# **POLICE DEPARTMENT GOALS & OBJECTIVES**

The goal of the San Diego Police Department is to promote a peaceful, orderly environment for all persons who come to the beach and bay areas; facilitate the smooth flow of traffic in and around the area; and to rapidly and efficiently solve problems. Police personnel will enforce applicable State laws and City ordinances.

Enforcement is designed to hold the offender accountable and to encourage compliance. In order to meet these objectives officers will maintain a high profile, high enforcement posture. However, officers always have discretion to warn or issue a citation.
