CITY OF SAN DIEGO

DATE ISSUED: REPORT NO:

ORIGINATING DEPARTMENT: Engineering and Capital Projects / Transportation
Engineering Operations Division
SUBJECT: Two-Hour Time Limit Metered Parking on Vermont Street
COUNCIL DISTRICT(S): 3
CONTACT/PHONE NUMBER: Deborah Van Wanseele (619) 533-3012
Julio Fuentes (619) 533-3092

REQUESTED ACTION:

An Ordinance authorizing the installation of a two-hour time limit metered parking zone on the east side of Vermont Street between University Avenue and the Alley south of University Avenue.

STAFF RECOMMENDATION:

Staff recommends approval of the requested action.

EXECUTIVE SUMMARY:

This action will authorize the establishment of a two-hour time limit metered parking zone to be effective everyday between 8:00 AM and 6:00 PM, Sundays and certain holidays excepted on the east side of Vermont Street between University Avenue and the Alley south of University Avenue. This has been requested by the fronting businesses and is consistent with Council Policy 200-4 and is permitted under CVC Section 22508.

The 3800 block of Vermont Street is a two-lane 51-foot wide street with parallel parking permitted on both sides of the street. Currently, two parking meters exist on both sides of Vermont Street just south of University Avenue and the remaining curb space is unregulated. In order to increase turnover and available parking, the business owners on 3875 and 3877 Vermont Street and 1201 University Avenue whose frontage is on Vermont have signed a petition requesting the proposed zone.

The installation of additional two-hour time limit metered parking would result in higher turnover of parking spaces and prevent the extended parking of vehicles, thus allowing parking for the patrons of the businesses in the area.

FISCAL CONSIDERATIONS: \$1,650.00

The proposed parking meter zone would require the installation of four parking meters estimated to cost \$2,800, and new pavement markings to delineate the parking spaces estimated to cost \$200. Funds are not budgeted for the pavement markings for this project. However, Street Division will reprioritize other maintenance needs in order to complete this project. Funding for the parking meters will be shared on a 55% - 45% basis between the General Services Department's budget and the Uptown Partnership, Inc. from parking meter revenues.

The total cost to the City is estimated to be \$1,650.00. It is expected that these meters will result in revenues of \$2430.00 per year to the City.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

None

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

The property owners adjacent to the proposed parking meter zone on Vermont Street have submitted a petition in support of this action. In addition, the Uptown Planners community Planning Group is in support of this proposal.

KEY STAKEHOLDERS AND PROJECTED IMPACTS:

Businesses and residents on this block of Vermont Street, other parking users, and Uptown Planners.
