STAR/PAL History

Initially two separate entities, the San Diego PAL Chapter was founded in 1988 and primarily served county areas whereas the STAR organization came into existence in 1993 to focus its programmatic efforts within city boundaries. The two organizations merged in April of 1998, representing the alignment of city, county, and community efforts. The unification of programs, staff, volunteers, and the Board of Directors sought to ensure that all youth in the region have similar opportunities to participate and reap the benefits of youth programming with law enforcement officers, firefighters and community leaders. All STAR/PAL Program Directors are law enforcement officers who educate youth about the dangers of juvenile crime and violence.

STAR/PAL Goals

- ❖ Contribute to the decrease in juvenile crime and violence.
- ❖ Develop positive relationships between young people and role models from the entire community.
- ❖ Provide positive and structured leisure time opportunities and encourage youth participation.

❖ Keep our youth in school.
