

THE CITY OF SAN DIEGO
REPORT TO THE CITY COUNCIL

DATE ISSUED: March 3, 2011 REPORT NO: 11-033

ATTENTION: Special Joint Meeting of the Public Safety and Neighborhood Services (PS&NS) Committee and City Council Agenda of March 10, 2011

SUBJECT: FY 2012 Community Development Block Grant (CDBG) Program Allocations

REQUESTED ACTION:

Accept the FY 2012 CDBG funding recommendations from the Mayor's Office and Council District offices and forward to the City Council for approval and adoption.

STAFF RECOMMENDATION:

Adopt the Requested Actions.

BACKGROUND:

The CDBG Program is administered by the Economic Development Division staff of the City Planning & Community Investment Department. CDBG staff is responsible for grant compliance and the overall administration of the City's CDBG Program funded by the U.S. Department of Housing & Urban Development (HUD). Each year, the City is obligated to follow a HUD-defined "consolidated planning" process to ensure community involvement, project eligibility, and a strategic approach to utilizing CDBG funds. Grantees are required to submit a five-year strategic plan and annual action plans (which are subject to HUD approval) in order to be approved for funding. The result of the CDBG application and allocation process forms the basis for the annual action plan because it tells HUD how the funds will be used to accomplish the goals stated in the Consolidated Plan.

Per Council Policy 700-02 (Attachment 1), each Council office was asked to review and rank the City of San Diego's approved Five-Year Consolidated Plan (ConPlan) goals as part of the City's FY 2012 CDBG allocation process. The results will be utilized as a guide for recommending these FY 2012 CDBG funding allocations.

DISCUSSION:

Application Process

A total of 3 separate FY 2012 CDBG Applications were made available to the public on November 1, 2010. The three categories were as follows:

1. Development/Capital Improvement Projects (CIP)
2. Public Services Projects (PS)
3. Community/Economic Development Projects (CED)

The FY 2012 CDBG Application submission deadline was December 10, 2010 at 5:00 pm. The CDBG Program Office received a total of 137 applications. No late applications were submitted. A total of 4 applications were immediately determined to be in non-compliance with the mandatory workshop requirements. These applicants did not attend one of the designated application workshops, as required by Council Policy 700-02. A total of 8 application workshops were conducted by the CDBG Program Office, which included presentations and/or information on the CDBG Program, federal, and City requirements (i.e. application requirements, contract execution requirements, reporting requirements, insurance requirements, and lead-safe requirements.) In addition to the workshops, potential applicants that attended the mandatory workshops were offered one-on-one technical assistance meetings upon request.

CDBG Program staff conducted programmatic and fiscal reviews of the remaining 133 application packets. Upon completion of the application packet review, CDBG Program staff notified applicants of any identified eligibility issues beginning on December 30, 2010. The designated appeals period was from January 3, 2011 through January 27, 2011 based on the date the notification was sent.

After completion of the appeals process, a total of 113 applications were forwarded to the Council offices on February 1, 2010 for their review and funding consideration. (20 applications were determined to be not in compliance with the FY 2012 CDBG application process, Council Policy 700-02 and/or Federal 24 CFR Part 570.) The application binders provided by the CDBG Program office also included a spreadsheet that listed the ConPlan goals based on the ranking results from the Council offices. In addition, the spreadsheet listed all of the eligible applications under the ConPlan goal designated for the respective projects. It should be noted that the applications were presented alphabetically by applicant agency name for each pertinent ConPlan goal, and in no way represented any ranking or prioritization from the CDBG Program office.

Please note this FY 2012 application and allocation process is part of the same interim process used in FY 2011. It was foreseen that a Consolidated Plan Advisory Board (Board) would be established to review and provide funding recommendations to City Council for the FY 2012 CDBG Entitlement funds. However, the Board was unable to establish criteria to rank and recommend applications for funding within the short timeframe provided. The CDBG Program office along with the Board decided to use the interim process from FY 2011 until it established criteria or received further direction from City Council. Section 17 of Council Policy 700-02 states, "Beginning with Fiscal Year 2012 allocations, a Consolidated Plan advisory board will review applications and provide recommendations to the Council." In order to extend the interim process that was used to allocate funding to applicants, Council will need to waive this policy during the allocation hearing at full Council. It should also be noted that there have been three (3) Board resignations within the last two months. As a result, the Board does not have enough members for a quorum (5 members) and currently remains inactive until a minimum of two (2) of 6 vacancies are filled.

The Council offices were given a reminder by CDBG staff regarding Council Policy 700-02, which governs the CDBG Program. If any part of the policy is not followed, Council will have to waive the applicable policy to proceed with approval of their funding recommendations.

Funding Process

At this time, the CDBG Program office has not yet received confirmation from HUD regarding the City's FY 2012 CDBG Entitlement amount. The FY 2012 budget presented is an estimate based on a 25% reduction from the FY 2011 entitlement amount. It has been reported through HUD's Integrated Disbursement Information System (IDIS) and discussions with the HUD Los Angeles office that the entitlement will likely be reduced for FY 2012. The expected range of reduction is between 10% and 25%. The CDBG Program office is taking a conservative approach by applying a 25% reduction to the FY 2011 entitlement to arrive at the FY 2012 estimate. If the City receives an amount greater than this estimate, staff will return to Council with additional recommendations utilizing the same results presented at the first allocation hearing.

The estimated FY 2012 Entitlement amount is \$12,243,327. The City of San Diego anticipates confirmation of the actual Entitlement amounts from HUD to occur prior to the City Council's March 21, 2011 public hearing scheduled to approve the FY 2012 CDBG funding and recommendations. If confirmation is received prior to the hearing, additional adjustments could be discussed and approved to incorporate any increases and/or decreases to the estimated amounts presented at that time. However, if confirmation is not received from HUD by the March 21, 2011 hearing, a second allocation hearing will be scheduled to approve additional funding allocations and/or negative adjustments to amounts approved in the first allocation hearing.

In addition to the CDBG entitlement funds, the Redevelopment Agency FY 2012 Repayment amount of \$3,294,500 will be used to fund eligible projects and programs approved for funding. Under Resolution Number R-305920 (Attachment 2), City Council approved a 10-year repayment plan from the Redevelopment Agency of the City of San Diego to the City's CDBG Program. This indebtedness was a result of an OIG audit finding where Community Development Block Grant funds used in connection with redevelopment activities for a total of \$78,787,000. Therefore, the total estimated amount available for FY 2012 funding from CDBG and the Redevelopment Agency Repayment is \$15,537,827.

According to Council Policy 700-02, funding obligations are to be deducted from the City's overall annual allocation prior to funding being made available to address other Consolidated Plan goals. The funding obligations for FY 2012 total \$6,607,329 and are as follows:

Estimated FY12 CDBG Budget

Estimated FY12 Entitlement Amount:	\$12,243,327
FY12 Redevelopment Repayment Amount:	\$ 3,294,500
Total Proposed Budget:	\$15,537,827

<u>Funding Obligations (set-asides)</u>	
Section 108 Loan Payments (Attachment 3):	\$1,169,090
Administration:	\$3,107,565
General Administration (Attachment 4) -	\$2,693,244
Fair Housing Services -	\$314,321
Organizational Capacity Building -	\$100,000
Public Services (represents 15% of the total amount available):	\$2,330,674
Total Funding Obligations:	<u>\$6,607,329</u>

As a result, a total estimated balance of \$8,930,498 (\$15,537,827 - \$6,607,329) is available for City Council to provide CDBG funding recommendations for Bricks and Mortar (CIP and CED) projects.

Staff has reviewed the Council office's recommendations and compiled the results submitted to the CDBG Program office. The proposed FY 2012 funding recommendations are attached to this report (Attachment 5). For the Bricks and Mortar category, proposed funding amounts are listed for applications that received a total of 5 or more recommendations from Council offices.

The Public Services category proposed funding amounts are listed for applications that received a total of 6 or more recommendations from Council offices. This rating structure takes into account Section 16 of Council Policy 700-02 which states, "A portion of the public service funds shall be set aside for the City's homeless programs that require funds to match other grants." Pursuant to Council Policy 700-02, the two programs that fall under these criteria are: 1) Cortez Hill Family Center (Application #6A.5); and 2) the Homeless Emergency Winter Shelter Program (Application #6A.6). These two programs were historically administered by the City. Effective FY 2011, Council approved the transfer of the administration of the Emergency Shelter Grant Program, which included the Cortez Hill Family Center and the Homeless Emergency Shelter Program, from the City to the San Diego Housing Commission (Attachment 6). As listed in the applications, both the Cortez Hill Family Center (\$362,816) and the Homeless Emergency Shelter Program (\$297,331) have been designated by the San Diego Housing Commission to receive the Emergency Shelter Grant Entitlement funds in FY 2012. This HUD funding source requires a 100% match from other funds.

If the two referenced homeless programs are fully funded as recommended, there are enough funds in the Public Services category balance to approve allocations for the next tier of applicants (those that received 5 recommendations). Two (2) of the three (3) projects can be fully funded (Application #3.9: City of San Diego Park and Recreation's Therapeutic Recreation Services \$200,000 and Application #3.37: Social Advocates for Youth San Diego's Teen Court \$50,000). The third project (Application #3.35: San Diego Workforce Partnership's Hire-a-Youth) can be partially funded (75% or \$372,929). Funding all of the above will result in a remaining balance of zero for the Public Services category.

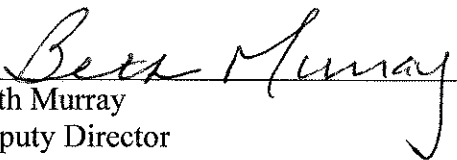

However, if the HUD matching requirements are not achieved, Council will need to waive Policy 700-02 during the allocation hearing at full Council. Should Council choose to exercise this waiver, the City's ability to receive ESG funds in FY 2012 would be jeopardized as will the ability to fund the FY 2012 shelter programs.

The Mayor's office is also recommending that the Council fund the Application #6B.46 for ADA Audible Pedestrian Signals. Matching funds would come from the Capital Outlay Fund. Because this ADA project did not have an application included in the FY2012 application binders, the Council would need to waive policy 700-02 that requires that each project have an application.

Staff is also working toward having the City's Draft Annual Action Plan available for a 30-day public comment period beginning the week of April 4, 2011. The Action Plan provides a description of how the CDBG and Redevelopment Agency FY 2012 Repayment amount funds will be utilized in the upcoming fiscal year. Therefore, it is critical that the City Council accepts and forwards to the City Council the proposed allocations for the FY 2012 CDBG and Redevelopment Agency FY 2012 Repayment total budget that will be presented at the March 10, 2011 Special Joint Meeting of the PS&NS Committee and the Council of the Whole. Staff plans to add any remaining balance to the second allocation hearing when the actual HUD Entitlement amount is considered and approved.

As a reminder, HUD has indicated it is essential that individual projects approved for FY 2012 CDBG funding be listed by allocation amount in the City's Annual Action Plan with no "unallocated" amounts. The City's Annual Action Plan must be submitted to HUD by May 15, 2011. Staff will present this Annual Action Plan to the PS&NS Committee for discussion in April 2011. The Annual Action Plan will then be presented to City Council for submission approval in May 2011. Staff will be working toward scheduling the second allocation hearing in mid-April so that that any necessary adjustments can be included in the final Annual Action Plan submitted to HUD.

SUBJECT: COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM
(CDBG)
POLICY NO.: 700-02
EFFECTIVE DATE: November 24, 2009

BACKGROUND:

The Housing and Community Development Act of 1974 established the Community Development Block Grant Program. The enabling legislation has been reviewed and amended by Congress every three years since 1974. The purpose of the CDBG program is to provide an annual source of funds to local governments for the purpose of implementing activities to develop viable urban communities, including decent housing and a suitable living environment and expanding economic opportunities, principally for persons of low and moderate income. Federal administration of the program is the responsibility of the U.S. Department of Housing and Urban Development (HUD). The City of San Diego has participated in the program since its inception.

PURPOSE:

To establish the general guidelines by which the City will select and implement activities utilizing Community Development Block Grant funds.

POLICY:

It is the policy of the City Council to allocate Community Development Block Grant funds in accordance with the following standards.

1. Selection and implementation of program activities that meet the Congressional intent of the program and the specific eligibility requirements as outlined by the U.S. Department of Housing and Urban Development.
2. Funding will be allocated on a Fiscal Year basis (July 1 through June 30).
3. Funding priorities will be based on the City's 5-year Consolidated Plan and prioritized by the City Council annually.
4. Funding for the repayment of HUD Section 108 loans will be taken from the City's overall annual allocation prior to funding being made available to address other Consolidated Plan goals.

5. Funding in the categories of “Planning and Administration” and “Fair Housing” will be taken from the City’s overall annual allocation prior to funding being made available to address other Consolidated Plan goals.
6. No allocation of CDBG funds will be made to an economic development or non-capital project of less than \$50,000.
7. No allocation of CDBG funds will be made to a capital project of less than \$100,000, unless funding at a lesser amount is necessary to complete a project and the project will be completed within 18 months.
8. Priorities of the City’s Capital Improvements Program will be developed irrespective of whether or not the City is to receive Community Development Block Grant funds. Community Development Block Grant funds if received are to be used to supplement the City’s Capital Improvements Program and not as a substitute for other City funds.
9. No allocation of CDBG funds will be made to projects that are phased over multiple years. (It is the intent of the City Council that this policy serve to ensure that priority be given to projects where the funding will complete the project.)
10. A portion of the funds in the category of “Planning and Administration” will be allocated for the purpose of capacity building in order to ensure that emerging non-profit organizations have the opportunity to qualify for future CDBG funding.
11. No allocation of CDBG funds will be made to a project for which a CDBG application has not been received by the City.
12. A Community Based Development Organization (CBDO) certification process will be conducted in an effort to fund eligible project activities, as defined in the applicable U.S. Department of Housing and Urban Development regulations.
13. No allocation of CDBG funds will be made to a subrecipient project in the category of “Planning and Administration,” except for those subrecipients certified by the City as a Community Based Development Organization.
14. All CDBG applicants shall attend mandatory workshops hosted by City staff during the annual CDBG application period.
15. All CDBG funds allocated to projects shall be used within 18 months of the date of the allocation, or such funds will be subject to reprogramming by the City Council.

CITY OF SAN DIEGO, CALIFORNIA
COUNCIL POLICY

CURRENT

16. The public services category of activities shall be open to all eligible applicants, including City programs. A portion of the public service funds shall be set aside for the City's homeless programs that require funds to match other grants.
17. Beginning with Fiscal Year 2012 allocations, a Consolidated Plan advisory board will review applications and provide recommendations to the Council.
