cost adjustments will be addressed through the FY27 Mid-Year Budget process.

G. In compliance with the requirements in San Diego Municipal Code section 22.3105(a), the City Manager, through the Department, determined that the use of City forces for this work is justified and will be more economical than if let by contract.

H. The Office of the City Attorney prepared this Resolution based on the information provided by City staff (including information provided by affected third parties and verified by City staff), with the understanding that this information is complete and accurate.

ACTION ITEMS

Be it resolved by the Council of the City of San Diego:

1. The Mayor or designee is authorized to use City Forces to complete the FY2027 Transportation Mill & Pave CIP Project (B27010).

2. The Chief Financial Officer is authorized to expend an amount not to exceed $12,000,000 for City Forces Work related expenses for CIP AID00005, Street Resurfacing and Reconstruction (B27010, FY2027 Transportation Mill & Pave) within fund 400169, TransNet Extension 70% CAP.

APPROVED: HEATHER FERBERT, City Attorney
