EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE

Equal Opportunity: Required

The San Diego State University Foundation (SDSU) submitted a Workforce Report for their San Diego office dated February 29, 2008, which indicates 160 employees. The analysis of the Workforce Report reflects under representation in the following areas:

Hispanic	Management & Financial, Administrative Support, Laborers
Asian	Management & Financial, Professional, Technical
Filipino	Management & Financial, Professional, Technical, Administrative Support

The San Diego State University Foundation (SDSU) submitted an Equal Opportunity Plan 5 years ago, which was approved by staff. However, the continued under representation reflected in their Workforce requires that an updated plan be submitted. Staff will review and monitor the plan for equal opportunity compliance upon receipt.

HOW TO READ EMPLOYMENT ANALYSIS SECTION:

The percentages listed in the goals column are calculated by multiplying the CLFA goals by the number of employees in that job category. The number in that column represents the percentage of each protected group that should be employed by the firm to meet the CLFA goal. A negative number will be shown in the discrepancy column for each underrepresented goal of at least 1.00 position.

EXECUTIVE SUMMARY SHEET

DATE REPORT ISSUED: February 22, 2008
ATTENTION: Council President and City Council
ORIGINATING DEPARTMENT: Office of Homeland Security
SUBJECT: AMENDMENT 3 TO AGREEMENT RR-301305 FOR CONSULTANT SERVICES WITH SDSU RESEARCH FOUNDATION
COUNCIL DISTRICT(S): City wide
STAFF CONTACT: Donna Faller (619-533-6763)

REQUESTED ACTION: City Council accept the resolution authorizing the Mayor to execute an amendment to the contract for consultant services with the San Diego State University Research Foundation (SDSURF) to provide geographical information system services, interoperable communications services, project management, regional collaboration and regional technology strategic planning support services. These programs will be carried out under the Regional Technology Partnership as approved by the Unified Disaster Council in 2005.

STAFF RECOMMENDATION: Accept the resolution authorizing the execution of the amendment.

EXECUTIVE SUMMARY: The San Diego Urban Area initiated a Regional Technology Partnership program to be funded through the Urban Area Security Initiative Grants (UASI). The stated purpose of the partnership is to integrate technology to leverage scarce emergency response resources and provide a safer environment throughout the San Diego region. Under the contract currently funded by the FY06 UASI grant, SDSURF provides two technical experts to provide interoperable communications services and geographical information system services for work across all of the jurisdictions of the San Diego Urban Area (SDUA). The work is required to enhance homeland security within SDUA, consisting of San Diego County and the incorporated cities within the county. SDSURF also provides project management, regional collaboration, a technology clearinghouse, and regional technology strategic planning support services across the SDUA as an independent judge of technology, a neutral interface between SDUA jurisdictions and vendors offering competing technology solutions, and best practices in applying available technology to leverage scarce first response resources within SDUA.

This contract was funded initially with the FY05 UASI grant at a cost of \$563,775 through November 30, 2006, and the FY06 UASI grant funds for \$1,213,525 which expire on March 31, 2008. This amendment extends the contract to allow for continued work and the additional hiring of a Technology Clearinghouse Project Manager and technology subject matter experts to support the clearinghouse using our regional FY07 UASI grant funds through March 31, 2010, at a not-to-exceed amount of \$2,959,143.

The City of San Diego, as the core city of the San Diego Urban Area, is the designated administrative agency that manages the UASI Grant through the Office of Homeland Security. Therefore, major grant expenditures, such as this contract amendment, must be processed under City procedures. This is an amendment to a sole source contract based on City Municipal Code §22.3037 and the unique qualifications of SDSURF. Please refer to the attached sole source justification that was approved and accepted as part of the initial contract. Approval is valid through December 31, 2011.

000832

FISCAL CONSIDERATIONS: There are no fiscal impacts. All expenses will be paid through the federal FY07 UASI Grant. This grant has no local match requirement.

PREVIOUS COUNCIL and/or COMMITTEE ACTION: The City Council previously passed resolution 302490 dated March 27, 2007, authorizing the application for, acceptance of and expenditure of federal FY07 Homeland Security grants, including the UASI Grant. The grant was subsequently awarded at the net amount to the SDUA of \$12,792,000. Council also passed resolution 301305 dated March 24, 2006, authorizing the execution of the initial contract with San Diego State Research Foundation for \$563,775 to provide specific services under the FY05 UASI grant funds, in addition to resolution 302322 dated February 14, 2007, authorizing an extension of the contract for \$1,213,525 to include additional scope of work.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS: N/A

KEY STAKEHOLDERS & PROJECTED IMPACTS (if applicable): Key stakeholders are San Diego State University Research Foundation and all of the incorporated cities and the unincorporated areas within San Diego County. These jurisdictions make up the San Diego Urban Area and are participants in the UASI Grant which funds the Regional Technology Partnership. This amendment to contract RR-301305 will provide continued delivery of vital services to enhance homeland security throughout the urban area. The services will be funded totally through the federal FY07 Urban Area Security Initiative Grant.

**AMENDMENT 3 TO AGREEMENT RR-301305 FOR
CONSULTING SERVICES WITH
SDSU RESEARCH FOUNDATION**

This Amendment is made and effective as of March 1, 2008, as modification to Agreement for Professional Consulting Services for Geographic Information System, Interoperable Communications, Technology Strategic Planning, and Collaboration and Project Management dated April 6, 2006, by and between The City of San Diego, a municipal corporation (City), and San Diego State University Research Foundation (SDSURF), a 501(c)3 corporation affiliated with San Diego State University, collectively Parties.

RECITALS

- A. The Parties entered into an Agreement on or about April 6, 2006, for Professional Consulting Services for Geographic Information System, Interoperable Communications, Technology Strategic Planning, and Collaboration and Project Management.
- B. The scope of work, as modified by amendments 1 and 2, includes efforts concerning advising the city on technology strategy planning, conducting research on Geographic Information and Interoperable Communications systems, evaluating and making recommendations on technologies, and included the terminology of a technology clearinghouse to describe those activities.
- C. This modification extends the period of performance for 24 months consistent with the provisions of the original contract, and allows personnel additions and realignment of labor costs from the original plan to include regional technology clearinghouse operations. This amendment also provides for the initiation of phase one of the San Diego Regional Emergency Geospatial Information Network (SDREGIN) project, which establishes a baseline, needs analysis, data set identification, minimal data standards, and network design and roadmap for completion of the SDREGIN effort.
- D. Labor cost realignment will be the responsibility of and at the discretion of the SDSURF PI, and in no case will exceed the amended contract cost.
- E. The Parties desire to modify the original contract and SDSURF agrees to provide the additional performance within the amended not-to-exceed costs for this period as set forth below.

NOW, THEREFORE, in consideration of the Recitals stated above, and incorporated herein by this reference and the mutual obligations of the Parties expressed herein, the City and SDURF agree as follows:

- 1. That all the terms and conditions of the Agreement for Professional Consulting Services for Geographic Information System, Interoperable Communications, Technology Strategic Planning, and Collaboration and Project Management dated April 6, 2006, between The City of San Diego, and SDSURF are of full force and effect except as expressly and specifically previously amended to date and herein.

2. That Attachments 1 and 2 SCOPE OF SERVICES to the original agreement are hereby amended to include an additional period of performance commencing on March 1, 2008, and ending February 28, 2010, with a new not-to-exceed funding amount identified for that period as specified in paragraph 3, below.
3. That Attachment 1 COST SCHEDULE to the original agreement as amended by amendments 1 and 2 in the contract is hereby further amended as set out below.

A. A new cost schedule will be added to the basic contract to reflect the above wording and the required cost for the new period of performance as follows:

Burdened Cost elements:	(\$)
Project and Collaboration Manager	426,926
Interoperable Communications Project Manager	350,458
Geographic Information System Project Manager	273,193
Technology Clearinghouse Project Manager	296,696
SDREGIN Program Definition and Management	480,000
Technical Support	606,315
Administrative and Project Support	186,707
Travel	34,469
Other Direct Costs - General (computers, mobile Phones, Office Supplies, wireless connectivity)	48,202
Facilities	82,177
3Cs, security and technical hardware	174,000
Total	\$2,959,143

4. That Article 3 of the basic contract be modified as follows:

Milestone	Estimated Completion Date
Project Startup	Contract Initiation
Hiring of SDREGIN project consultant	TBD
Update of Regional Strategic Technology Plan	Periodic
Clearinghouse Concept Refinement	ongoing
Clearinghouse Operations	Continuous
SDREGIN Concept definition	EOT
Monthly Reports	Monthly
Program Management and Community Collaboration	Continuous

5. Additional Services – The CITY may require additional services that are outside the Scope of Work and Compensation listed in Article 2 and 3 above, but are required to complete the project. Additional Services, if any, shall be authorized only by written change order(s) executed by both parties. Such additional services shall be billed by SDSURF in accordance with rates consistent in the Cost Schedule including additional support, equipment, facilities and travel expenses. The total cost shall not exceed \$2,959,143 unless approved by Council action.
6. Any modifications to this Amendment and the underlying Agreement shall be in writing and mutually agreed upon.
7. That the original contract, as modified by the first and second amendments, represents the entire understanding of the Parties.

(Remainder of Page Intentional Left Blank)

IN WITNESS WHEREOF, this Amendment to Agreement is executed by The CITY OF SAN DIEGO, acting by and through the Mayor pursuant to San Diego Municipal Code section 22.0209.
