ADOPTION AGENDA, DISCUSSION, COMMITTEE ITEMS (Continued)COMMITTEE ON LAND USE AND HOUSING,
RESOLUTIONS: (Continued)

ITEM-151: (Continued)

SUPPORTING INFORMATION:

Development Impact Fees (DIF) was established in 1987 by the City Council to mitigate the impact of new development in urbanized communities. Fees were based on the facility needs of each community. This plan updates the existing Navajo Community Facilities Summary List last updated and adopted November 10, 1998 (R-290953).

The draft FY 2008 Navajo Public Facilities Financing Plan describes the public facilities that will be needed for the Navajo Community as it develops according to the existing Community Plan. Navajo is an urbanized community; most of the community facilities and infrastructure are already in place. The remaining needed facilities are in the categories of transportation, park improvements, library and fire. The proposed fees reflect the current costs of the facilities identified in the Navajo Community Plan and are necessary to maintain existing levels of service in the community. A summary of the proposed impact fees for Navajo is as follows:

<u>Residential Units</u>		<u>Commercial and Industrial</u>	
Transportation	\$2,044 per unit	Transportation	\$292 per trip
Park & Recreation	\$2,883 per unit	Fire	\$279 per 1,000 SF
Library	\$1,360 per unit		of gross bldg area
Fire	\$ 279 per unit		
TOTAL FEE	\$6,566 per unit		

The total impact fee for residential development will increase from \$2,162 to \$6,566 per dwelling unit, primarily due to the adjusted needs and increased costs for transportation and park and recreation facilities. The estimated cost for eligible transportation facilities has increased from \$36,700,000 to \$112,859,948. An increase in the transportation fee from \$1,064 to \$2,044 per residential unit reflects increased project costs. The estimated cost for park facilities increased from \$17,935,000 to \$57,259,257, resulting in a fee increase from \$867 to \$2,883. This increase is a more accurate reflection of acreage requirements and costs to meet population based park needs within the community. The estimated cost for library facilities increased from \$4,775,000 to \$27,000,000, resulting in a fee increase from \$231 to \$1,360. A fire fee of \$279 per 1,000 square feet has been added. The estimated cost for fire facilities in the Navajo Community is \$14,603,087.

Projected cost for all projects is \$320,557,359. Eligible project costs in the amount of \$211,722,292 will serve as the basis for the DIF, which will be collected at the time building permits are issued.

ADOPTION AGENDA, DISCUSSION, COMMITTEE ITEMS (Continued)

COMMITTEE ON LAND USE AND HOUSING,
RESOLUTIONS: (Continued)

ITEM-151: (Continued)

SUPPORTING INFORMATION: (Continued)

Since these costs are for projects which will benefit both the existing community and future development, costs will be shared and new development will only provide their pro-rata share for DIF eligible projects. Those portions of project costs not funded by new development through impact fees will need to be identified by future City Council actions in conjunction with the adoption of Annual Capital Improvements Program Budgets.

Alternative: Do not approve the proposed Financing Plan and DIF Schedule. This is not recommended because the new fees will ensure that new development continues to contribute its fair share for facilities identified in the Community Plan. In the absence of these fees, alternative funding sources would have to be identified to fund new development's share of identified facilities.

FISCAL CONSIDERATIONS:

Adoption of this Financing Plan will continue to provide new development's share of funding for the required public facilities.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

On October 15, 2007, the Navajo Community Planning Group unanimously approved the draft Public Facilities Financing Plan with a vote of 14-0-0.

KEY STAKEHOLDERS AND PROJECTED IMPACTS:

Developers of new projects on vacant sites will be subject to a higher impact fee than currently exists.

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS

ORDINANCES TO BE INTRODUCED:

ITEM-200: San Diego Regional Storm Water Co-permittees Memorandum of Understanding.

[?View referenced exhibit back-up material.](#)

STAFF'S RECOMMENDATION:

Introduce the following ordinance:

(O-2008-74)

Introduction of an ordinance authorizing the Mayor, or his designee, to execute, for and on behalf of the City, a six-year Memorandum of Understanding with the County of San Diego, as Principal Co-permittee, and other public agencies as Co-permittees, to share costs for activities necessary to comply with requirements of Regional Water Quality Control Board Order No. R9-2007-0001, under the terms and conditions set forth in the Memorandum of Understanding;

Authorizing the expenditure of an amount not to exceed \$791,936, solely and exclusively, to provide funds for the first year of the City's share of the above program costs, to be expended as follows: \$375,084.40 from Fund No. 100, Dept No. 533, Org No. 2250; and \$416,851.60 from Fund No. 10508, Dept No. 10508, Org No. 2250;

Declaring that this activity is not a "project" and is therefore exempt from the California Environmental Quality Act pursuant to CEQA Guidelines Section 15060(c)(3);

NOTE: 6 votes required pursuant to Section 99 of the City Charter.

STAFF SUPPORTING INFORMATION:

In February 2001 the Regional Water Quality Control Board (RWQCB) issued a Municipal Permit to the Co-permittees (Order No. 2001-01) which permits and places conditions on the City's discharge of storm water from its storm water conveyance system. As required by the Municipal Permit, the City entered into a Memorandum of Understanding with the Co-permittees in 2001 (R-296020). This previous Co-permittee MOU ("2001 MOU") expired in August 2007, but has been extended to end of 2007 for limited purposes. Per the cost share of the previous MOU, City expenditures pursuant to the 2001 MOU have averaged \$350,000 annually, primarily for RWQCB-required permit application costs and regional monitoring costs.

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)

ORDINANCES TO BE INTRODUCED: (Continued)

ITEM-200: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

In January, 2007 the RWQCB issued NPDES Order No. 2007-0001 (2007 Municipal Permit) to replace the 2001 Municipal Permit. The 2007 Municipal Permit also mandates a MOU between the Co-permittees. The 2007 MOU would be a six-year agreement expiring in January 2014, and would serve the same function as the 2001 MOU to ensure cooperation in program development and cost sharing.

The general MOU cost sharing formula remains unchanged: 45% based on a jurisdiction's population relative to the regional total, 45% based on a jurisdiction's relative land area, and 10% flat fee. As a result, the City and County each pay approximately 33% of the total costs. However, the 2007 MOU was updated to make more specific arrangements for coordinating work amongst Co-permittees, allow for special formulas for cost sharing on tasks as appropriate, enable Co-permittees to be reimbursed for program management support costs, and establish new rules for approving shared costs. Most notably, all shared costs and special cost-sharing formulas must be voted on and approved under the following new conditions: all Co-permittees that would bear 25% or more of the cost of the item under vote must be present, and affirmative votes must comprise at least 50% of the cost. The City, with support of the County, successfully negotiated these changes to the voting protocol to "weight" the City's vote to be more commensurate with the City's relatively large share (approximately 33%) of the costs under the MOU. With the current cost sharing formula, these new voting rules essentially mean that either the City or the County must vote "yes" for an item to pass, and the Co-permittees cannot vote unless both the City and County are present.

On July 23, 2007, the 2001 MOU was amended by the Mayor to extend its term to December 31, 2007 and keep the City in compliance with the Municipal Permit. Council approval of the 2007 MOU via ordinance is required per Charter Section 99 because the term is greater than five years (the MOU would last six years), and because City expenditures are involved.

FISCAL CONSIDERATIONS:

The 2007 MOU provides for the Co-permittees to propose annual budgets which will require each jurisdiction, including the City, to annually appropriate funds to pay its share. Therefore, City staff will request City Council approvals for each future fiscal year's budget beginning in spring of 2008 for the FY 2009 budget. For FY 2008 the City's entire share of \$791,936 program costs have been identified by the Co-permittees. Staff is requesting authorization to spend FY 2008 funds in the amount not to exceed 791,936 for the City's entire share of FY 2008 program costs.

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)

ORDINANCES TO BE INTRODUCED: (Continued)

ITEM-200: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

The sources are: \$416,851.60 from the Storm Drain Fund No. 10508, and \$375,084.40 from the General Services Department, Storm Water Pollution Prevention Division Operating Fund No. 100.

The Co-permittees have chosen not to put a not to exceed cap on future fiscal year expenditures because programs for monitoring and education may be modified in future years. Further, the MOU is structured so that staff must obtain City Council approval prior to spending funds in fiscal years beyond FY 2008 (FY 2009 through FY 2014). If the requested funds are not appropriated in any fiscal year, then the City will be excluded from participation in the Co-permittee program and the Regional Water Quality Control Board may address this as a violation of the Municipal Permit.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

On January 28, 2002, City Council authorized the City Manager to enter into the 2001 MOU.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

Formal public review was conducted by the RWQCB prior to the adoption of the 2007 Municipal Permit. The proposed MOU was discussed in publicly noticed meetings which have been ongoing since Spring 2007.

KEY STAKEHOLDERS AND PROJECTED IMPACTS:

Key stakeholders are the 21 Co-permittees who will be sharing the financial and administrative burden of adopting local programs and regulations to conform to the Municipal Permit.

(See Report to the City Council No. 07-197; and the San Diego Gang Prevention and Intervention Strategic Action Plan dated October 2007.)

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2008-459)

Accepting the Strategic Action Plan and referring to the Public Safety and Neighborhood Services Committee for further discussion, monitoring, recommendations, and implementation, as appropriate.

STAFF SUPPORTING INFORMATION:

The Commission on Gang Prevention and Intervention has spent the last 10 months listening to the community about their concerns regarding gangs in their communities. The Commission conducted research, interviewed experts, participated in Listening Tours, and held a community forum - Community Solutions: Regional/Neighborhood Anti Gang Solutions (May 10, 2007). The Forum had nearly 400 attendees expressing ideas as to what they felt the City of San Diego needed and should do to impact the youth violence and gang related crime in their communities. As a result the Commission developed five key goals for the next year for the City to support and implement:

- Goal 1** Establish an effective coordinated collaboration process to impact gang activity Citywide.
- Goal 2** Develop joint partnerships to help address the gang issues within the City of San Diego.
- Goal 3** Establish a data and research analysis process to keep the Mayor, City Council and Commission aware of key gang trends and anti-gang research on an ongoing basis.
- Goal 4** Based on existing funding, build capacity in existing, effective and promising gang prevention and intervention programs/strategies on a neighborhood basis.
- Goal 5** Develop a sustainable funding strategy for the Strategic Action plan.

ADOPTION AGENDA, DISCUSSION, HEARINGS

NOTICED HEARINGS:

ITEM-209: Public Hearing on the Proposed Establishment of a Tourism Marketing District and Levying of Assessments Pursuant to the Tourism Marketing District Ordinance.

[?View referenced exhibit back-up material.](#)

(Scheduled pursuant to City Council's Approval of Intent to Establish a Tourism Marketing District on October 15, 2007, Item No. 205; November 20, 2007, Item No. 337.)

STAFF'S RECOMMENDATION:

Adopt the following resolution:

(R-2008-451)

Adoption of a Resolution of the Council of the City of San Diego establishing a Tourism Marketing District (TMD); levying assessments upon the assessed businesses for a period of five (5) years; authorizing the Mayor or his designee, on behalf of the City, to enter into an agreement with the San Diego Tourism Marketing Promotion Corporation for the operation of the Tourism Marketing District; and prescribing a method for collection of assessments;

Directing the City Clerk, upon the adoption of this Resolution, to record a notice of the levying of the assessments and map of the TMD district pursuant to the San Diego Municipal Code Section 61.2512;

Declaring that this activity is exempt from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Section 15060(c)(3).

STAFF SUPPORTING INFORMATION:

This is a public meeting on the Tourism Marketing District as authorized by City Council at the City Council meeting of October 15, 2007.

At the October 15, 2007 meeting, the City Council:

1. Approved the Tourism Marketing District Management Plan;

ADOPTION AGENDA, DISCUSSION, HEARINGS (Continued)

NOTICED HEARINGS: (Continued)

ITEM-209: (Continued)

2. Declared the intent to establish Tourism Marketing District (TMD) and to levy assessments for the TMD for a maximum of 5 years and set a noticed public meeting date of November 20, 2007, and set December 3, 2007, as the noticed public hearing date for counting ballots and considering protests, and directed that the notice to affected businesses shall include a ballot whereby businesses may indicate their support of or opposition to the proposed assessment.

At the November 20, 2007 meeting the City Council:

Held a public meeting in order to take testimony on the establishment of the Tourism Marketing District and the levying of assessments.

EXECUTIVE SUMMARY:

Representatives from the hotel industry approached City officials about implementing a Tourism Marketing District in mid-2005. Industry representatives were interested in developing a new source of revenue for marketing and promotion in order to retain and expand the tourism industry in San Diego. The tourism industry is the third largest revenue generator for the San Diego economy and a key employment sector. However, future growth of the industry is dependent on additional marketing of San Diego, especially as more hotel rooms come on-line. Maintaining or increasing hotel occupancy rates will also result in enhanced TOT revenues to the City.

Earlier this year, the Tourism Marketing District Procedural Ordinance was adopted. This ordinance outlines the process for forming a Tourism Marketing District. It requires that a TMD Management Plan be developed and that petitions be obtained in support of the district (and the TMD Management Plan) from hotels representing more than 50% of the proposed assessments in order to bring the matter to City Council. The TMD Management Plan (Attachment A) and petition was developed and distributed to 175 businesses (hotels) with 70 or more sleeping rooms. As of September 27, 2007, City Treasurer staff received and verified petitions in support of establishing a Tourism Marketing District from businesses representing more than 50% of the total proposed annual assessments.

As required by the Tourism Marketing District Procedural Ordinance, the establishment of the TMD is being brought to the City Council. Furthermore, if the Council declares its intention to establish the TMD and levy the assessment then the TMD Procedural Ordinance requires that a mailed ballot procedure be conducted by City staff and counted by the City Clerk to determine if a majority protest exists.

ADOPTION AGENDA, DISCUSSION, HEARINGS (Continued)

NOTICED HEARINGS: (Continued)

ITEM-209: (Continued)

STAFF SUPPORTING INFORMATION: (Continued)

If the San Diego Tourism Marketing District is established and is successful then the affected hotels could vote to extend the district at the end of the initial five (5) year period, if not, then the district would lapse of its own accord.

FISCAL CONSIDERATIONS:

If the TMD is established then it is anticipated that that the City will collect approximately \$25 million of TMD assessments annually which will then be disbursed back to the TMD non-profit on a reimbursement basis. Actual costs incurred by the City in administering the TMD program, but not to exceed \$300,000 annually plus a cost escalator, will be recouped from the TMD assessments. In FY 2008, approximately \$5.3 million will be reimbursed to the City from the TMD assessments for certain FY 2008 citywide TOT allocations. Additionally, the City will be reimbursed for initial start-up costs not to exceed \$60,000.

On an on-going basis, for the term of the TMD, the City would no longer provide annual funding of approximately \$10 million to the San Diego Convention and Visitors Bureau and other tourism-related organizations since funding would be provided through the Tourism Improvement District assessments rather than being funded by the City with TOT funds.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

On July 19, 2006, an information only presentation was made to the Budget and Finance Committee by the San Diego Lodging Industry Association on the status of the proposed Tourism Marketing District. The TMD Procedural Ordinance was introduced at Council and had a second reading in May 2007. The ordinance was added to the SDMC on May 30, 2007 and became effective on June 29, 2007. On October 15, 2007, the City Council approved actions for the establishment of the TMD, including the TMD Management Plan and directing staff to notice the affected businesses and send a ballot whereby businesses may indicate their support of or opposition to the proposed assessment.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

Both the Lodging Industry Association and the San Diego County Hotel-Motel Association have participated in the preparation of all Tourism Marketing District documents. Mr. Scott Kessler has addressed industry participants at monthly meetings of the San Diego County Hotel-Motel Association and at committee meetings of the Greater San Diego Chamber of Commerce. Meetings have also been held with representatives of the San Diego Convention and Visitors Bureau to answer questions about the Tourism Improvement District concept. Adopting the resolution of intent will require staff to notice the affected hotel business owners of the public hearings and cause a mailed ballot to occur to determine if there is a majority protest.
