City Treasurer's Investment Policy

Pooled Investment Funds

November-Effective: November 20, 20102009

Comment [K1]: Change -1

THE CITY OF SAN DIEGO

**CITY TREASURER'S INVESTMENT POLICY
POOLED INVESTMENT FUNDS**

Comment [K2]: Change #2

I. **SCOPE**

In accordance with the Charter of the City of San Diego, and under authority granted by the City Council on December 19, 1974, and on January 7, 2003, the Treasurer is responsible for investing the unexpended cash in the City Treasury. This investment policy applies to all the investment activities of the City of San Diego, except for the employees retirement funds, which are administered separately, the proceeds of certain debt issues which are invested in qualified mutual funds or managed and invested by trustees appointed under indenture agreements, and the assets of trust funds which are placed in the custody of the Funds Commission by Council ordinance. All financial assets of all other funds shall be administered in accordance with the provisions of this policy.

1. Definitions

"CGC" means California Government Code.

"Corporation" means a legal entity created under the laws of a state to carry on some business or other authorized activity. Limited liability companies are also considered a corporation under California Government Code §53601. This definition applies to individual securities like corporate notes/bonds.

"Credit Risk" means the risk of loss due to failure of the issuer of a security.

"DVP" means delivery versus payment.

"Leverage" means 1) the use of borrowed funds to increase earnings on existing investments, e.g. reverse repurchase agreement or 2) with structured notes, leveraging can take place when the coupon rate is determined by leveraging an index (e.g. 2 times 3 month LIBOR minus 18%).

"Market Risk" means the risk of market value fluctuations due to overall changes in the general level of interest rates.

"NRSRO" means Nationally Recognized Statistical-Rating Organization, e.g. Moody's, Standard & Poor's, and Fitch.

II. OBJECTIVES

A. Safety of principal

Safety of principal is the foremost objective of the City of San Diego. Investment decisions shall seek to minimize net capital losses on a portfolio basis. This policy recognizes that market conditions may warrant the sale of individual securities that would incur market losses in order to protect further capital losses. The intent of this policy is to ensure that capital losses are minimized on a portfolio level rather than on each transaction. The City shall seek to preserve principal by mitigating various types of risk, including credit risk and market risk.

1. Credit risk - Credit or default risk shall be mitigated by investing in only very safe securities (see Section IX for detailed limitations on credit risk), and by diversifying the investment portfolio so that the failure of any one issuer would not unduly harm the City's cash flow.
2. Market risk - Market or interest-rate risk shall be mitigated by establishing two portfolios with target durations based upon the expected short and long-term cash needs of the City. The liquidity portfolio will be structured with an adequate mix of highly liquid securities and maturities to meet major cash outflow requirements for at least the next six months (per CGC §53646). The liquidity portfolio will use the Bank of America Merrill Lynch 3-6 month Treasury Index as a benchmark and seek to maintain a duration of plus or minus 40% of the duration of that benchmark. The core portfolio will use the Bank of America Merrill Lynch 1-3 year Treasury Index as a benchmark and maintain a duration of plus or minus 20% of the duration of that benchmark. It will consist of high quality liquid securities with a maximum maturity of 5 years, ~~and~~ will be structured to meet the longer-term cash needs of the City and seek to match or exceed the performance of the index. The use of leverage is strictly limited to the use of reverse repurchase agreements as outlined in Section IX (J). ~~And aA~~ no times will the use of any such reverse repo, structured product or derivative security violate the maximum security limits or maximum maturity limits as stated in this policy.

Comment [K3]: Change #3

Comment [K4]: Change #3

Comment [K5]: Change #4

B. Liquidity

The City's pooled investment fund will be composed of two portfolios (core and liquidity). While both portfolios will invest in liquid securities with an emphasis on the safety of principal, the liquidity portfolio will be designed to ensure that the projected pool expenditure requirements of the City for the next six months can be met with anticipated revenues and a combination of maturing securities, coupon payments and/or highly liquid investments at all times, as required by California Government Code §53646.

C. Performance Measurement

The portfolios shall be designed to attain a market average rate of return through economic cycles.

The performance of the City's core portfolio shall be measured on a total return basis against the Bank of America Merrill Lynch 1-3 year Treasury Index. It is explicitly recognized herein, however, that in a diversified portfolio managed on a total return basis, realized and unrealized losses are inevitable, and must be considered within the context of the overall investment return. The Treasurer will coordinate trading activity with the Chief Financial Officer when the realization of portfolio losses will have a significant impact on budgeted interest revenues and will inform Financial Management and the Comptroller's Office of such losses.

Comment [K6]: Change #3

The return for the liquidity portfolio should, on average, equal or exceed the return on the Bank of America Merrill Lynch 3-6 month bill index over a rolling three year period.

Comment [K7]: Change #3

III. **DELEGATION OF AUTHORITY**

The City Council, as permitted under California Government Code §53607, delegates the responsibility to invest or reinvest the funds of the City of San Diego or to sell or exchange securities so purchased, to the City Treasurer.

Within the Treasurer's Department, the responsibility for the day to day investment of City funds is delegated to the Chief Investment Officer. In the absence of the Chief Investment Officer and Investment Officer, the Treasurer shall take responsibility for the daily investment of City funds.

IV. ETHICS AND CONFLICT OF INTEREST

In accordance with California Government Code §§1090 et seq., 87100 et seq., 89502(c) and 89503(c) and City of San Diego Administrative Regulation 95.60, officers and employees of the City will refrain from any activity that could conflict with the proper execution of the investment program or which could impair their ability to make impartial investment decisions. All investment personnel shall comply with the reporting requirements of the Political Reform Act, to include the annual filing of Statements of Economic Interest.

Investment staff are prohibited from engaging in trading for their personal account where there would be a perceived conflict of interest, e.g. trading in a broker/bank stock that had a relationship with the City, or would otherwise be in violation of the law or a conflict of interest as stated above. The investment staff are required to report their personal trading activity concurrently or on a monthly basis and are required to provide a signed statement of all of their personal transactions annually to the City Treasurer.

V. SAFEKEEPING OF SECURITIES

To protect against potential losses caused by collapse of individual securities dealers, all securities owned by the City, including collateral on repurchase agreements, but necessarily excluding securities used as collateral for reverse repurchase agreements, shall be held in safekeeping by the City's custodian bank or a third party bank trust department, acting as agent for the City under the terms of a custody or trustee agreement executed by the bank and by the City. All securities will be received and delivered using standard delivery-versus-payment (DVP) procedures and in accordance with State Code. Any exception to this standard delivery practice, e.g. DVP failure necessitating delivery other than by simultaneous exchange, will require written procedural approval by the City Treasurer.

VI. INTERNAL CONTROL

The City Treasurer has established a system of internal controls to ensure compliance with the policies and procedures of the City of San Diego and the California Government Code. These policies and procedures are reviewed during the year by the Chief Financial Officer. At least annually an independent audit is conducted by a public accounting firm which includes a review of the investment procedures and activities of the City Treasurer's Office.

The Investment Advisory Committee, established in March 1990, is charged with the responsibility to review on an on-going basis the investment policy and practices of the City Treasurer and ~~to discuss~~**recommend** changes.

Comment [K8]: Change - 5

VII. REPORTING

The City Treasurer is required to submit a quarterly report of investment activity to the City Council in accordance with California Government Code §53646. The Treasurer has elected to provide such report consistent with the reporting requirements of California Government Code §53646 on a monthly basis. The report shall be designed with the advice of the Investment Advisory Committee.

VIII. QUALIFIED DEALERS

The City shall transact business with broker/dealers that meet the qualification criteria established by the City Treasurer. In accordance with California Government Code §53601 a bank/dealer must be qualified as a dealer regularly reporting to the New York Federal Reserve Bank in order to conduct repurchase or reverse repurchase agreements with the City. Investment staff shall ensure that broker/dealers who wish to do business with the City meet the City Treasurer's Broker/Dealer Qualification Criteria (Exhibit 1), make markets in securities appropriate to the City's needs, and can provide additional value through competitive execution, timely market information and general research.

Annually, the Treasurer shall send a copy of the current investment policy to all dealers who have met the qualification criteria and are doing business with the City Treasurer. Investment staff will maintain a qualification matrix and annually review dealers to ensure they are qualified. Confirmation of receipt of this policy shall be considered as evidence that the dealer understands the City's investment policies, and intends to show the City only appropriate investments. A copy of the Treasurer's standard receipt form is attached as Exhibit 2.

The Investment staff is permitted to deal directly with the issuers of any securities that are authorized for purchase under Section IX of this policy and meet all the qualifications of this policy.

IX. AUTHORIZED INVESTMENTS

In accordance with California Government Code §53600.3 the City Treasurer or the Chief Investment Officer or their designees who are authorized to make investment decisions on behalf of the City and its agencies are trustees and therefore fiduciaries subject to the prudent investor standard.

"When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency."

Trading is prohibited when cash or liquid securities are not available to pay for the securities being purchased. The taking of short positions, that is, selling securities which the City does not own, is also prohibited.

While California Government Code §53601(i) authorizes the limited use of securities lending, the City does not currently engage in any securities lending activities.

Investments which exceed 5 years in maturity require authority be granted by City Council before purchase. Written authority of the City Council must be granted specifically or as part of an investment program no less than three months prior to the date of purchase (CGC §53601).

The City shall not purchase any security that could result in a zero interest accrual if held to maturity. In addition, the City shall not invest any funds in inverse floaters, range notes or interest only strips that are derived from a pool of mortgages. These limitations will not apply to investments in shares of beneficial interest issued by diversified management companies as referenced in subparagraph (L) of this section (CGC §53601).

Callable securities (i.e. securities redeemable in part or in full by the issuer prior to the maturity date) shall not exceed 30% of the cost value of the portfolio. Callables which have passed their final call date and are no longer callable will not be included when calculating the 30% limit.

The City is further governed by the California Government Code, §§ 53600 et seq. A copy of applicable California Government Code provisions is attached as Exhibit 3. Within the context of these limitations, the following investments are authorized, and further limited herein:

A. United States Treasury Bills, Bonds, and Notes, or those for which the full

faith and credit of the United States are pledged for payment of principal and interest. There is no limitation as to the percentage of the portfolio which can be invested in this category.

- B. Obligations issued by agencies of the U.S. Government, such as the Government National Mortgage Association (GNMA), the Federal Farm Credit Bank System (FFCB), the Federal Home Loan Bank System (FHLB), the Federal National Mortgage Association (FNMA), and the Federal Home Loan Mortgage Corporation (FHLMC). No more than 1/3 of the cost value of the total portfolio at time of purchase can be invested in the unsecured debt of any one agency.

Investments detailed in C through H below are additionally restricted as to percentage of the cost value of the portfolio in any one issuer name up to a maximum of 5%. The total cost value invested in any one issuer name will not exceed 5% of an issuer's net worth. An additional 5%, or a total of 10%, of the cost value of the portfolio in any one issuer name can be authorized upon written approval of the Treasurer.

Any bank, savings association, federal association or federally insured industrial loan company the City deposits money with is required to have an overall rating of not less than "satisfactory" in its most recent evaluation by the appropriate federal financial supervisory agency of its record of meeting the credit needs of California communities including low and moderate income neighborhoods.

- C. Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as banker's acceptances. Banker's acceptances purchased may not exceed 180 days to maturity nor 40% of the cost value of the portfolio and the City may only purchase Bills of Exchange accepted by banks which meet the requirements for investment in short term certificates of deposit (less than 24 months) in Section X.
- D. Commercial paper assigned the highest short-term rating by a NRSRO (e.g. 'P1' by Moody's), and issued by domestic corporations having assets in excess of \$500,000,000 and having an A or better rating on its long term debentures as provided by a NRSRO. Purchases of eligible commercial paper may not exceed 270 days to maturity nor represent more than 10% of the outstanding paper of an issuing corporation. Purchases of commercial paper may not exceed 25% of the cost value of the portfolio. The exclusive use of banks, savings and loans and primary dealers mentioned in Section VIII will not pertain to the purchase and sale of commercial paper. No more than 10% of the outstanding commercial paper of any single corporate issuer may be purchased by the City at any time.

E. Negotiable certificates of deposit ("NCD") issued by a nationally or state-chartered bank or a state or federal savings institutions, or a State-licensed branch of a foreign bank ("Yankee"). Purchases of negotiable certificates of deposit may not exceed 30% of the cost value of the portfolio. To be eligible for purchase by the City the NCD must meet the credit and maturity criteria as stated in Section X. The City is prohibited from investing its funds in negotiable certificates of deposit issued by a state or federal credit union if a member of the legislative body of the City, the Treasurer, or any person delegated by the Treasurer to have investment decision making authority also serves on the board of directors, or any committee appointed by the board of directors, or the credit committee, or the supervisory committee of the state or federal credit union issuing the certificate of deposits.

Comment [K9]: Change #6

F. Time deposits. The City may invest in non-negotiable time deposits collateralized in accordance with the California Government Code, in those banks and savings and loan associations which meet the requirements for investment in negotiable certificates of deposit. This category also includes non-negotiable certificates placed through a nationally or state chartered commercial bank, savings bank, and savings and loan associations, provided that the full principal and interest accrual is insured by the Federal Deposit Insurance Corporation (FDIC), pursuant to California Government Code §53601.8. These fully FDIC insured certificates of deposit shall have a maximum maturity of 12 months and will be limited to 2% of the portfolio, and the placement agent and individual certificate of deposit issuers are exempt from the credit rating criteria in Section X. Since time deposits are not liquid, no more than 25% of the portfolio may be invested in this category.

G. Medium-term notes/bonds. The City may invest in medium-term notes or bonds issued by corporations organized and operating within the United States. Securities eligible for investment shall be rated in accordance with the maturity and rating criteria described in Section X. In addition, the issuing corporation itself must have a minimum credit rating of "A" or equivalent by a NRSRO and have in excess of \$500,000,000 in Shareholders Equity. Purchase of medium-term notes/bonds may not exceed 30% of the cost value of the portfolio. No more than 5% of the cost value of the portfolio may be invested in notes issued by any one corporation. Commercial paper holdings should be considered when calculating the maximum percentage in any issuer name.

Comment [K10]: Change #7

H. Municipal Securities of Local Agencies of California. Pursuant to the California Municipal-Government Code §53601-(ed), the City may invest in

Comment [K11]: Change #8

bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency. The City may invest up to a maximum of 20% of the cost value at time of purchase of the pooled portfolio in these securities. No more than 5% of the cost value at time of purchase of the portfolio may be invested in notes issued by any one issuer or in notes insured by any one insurer, except for securities supported by the full faith of the State of California. In addition, the issuer itself must have a minimum credit rating of "A" or equivalent by a NRSRO.

- I. Repurchase agreements. The City may invest in repurchase agreements with primary dealers of the Federal Reserve Bank of New York with which the City has entered into a master repurchase agreement. The Public Securities Association standard master repurchase agreement with the document titled "Supplemental Terms and Conditions of the City of San Diego" is the "Master Repurchase Agreement." The maturity of repurchase agreements shall not exceed one year. The market value of securities used as collateral for repurchase agreements shall be initially priced with margin ratios as stated in the Master Repurchase Agreement. Collateral pricing will be monitored at least monthly and margins adjusted no less than quarterly (CGC §53601) by the investment staff. Margin amounts are to be maintained at 102% (CGC §53601) of the value of the repurchase agreement. In order to conform with provisions of the Federal Bankruptcy Code which provide for the liquidation of securities held as collateral for repurchase agreements, the only securities acceptable as collateral shall be certificates of deposit, eligible bankers' acceptances, or securities that are direct obligations of the United States or any agency of the United States. Additionally, all repo collateral must meet the eligibility and investment restrictions of this policy.
- J. Reverse repurchase agreements. The City may invest in reverse repurchase agreements only with primary dealers of the Federal Reserve Bank of New York with which the City has entered into a master repurchase contract as stated in Section IX-I. The City may invest up to maximum of 20% of the base value of the portfolio in reverse repurchase agreements with the following conditions. In addition, reverse repurchase agreements may only be utilized if the following conditions are met.
 1. The security to be sold for the reverse has been owned and fully paid for by the City for a minimum of 30 days (CGC §53601).
 2. The agreement does not exceed 92 days, unless the agreement

includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using the reverse and the final maturity of the same security (i.e., the security being used as collateral).

3. Any security purchased with the proceeds of a reverse repurchase agreement may not exceed 92 days to maturity unless there is a written codicil guaranteeing a minimum earning or spread for the entire life of the security (to maturity) being purchased for reinvestment purposes.
 4. For the purposes of this section the "base value" of the pool portfolio of the City is defined as that dollar amount obtained by totaling all cash balances placed in the pool excluding any amounts obtained through selling securities by reverse repurchase agreements or other similar borrowing methods (CGC §53601).
- K. Local Agency Investment Fund. The City may invest in the Local Agency Investment Fund (LAIF) established by the State Treasurer for the benefit of local agencies under §16429.1 of the California Government Code up to the maximum permitted.
- L. Shares of beneficial interest issued by diversified management companies or mutual funds shall be rated in the highest rating category of at least two of the NRSROs and must have in excess of \$500,000,000 in assets under management. The company or mutual fund must retain an investment advisor registered with the SEC with no less than five years experience managing money market mutual funds, or if the fund is not a money market mutual fund, investing in the securities and obligations as authorized by subdivision (a) to (m) inclusive. The total purchase price of this category shall not include commissions and shall not exceed 20% of the cost value of the portfolio, with no more than 5% of the cost value of the portfolio invested in any one fund. (CGC §53601).
- M. Notes, bonds, or other obligations which are at all times secured by a valid first priority security interest in securities of the types listed by CGC §53651 as eligible securities for the purpose of securing local agency deposits having a market value at least equal to that required by CGC §53652 for the purpose of securing local agency deposits. The securities serving as collateral shall be placed by delivery or book entry into the custody of a trust company or the trust department of a bank which is not affiliated with the issuer of the secured obligation, and the security interest shall be perfected

in accordance with the requirements of the Uniform Commercial Code or federal regulations applicable to the types of securities which the security interest is granted. Securities eligible for investment under this subdivision shall be issued by an issuer rated in a rating category of "AA" or its equivalent or better by a NRSRO and having an "A" or higher rating for the issuer's unsecured debt, as provided by a NRSRO.

- N. Any U.S. Government Agencies' mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable pass-through certificate, or consumer receivable-backed bond of a maximum of five years maturity. Securities eligible for investment under this subdivision shall be issued in the public securities market and rated in a rating category of "AAA" or its equivalent by a NRSRO and having an "A" or higher rating for the issuer's unsecured debt, as provided by a NRSRO. Purchase of securities authorized by this subdivision may not exceed 20 percent of the agency's surplus money that may be invested pursuant to this section.
- O. Floating rate notes. The City may invest in securities whose coupon resets are based upon a single fixed income index which would be representative of an eligible investment (e.g. LIBOR, T-bill, prime, 2 year CMT), provided that the security is not leveraged (e.g. 2 times an index) or has a coupon that resets inversely to the underlying index.
- P. Structured Notes. The City may invest in securities issued by U.S. Government Agencies that contain imbedded calls or options as long as those securities are not inverse floaters, range notes, interest only strips that are derived from a pool of mortgages or a security that could result in a zero or negative accretion of interest if held to maturity (CGC §53601.6). The exception to this restriction would be a structured note in the final coupon period that has the same characteristics as any other simple fixed term security. The City may invest up to a maximum of 8% of the cost value at time of purchase of the pooled portfolio in structured notes. A structured note is a hybrid security combining a fixed-income instrument with a series of derivative components. Structured notes do not include "traditional" callable agency or corporate bonds, pass-through mortgages, collateralized mortgage obligations, or asset-backed securities.
- Q. Financial futures. The City may buy financial futures contracts only to hedge against changes in market conditions for the reinvestment of bond proceeds when deemed appropriate.

Ineligible Investments.

Investments not described herein, including, but not limited to, common stocks and long-term corporate notes/bonds are prohibited from use in this portfolio.

X. MATURITY AND CREDIT RATING CRITERIA

This rating criteria will apply at the time of purchase. To be eligible for purchase an issuing institution or its debt must meet the minimum rating requirements as described in CGC §§53601 et seq. The City prefers that all securities be rated by at least two NRSROs, with at least one qualifying rating from either Moody's or Standard and Poor's. The Maturity and Credit Rating Criteria Matrix (Exhibit 4) is to be used to further qualify the purchase of fixed or floating rate negotiable certificates of deposit, thrift or deposit notes and medium term corporate notes. If an eligible investment is downgraded, after purchase, in a rating category which is below the minimum required in Exhibit 4 the Chief Investment Officer or Investment Officer will document his/her analysis and recommendation for disposition of the security for review by the Treasurer.

XI. POLICY REVIEW

The Treasurer shall annually render to the Mayor, the Chief Financial Officer, the City Council, and the Investment Advisory Committee a statement of investment policy. The investment policy will be considered at a regular meeting of the City Council as required by California Government Code §53646.

- Exhibit 1: City Treasurer's Broker/Dealer Qualification Criteria
- Exhibit 2: Receipt form (see Section VIII)
- Exhibit 3: California Government Code §§53601 et seq.
- Exhibit 4: Maturity and Credit Rating Criteria Matrix.

Exhibit #1
City Treasurer
Broker/Dealer Qualification Criteria

The following criteria is established to guide the City Treasurer Investment staff in their qualification of broker/dealers [the firm]. This criteria is reviewed by the City Treasurer's Investment Advisory Committee as provided for in the City Treasurer's Investment Policy.

1. Any firm entering into a new business relationship to conduct security transactions with the City Treasurer's Office is required to make application and qualify for recommendation by the City Treasurer.
2. Upon application and as requested by the City Treasurer's Investment staff all the firms are required to provide a copy of their most recent published annual report, quarterly reports issued since the last annual report, Financial and Operational Combined Uniform Single (FOCUS) Report, organization chart, any financial information regarding credit lines and debt support provided by the parent firm and any other data required.
3. The City views the relationship of the firm and its representatives to the City as being a long-term mutually beneficial business relationship. We expect the firm and its staff to act with integrity and trust. The firm must ensure that its staff is aware of the City Treasurer's Investment Policy as well as California Government Code sections 53601 and 53635 that govern the securities transactions of the City.
4. The firm is required to have a net capital position in excess of \$100 million, be in compliance with the minimum net capital requirements of the SEC's Uniform Net Capital Rule and the New York Stock Exchange Rule 104.20 if applicable to their firm.
5. The firm is required to maintain an active secondary market for the securities sold to the City.
6. Treasurer's staff will conduct on-site visits of the firm as necessary and practical to ensure that the firm and its staff can continue to provide the services the City requires to be delivered in a timely and efficient manner.
7. The firm will be monitored by the investment staff to ensure that the City is being provided the best execution on trades, capable and knowledgeable sales and support staff, economic and credit research, technical analysis (if available) and credit market support as needed.
8. The firm or parent must have an operating history of profitability and capital requirements consistent with the highest standards and regulatory requirements of the industry and the judgment of the investment staff.
9. All securities purchased by the City from the firm will be delivered to the City's Custodian

Bank on a "delivery vs. payment" basis (California Government Code).

10. No firm shall be eligible for selection who has made a political contribution within any consecutive 48 month period in an amount exceeding the limitations contained in Rule G-37 of the Municipal Securities Rulemaking Board, to any political official or candidate for office with the City.

11. All firms transacting repurchase or reverse repurchase agreements with the City must be a reporting dealer to the Federal Reserve Bank of New York, as required by California Government Code Section 53601, and must have a fully executed Master Repurchase Agreement with Annex I on file with the City Treasurer.

12. All firms must maintain a Moody's and Standard and Poor's or comparable national or international credit rating service short term rating of A1/P1 and long-term debt rating of A/a to maintain their business relationship with the City.

13. Preference will be given to those firms that can provide the broadest array of investment services to the City.

14. All firms are required to conduct their business with the City in a manner that reflects the highest ethical standards.

Re: Receipt of Investment Policy of the City of San Diego Dated November 2009

We are in receipt of a copy of the referenced Investment Policy of the City of San Diego. We have read, and we understand, the provisions and guidelines of the policy. We attest that our firm meets the City of San Diego's requirements shown in Exhibit 1 of their Investment Policy entitled "Broker/Dealer Qualification Criteria." All salespersons covering the City's account will be made aware of this policy, and will be directed to give consideration to its provisions and constraints in selecting investment opportunities to present to the City.

We agree to provide the City with a copy of our annual reports as they are published.

We agree to provide an electronic or facsimile copy of all trades executed with your office and our firm to the Chief Investment Officer, Investment Assistant, or fax (619) 533-6259 on the trade date. All trade confirmations are to be mailed or e-mailed to our office.

Date

Exhibit 3: California Government Code Section 53601
Print date: 10/06/10

53601. This section shall apply to a local agency that is a city, a district, or other local agency that does not pool money in deposits or investments with other local agencies, other than local agencies that have the same governing body. However, Section 53635 shall apply to all local agencies that pool money in deposits or investments with other local agencies that have separate governing bodies. The legislative body of a local agency having money in a sinking fund or money in its treasury not required for the immediate needs of the local agency may invest any portion of the money that it deems wise or expedient in those investments set forth below. A local agency purchasing or obtaining any securities prescribed in this section, in a negotiable, bearer, registered, or nonregistered format, shall require delivery of the securities to the local agency, including those purchased for the agency by financial advisers, consultants, or managers using the agency's funds, by book entry, physical delivery, or by third-party custodial agreement. The transfer of securities to the counterparty bank's customer book entry account may be used for book entry delivery.

For purposes of this section, "counterparty" means the other party to the transaction. A counterparty bank's trust department or separate safekeeping department may be used for the physical delivery of the security if the security is held in the name of the local agency. Where this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase. Where this section does not specify a limitation on the term or remaining maturity at the time of the investment, no investment shall be made in any security, other than a security underlying a repurchase or reverse repurchase agreement or securities lending agreement authorized by this section, that at the time of the investment has a term remaining to maturity in excess of five years, unless the legislative body has granted express authority to make that investment either specifically or as a part of an investment program approved by the legislative body no less than three months prior to the investment:

(a) Bonds issued by the local agency, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency.

(b) United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(c) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

(d) Registered treasury notes or bonds of any of the other 49 United States in addition to California, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state or by a department, board, agency, or authority of any of the other 49 United States, in addition to California.

(e) Bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned,

controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(f) Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises.

(g) Bankers' acceptances otherwise known as bills of exchange or time drafts that are drawn on and accepted by a commercial bank. Purchases of bankers' acceptances may not exceed 180 days' maturity or 40 percent of the agency's money that may be invested pursuant to this section. However, no more than 30 percent of the agency's money may be invested in the bankers' acceptances of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing any money in its treasury in any manner authorized by the Municipal Utility District Act (Division 6 (commencing with Section 11501) of the Public Utilities Code).

(h) Commercial paper of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by a nationally recognized statistical-rating organization (NRSRO). The entity that issues the commercial paper shall meet all of the following conditions in either paragraph (1) or (2):

(1) The entity meets the following criteria:

(A) Is organized and operating in the United States as a general corporation.

(B) Has total assets in excess of five hundred million dollars (\$500,000,000).

(C) Has debt other than commercial paper, if any, that is rated "A" or higher by a nationally recognized statistical-rating organization (NRSRO).

(2) The entity meets the following criteria:

(A) Is organized within the United States as a special purpose corporation, trust, or limited liability company.

(B) Has programwide credit enhancements including, but not limited to, overcollateralization, letters of credit, or surety bond.

(C) Has commercial paper that is rated "A-1" or higher, or the equivalent, by a nationally recognized statistical-rating organization (NRSRO).

Eligible commercial paper shall have a maximum maturity of 270 days or less. Local agencies, other than counties or a city and county, may invest no more than 25 percent of their money in eligible commercial paper. Local agencies, other than counties or a city and county, may purchase no more than 10 percent of the outstanding commercial paper of any single issuer. Counties or a city and county may invest in commercial paper pursuant to the concentration limits in subdivision (a) of Section 53635.

(i) Negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings association or a federal association (as defined by Section 5102 of the Financial Code), a state or federal credit union, or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit may not exceed 30 percent of the agency's money which may be invested pursuant to this section. For purposes of this section, negotiable certificates of deposit do not come within Article 2 (commencing with Section 53630), except that the amount so invested shall be subject to the limitations of Section 53638. The legislative body of a local agency

and the treasurer or other official of the local agency having legal custody of the money are prohibited from investing local agency funds, or funds in the custody of the local agency, in negotiable certificates of deposit issued by a state or federal credit union if a member of the legislative body of the local agency, or any person with investment decisionmaking authority in the administrative office manager's office, budget office, auditor-controller's office, or treasurer's office of the local agency also serves on the board of directors, or any committee appointed by the board of directors, or the credit committee or the supervisory committee of the state or federal credit union issuing the negotiable certificates of deposit.

(j) (1) Investments in repurchase agreements or reverse repurchase agreements or securities lending agreements of any securities authorized by this section, as long as the agreements are subject to this subdivision, including the delivery requirements specified in this section.

(2) Investments in repurchase agreements may be made, on any investment authorized in this section, when the term of the agreement does not exceed one year. The market value of securities that underlay a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities and the value shall be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102 percent no later than the next business day.

(3) Reverse repurchase agreements or securities lending agreements may be utilized only when all of the following conditions are met:

(A) The security to be sold on reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to sale.

(B) The total of all reverse repurchase agreements and securities lending agreements on investments owned by the local agency does not exceed 20 percent of the base value of the portfolio.

(C) The agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(D) Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty by way of a reverse repurchase agreement or securities lending agreement shall not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the reverse repurchase agreement or securities lending agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(4) (A) Investments in reverse repurchase agreements, securities lending agreements, or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security may only be made upon prior approval of the governing body of the local agency and shall only be made with primary dealers of the Federal Reserve Bank of New York or with a nationally or state-chartered bank that has or has had a significant

banking relationship with a local agency.

(B) For purposes of this chapter, "significant banking relationship" means any of the following activities of a bank:

(i) Involvement in the creation, sale, purchase, or retirement of a local agency's bonds, warrants, notes, or other evidence of indebtedness.

(ii) Financing of a local agency's activities.

(iii) Acceptance of a local agency's securities or funds as deposits.

(5) (A) "Repurchase agreement" means a purchase of securities by the local agency pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement. The transfer of underlying securities to the counterparty bank's customer book-entry account may be used for book-entry delivery.

(B) "Securities," for purpose of repurchase under this subdivision, means securities of the same issuer, description, issue date, and maturity.

(C) "Reverse repurchase agreement" means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date and includes other comparable agreements.

(D) "Securities lending agreement" means an agreement under which a local agency agrees to transfer securities to a borrower who, in turn, agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. At the conclusion of the agreement, the securities are transferred back to the local agency in return for the collateral.

(E) For purposes of this section, the base value of the local agency's pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements, securities lending agreements, or other similar borrowing methods.

(F) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement and the earnings obtained on the reinvestment of the funds.

(k) Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment under this subdivision shall be rated "A" or better by a nationally recognized rating service. Purchases of medium-term notes shall not include other instruments authorized by this section and may not exceed 30 percent of the agency's money that may be invested pursuant to this section.

(1) (1) Shares of beneficial interest issued by diversified management companies that invest in the securities and obligations as authorized by subdivisions (a) to (k), inclusive, and subdivisions (m) to (o), inclusive, and that comply with the investment restrictions of this article and Article 2 (commencing with Section 53630). However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement or securities lending agreement is

not required to be a primary dealer of the Federal Reserve Bank of New York if the company's board of directors finds that the counterparty presents a minimal risk of default, and the value of the securities underlying a repurchase agreement or securities lending agreement may be 100 percent of the sales price if the securities are marked to market daily.

(2) Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.).

(3) If investment is in shares issued pursuant to paragraph (1), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience investing in the securities and obligations authorized by subdivisions (a) to (k), inclusive, and subdivisions (m) to (o), inclusive, and with assets under management in excess of five hundred million dollars (\$500,000,000).

(4) If investment is in shares issued pursuant to paragraph (2), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds with assets under management in excess of five hundred million dollars (\$500,000,000).

(5) The purchase price of shares of beneficial interest purchased pursuant to this subdivision shall not include any commission that the companies may charge and shall not exceed 20 percent of the agency's money that may be invested pursuant to this section. However, no more than 10 percent of the agency's funds may be invested in shares of beneficial interest of any one mutual fund pursuant to paragraph (1).

(m) Moneys held by a trustee or fiscal agent and pledged to the payment or security of bonds or other indebtedness, or obligations under a lease, installment sale, or other agreement of a local agency, or certificates of participation in those bonds, indebtedness, or lease installment sale, or other agreements, may be invested in accordance with the statutory provisions governing the issuance of those bonds, indebtedness, or lease installment sale, or other agreement, or to the extent not inconsistent therewith or if there are no specific statutory provisions, in accordance with the ordinance, resolution, indenture, or agreement of the local agency providing for the issuance.

(n) Notes, bonds, or other obligations that are at all times secured by a valid first priority security interest in securities of the types listed by Section 53651 as eligible securities for the purpose of securing local agency deposits having a market value at least equal to that required by Section 53652 for the purpose of securing local agency deposits. The securities serving as collateral shall be placed by delivery or book entry into the custody of a trust company or the trust department of a bank that is not affiliated

with the issuer of the secured obligation, and the security interest shall be perfected in accordance with the requirements of the Uniform Commercial Code or federal regulations applicable to the types of securities in which the security interest is granted.

(o) Any mortgage passthrough security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable passthrough certificate, or consumer receivable-backed bond of a maximum of five years' maturity. Securities eligible for investment under this subdivision shall be issued by an issuer having an "A" or higher rating for the issuer's debt as provided by a nationally recognized rating service and rated in a rating category of "AA" or its equivalent or better by a nationally recognized rating service. Purchase of securities authorized by this subdivision may not exceed 20 percent of the agency's surplus money that may be invested pursuant to this section.

(p) Shares of beneficial interest issued by a joint powers authority organized pursuant to Section 6509.7 that invests in the securities and obligations authorized in subdivisions (a) to (o), inclusive. Each share shall represent an equal proportional interest in the underlying pool of securities owned by the joint powers authority. To be eligible under this section, the joint powers authority issuing the shares shall have retained an investment adviser that meets all of the following criteria:

(1) The adviser is registered or exempt from registration with the Securities and Exchange Commission.

(2) The adviser has not less than five years of experience investing in the securities and obligations authorized in subdivisions (a) to (o), inclusive.

(3) The adviser has assets under management in excess of five hundred million dollars (\$500,000,000).

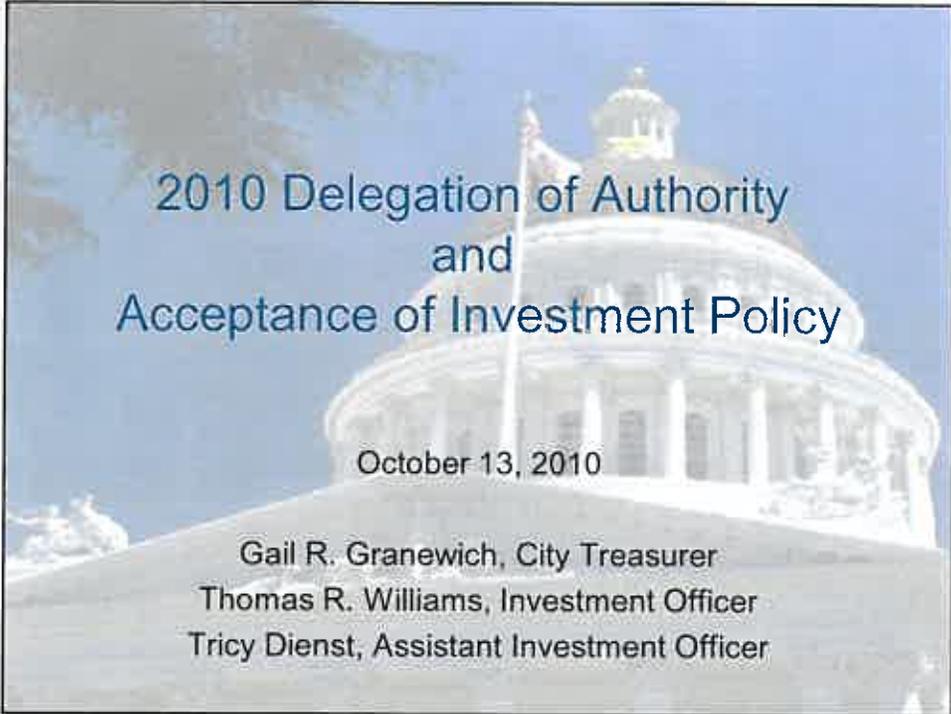

53601.1. The authority of a local agency to invest funds pursuant to Section 53601 includes, in addition thereto, authority to invest in financial futures or financial option contracts in any of the investment categories enumerated in that section.

53601.2. As used in this article, "corporation" includes a limited liability company.

53601.5. The purchase by a local agency of any investment authorized pursuant to Section 53601 or 53601.1, not purchased directly from the issuer, shall be purchased either from an institution licensed by the state as a broker-dealer, as defined in Section 25004 of the Corporations Code, or from a member of a federally regulated securities exchange, from a national or state-chartered bank, from a savings association or federal association (as defined by Section 5102 of the Financial Code) or from a brokerage firm designated as a primary government dealer by the Federal Reserve bank.

Exhibit 4: Maturity and Credit Rating Criteria Matrix

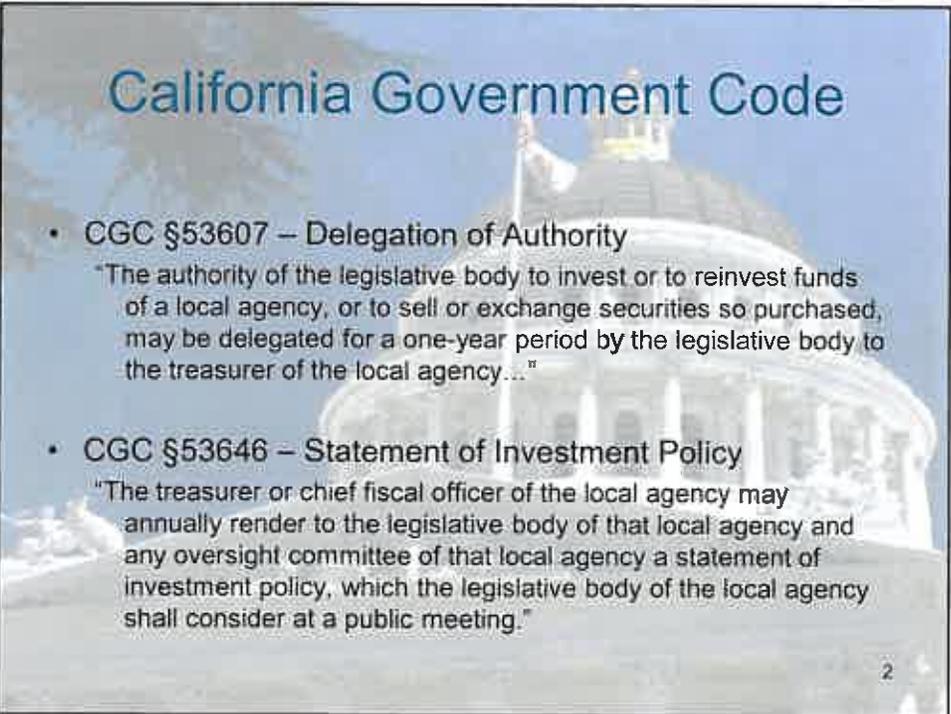

Issuing Institution	Fixed Rate NCD, D/N B/N, or MTN Maximum Maturity	Floating Rate NCD, MTN, B/N or D/N Maximum Maturity	Minimum Credit Rating
Domestic (U.S.) Banks, Thrifts and Savings Banks	15 months	18 months	An S&P or Moody's long term debt rating of "A/A" or better AND any two of the following three short term ratings: S&P A1; Moody's P1; Fitch F1 ⁺
	24 months	24 months	A long term debt rating of >A (or equivalent) = or better by at least two NRSROs, one of which must be Moody's or Standard & Poor's.
	36 months	36 months	A long term debt rating of >Aa/AA (or equivalent) = or better by at least two NRSROs, one of which must be Moody's or Standard & Poor's
"Yankee" Banks			The country (sovereign) rating of a Yankee bank's home country must be AA/Aa from either S&P or Moody's.
	15 months	15 months	An S&P or Moody's long term debt rating of "A/A" or better AND any two of the following three short term ratings: S&P A1; Moody's P1; Fitch F1 ⁺
	24 months	24 months	A long term debt rating of >A (or equivalent) = or better by at least two NRSROs, one of which must be Moody's or Standard & Poor's.
Non-Banking Corporations operating in the US	36 months	36 months	A long term debt rating of >Aa/AA (or equivalent) = or better by at least two NRSROs, one of which must be Moody's or Standard & Poor's
	15 months	15 months	An S&P or Moody's long term debt rating of "A/A" or better AND any two of the following three short term ratings: S&P A1; Moody's P1; Fitch F1 ⁺
	24 months	24 months	A long term debt rating of >A (or equivalent) = or better by at least two NRSROs, one of which must be Moody's or Standard & Poor's.
	36 months	36 months	A long term debt rating of >Aa/AA (or equivalent) = or better by at least two NRSROs, one of which must be Moody's or Standard & Poor's

2010 Delegation of Authority and Acceptance of Investment Policy

October 13, 2010

Gail R. Granewich, City Treasurer
Thomas R. Williams, Investment Officer
Tricy Dienst, Assistant Investment Officer

California Government Code

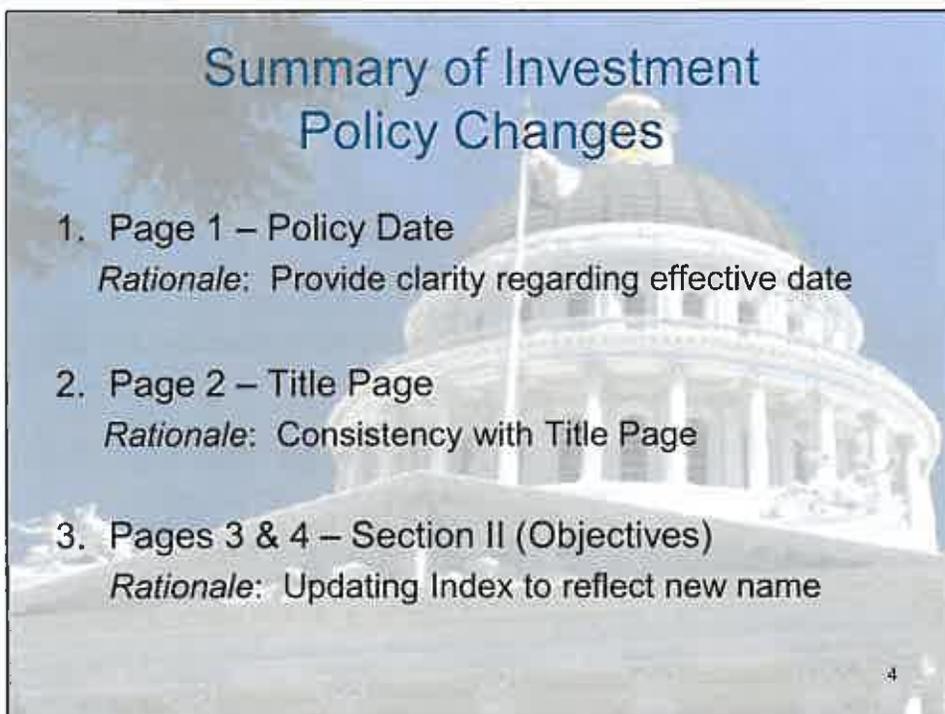

- **CGC §53607 – Delegation of Authority**
“The authority of the legislative body to invest or to reinvest funds of a local agency, or to sell or exchange securities so purchased, may be delegated for a one-year period by the legislative body to the treasurer of the local agency...”
- **CGC §53646 – Statement of Investment Policy**
“The treasurer or chief fiscal officer of the local agency may annually render to the legislative body of that local agency and any oversight committee of that local agency a statement of investment policy, which the legislative body of the local agency shall consider at a public meeting.”

Investment Policy Changes (Overview)

- Changes have no significant impact to Investment Policy
- 8 changes
 - Primarily format changes
 - Strengthens wording of policy

3

Summary of Investment Policy Changes

1. Page 1 – Policy Date
Rationale: Provide clarity regarding effective date
2. Page 2 – Title Page
Rationale: Consistency with Title Page
3. Pages 3 & 4 – Section II (Objectives)
Rationale: Updating Index to reflect new name

4

Summary of Investment Policy Changes

4. Page 3 – Section II (Objectives)
Rationale: Deletion of "AND" to strengthen section
5. Page 6 – VI. Internal Control
Rationale: Update language to reflect IAC's newly adopted Statement of Purpose
6. Page 9 – Section IX. Authorized Investments (NCD)
Rationale: Adds "NCD" to strengthen clarity of section

5

Summary of Investment Policy Changes

7. Page 9 – Section IX. Authorized Investments (Section G -- Medium Term Notes/Bonds)
Rationale: Implementing 2010 Audit Report recommendation
8. Page 9 – Section IX. Authorized Investments (Section H – Municipal Securities)
Rationale: Consistent with Government Code

6

Conclusion

- Minor changes overall
- Fully vetted changes
- No significant impact to Investment Policy
