Re: Opportunity to Serve on the Community Forest Advisory Board

As a native San Diegan, Pat Caughey has been involved in the local landscape profession for over 35 years. His extensive knowledge of the profession started with courses in Ornamental Horticulture at Madison High School in the early 1970's.

He then received his Bachelors of Science of Design in Landscape Architecture from Arizona State University. His extensive knowledge of arid climate conditions, water conservation measures, and irrigation design stem from his work in managing a branch office in Arizona.

He is also familiar with community census building through work at his own firm. Most recently, Mr. Caughey served as the 2006-2007 National President of the American Society of Landscape Architects in which he promoted the profession of landscape architecture worldwide.

Caughey is a licensed Landscape Architect in four southwest states.
