ADOPTION AGENDA, CONSENT ITEMS

ORDINANCES TO BE INTRODUCED:

- * ITEM-53: California Energy Commission Energy Efficiency Financing for Facility Improvements.

STAFF'S RECOMMENDATION:

Introduce the following ordinance:

(O-2007-51)

Introduction of an Ordinance authorizing the Mayor, or his duly designated representative, to execute, for and on behalf of the City, a Fifteen-Year Loan Agreement with California Energy Commission in the amount of \$2,226,689 at the rate of 4.5% interest, to upgrade mechanical and electrical systems at City facilities, and to comply with all terms and conditions, as set forth in Energy Conservation Assistance Account Loan Agreement No. 007-06-ECC;

Authorizing the expenditure of an amount not to exceed \$300,000 from Capital Outlay Fund No. 30245, solely and exclusively, to provide reimbursable funds as an advance for the above upgrades at City facilities;

Authorizing the City Auditor and Comptroller to deposit loan proceeds received from the California Energy Commission into Fund No. 30244 and to expend funds as directed by the administering department.

STAFF SUPPORTING INFORMATION:

The California Energy Commission approved The City of San Diego's application for an energy efficiency improvement loan of \$2,226,689 with a simple payback of 8.5 years on September 27, 2005.

The proposed projects are anticipated to reduce energy consumption by 1,829,900 kilowatt hours and 1,045 therms annually. This translates to an annual reduced energy cost of about \$262,200.

Typical energy efficiency projects include lighting and air conditioning system upgrades; variable speed drives for motors; installation of Turbocor compressors combined with energy control software on heating/air conditioning systems; pool pumps; energy management systems; and installation of photovoltaic systems.

ORDINANCES TO BE INTRODUCED: (Continued)

* ITEM-53: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

FISCAL CONSIDERATIONS:

The \$2,226,885 loan is repaid with interest over a 15 year period. The loan payments are funded with savings realized by the energy efficiency improvements. These improvements will address deferred maintenance items.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

Resolution R-301693, with a date of final passage of August 4, 2006, authorized the application for a 15-year loan agreement with the California Energy Commission to implement energy efficiency improvements at City facilities.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS: None.

KEY STAKEHOLDERS AND PROJECTED IMPACTS:

All energy efficiency improvements are performed in public facilities such as police stations, libraries, recreation center, and so forth. The taxpayers are positively impacted through lower energy costs and deferred maintenance addressed in public facilities.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

ORDINANCES TO BE INTRODUCED: (Continued)

* ITEM-54: Second Amendment to the Agreement with CH2mHill, Inc. for Consultant Services.

(Navajo Community Area. District 7.)

TODAY'S ACTION IS:

Introduce the following ordinance:

(O-2007-59)

Introduction of an Ordinance authorizing the execution of a Second Amendment to the Consultant Agreement with CH2mHill, Inc. for the Alvarado Water Treatment Plant Expansion (Agreement), together with any reasonably necessary modifications or amendments thereto which do not increase agreement scope or cost and which the Mayor, or duly authorized City representative, shall deem necessary from time to time in order to carry out the purposes and intent of the agreement;

Authorizing the City Auditor and Comptroller to transfer \$467,789.16 in excess budgeted funds from CIP-73-261.4, Earl Thomas Reservoir, to CIP-73-261.3, Alvarado Water Treatment Plant Upgrade and Expansion Phase II;

Authorizing the expenditure of \$467,789.16 from CIP-73-261.3, Alvarado Water Treatment Plant Upgrade and Expansion Phase II, for the purpose of funding the agreement;

Authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer any excess budgeted funds to the appropriate reserves;

Declaring that this activity is not subject to the California Environmental Quality Act pursuant to CEQA Guidelines 15378(c). This activity is a subsequent discretionary approval covered under LDR-40-0259, Addendum to EIR-88-0459, Alvarado Water Filtration Plant Expansion and Rehabilitation. The activity is adequately addressed in the environmental document and there is no change in circumstance, additional information, or project changes to warrant additional environmental review pursuant to CEQA Guidelines Section 15162.

NOTE: 6 votes required pursuant to Section 99 of the City Charter.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

ORDINANCES TO BE INTRODUCED: (Continued)

* ITEM-54: (Continued)

NATURAL RESOURCES AND CULTURE COMMITTEE'S RECOMMENDATION:

On 7/26/2006, NR&C voted 4-0 to approve. (Councilmember Faulconer, Atkins, Frye, and Hueso voted yea.)

SUPPORTING INFORMATION:

The City entered into Agreement RR-295950 with CH2mHill, Inc. on January 14, 2002, in the amount of \$8,081,599, to provide construction management services for Alvarado Water Treatment Plant Expansion which included a portion of the Alvarado Water Treatment Plant Upgrade Phase I as well as the Earl Thomas Reservoir CIP-73-261.4 and Alvarado Water Treatment Plant Upgrade Phase II CIP-73-261.3 projects. CH2mHill's compensation schedule split the total fee between the three projects with \$2,660,533 allocated to Earl Thomas Reservoir and \$5,421,066 allocated to Alvarado Water Treatment Plant Upgrade and Expansion Phase I & II.

CH2mHill, Inc was anticipated to exceed their budget due to the following:

- Bankruptcy of Nielsen Dillingham Builders during construction of the Alvarado Water Treatment Plant Upgrade and Expansion Phase I. CH2mHill, Inc. spent \$2,606,744.39 assisting the City with settlement negotiations with Nielsen Dillingham's surety, and construction management work with City Facilities Maintenance staff and other contractors who worked on completing Nielsen Dillingham's unfinished work.
- City Council directive as determined on a project-by-project basis to pay prevailing wages for Water and Sewer Fund construction contracts with an engineer's estimate exceeding \$10 million. Several years into the Agreement, the City Council pursuant to Resolution No. R-298185 determined that the construction contract for Alvarado Water Plant Upgrade Phase II should require the payment of prevailing wages. City staff determined that CH2mHill, Inc. should also pay their special inspectors prevailing wage on Phase II which created problems with overtime that were never contemplated when CH2mHill, Inc. negotiated their Agreement with the City.
- Special Building Code inspections. Due to the nature and complexity of the Treatment Plant construction project, portions of the work required special inspection that was not originally contemplated, and resulted in CH2mHill, Inc. using as-needed special inspectors to cover simultaneous special inspections occurring at multiple locations on site.

In order to stay within the overall \$8,081,599 authorized funding level, City staff worked with CH2mHill, Inc., on mitigating some of these costs. City staff reduced the scope of work that CH2mHill, Inc. is performing by eliminating non-essential services such as report writing and by replacing a non-special inspection employee with City staff.

SUPPORTING INFORMATION: (Continued)

In addition, to the proposed changes to the phase funding schedule, the term of CH2mHill, Inc., existing Agreement will expire prior to the project being completed and capitalized. The duration of the Agreement needs to be extended to ensure CH2mHill, Inc. is available to inspect the startup of the facility equipment, computer programs, and overall plant operations, and that the Contractor has completed all their work in accordance with the contract documents. Other related modifications to the Exhibits and updates to the contract language are also being proposed.

FISCAL CONSIDERATIONS:

This amendment to CH2mHill's agreement will extend the Agreement for three years and revise the phased funding for completion of Phase II construction management services. No additional funds are being requested. The total authorization of \$8,081,599 under CH2mHill's original agreement will not change, however this action will transfer the \$467,789.16 in excess funds they allocated for managing the construction of the recently completed Earl Thomas Reservoir to the Alvarado Water Treatment Plant Phase II project. Cost estimates for the Earl Thomas Reservoir, and Phase II are attached for reference.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

This item was approved at the July 26, 2006, Natural Resources & Culture Committee meeting. CH2mHill has had one previous Agreement R-290767 executed on September 29, 1998, for a total fee of \$4,500,000 with the City for the Upgrade and Expansion of the Alvarado Water Treatment Plant Phase I, prior to their current \$8,081,599 Agreement for the remaining portion of Phase I, Earl Thomas Reservoir and Phase II. The current Agreement was amended by Manager's action on October 5, 2004, Document C-12875, to reflect changes to the City's Owner Controlled Insurance Program.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

Community meetings have been conducted to inform members of the public, including the Friends of Lake Murray, Mission Trails Community Advisory Committee, and local residents about the scope and schedule of the Alvarado Water Treatment Plant Upgrade and Expansion project. A CIP hotline is regularly maintained to answer questions and provide information to the public. Door hangers, fact sheets, newsletters, and updates on the City of San Diego Web site also add to the public outreach efforts.

KEY STAKEHOLDERS AND PROJECTED IMPACTS:

The key stakeholders are City of San Diego Water Department customers, CH2mHill and their sub consultants (Christian Wheeler, EMA, Haley & Aldrich, Integrated Engineering Management Corp., KATZ & Associates, Kleinfelder, Lawhart Engineers Inc., Winstead and Company), Archer Western Contractors, Development Services Department, and California Department of Health Services. Failure to extend the term of the Agreement for overseeing this work could result in the City not closing out the project per Building Code, being unable to ensure the facility is operating as intended, or being unable to, identify if any operational problems are related to the design or construction.

* ITEM-100: Inviting Bids for the Construction of the Miramar Road Trunk Sewer Project.

(University Community Area. Districts 1 and 7.)

TODAY'S ACTION IS:

Adopt the following resolution:

(R-2006-861)

Approving the plans and specifications for the construction of the Miramar Road Trunk Sewer (Project);

Authorizing the Mayor, after advertising for bids in accordance with law, to award the Project contract to the lowest responsible and reliable bidder in an amount not to exceed \$3,954,777, provided that the City Auditor and Comptroller first furnishes one or more certificates certifying that the funds necessary for expenditure are, or will be, on deposit with the City Treasurer;

Authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$3,790,002 from Sewer Fund 41506, CIP-46-195.8, Miramar Road Trunk Sewer and an expenditure of an amount not to exceed \$164,775 from Sewer Fund 41506, CIP-46-193.0, Annual Allocation - Muni Pooled Contingency, for the purpose of providing funds for project contingency, contingent upon the approval of the Fiscal Year 2007 Capital Improvement Program and Appropriation Ordinance, provided that the City Auditor and Comptroller first furnishes one or more certificates certifying that the funds are, or will be, on deposit with the City Treasurer;

Authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves.

NATURAL RESOURCES AND CULTURE COMMITTEE'S RECOMMENDATION:

On 9/13/2006, NR&C voted 4 to 0 to approve. (Councilmembers Faulconer, Atkins, Frye, and Hueso voted yea.)

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-100: (Continued)

SUPPORTING INFORMATION:

The Miramar Trunk Sewer was constructed in the late 1950's and consists of approximately 14,800 feet of vitrified clay pipe (VC) located within Rose Canyon. The sewer is located within a 20-foot wide easement which traverses the Marine Corps Air Station (MCAS) Miramar. The 15-inch diameter section of the trunk sewer east of Interstate 805 collects and conveys flows from the commercial/industrial area north of Miramar Road east to Interstate 15 as well as the MCAS Miramar. Peak flows at this location are approaching the capacity of the pipe and based on the hydraulic analysis, the sewer does not have adequate capacity to handle current peak flows. For the past few years it has been necessary to have a portable pump and discharge hose in place for bypass pumping. During significant rain events staff manually operates the bypass pump to prevent a sewer overflow from occurring at this constriction point. The proposed project will upgrade the existing 15-inch diameter sewer line, east and west of Interstate 805, to a 21-inch diameter line. There will be a risk of sewer spills if this project is not completed.

FISCAL CONSIDERATIONS:

This request is for \$3,954,777 and funding will be available in Sewer Fund 41506, CIP-46-195.8, Miramar Road Trunk Sewer Replacement Project, contingent upon the approval of the Fiscal Year 2007 Capital Improvement Program and Appropriation Ordinance.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

This project will be presented to the Natural Resources & Culture Committee (NR&C) on September 13, 2006. On April 6, 2006, the Planning Commission considered the testimony and voted 6-1 to approve the sewer replacement/upgrade with the condition that only the pipe bursting method of installation be used. On July 24, 2006, MWWD appealed the Planning Commission decision. The City Council granted the appeal of the MWWD under Resolution No. R-301671 and approved the Site Development Permit No. 87992 allowing either pipe bursting or open trench installation.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

This project was presented to the University Community Planning Group on March 14, 2006, and two other previous occasions. The Community Planning Group approved the trunk sewer replacement.

* ITEM-101: Change of Dates for the Rope Barrier Placement at Children's Pool (Change from January 1, 2007 to December 15, 2006, and May 1, 2007 to May 15, 2007.)

(See memorandum from the City Attorney dated 11/13/2006. District 6.)

TODAY'S ACTION IS:

Adopt the following resolution:

(R-2007-621 Cor. Copy)

Authorizing the Mayor, or his designee, to immediately place a rope barrier at the Children's Pool during pupping season from January 1st through May 1st and also from December 15th through December 31st and May 1st through May 15th each year.

NATURAL RESOURCES AND CULTURE COMMITTEE'S RECOMMENDATION:

On 11/15/2006, NR&C voted 4 to 0 to approve. (Councilmembers Faulconer, Atkins, Frye, and Hueso voted yea.)

SUPPORTING INFORMATION:

Pursuant to the NOAA recommendation and the recommendation made to the City Council by the Natural Resources and Culture Committee, the San Diego City Council passed Resolution Number R-301368 on April 19, 2006, which provided for the placement of the rope barrier to protect the seals during their pupping season from January 1st through May 1st every year from that point forward. On November 15, 2006, the Natural Resources and Culture Committee voted to make a recommendation to City Council for early placement of the rope barrier to December 15, 2006, to protect the mother seals and the unborn pups in the late stage of pregnancy when the mother seals need to haul-out on the beach to shelter themselves and rest before the birth of the pups. The Natural Resources and Culture Committee also voted to recommend to City Council that the placement of the rope barrier remain up for two weeks after the May 1st deadline to May 15th, to protect the baby seals right after birth, when they may need to remain on the beach to rest and nurse before embarking into the ocean on their own for the first time. Thus, it would also make sense in terms of the NOAA recommendation to the City to expand the dates of the rope barrier.

- * ITEM-102: First Amendment to the Master Power Purchase and Sale Agreement with SDG&E.

(See Executive Summary Sheet dated 7/18/2006. Point Loma Community Area. District 2.)

TODAY'S ACTION IS:

Adopt the following resolution:

(R-2007-443)

Authorizing the Mayor, or his designee, for and on behalf of the City, to enter into an amendment to the Master Power Purchase and Sale Agreement with San Diego Gas & Electric Company for the period January 1, 2008 through December 31, 2012, with option to renew through December 31, 2017, and under the terms and conditions set forth in the First Amendment;

Authorizing the City Auditor and Comptroller to deposit funds received from SDG&E under the First Amendment into Sewer Revenue Fund No. 41508;

Declaring the above activity is not a project and therefore is not subject to the California Environmental Quality Act pursuant to CEQA Guidelines Section 15060(c)(3).

NATURAL RESOURCES AND CULTURE COMMITTEE'S RECOMMENDATION:

On 11/15/2006, NR&C voted 4 to 0 to approve. (Councilmembers Faulconer, Atkins, Frye, and Hueso voted yea.)

SUPPORTING INFORMATION:

The Point Loma Wastewater Treatment Plant (PLWTP) generates renewable electricity for its own use with excess being sold to SDG&E under a renewable energy contract. This electricity is produced by two 2285 kW digester gas fueled engine generators, one 1350kW hydroelectric turbine on the plant's ocean outfall, and an inventive 1.2 MW digester gas/diesel dual-fuel back-up generator, that is used as a peaking unit. The PLWTP's avoided SDG&E electricity cost is 10.4 cents/kWh.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-102: (Continued)

SUPPORTING INFORMATION: (Continued)

The existing renewable energy contract, which began in 2002, was bid in 2001, when PLWTP was receiving only 2.8 cents per kWh for its electricity and MWWWD was responsible for all schedule coordination. The current contract price for the sale of approximately 22 million kWh/year is 4.432 cents per kWh and SDG&E is responsible for schedule coordination. The current contract term is five years, ending on December 31, 2007.

In October of 2005, SDG&E issued a Request for Offers for renewable energy contracts and contract extensions. In November of 2005, MWWWD bid to extend the PLWTP's contract for five years with five 1 year option years, at the City's sole discretion. In May of 2006, the Public Utilities Commission published its benchmark maximum acceptable value for renewable energy, which is known as the Renewable Energy Market Price Referent. For 10 year contracts beginning in CY 2008, this benchmark was set at 7.8 cents per kWh.

After intense negotiations with SDG&E, this proposed contract amendment will provide MWWWD with a renewable energy price increase to 7.56 cents per kWh. This price excludes the scheduling coordination, valued at about 0.4 cents per kWh, which will be performed by SDG&E. The amendment will extend the existing agreement and the new price will take effect in January 2008. This is a 68% increase in revenues per kWh sold, and was possible as a result of bidding while non renewable fuel prices are at an all time high.

This contract amendment will increase the revenues received by the Sewer Revenue Fund #41508 for these energy sales from \$1,060,000/year to \$1,660,000/year. Total contract amendment revenue is projected to be \$8,316,000 for the first 5 additional years and \$16,632,000 if all 10 additional years are utilized.

FISCAL CONSIDERATIONS:

Total potential increase in revenues over a current contract year is approximately \$600,000. Total revenues depend on kWh generated and the number of years the City chooses to operate under this amendment. These revenues will be deposited in the Sewer Revenue Fund #41508, Revenue Accounts 77537 and 77538.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

Resolution No. R-297453, adopted on December 9, 2002, authorized the City Manager to execute the original Master Power Purchase and Sale Agreement with SDG&E for the renewable energy being sold by the Point Loma Wastewater Treatment Plant.

* ITEM-103: (Continued)

SUPPORTING INFORMATION:

In December 2005, under the Water Conservation Field Services Program Southern California Area Office (SCAO), the Bureau of Reclamation solicited proposals to invite agricultural and Municipal and Industrial water user entities, state, local government, water providers, universities, nonprofits and other entities to leverage their money and resources, by cost sharing with Reclamation, in projects/activities that make more efficient use of exiting water supplies through water conservation and efficiency in the SCAO area. In February 2006, the City's Water Department submitted an application for the Mapping Interface Enhancements to Urban Vegetation Satellite Imagery project. This project will make programming improvements to the ArcGIS mapping function, which will bring further enhancements in the adaptation and usefulness of the 2004 satellite-generated ArcMAP. It is estimated that these enhancements will result in an additional 15% increase in the efficiency that landscape audits are performed, along with additional enhancement to system management functions. With these added efficiencies staff will be more productive and able to increase the volume of water audits performed to begin tapping into saving some of the 40,000 acre feet of water that is wasted on San Diego landscapes every year.

In May 2006, the City was notified that the proposed project was selected by BOR for full grant funding of \$14,151.

FISCAL CONSIDERATIONS:

Total project cost is estimated to be \$28,302. The grant requires a 50% match which the City will provide in the form of in-kind staff charges of \$8,302 and cash of \$5,849 budgeted within the Water Department Customer Support Division's FY 07 operating budget.

PREVIOUS COUNCIL COMMITTEE ACTION: None.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

(R-2007-570)

Authorizing the Mayor, or his designee, to execute, for and on behalf of the City of San Diego, an agreement with URS Corporation, for the purpose of providing engineering services to prepare the City of San Diego's Flood Mitigation Plan under the terms and conditions set forth in the Agreement, together with any reasonably necessary modifications or amendments thereto which do not increase project scope or cost and which the Mayor, or his designee, shall deem necessary from time to time in order to carry out the purposes and intent of this project and agreement;

Authorizing the City Auditor and Comptroller, to expend an amount not to exceed \$50,800 from CIP-13-200.0, of which \$50,000 will be from Fund 19677 and \$800 will be from Fund 104402, for the purpose of funding the above agreement, provided that the City Auditor and Comptroller first furnishes one or more certificates certifying that the funds necessary for the expenditure are, or will be, on deposit with the City Treasurer; and

Authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess funds, if any, to the appropriate reserves;

Declaring this activity is exempt from CEQA pursuant to CEQA Guidelines Section 15060(c)(2) because it will not result in a direct or reasonably foreseeable indirect physical change in the environment.

STAFF SUPPORTING INFORMATION:

STAFF SUPPORTING INFORMATION: (Continued)

All work performed needs to be completed by an established deadline of August 31, 2007, in order to qualify for reimbursement. Since this project requires specialized labor and internal City Staff do not have the required expertise to complete this project within the given timeframe, it was recommended to hire a consulting firm with expertise in flood mitigation planning. Hiring a consultant through the interview process will not allow for sufficient time for the City to complete the project by the August 2007 deadline. Therefore, it was recommended to sole source a contract with URS Corporation to provide required consulting services.

URS Corporation is the recommended consultant due to their existing contract and assistance with implementing the San Diego County, California Multi-Jurisdictional Hazard Mitigation Plan. The City of San Diego is a participant in the regional project and feels that URS Corporation's expertise and experience with flood mitigation planning is necessary to provide the professional services required by this project.

The cumulative amount awarded to URS Corporation this Fiscal Year (FY 07) exceeds \$250,000.

FISCAL CONSIDERATIONS:

Funds for this action are available in Fund 104402 and Fund 19677.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

Resolution No. R-301244 (03/01/2006) approved the grant application to OES, provided authority to secure funding from OES, provided authority to accept and expend all monies if grants were awarded, authorized City Auditor and Comptroller to add CIP-13-200.0 to the FY 2006 Capital Improvements Program, authorized the transfer of match funds from General Services Street Division, authorized the City Auditor and Comptroller to increase by \$66,667 the FY 2006 Capital Improvements Program Budget in CIP-13-200.0, and to expend \$66,667 from CIP-13-200.0 for the purpose of developing a mitigation plan for the San Diego River, authorized the City Auditor and Comptroller to transfer excess funds to appropriate reserves, and exempted this project from CEQA pursuant to CEQA Guidelines Section 15060(c)(2).

STAFF SUPPORTING INFORMATION: (Continued)

The Municipal Permit (Order No. 2001-01) requires each co-permittee to undertake specific storm water pollution prevention, abatement, enforcement and education activities. In the City of San Diego, all education, outreach and public advocacy programs designed to achieve compliance with the Municipal Storm Water Permit are implemented by the "Think Blue" Campaign in the Storm Water Pollution Prevention Division of the Metropolitan Wastewater Department. Furthermore, the new Municipal Permit which will be issued under Fiscal Year 2007 requires continued outreach and education efforts towards residents, businesses and other members of the general public, with an emphasis on watershed awareness.

In May 2006, the City issued and officially advertised a Request for Proposal (RFP) soliciting submittals from production companies to produce Public Service Announcements (PSAs) for the Think Blue campaign. Two production companies submitted proposals, and both were found to be responsive to the RFP. Interviews were held September 7, 2006, and both companies were asked to present an original concept written by the City, along with the opportunity to present their own concepts. FourSquare Productions was selected by the interview panel to produce one PSA, and American Dream Cinema was selected to produce two PSAs, one of which is designed to include the City of San Diego's original concept, "Ironic Beauty". In addition, both companies were also asked to submit proposals for the costs associated to edit PSAs that were previously produced by each company for the Think Blue Campaign.

The amount awarded to FourSquare Productions shall not exceed \$56,000 for production of one (1) Public Service Announcement and for editing the closing images of previously produced PSAs, upon receipt of a fully executed contract. The amount awarded to American Dream Cinema shall not exceed \$107,000 for production of two (2) Public Service Announcements, and for editing the closing images of previously produced PSAs, upon receipt of a fully executed contract. Timeline for delivery of the PSAs is scheduled for the first quarter of calendar year 2007.

FISCAL CONSIDERATIONS:

The City will expend funds in the amount of \$163,000 from the Metropolitan Wastewater Department, Storm Water Pollution Prevention Program General Fund (# 100) for the purpose of Think Blue Storm Water Pollution Prevention and Outreach to meet compliance for the current and updated permit.

In an effort to meet the requirements of the Regional Water Quality Control Board's soon to be issued, Total Maximum Daily Loads regulations in Chollas Creek and Areas of Biological Significance in La Jolla, the Storm Water Pollution Prevention Division is initiating an extensive education and outreach campaign. The campaign will employ Community Based Social Marketing practices, an emerging public education field using social psychology research methods and behavior modification strategies to change behavior. The goals of the "Think Blue" campaign include: increased awareness that storm water flows into water bodies untreated, increased public support for the City's efforts to clean San Diego's beaches and bays, changed behaviors from those that pollute water bodies to non-water polluting behaviors and, measurement of sustained, positive behavior changes.

In May 2006, the City advertised for education and outreach consultants via an RFQ process. The City's Consultant Services Coordinator released a Statement of Qualifications for Consulting Services and provided the names of three firms who responded. Each of the firms was interviewed in accordance with Council Policy 300-7. Katz & Associates and Collaborative Services were selected as the most qualified. The Agreement will allow the Division to receive education and outreach consulting services on an as-needed basis for an amount not to exceed \$220,000. The consulting services will begin in FY 2007 with two, one-year options to renew, and will include, but is not limited to, analyzing data provided by polling consultants to develop messages and outreach strategies to conduct outreach to residents, businesses and community groups throughout the City of San Diego with first year activities focusing on the Chollas Creek and La Jolla Shores areas.

(R-2007-547)

Authorizing the Mayor to enter into a Partnership Agreement with Evolution Film and Tape, Inc. which includes the potential receipt of \$240,500 in cash to be deposited into Fund 78901 and acceptance of in-kind services and product valued at \$304,000;

Authorizing the City Auditor and Comptroller to expend from Fund No. 100, Dept. 601, Org. 3305, Object Acct. 4151, payment to the Pathfinder Group in the amount of \$24,050, payable at the rate of \$11,050 for the second and \$13,000 for the third optional years, if exercised.

STAFF SUPPORTING INFORMATION:

The purpose of this Executive Summary is to provide an overview of the requested action and background regarding the Partnership Agreement with Evolution Film & Tape, Inc. (Agreement) which has been negotiated between the City of San Diego (City) and Evolution Film & Tape, Inc. (Evolution). The term of the Agreement is one year with two one year renewal options.

Under the Agreement, Evolution will pay the City \$240,500 cash and \$304,500 in-kind resources, including a fully equipped surf rescue vessel, production of lifeguard training videos and production of public safety announcements for the San Diego Lifeguards. In exchange, Evolution will receive the right to document the dramatic rescues and the personal struggles and triumphs of the San Diego Lifeguards.

The Agreement ensures that the City has no financial responsibilities or commitment to provide any funds whatsoever to the Evolution and the City has the right to creative consultation concerning any possible story issues and character situations.

FISCAL CONSIDERATIONS:

The partnership with Evolution Film & Tape, Inc. will provide the City with \$544,500 in cash and in-kind resources for the term of the Agreement.

(Carmel Valley Community Area. District 1.)

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-409)

Authorizing the Mayor to execute, for and on behalf of the City of San Diego, an agreement with DeLorenzo, Incorporated, for professional services for Carmel Valley Skate Park (Project) under the terms and conditions set forth in the Agreement;

Authorizing the expenditure of an amount not to exceed \$291,000 from CIP-29-887.0, for the purpose of providing funds for the above referenced Project;

Authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess funds, if any, to the appropriate reserves.

Declaring this activity is not a "project" and is therefore not subject to CEQA pursuant to State CEQA Guidelines Section 15060(c)(3).

STAFF SUPPORTING INFORMATION:

The proposed Carmel Valley Skate Park will be located at the northwest corner of El Camino Real and Elijah Court next to the new Northwestern Area Police Station at 12780 El Camino Real in the community area of Carmel Valley in Council District 1.

On December 7, 2004, the City awarded a design-build contract for the Northwestern Area Police Station and Community Service Center (CSC) to be constructed at the intersection of El Camino Real and Elijah Court in Carmel Valley, CIP-36-059.0. In the original design-build proposal, this project was to include a CSC. The CSC was eliminated from the project and 15,000 square feet of the site became available for another use.

STAFF SUPPORTING INFORMATION: (Continued)

The community expressed a desire in using this site to develop a new skate park. The site is located near the Carmel Valley Community Park. The initial funding of \$50,000 in Fund No. 390662, Sub Area II Planned Developer Impact Fee (PDIF) was approved previously by the Council to allow the Park and Recreation Department to study the viability of placing a skate park at this location.

The approval of this action will allow the Park and Recreation Department to execute the consultant agreement with DeLorenzo Inc. to provide the professional services required for the preparation of the construction documents and construction administration for the improvements of the project, which include concrete skate park, restroom / concession building, a small spectator area, site lighting for night use and landscape. The Park and Recreation Department will solicit additional community input prior to initiating design of the skate park.

FISCAL CONSIDERATIONS:

Funding for this action is available from Fund No. 79002, Carmel Valley North Facilities Benefit Assessment.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

On August 1, 2005, City Council adopted Resolution R-300716 amending Fiscal Year 2006 Capital Improvement Program by adding CIP-29-887.0, Carmel Valley Skate Park and increasing the budget amount by \$50,000 from Fund No. 390662, Sub Area II PDIF, for the initiation of this project.

On September 26, 2006, City Council adopted Resolution R-301929 amending Fiscal Year 2007 Capital Improvements Program by increasing the budget amount by \$400,000 from CIP-29-887.0, Carmel Valley Skate Park in Fund No. 79002, Carmel Valley North Facilities Benefit Assessment (FBA), for the design of this project.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

On July 27, 2004, the Carmel Valley Community Planning Board (CVCPB) voted unanimously to remove the community service Center from the Police Station design due to the cost exceeding what was available in the Facilities Benefit Assessment.

On May 10, 2005, the CVCPB appointed a Skate Park Subcommittee to discuss the idea of a skate park as a response to several community requests.

* ITEM-109: MCI Agreement for the Conversion of Overhead Facilities to Underground.

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-537)

Authorizing the Mayor, or his designee, to execute, for and on behalf of the City of San Diego, an agreement with MCI Communications Services, Inc., for the relocation of overhead facilities to underground service, together with any reasonably necessary modifications or amendments thereto which the Mayor, or his designee, may deem necessary from time to time in order to carry out the purpose and intent of the agreement;

Declaring that this activity is not a "project" and is therefore exempt from CEQA pursuant to State CEQA Guidelines Section 15060(c)(3).

STAFF SUPPORTING INFORMATION:

Beginning in 1967, the Public Utilities Commission of the State of California (CPUC) instituted a statewide program to convert existing overhead lines to underground service (CPUC Program). The CPUC Program has been implemented through the CPUC's rulemaking process and conversion tariffs, including San Diego Gas and Electric's (SDG&E) Rule 20 and AT&T's Rule 32. Both Rule 20 and Rule 32 require underground conversion projects meet "public benefit" criteria.

In 1970, the City and SDG&E entered into a fifty (50) year franchise agreement, wherein SDG&E agreed to convert overhead lines to underground service per CPUC Rule 20 at a rate equal to 4.5% of their gross electric revenues. From 1979 through 2001, the rate of underground conversion of overhead lines gradually declined as low as one percent (1%) of SDG&E's gross electric revenue.

To address this decline, the City and SDG&E revised the terms of the franchise agreement for the remaining 20 years of the franchise agreement, in order to restore the rate of underground conversion of SDG&E's overhead lines to 4.5% of SDG&E's gross electric revenue. The City and SDG&E agreed to pursue an electric surcharge on electricity users within the City of San Diego, enabling the City to expand the conversion of overhead lines in residential areas (Surcharge Program). In 2002, the City amended the Underground Utility Procedural Ordinance and adopted the new City Council Policy 600-08, which requires, among other things, all companies with overhead lines within the City of San Diego to underground lines that do not necessarily meet public benefit criteria under the conversion tariffs implementing the CPUC program.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-109: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

The CPUC approved the increases to the SDG&E electric franchise fee surcharges in CPUC Resolution E-3788 on December 19, 2002. In Resolution E-3788, the CPUC granted a deviation of the CPUC Rules governing utility undergrounding in order to implement the SDG&E/City proposed underground conversion program.

In May 2002, the City revised the terms of the Cox and Time Warner cable TV franchises in order to secure the cable companies participation in the Surcharge Program. Generally, under those terms the City pays for the trenching and installation of conduit in the joint trench (conduit provided for by cable companies) and the cable companies will pay for the remainder of the undergrounding expenses. In addition, the cable companies agree to not pass those undergrounding costs on directly to their customers.

In January 2005, the City and AT&T reached a settlement agreement to secure AT&T's participation in the Surcharge Program. Under that settlement agreement, the terms are similar to that of the cable companies, except that AT&T - with the City's support - is currently in the process of seeking a surcharge on AT&T customers, both wholesale and retail, to provide the necessary funds.

With the City's support, MCI (a telecommunications company similar to AT&T) desires to participate in the Surcharge Program in a manner similar to that of the cable companies in that the City will pay for the trenching and installation of conduit in the joint trench (conduit provided for by MCI) and MCI will pay for the remainder of the undergrounding expenses. This agreement does not require CPUC approval, nor does it contemplate a cost recovery surcharge as presently being pursued by AT&T.

FISCAL CONSIDERATIONS:

The City anticipates that inclusion of MCI in the surcharge program will result in a nominal increase in program expenses for trenching and conduit installation. These costs will be paid from the Surcharge Fund. As described above, MCI will pay all other expenses associated with undergrounding their facilities.

PREVIOUS COUNCIL and/or COMMITTEE ACTION: None.

* ITEM-110: California Identification (Cal-ID) Agreement with San Diego Sheriff's Department.

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-567)

Authorizing the Mayor, or his representative, to enter into and sign the Agreement for Participation in San Diego County's California Identification System Remote Access Network;

Authorizing the City Auditor and Comptroller to accept, appropriate and expend \$195,017 for FY 2005 and 2006, and the proportional share amount billed by San Diego Sheriff's Department in subsequent years, for the life of the agreement;

Authorizing the Chief of Police to administer and operate this program.

STAFF SUPPORTING INFORMATION:

The State of California Department of Emergency Services maintains an automated system called "California Identification System and Cal-Photo" (Cal-ID). This system retains and identifies fingerprints, palm prints, and photos, which are entered via Local Input Terminals (LITs). California Penal Code, Section 11112.1 et seq. provides for establishment of a Remote Access Network ("RAN") consisting of a Statewide network of equipment and procedures that allows local law enforcement agencies direct access to Cal-ID. The San Diego County Sheriff's Department is the regional proprietary agency for the system, which is governed by the San Diego County Local Cal-ID Board.

Each City within the County of San Diego enters into a cost sharing Agreement with SDSA for services and access. This system has been in effect in the State since 1983. This is the fifth renewal of SDPD's contract. Costs are based on each agency's proportion of population and of FBI crimes. The agreement authorizes the City of San Diego to pay to the County its share of Cal-ID costs for five years, from July 1, 2005 through June 30, 2010.

FISCAL CONSIDERATIONS:

Cost to the City of San Diego for FY 2005/2006 is \$195,017. Subsequent yearly costs will be calculated based on population, crime rate, and system costs, but are not expected to vary greatly. Funding will come from SDPD's general fund budget; no additional funds will be required to fulfill this agreement. The funds were encumbered by the Auditor for FY 2006 by a Departmental encumbrance.

CITY ATTORNEY'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-586 Cor. Copy)

Authorizing a Second Amended Retainer Agreement, by and between the City of San Diego and Latham & Watkins, for certain legal services regarding case SDPOA v. Michael Aguirre, et al., USDC Case No. 05cv1581H (POR) and Aaron, et al. v. Aguirre, City of San Diego, et al., USDC Court Case No. 06cv1451 JM (RBB);

Authorizing the City Auditor and Comptroller to appropriate and transfer \$1,000,000 from the General Fund Unallocated Reserve to the Public Liability Fund to pay these expenditures;

Authorizing under the Second Amended Retainer Agreement the expenditure of an additional amount not to exceed \$1,000,000 from Fund 81140, solely and exclusively, for the purpose of providing funds for the above project.

SUPPORTING INFORMATION:

On August 23, 2005, the San Diego Police Officers Association (SDPOA) filed and served a complaint in the case POA v. Michael Aguirre, et al., USDC Case No. 05cv1581H (POR). The case raises a number of issues related to labor negotiations and retirement issues between the City of San Diego and the SDPOA.

On December 5, 2005, the City Council approved the retention of Latham & Watkins as outside counsel to represent certain current and former City officials and staff, excluding City Attorney Michael Aguirre. The City Attorney is being represented in this action by the law firm of Wehner & Perlman, LLP.

On July 18, 2006, numerous police officers filed and served a complaint in the case Aaron v. Aguirre, City of San Diego, et al., USDC Case No. 06cv1451 JM (RBB). The Aaron case raises issues related to POA v. Michael Aguirre, et al.

In its December 2005 action, the Council authorized the retention in the amount not to exceed \$200,000. On March 15, 2006, the Council authorized a second retention in the amount not to exceed \$500,000.

* ITEM-111: (Continued)

SUPPORTING INFORMATION: (Continued)

Latham & Watkins, through this retention, has exhausted the allocated funding authorization and will need additional funding to carry the defense of this litigation through to conclusion. The City Attorney proposes to amend the agreement with Latham & Watkins for an additional authorization of not to exceed \$1,000,000 for the defense of both the SDPOA and the Aaron cases. This will bring the total not-to-exceed cost for this representation to \$1,700,000.

This item was heard by the City Council in Closed Session on November 14, 2006. Non-conflicted employees in the City Attorney's Office shall monitor and direct the firm's work.

FISCAL CONSIDERATIONS:

Authorizes additional \$1,000,000, increasing authorization to a not-to-exceed amount of \$1,700,000 to provide defense to present and former City officials and staff named as defendants in subject litigation.

With this action, the Council will authorize the City Auditor and Comptroller to appropriate and transfer \$1,000,000 from the General Fund Unallocated Reserve to the Public Liability Fund to pay these expenditures.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

This item was considered in Closed Session on November 14, 2006. On that date, the Council voted unanimously (8-0) to authorize additional funding for the law firm of Latham & Watkins as outside counsel in an amount not to exceed \$ 1,000,000. CITY ATTORNEY'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-598 Cor. Copy)

Authorizing a First Amended Retainer Agreement with the firm of Latham & Watkins for the provision of legal services in McGuigan v. City of San Diego, San Diego Superior Court Case No. GIC 849883;

Authorizing the City Auditor and Comptroller to appropriate and transfer \$200,000 from the General Fund Unallocated Reserve to the Public Liability Fund to pay these expenditures;

Authorizing the expenditure of an amount not to exceed \$200,000 from Liability Fund No. 81140, solely and exclusively, for the purpose of providing funds for the above agreement.

SUPPORTING INFORMATION:

On May 30, 2006, the City Council met in a duly-noticed Closed Session and determined to retain outside counsel, Latham & Watkins LLP ("Latham") in the matter of McGuigan v. City of San Diego, San Diego Superior Court Case No. GIC 849883.

This lawsuit was filed on behalf of a retired City employee against the City of San Diego requesting that the Court order the City to immediately pay all unfunded employer contributions from 1996 to 2005 into the retirement system.

On June 4, 2006, the City entered into a settlement of the litigation, in which the City agreed to pay \$173 million into the retirement system, with \$100 million paid from tobacco securitization monies and the remaining \$73 million paid over 5 years and secured by real property collateral, in exchange for a release of all underfunding claims against the City.

The McGuigan settlement agreement has not yet been approved by the court because of numerous objections by City employee unions, including the San Diego Police Officers' Association.

Authorizing a Sixth Amendment to the Retainer Agreement by and between the City of San Diego and Latham & Watkins, for legal services in Otay Acquisition v. City of San Diego, San Diego Superior Court Case No. GIC 753247, National Enterprise v. City of San Diego, San Diego Superior Court Case No. GIC 730011, and Border Business Park, Inc. v. Authorizing the expenditure of an amount not to exceed \$200,000 from Public Liability Fund No. 81140, solely and exclusively, for the purpose of providing funds for the above Agreement.

SUPPORTING INFORMATION:

Since February of 2001, the City has been represented by outside counsel, Latham & Watkins LLP ("Latham") on post-trial motions, trial court proceedings, appellate proceedings and settlement discussions in three De La Fuente cases, Otay Acquisitions v. City, S.D.S.C. Case No. GIC 753247; National Enterprises v. City, S.D.S.C. Case No. GIC 730011; and Border Business Park, Inc. v. City, S.D.S.C. Case No. GIC 692794. The latter case, Border, resulted in a \$94.5 million verdict against the City in January 2001. Another law firm, Horvitz & Levy, is co-counsel with Latham on the Border appeal.

On September 19, 2006, the California Fourth District Court of Appeal rejected most of the Border claims and remanded the breach of agreement claim for a new trial. Plaintiffs in these actions are presently seeking review by the California Supreme Court. To date, the Council has authorized \$8 million for outside counsel and consultant fees for defense of the De La Fuente cases and related matters (approximately \$1.5 million of this was paid to the City's trial and post-trial consultants).

* ITEM-113: (Continued)

SUPPORTING INFORMATION: (Continued)

Additional funding of \$200,000 is now requested to fund the necessary ongoing outside counsel services, which include (1) additional briefing filed with the California Supreme Court in the Border matter; and (2) preparing for defense of all three cases upon remand to the trial court.

REIMBURSEMENT OF CITY'S DEFENSE COSTS

As a result of the City's successful litigation against the City's insurance carriers, more than \$5.6 million in insurance proceeds have already been received to help defray the costs of the representation for defense of these matters (including fees paid to both Latham and Horvitz and Levy, as well as consultant fees), and for payment of damages (if any).

In addition to monies received from ISOP, another City insurer, United National, without litigation has paid one occurrence policy limit (\$2 million), which the City can use to fund any settlement or liability in the De La Fuente cases.

FISCAL CONSIDERATIONS:

The City Council will authorize the expenditure of funds from the Public Liability Fund (81140) reserves to fund this amendment. Bills will continue to be partially reimbursed by insurance carrier.

Because of the depletion of funds in the Public Liability Fund, today's action will also authorize the City Auditor and Comptroller to appropriate and transfer \$200,000 from the General Fund Unallocated Reserve to the Public Liability Fund to pay these expenditures.

Additional funding of \$200,000 is now requested to fund the necessary ongoing outside counsel services and to pay arrearages. Horvitz' work going forward will include working with Latham and Watkins on briefing filed with the California Supreme Court in the Border matter.

REIMBURSEMENT OF CITY'S DEFENSE COSTS

As a result of the City's successful litigation against the City's insurance carriers, more than \$5.6 million in insurance proceeds have already been received to help defray the costs of the representation for defense of these matters (including fees paid to both Horvitz and Levy, Latham and Watkins, as well as consultant fees), and for payment of damages (if any). In addition to monies received from ISOP, another City insurer, United National, without litigation has paid one occurrence policy limit (\$2 million), which the City can use to fund any settlement or liability in the De La Fuente cases.

FISCAL CONSIDERATIONS:

The City Council will authorize the expenditure of funds from the Public Liability Fund (81140) reserves to fund this amendment. Bills will continue to be partially reimbursed by insurance carrier.

Due to the depletion of the Public Liability Fund, the Council's action will authorize the transfer of funds from the General Fund Unallocated Reserve to the Public Liability Fund to fund this authorization.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

This item was considered in Closed Session on November 14, 2006. On that date, the Council voted unanimously (8-0) to authorize additional funding for the law firm of Horvitz & Levy as outside counsel in an amount not to exceed \$200,000. The Council further determined that the funding for this action was to come from the public liability fund. The motion was made by Council President Peters with a second by Councilmember Hueso.

- * ITEM-115: Retention of Latham & Watkins, LLP for Legal Services for Case Marcus R. Abbe, et al. v. City of San Diego, USDC Case No. 05CV1629 DMS (SDPOAI).

CITY ATTORNEY'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-425)

Authorizing a Retainer Agreement, by and between the City of San Diego and Latham & Watkins, LLP for certain legal services regarding the case of Marcus R. Abbe, et al. v. City of San Diego, USDC Case No. 05cv1629 DMS;

Authorizing under the Retainer Agreement the expenditure of an amount not to exceed \$250,000 from Fund 81140, solely and exclusively, for the purpose of providing funds for the above project.

SUPPORTING INFORMATION:

On August 16, 2005, current and former San Diego Police Department officers filed a lawsuit against the City in the case of Marcus R. Abbe, et al. v. City of San Diego, USDC Case No. 05cv1629 DMS. The case has been consolidated by the United States District Court with a related case, Burkett v. City of San Diego, USDC Case No. 05cv1629 DMS. There are over 1400 Plaintiffs.

The Plaintiffs contend that their rights to compensation, including overtime pay, under the Fair Labor Standards Act have been violated by the City. They also contend they have not been fully reimbursed for work-related expenses and the City should be penalized for alleged meal break violations. Finally, they assert that their individual rights under a memorandum of understanding and the San Diego Police Officers Association have been violated. Outside counsel is needed because of the complexity of the issues and the extent of damages claimed by the Plaintiffs' attorneys.

FISCAL CONSIDERATIONS:

Authorizes an amount which may not exceed \$250,000 to provide the defense to the City in the subject litigation. Authorizes the City Auditor and Comptroller to issue an Auditor's Certificate provided that the Auditor certifies that sufficient funding is available in the Public Liability Fund (Fund 81140) for these purposes.

CITY ATTORNEY'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-583)

Authorizing a Retainer Agreement with Latham & Watkins, LLP for certain legal services regarding the case of Joseph A. Lopez, et al. v. City of San Diego, Superior Court Case Number GIC 869054;

Authorizing under the Retainer Agreement the expenditure of an amount not to exceed \$250,000 from Fund 81140, solely and exclusively, for the purpose of providing funds for the project.

SUPPORTING INFORMATION:

In the Lopez case, police officers in the motorcycle unit sued the City for a declaratory ruling that a specialty pay they receive for off-duty care of their motorcycles should be included in "Retirement Base Compensation" for the purpose of calculating retirement benefits.

Specifically, the plaintiff police officers in the Lopez case seek a judicial declaration that the City is required pursuant to San Diego Municipal Code Section 24.0103 to include "Motorcycle Care Pay" in Retirement Base Compensation. The applicable Memorandum of Understanding between the City of San Diego and the San Diego Police Officers Association has included a provision for the last twenty years that officers assigned to the Motorcycle Unit "will be paid 2 additional hours of compensation each 40-hour work week at premium rate overtime" for time spent cleaning, preparing and maintaining their equipment.

The Lopez case has only recently been filed. The City has answered the complaint but no substantive discovery or investigation has been conducted. This retention will enable the City to consolidate the handling of all police related cases with Peter Benzian of the Latham firm.

FISCAL CONSIDERATIONS:

The City Council will authorize the expenditure of funds from the Public Liability Fund (81140) reserves to fund this authorization.

CITY ATTORNEY'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-582)

Authorizing a Retainer Agreement with Latham & Watkins, LLP for certain legal services regarding the case of Steven A. Sloan, et al. v. City of San Diego, SDSC Case No. GIC848641; 4th Appellate District Case No. D049158;

Authorizing the expenditure of an amount not to exceed \$250,000 from Fund 81140, for the project.

SUPPORTING INFORMATION:

In the Sloan case, police officers in the canine unit sued the City for a declaratory ruling that a specialty pay they receive for off-duty care of their police dogs should be included in "Retirement Base Compensation" for the purpose of calculating retirement benefits.

Specifically, the plaintiff police officers in the Sloan case sought, and received, a judicial declaration that the City is required pursuant to San Diego Municipal Code Section 24.0103 to include "Canine Care Pay" in Retirement Base Compensation. The applicable Memorandum of Understanding between the City of San Diego and the San Diego Police Officers Association has included a provision for the last twenty years that officers assigned to the Canine Unit "will be paid 3.5 additional hours of compensation each 40-hour work week at premium rate overtime" for time spent caring for their dogs. (MOU Article 32, Section 7).

As stated above, the first lawsuit filed, Sloan v. City of San Diego, has already been adjudicated in the plaintiffs' favor in the trial court. Judge Judith Hayes heard the case at a bench trial on May 31, 2006, and issued her ruling on June 12, 2006.

The City filed a Notice of Appeal challenging the trial court's ruling. The opening brief is due on December 15, 2006. The City Attorney requests the retention of Latham & Watkins to assist in the appeal. This retention will enable the City to consolidate the handling of all police related cases with Peter Benzian of the Latham firm.

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-603)

Authorizing the Mayor, or his representative, to apply to Price Charities, a non profit corporation under 501(c)(3), for \$42,600 grant funds for the City Heights Swimming Pool Programs (Project);

Authorizing the Mayor, or his representative, to take all necessary actions to secure funding from Price Charities for the Project;

Authorizing the City Auditor and Comptroller to accept, appropriate and expend funds, if the Grant is secured;

Authorizing the City Auditor and Comptroller to establish a special interest-bearing fund for the Grant;

Declaring this activity is exempt from CEQA pursuant to Section 15061(b)(3), as defined by the State CEQA Guidelines.

STAFF SUPPORTING INFORMATION:

This grant will provide one-time operating and maintenance funds, including staff costs, for the City Heights Pool. This will allow the pool to remain open from November 20, 2006 to January 8, 2007. The pool is scheduled to resume normal operation on January 9, 2007 for the remainder of the fiscal year.

Embracing a philosophy of proactive charitable giving, Price Charities is committed to allocating a substantial portion of its charitable dollars to revitalizing City Heights, a low-income community in San Diego. Since 1994, Price Charities has worked with the community of City Heights to build an "Urban Village" in the core of the community. Price Charities has focused a large share of its charitable spending on working with the community of City Heights to develop innovative programs aimed at improving the schools, housing stock, public safety, and public health.

Authorizing the Mayor, or his designee, to accept a FAA Airport Development Grant in the amount of \$171,000, for the Perimeter Fence Project at Brown Field Airport;

Authorizing the City Auditor and Comptroller to transfer \$9,000 from the Airports Annual Allocation fund 10511/10511/4279/310010 to CIP-31-176.0;

Authorizing the Mayor, or his designee, to appropriate and expend funds from CIP-31-176.0, for the Brown Field Perimeter Security Fencing in a sum not to exceed \$180,000;

Amending Fiscal Year 2007 Capital Improvements Program, Brown Field Perimeter Fencing, to increase CIP-31-176.0, by \$180,000;

Authorizing the Mayor, or his designee, to enter into an agreement for the construction of the perimeter security fencing with Morans Construction, as the lowest responsible bidder, in an amount not to exceed \$157,204.

STAFF SUPPORTING INFORMATION:

The purpose of this action is to request the authorization for the Mayor, or his representatives, to accept Federal grant funds to begin Phase I construction of the Brown Field Perimeter Security Fencing on the Northern portion of the airport along Pogo Road. This project will enhance safety and has been assigned a high priority by the FAA Runway Safety Action Team (RSAT).

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-623)

Authorizing the Mayor, or his designee, to accept the Federal Aviation Administration Grant Offer in the amount of \$1,111,500;

Authorizing the transfer of \$151,601.55 from the Airport Fund 310010, Annual Allocation Fund, to CIP-31-300.0 as the 5% City matching funds for the project;

Authorizing the Mayor, or his designee, to enter into an agreement for the design of the electrical upgrade, Phase 2, with the HNTB Corporation, as the lowest responsible bidder, in an amount not to exceed \$347,064;

Authorizing the Mayor, or his designee, to enter into an agreement for the construction of the upgrade with Nova Electric Inc., as the lowest responsible bidder, in an amount not to exceed \$964,240;

Authorizing the City Auditor and Comptroller to release \$1,267,101.55 from CIP-31-300.0 for the Brown Field Runway Electrical Upgrade, Phase 2;

Increasing the Fiscal Year 2007 CIP Budget in the amount of \$1,267,101.55.

STAFF SUPPORTING INFORMATION:

The Airports Division has proposed improvements to the Brown Field Airfield electrical system. This work is designated as a high priority by the Federal Aviation Administration (FAA), due to its impact on safety. The FAA has provided a funding agreement in the amount of \$1,111,500 for the construction of this project for the first phase of upgrades. Furthermore, as part of the same grant agreement the FAA has offered the Airports Division \$171,000 for the construction of Brown Field Perimeter Security Fencing - Phase I (CIP-31-176.0) which will be requested for acceptance on a separate "Request for Council Action (1472)".

The existing Brown Field airfield lighting system, that provides visual guidance for aircraft operating at night and in inclement weather, has had multiple failures over the last several years. These failures have not only been costly to repair, but have been responsible for aircraft deviations and diversions. This system will be upgraded in two phases, due to FAA grant funding constraints.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-121: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

The first phase will replace many components of the electrical system that date back to the 1960s. Additionally, the upgrade will add visual navigation equipment to enhance both vertical and lateral guidance for aircraft approaching at night or in inclement weather and will further enhance the safety and operational effectiveness of the airport. It is anticipated that this project should be ready for construction within the next several months.

FISCAL CONSIDERATIONS:

The total estimated cost of Phase I of this project is \$1,597,101.55. Funds are available in Fund 41100, Operation and Maintenance, for this purpose. \$1,111,500 of the total project amount will be reimbursed by a grant from the FAA. The future funding for Phase II is anticipated in the amount of \$2,369,390 for both consultant services and to complete the construction of the final phase. The final phase is expected to be reimbursed at 95% by FAA funds or approximately \$2,250,920 during fiscal year 2008.

Authorizing the Mayor to accept the Federal Aviation Administration Grant Offer in the amount of \$427,500;

Authorizing the transfer of \$7,711.05 from the Airport Fund 310010, Annual Allocation Fund, to CIP-31-313.1 as the 5% City matching funds for the project;

Authorizing the Mayor, or his designee, to enter into an agreement for the construction of the Blast Pad with the Daley Corporation, as the lowest responsible bidder, in an amount not to exceed \$322,071;

Authorizing the Mayor, or his designee, to expend \$435,211.05 from CIP-31-313.1 for the Montgomery Field Blast Pad; and

Increasing the Fiscal Year 2007 CIP Budget in the amount of \$435,211.05.

STAFF SUPPORTING INFORMATION:

The Airports Division has proposed improvements to the Montgomery Field Runway 28L. This work is designated as the highest safety priority by the FAA's Runway Safety Action Team (RSAT). The FAA has provided a funding agreement in the amount of \$427,500 for the construction of this project.

The Blast Pad will eliminate the loose rock surface of the Runway Safety Area (RSA), which has led to many tower callouts for the cleanup of Foreign Object Debris (FOD) on the approach end of Runway 28L. The construction of the blast pad will bring the RSA into compliance by providing an improvement over the drainage ditch which begins at approximately 220 ft. from the approach end. These changes will significantly improve the safety at runway 28L.

Finding that this activity is not a project because this activity is a government fiscal activity which does not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment, and is therefore not subject to the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Sections 15378(b)(4) and 15060(c)(2).

STAFF SUPPORTING INFORMATION:

In 2002, the voters approved Proposition 42, the Transportation Congestion Improvement Act of 2002. This California Constitutional amendment requires that sales and similar taxes upon the consumption of motor vehicle fuel deposited in the State General Fund to be transferred to the Transportation Investment Fund, and then those funds are to be distributed by formula to various transportation projects, including street and highway maintenance performed by cities.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-123: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

Proposition 42 has a number of implementing procedures that affect the receipt and distribution of these funds. First, the California Constitution allows the Governor to proclaim a fiscal emergency which, upon the Legislature passing a statute, allows the State to suspend transferring these funds. Second, the Revenue and Taxation Code specifies: (1) that local governments must maintain the same level of general fund contributions to streets maintenances represented by the average of expenditures for the 1996/97, 1997/98 and 1998/99 fiscal years and (2) that payments to local governments are to be made on a quarterly basis. If local government general fund expenditures drop below the 1996-1998 three-year average in any one fiscal year, those expenditures must be made up in the following fiscal year. Third, the State Controller has published guidelines implementing the Revenue and Taxation Code requirements that penalize local governments for not maintaining historic spending levels by requiring all Proposition 42 funds received during a non-compliant year to be returned to the State with interest.

AB2928/Prop 42 MOE base was calculated from the average expenditures of discretionary funds of FY 97 through FY 99 and the expenditure base is \$15,869,398. This year's budget is \$50,000,000, so current year expenditures exceed the three-year average of \$16,000,000.

During Fiscal Year 2006, \$5,828,241.54 of Proposition 42 funding was received by the City of San Diego. These funds were not budgeted because, while the first quarterly payment was timely, the second and third quarterly payments were delayed due to the State budget process and the potential for the Governor to suspend payments due to a fiscal emergency. The department is now requesting approval to appropriate and expend monies received from Proposition 42 during Fiscal Year 2006 totaling \$5,828,241.54. Due to the Proposition 42 requirement that funds received must be expended within two years of receipt, Staff has determined that it will be more cost effective to utilize the Proposition 42 funds to reimburse prior expenditures within the Street Division's operating budget thus ensuring the expense of Proposition 42 funds and move TransNet funds into the CIP.

The General Services Department-Street Division is requesting approval to appropriate \$2,515,496.77 of the re-allocated TransNet funds for the purpose of street maintenance and repair. Award of contracts, identifying specific locations, will be authorized by subsequent Council action.

The General Services Department-Street Division is also requesting approval to appropriate \$3,312,744.77 of the re-allocated Transnet funds into CIP-13-005.0 for emergency storm drain projects that are eligible for reimbursement from the Federal Emergency Management Agency (FEMA). Projects to be funded are detailed in Attachment A.

(Mid-City/City Heights Community Area. District 3.)

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-585)

A Resolution approved by the City Council in Closed Session on Tuesday, November 21, 2006, by the following vote: Council President Peters-yea; Faulconer-yea; Atkins-yea; Council President Pro Tem Young-yea; Maienschein-not present; Frye-yea; Madaffer-yea; Hueso-yea.

Authorizing the Mayor, or his designee, contingent upon the City Auditor and Comptroller first certifying that the money is available, to pay the total sum of \$270,782 for the release and the settlement of each and every claim against the City of San Diego, its agents and employees, submitted in the contractual claims resulting from the delay and extra work costs arising out of the work performed by METRO-BUILDERS ENGINEERING GROUP on the contracts for construction of Mid-City Transit Facilities at El Cajon Boulevard and University Avenue;

Authorizing the City Auditor and Comptroller to issue one check in the amount of \$270,782, made payable to METRO-BUILDERS ENGINEERING GROUP, in full settlement of all claims.

STAFF SUPPORTING INFORMATION:

On August 3, 2004, the City of San Diego entered into two contracts for the construction of the Mid-City Transit Gateways at El Cajon Boulevard and University Avenue with Metro-Builders & Engineers Group. Both projects have been completed and are in operation. During the construction the contractor encountered conditions which caused delay in the completion of the project and additional costs. A settlement agreement was heard in Closed Session at November 21, 2006 meeting. This action will authorize the Mayor to pay \$270,782 for the Mid-City Transit Gateways project, for full settlement of contractual claims to Metro-Builders & Engineers Group.

* ITEM-126: Authorization to Extend the North Park Project Area Committee (PAC) by One Year and to Notice and Conduct the PAC Elections for 2007.

(North Park Community Area. District 3.)

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-564

Declaring that the North Park PAC is extended for one year;

Directing the staff of the Redevelopment Agency of the City of San Diego to notice and conduct the annual PAC Election in 2007;

Declaring this activity is not a "project" and is therefore not subject to CEQA pursuant to State CEQA Guidelines Section 15060(c)(3).

STAFF SUPPORTING INFORMATION:

At the establishment of a Redevelopment Project Area, California Community Redevelopment Law, California Health and Safety Code Section 33385, requires the legislative body of a city to call upon residents and existing community organizations in a redevelopment project area to form a PAC if there is a substantial number of low or moderate-income residents within the project area and the redevelopment plan contains authority for the agency to acquire property by eminent domain on which anyone resides; or the redevelopment plan contains one or more public projects that will displace a substantial number of low/moderate-income residents. Each PAC serves as an advisory body to the Redevelopment Agency on policy matters affecting the residents of the project area. The Agency is required to consult with the PAC for at least three years after the redevelopment plan is adopted, subject to one year extensions by the legislative body.

Each PAC is elected and conducts its business in accordance with its specific PAC Formation Procedures ("Procedures") that were adopted individually by the City Council. The Procedures address the purpose and authority of the PAC, define the PAC's composition and membership, establish eligibility requirements for the term of membership and set procedures for conducting elections.

In accordance with PAC Formation Procedures for the North Park PAC, Agency staff must seek authorization from the City Council to: 1) Extend the Redevelopment PAC for one year and 2) Notice and conduct PAC Elections.

Redevelopment Project Area.

(See Report to the City Council No 06-186. City Heights Community Area.
Districts 3, 4, and 7.)

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-599)

Approving as constituting a representative Project Area Committee the City Heights Redevelopment Project Area Committee consisting of persons named on the list of Project Area Committee members receiving the highest number of votes attached hereto as Exhibit A and incorporated herein by this reference;

Concurring that the election results of November 15, 2006 are valid and binding in accordance with the procedures so adopted by Resolution No. R-298199;

Declaring this activity is not a "project" and is therefore exempt from California Environmental Quality Act (CEQA) pursuant to the State CEQA Guidelines Section 15060(c)(3).

STAFF SUPPORTING INFORMATION:

Council authorized a one-year extension of the PAC and directed Redevelopment Agency staff to notice and conduct an election for the City Heights Redevelopment Area PAC in 2006 by Resolution No. R-301663 on July 18, 2006.

On November 15, 2006 the City Heights PAC conducted its Annual Election and meeting in accordance with the PAC Formation Procedures and PAC Bylaws. Nine vacancies were available to be filled at the Annual Election. The vacant categories included: Four (4) - Residential Tenants, Two (2) - Residential Owner Occupants, One (1) - Business Owner with a business located north of Polk Avenue, and Two (2) - Community Organization - At-Large representatives (must be residents of the Project Area).

The Redevelopment Agency staff made it a priority to ensure that all residents of the City Heights Project Area were informed of the PAC Election. Approximately 27,000 election notices and project area maps were mailed to all residential owner-occupants, property owners, tenants, businesses and community organizations. The mailing also included information about the PAC, redevelopment, and existing and proposed projects for the area.

(See memorandum from Council President Peters dated 9/13/2006.)

COUNCIL ADMINISTRATION'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-483)

Adopting the revised Conflict of Interest Code for the City Council Departments, Council Administration and Office of the Independent Budget Analyst.

SUPPORTING INFORMATION:

This revision is intended to conform to Government Code Section 87305.5 requiring a biennial review and update of local conflict of interest codes as reflected in City Council Resolution No. R-301554 adopted on June 20, 2006. On that same day, the City Council, Council Administration and Independent Budget Analyst code was revised to incorporate members of the newly created Independent Budget Analyst department which fell under none of the City's existing Conflict of Interest Codes. During that update, the required filing categories for each designated position was also updated. Subsequent to that update, it was discovered that the obligations of outside lawyers representing City Council Members in specific legal matters was inadequately addressed in the updated code. In order to clarify what is expected of these attorneys and address this kind of situation generally in the conflict code, this new limited update is proposed.

The following language, taken directly from the existing City Attorney Conflict Code, provides a model for the treatment of limited scope attorneys. The proposed update adds the following language to Appendix A of the Council/IBA Conflict Code:

The City Council has determined the following categories of consultants are not subject to the City Council/IBA Conflict of Interest Code and shall not be required to file economic disclosure forms:

- Attorneys who volunteer services to the City
- Attorneys who provide limited duties for specific litigation or special projects
- Expert Witnesses
- Consultants who provide expertise in limited areas for specific litigation or special projects.

ORDINANCES TO BE INTRODUCED:

ITEM-330: Amending the San Diego Municipal Code to Implement Voter Approval of Retirement System Benefit Increases.

MAYOR SANDERS' RECOMMENDATION:

Introduce the following ordinance:

(O-2007-58)

Introduction of an Ordinance amending Chapter 2, Article 4, of the San Diego Municipal Code by adding Division 19, titled "Voter Approval of Retirement System Benefit Increases" relating to the implementation of Charter Section 143.1.

SUPPORTING INFORMATION:

On March 24, 2006, the City Council approved placing two measures on the November 7, 2006 ballot. Those measures were eventually designated Propositions B and C. At the time that Council approved the ballot language, staff was directed to begin working on the ordinances which would implement the measures should they pass and become part of the City Charter. The first draft of the ordinance which would implement Prop B was brought to the Rules Committee on July 24, 2006, and staff began negotiating the details of that ordinance with all five of the City's labor unions on July 25, 2006. Voters overwhelmingly passed Proposition B on November 7, 2006.

Proposition B requires that any future increases in retirement system benefits be approved by a majority vote of the electorate. The implementation ordinance for this measure details the following:

- Those retirement system benefits which would be subject to a vote if an increase is proposed;
- Those benefits that are not considered "retirement system benefits" and, therefore, not subject to a veto;
- Timing and process for voter approval of negotiated retirement system benefits;
- Confirms that the City bears the cost of placing the measure on the ballot.

ORDINANCES TO BE INTRODUCED: (Continued)

ITEM-331: Amending the San Diego Municipal Code to Add Policies and Procedures to Implement Use of Managed Competition.

MAYOR SANDERS' RECOMMENDATION:

Introduce the following ordinance:

(O-2007-57 Cor. Copy)

Introduction of an Ordinance amending Chapter 2, Article 2, of the San Diego Municipal Code by adding Division 37, titled "Managed Competition," relating to the City's use of a managed competition process to determine the most economic and efficient means of providing City services.

SUPPORTING INFORMATION:

On March 24, 2006, the City Council approved placing two measures on the November 7, 2006 ballot. Those measures were eventually designated Propositions B and C. At the time that Council approved the ballot language, staff was directed to begin working on the ordinances which would implement the measures should they pass and become part of the City Charter. Specific to Prop. C, the managed competition measure, Council requested that the implementation ordinance address minimum contract standards.

The first draft of the ordinance which would implement Prop. C was brought to the Rules Committee on July 24, 2006, and staff began negotiating the details of that ordinance with four of the five City labor unions on July 25, 2006. This Union Coalition consisted of POA, MEA, AFSCME Local 127 and Fire Local 145. Voters overwhelmingly passed Proposition C on November 7, 2006.

Prop. C amended Section 117(c) of the City Charter to allow the City to employ an independent contractor when it is determined that services can be provided more economically and efficiently by an independent contractor than by a persons employed in the Classified Service while maintaining service quality and protecting the public interest. The implementation ordinance for this measure details the following:

- Establish parameters for a pre-competition assessment;
- Detail minimum contract standards and contractor qualifications;
- Confirm that City employees will be provided with resources in order to respond as part of the managed competition process;
- Allow City employees who are successful in the managed competition process to bid for non-City services where appropriate;

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)

ORDINANCES TO BE INTRODUCED: (Continued)

ITEM-331: (Continued)

SUPPORTING INFORMATION: (Continued)

- Establish the appointment process, length of service, conflict of interest, process for removal and qualifications for the Independent Review Board (IRB);
- Establish confidentiality and conflict of interest guidelines for City staff and any successful contractor;
- Process for the Mayor and Council to consider the IRB recommendation;
- Require notice to the affected Labor Organization and City employees.

The City's negotiating team has been engaging in coalition bargaining with the POA, MEA, AFSCME Local 127 and Fire Local 145 since July 25, 2006. Through that process, a number of changes have been made to the initial draft ordinance which was presented in July.

The City presented its last, best and final offer to the Union Coalition on November 21, 2006. One additional meeting is scheduled with the Union Coalition on Friday, December 1, 2006.

RESOLUTIONS: (Continued)

The following item may be heard in the morning session if time permits.

ITEM-333: Mid-City Transit Gateways Project.

(City Heights Community Area. District 3.)

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-571)

Amending the Fiscal Year 2007 Capital Improvements Program Budget for the Mid-City Transit Gateways Project (CIP-39-232.0)(Project) by increasing the budget by an amount not to exceed \$585,000;

Authorizing the City Auditor and Comptroller to accept a transfer of an amount not to exceed \$315,000 from the Redevelopment Agency of the City of San Diego, from Fund No. 98200 (City Heights Redevelopment tax increment funds) to CIP-39-232.0, for the completion of the Project, contingent upon certification of funds availability by the City Auditor and Comptroller;

Authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$270,000 from Fund No. 30300 (Georgia Street Bridge Project, CIP-52-555.0) to CIP-39-232.0 for the completion of the Project, contingent upon certification of funds availability by the City Auditor and Comptroller;

Authorizing the Mayor, or his designee, to execute Change Order No. 2 for the completion of the University Avenue Bridge Deck component of the Project, Change Order No. 3 for the completion of the El Cajon Blvd. Bridge Deck component of the Project, and any other necessary documents for the completion of the Project, contingent upon certification of funds availability by the City Auditor and Comptroller;

Authorizing the City Auditor and Comptroller to appropriate and expend an amount not to exceed \$585,000 (transferred to CIP-39-232.0) for the completion of the Project;

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)

RESOLUTIONS: (Continued)

ITEM-333: (Continued)

Authorizing the City Auditor and Comptroller, upon advice from the administering City department, to transfer excess budgeted funds, if any, to the appropriate reserves;

Declaring the present action is exempt from the provisions of CEQA, pursuant to CEQA Guidelines Section 15303.

STAFF SUPPORTING INFORMATION:

The Mid-City Transit Gateways Project (Project) was originally funded by a Federal TEA21 enhancement grant of \$4,255,000 and a City TransNet match of \$534,000. Phase 1 of the Project, which has been completed, added landscape improvements to the medians on El Cajon Blvd., between I-15 and 43rd Street. Phase 2 of the Project, which has also been completed, enhanced the freeway bridge decks over I-15 at El Cajon Blvd. and University Ave. with transit shelters, pedestrian amenities, and community identification signage.

Phase 2 currently has a funding shortfall of approximately \$585,000, resulting from unanticipated costs due to unforeseen conditions related to utility connections, electrical redesign, underground excavations, and time-consuming investigations owing to plan discrepancies. Of the \$585,000, approximately \$502,000 is in contractor costs, while approximately \$83,000 is in additional City staff costs.

FISCAL CONSIDERATIONS:

This action approves a total transfer of up to \$585,000 to the Mid-City Transit Gateways Project (CIP-39-232.0) for the completion of the Project. Up to \$315,000 will be transferred from Fund No. 98200 (City Heights Redevelopment tax increment funds), with the intention to reimburse Fund No. 98200 with future available funds. In addition, up to \$270,000 will be transferred from Fund No. 30300 (Georgia Street Bridge Project, CIP-52-555.0), with the intention to reimburse Fund No. 30300 with CALTRANS and SANDAG funds. The requested fund transfers will enable the Project to be closed.

Further, City staff will be working with the City Attorney's Office to determine whether pursuing legal action against the consultant for the design discrepancies noted during construction is warranted. If such action is warranted, proceeds resulting from any such action will be used to contribute toward this repayment plan.

ITEM-333: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

On January 13, 2004, the City Council adopted Resolution No. R-298750, authorizing the award and expenditure of funds for the construction of Phase 2 of the Project.

On May 4, 2004, the City Council adopted Resolution No. R-299168, authorizing the transfer of \$200,000 in Redevelopment tax increment funds from the City Heights Redevelopment Project Area to cover the unanticipated escalation of Project material costs (concrete and steel) immediately prior to the bid opening. The \$200,000 transfer was needed to award the construction contract.

On March 7, 2006, the City Council adopted Resolution No. R-301287, authorizing the transfer of an additional \$100,000 in Redevelopment tax increment funds from the City Heights Redevelopment Project Area to cover unforeseen site conditions.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

None in the present action. City staff was unable to bring this item before the PAC advisory board due to time constraints in place for meeting the last Redevelopment Agency meeting for the year. However, on January 4, 2006, City staff presented an update on the bridge deck projects and the previous fund transfer request of \$100,000 to the City Heights Community Planning Group. In addition, on January 9, 2006, City staff presented the same information to the City Heights Project Area Committee, who supported the transfer of the \$100,000 to the Project. Supporters included the City Heights Business Association and El Cajon Blvd. Business Improvement Association.

KEY STAKEHOLDERS & PROJECTED IMPACTS (if applicable):

Key stakeholders include the Mid-City business community and residents who travel over the bridge decks or use public transportation on a daily basis.

ITEM-335: Certification of Mitigated Negative Declaration for 30th St. Phase II/26th St. Transmission Line Undergrounding Project.

(See Report to the City Council No. 06-188. Greater Golden Hill, South Park, and Sherman Heights Community Areas. Districts 3 and 8.)

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2007-620)

Stating the Mitigated Negative Declaration, Project No. 113310, dated October 16, 2006 (MND), which is on file in the Office of the City Clerk, has been completed in compliance with the California Environmental Quality Act of 1970 (CEQA) (Cal. Pub. Resources C. Section 21000 et seq.), as amended, and the State Guidelines thereto (Cal. Code of Regs., Tit. 14, Ch. 3), that the MND reflects the independent judgment of the City of San Diego as Lead Agency, and that the information in the MND, together with any comments received during the public review process, has been reviewed and considered by this Council prior to approving the project, and that the mitigation, monitoring and reporting program concerning this activity is adopted;

Adopting the Mitigation Monitoring and Reporting Program, or alterations to implement the changes to the project as required by this body in order to mitigate or avoid significant effects on the environment, a copy of which is attached hereto and incorporated herein by reference, pursuant to California Public Resources Code Section 21081.6;

Directing the City Clerk to file a Notice of Determination with the Clerk of the Board of Supervisors for the County of San Diego regarding the above projects.

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)

RESOLUTIONS: (Continued)

ITEM-335: (Continued)

STAFF SUPPORTING INFORMATION:

In May 2002, the City Council allocated funds to continue the undergrounding of the 138 kV transmission overhead line along the 30th Street/Fern corridor from Maple Court to "A" Street. The following year, the City Council allocated funds to underground the 26th Street section of the same 138 kV line that runs on 30th/Fern Streets. Subsequent Council actions created the Underground Utility Districts and certification of appropriate environmental review documents.

Sometime in the Spring/Summer of 2004, during the design phase of the project, SDG&E made the City aware that due to multiple conflicts on the 30th Street/Fern corridor, SDG&E would need to explore parallel alternative routes, and over the last two years, City staff and SDG&E have been exploring options. Three presentations with three alternative routes have been presented to the Greater Golden Hill Community Planning Committee. The route most desired and contemplated in this Mitigated Negative Declaration is able to keep the underground alignment most closely to the alignment of the existing overhead lines.

Because the alignment of the underground transmission line will not entirely match the alignment contemplated by previous environmental reviews, a new environmental review was performed which contemplates the proposed alignment.

Prior to commencement of construction, SDG&E will file an Advice Letter with the California Public Utility Commission (CPUC). SDG&E will include a copy of the City Council certified environmental determination/documents. All property owners and residents who own property or reside within 300 ft. of the proposed undergrounding alignment will be notified in writing of SDG&E's filing with the CPUC and be given the opportunity to express any concerns they may have directly to the CPUC.

FISCAL CONSIDERATIONS: None with this action.

ADOPTION AGENDA, DISCUSSION, HEARINGS

NOTICED HEARINGS:

ITEM-336: Auburn Tentative Map.

Matter of the appeal by Mirek Knopp of the decision of the Planning Commission in approving an application for a Tentative Map to convert twelve (12) existing residential units to condominiums and a request to waive the requirement to underground the existing overhead utilities on a 0.72-acre site, in the RS-1-7 zone of the Central Urbanized Planned District, in the City Heights neighborhood of the Mid-City Communities Planning area, located at 5014 Auburn Drive, at the intersection of Auburn Drive and Ontario.

Should the condominium conversion project be approved, tenants may be required to vacate the premises. No units may be sold in this building unless the conversion is approved by the City and until after a public report is issued by the Department of Real Estate. Each tenant has the exclusive right to contract for the purchase of his or her respective unit upon the same terms and conditions that such unit will be initially offered to the general public or terms more favorable to the tenant. The right shall run for a period of not less than 90 days from the date of issuance of the subdivision public report pursuant to Section 11018.2 of the Business and Profession Code, unless the tenant gives prior written notice of his or her intention not to exercise the right.

(Tentative Map No. 306904/Project No. 94780. Mid-City Communities Plan Area. District 7.)

STAFF'S RECOMMENDATION:

Take the following actions:

Grant the appeal and approve the Tentative Map No. 306904, including the request to waive the requirement to underground existing overhead utilities;

Directing the City Attorney to prepare the appropriate resolutions according to Section 40 of the City Charter.

ADOPTION AGENDA, DISCUSSION, HEARINGS (Continued)

NOTICED HEARINGS: (Continued)

ITEM-336: (Continued)

STAFF SUPPORTING INFORMATION:

Granting the appeal would allow the applicant to process their Final Map and convert the 12 existing apartment units to condominiums.

Planning Commission Decision:

The Planning Commission heard the project on September 14, 2006. Commissioner Griswold made a motion to deny the project, citing that Finding No. Two could not be made (Attachment 1). The motion was seconded by Commissioner Naslund and the motion passed by a vote of 7-0-0.

Basis for Planning Commission's Denial:

In denying the project, the Planning Commission cited concerns regarding the overall condition of the building and the amount of landscaping proposed. Several commissioners expressed that they felt the entire site should be razed and redeveloped. The motion to deny cited the Commission's inability to make Finding No. Two, which states that "The decision maker has considered the effects of the proposed subdivision on the housing needs of the region and that those needs are balanced against the needs for public services and the available fiscal and environmental resources."

Basis for Appeal:

The applicant's appeal form indicates the project is in compliance with all applicable laws and should be approved.

Staff's Response:

Staff concurs with the applicant's appeal request. The project as proposed complies with all applicable Municipal Code and Subdivision Map Act regulations. The Tentative Map request primarily represents a change in the ownership form, from a single property owner to individual unit ownership. The motion to deny cited the Planning Commission's inability to make Finding No. Two. Staff believes that the intent of this required finding is to ensure that adequate public facilities are available when new housing units are provided, especially in outlying or suburban areas where there may not be existing facilities. In this instance, the existing housing units proposed for condominium conversion are located in a developed, urban area and there is no net loss or gain of housing units. The subject project does not include any physical changes to the environment or any intensification of use.

Please note this project is not subject to the condominium conversion ordinance that was passed by the City Council on June 13, 2006.

ITEM-336: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

Projects such as this that had a valid appeal of the environmental exemption determination pending at the time of the ordinance adoption were specifically excluded from the new ordinance. On July 31, 2006, the City Council denied the environmental appeal for this project. Therefore, the project is not required to provide a Building Conditions Report, additional landscaping or parking, as required by the new ordinance.

Although not required to, the applicant did provide the Planning Commission with a Building Conditions Report and a concept landscape plan for this project. In response to the concerns raised by the Planning Commission, the applicant has enhanced their landscape and building elevation renderings. In addition, the applicant has created a complete list of the proposed site and building improvements, including a cost estimate. The proposed improvements include new roofing, plumbing, electrical, insulation, windows, doors, drywall, stucco, flooring, kitchens, bathrooms and appliances. These improvements are not code requirements but have been provided in response to the Planning Commission's concerns.

FISCAL CONSIDERATIONS:

There is no fiscal impact. The project includes a deposit account paid for by the applicant.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

None.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

On June 5, 2006, the City Heights Community Planning Committee voted 10-6-2 to approve this project with recommendations, as detailed in the Planning Commission report.

ITEM-337: Three actions related to the Torrey Highlands FY 2007 Public Facilities Financing Plan and Facilities Benefit Assessment.

(See Report to the City Council No. 06-133 Rev. Torrey Highlands Public Facilities Financing Plan and Facilities Benefit Assessment, Fiscal Year 2007. Torrey Highlands Community Area. District 1.)

(First Public Hearing was held on November 14, 2006, Item 330.)

TODAY'S ACTIONS ARE:

Adopt the following resolutions:

Subitem-A: (R-2007-357)

Authorizing the City Auditor and Comptroller to modify the individual CIP program project budgets to conform with the adopted Torrey Highlands Public Facilities Financing Plan and Facilities Benefit Assessments.

Subitem-B: (R-2007-320)

Designating an area of benefit in Torrey Highlands and the boundaries thereof, confirming the description of Public Facilities Project, the Community Financing Plan and Capital Improvement Program with respect to Public Facilities projects, the method for apportioning the costs of the Public Facilities Projects among the parcels within the area of benefit and the amount of the Facilities Benefit Assessments charged to each such parcel, the basis and methodology for assessing and levying discretionary automatic annual increases in Facilities Benefit assessments, and proceedings thereto, and ordering of proposed Public Facilities Project in the matter of one Facilities Benefit Assessment Area.

Subitem-C: (R-2007-321)

Approving the Development Impact Fee schedule for properties within Torrey Highlands.

LAND USE AND HOUSING COMMITTEE'S RECOMMENDATION:

On September 27, 2006, LU&H voted 4-0 to approve the Staff's recommendation. (Councilmembers Faulconer, Atkins, Madaffer, and Hueso voted yea.)

ADOPTION AGENDA, DISCUSSION, HEARINGS (Continued)

NOTICED HEARINGS: (Continued)

ITEM-337: (Continued)

SUPPORTING INFORMATION:

The Public Facilities Financing Plan details the public facilities that will be needed through the ultimate development of Torrey Highlands. Torrey Highlands is an area in the later stages of development where significant infrastructure construction has occurred. This plan revises and updates the Fiscal Year 2004 Plan (R-299346 dated June 15, 2004). The objective of the FBA is to insure that funds will be available in sufficient amounts to provide community facilities when needed. The FBA will be collected at the time of building permit issuance and deposited into a special interest earning fund for Torrey Highlands.

The Public Facilities Financing Plan includes a proposed change to the Torrey Highlands Transportation Phasing Plan (TPP), which limits development in the planning area until certain improvements are assured. A traffic study was conducted and shows that in the near future most transportation facilities in the North City Future Urbanizing Area would operate at an acceptable level of service. The proposed update to the Torrey Highlands TPP would reduce the impact of regional transportation facilities on the private development project schedules.

The proposed Public Facilities Financing Plan and Facilities Benefit Assessment identify significant cost increases to the remaining projects to be funded by the FBA. In addition to these cost increases, the planned non-residential acreage has decreased in Torrey Highlands. The cost increases along with the reduction in non-residential acreage necessitate a revision in the rate of the assessment resulting in an increase of 32%.

Should the City Council not approve the proposed Torrey Highlands Public Facilities Financing Plan, Fiscal Year 2007, then the existing fees would remain in place and new development would not be contributing its proportional share for new facilities identified in the Torrey Highlands (Subarea IV) Plan. Alternative funding sources would have to be identified to fund the share of the identified facilities attributable to new development.

The proposed assessments for Fiscal Year 2007 are as follows:

LAND USE	CURRENT ASSESSMENT	PROPOSED ASSESSMENT per UNIT/ACRE in FY 2007
SINGLE-FAMILY UNIT	\$64,995	\$85,793
MULTI-FAMILY UNIT	\$45,498	\$60,057
LOCAL MIXED USE ACRE	\$524,508	\$692,350
COMMERCIAL ACRE	\$391,919	\$517,332

EMPLOYMENT CENTER ACRE	\$349,587	\$461,454
INSTITUTIONAL ACRE	\$97,492	\$128,690

FISCAL CONSIDERATION:

Adoption of this revised Public Facilities Financing Plan will continue to provide a funding source for the public facilities identified in the Torrey Highlands (Subarea IV) Plan.

PREVIOUS COUNCIL AND/OR COMMITTEE ACTION:

On September 27, 2006 the Land Use & Housing Committee voted 4-0 to support the update of the draft FY 2007 Torrey Highlands Public Facilities Financing Plan and Facilities Benefit Assessment, with errata. The draft Plan, dated October 10, 2006 incorporates project changes which further define assurances required by the Transportation Phasing Plan and provides additional financing for desired community facilities.

The Plan was docketed to be heard by Council on October 10, 2006, but was returned to the Mayor to be revised and re-docketed on October 24, 2006. The item is required to be re-noticed due to a change in the required assessments.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

On September 12, 2006, the Carmel Valley Community Planning Board considered the Torrey Highlands Public Facilities Financing Plan for Fiscal Year 2007 and the proposed Transportation Phasing Plan. The Board supported the project with a vote of 10-0, with one recused.

ITEM-338: Two actions related to 2005-2010 General Plan Housing Element.

(See Report to the City Council No. 06-182 and City of San Diego General Plan Housing Element FY 2005-2010 Draft. Citywide.)

STAFF'S RECOMMENDATION:

Adopt the following resolutions:

Subitem-A: (R-2007-592)

Certifying that the Addendum to Environmental Impact Report No. 40-1027, on file in the Office of the City Clerk, has been completed in compliance with the California Environmental Quality Act of 1970 (California Public Resources Code Section 21000 et seq.), as amended, and the State Guidelines thereto (California Code of Regulations Section 15000 et seq.), that the report reflects the independent judgment of the City of San Diego as Lead Agency and that the information contained in said report, together with any comments received during the public review process, has been reviewed and considered by this Council in connection with the adoption of the Draft 2005-2010 General Plan Housing Element;

Directing the City Clerk to file a Notice of Determination (NOD) with the Clerk of the Board of Supervisors for the County of San Diego regarding the above project.

Subitem-B: (R-2007-591)

Adopting the Draft 2005-2010 City of San Diego General Plan Housing Element;

Determining that the adopted 2005-2010 City of San Diego General Plan Housing Element identifies and analyzes existing and projected housing needs, that it establishes goals, policies, quantified objectives, financial resources and scheduled programs for the preservation, improvement and development of housing;

ADOPTION AGENDA, DISCUSSION, HEARINGS (Continued)

NOTICED HEARINGS: (Continued)

ITEM-338: (Continued)

Subitem-B: (Continued)

Finding that the Housing Element adequately includes a five-year action program that: identifies adequate sites to meet housing needs; addresses the conservation of existing housing, including affordable and assisted housing; addresses and, where appropriate and legally possible, removes governmental constraints to the maintenance, improvement and development of housing for all income levels, including housing for persons with disabilities; is consistent with the other elements of the City's general plan; provides housing opportunities without discrimination; and provides for numerous forms of housing, including multifamily rental housing, housing for agricultural workers, and emergency and transitional housing opportunities for the homeless.

STAFF SUPPORTING INFORMATION:

California Government Code Section 65580-65589.8 requires California jurisdictions to prepare a Housing Element every five years on a schedule to be set by the state Housing and Community Development Department (HCD) and the San Diego Association of Governments (SANDAG). This Housing Element covers the period from July 1, 2005 to June 30, 2010.

The Housing Element is required by state law to include policies and quantifiable programs to ensure provision of sufficient housing for all segments of the population and all income groups during the five year planning period, maintain the safety and livability of the housing stock, minimize governmental constraints to developing housing, provide affordable housing opportunities for low-income renters and low-and-moderate income homebuyers and to comply with all applicable local, state and federal laws and regulations.

The Housing Element is required to include an Adequate Sites Inventory of sites zoned to permit residential development that is sufficient to accommodate the number of housing units that are assigned to the City by HCD and SANDAG during the seven and a half year period from January 1, 2003 to June 30, 2010. The City of San Diego was assigned to accommodate 45,741 units during this period. This is approximately 42.6 percent of the San Diego region's overall seven and a half year production goal of 107,301 units. The City's goal has been further broken out to include 8,645 moderate-income units, 8,090 low-income units and 10,645 very low-income units.

ADOPTION AGENDA, DISCUSSION, HEARINGS (Continued)

NOTICED HEARINGS: (Continued)

ITEM-338: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

The City's Adequate Sites Inventory, which includes both vacant sites and already developed sites which have potential to redevelop at higher densities, shows that San Diego has land available for approximately 122,000 additional housing units without need for any zoning or plan changes. Of these potential units, approximately 56,000 could accommodate low- and very low-income people. Therefore, the City will not be required to rezone land for residential use prior to 2010.

The Housing Element includes a community profile which describes demographic conditions in the City, a list and description of governmental and non governmental constraints to housing development, and an analysis of how the City performed in achieving the goals and objectives of the previous Housing Element which covered the period from 1999-2004. All these components of the Housing Element are required by state law. Many constraints to housing development are not considered negative and do not need to be addressed with a program in this document.

Certification of the Housing Element by HCD is required before the Housing Element can be considered fully in compliance with state law. This certification is also required for the City to be able to compete for state and SANDAG administered grant programs which require an adopted Housing Element as a condition of application.

FISCAL CONSIDERATIONS:

The Housing Element will not have any direct fiscal impact. Preparation of the document is an unfunded state mandate that required approximately one full time staff position for a period of two years. Additional City resources will be necessary to implement some of the recommended goals, policies and programs in the Housing Element.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

Neither the Council nor any Council Committee has taken previous action on this item. Various housing programs addressed in the draft Housing Element including, condominium conversions, density bonus and companion units, have been considered independently by City Council or a Council Committee.

STAFF SUPPORTING INFORMATION: (Continued)

COMMUNITY PARTICIPATION and PUBLIC OUTREACH EFFORTS:

Direction on future housing policy was provided by a Council-appointed Affordable Housing Task Force in 2003. A Housing Element Working Group was set up in 2004 to provide additional input on the Housing Element. Several discussions of this document were held at the Community Planners Committee (CPC). On August 22, 2006, they voted 22-4 against adopting the document. Workshops were held to discuss this document by the Housing Commission and the Planning Commission. On September 7, 2006, the Planning Commission held a hearing on the Housing Element which was continued to November 2, 2006. On November 2, 2006, the Planning Commission voted 7-0 to recommend adoption of the 2005-2010 Housing Element with minor modifications that are included in the draft Housing Element being considered by Council.

KEY STAKEHOLDERS and PROJECTED IMPACTS:

Home builders, housing developers, land owners and all residents of San Diego who own, rent or are seeking housing are stakeholders potentially impacted by policies recommended in this document. However, no specific changes in land use designation or zoning are proposed and any suggested policy changes would require changes to the Municipal Code. Additional public input including, noticing, workshops and hearings, and preparation of resolutions and/or ordinances would be required before significant changes from currently adopted City policies on housing issues could be enacted.
