**EXECUTIVE SUMMARY SHEET**

**DATE REPORT ISSUED:**

**REPORT NO.:**

**ATTENTION: 000345**

Council President and City Council

**ORIGINATING DEPARTMENT:**

Engineering and Capital Projects/Transportation Engineering Operations Division

**SUBJECT:**

Removal of Angle Parking on Louisiana Street

**COUNCIL DISTRICT(S):**

(3) Toni Atkins

**STAFF CONTACT:**

Deborah Van Wanseele (619) 533-3012 and  
Walt Huffman(619) 533-3176

**REQUESTED ACTION:**

A resolution to remove angle parking on the east side of Louisiana Street between Meade Avenue and Monroe Avenue.

**STAFF RECOMMENDATION:**

Staff recommends approval of the requested action.

**EXECUTIVE SUMMARY:**

This action will rescind resolution R-301367 and authorize the removal of angle parking on the east side of Louisiana Street between Meade Avenue and Monroe Avenue. Louisiana Street between Meade Avenue and Monroe Avenue is a 40-foot wide 2-way street with angle parking on the east side and parallel parking on the west side of the street. This action will result in a loss of 8 parking spaces. This action is in accordance with Municipal Code 86.03.

The initial request for angle parking was received by residents of this segment of Louisiana Street and was approved by the Greater North Park Community Planning Group. The installation of angle parking was approved by the City Council and was installed on June 13, 2006.

After angle parking was installed, residents expressed concern as to the width of travel lanes for 2-way traffic, and that the sight distance for driveways had been reduced. A petition signed by the majority of the residents fronting this segment of Louisiana Street was received requesting removal of angle parking.

**FISCAL CONSIDERATIONS: \$1,280**

General funds are not budgeted for this specific project. However, Street Division will reprioritize other maintenance needs to complete this project.

**PREVIOUS COUNCIL and/or COMMITTEE ACTION:**

Council approved by resolution the installation of angle parking at this location on April 26, 2006 R-301367

**COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:**

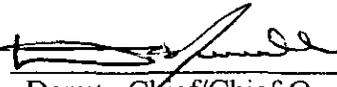

The property owners adjacent to this segment of Louisiana Street have signed a petition in favor of the removal of angle parking. In addition, the Greater North Park Community Planning Group voted on July 17, 2007; 9-1-0 in support of the removal of angle parking.

**KEY STAKEHOLDERS & PROJECTED IMPACTS (if applicable):**

This action will result in 8 less parking spaces. The adjacent property owners will have a wider travel lane and increased visibility exiting driveways.

### RULES AND REGULATIONS FOR ANGLE PARKING

Angle parking is authorized by the San Diego Municipal Code only where lines indicating such parking are marked on the street by the City. Angle parking requires sufficient street width to provide for vehicle storage, maneuvering, and through Traffic. Angle parking should not be installed if the street is a classified major street, carries heavy traffic volumes, or has high speeds. Please note that 20 feet of red curb is required at each driveway in order to preserve access when there is angle parking, thus angle parking on blocks with numerous driveways may actually reduce the number of parking spaces. Angle parking should only be considered when there will be an increase in parking spaces. Property ownerships may be obtained from the County Assessor's office located in the County Administration Building, 1600 Pacific Highway. The average time for processing the request is 60 days.

This information is available in alternative formats upon request.

## XII. Action Items

1. Request to remove Angle Parking on the east side of Louisiana Street, between Mead Ave & Monroe Ave. Installation of Angle Parking occurred about a year ago, even though under City standards the width of Louisiana St does not grant for angle parking on one side, and neighbors have expressed unsafe maneuvering. Julie Braden spoke in favor of keeping the angle parking. Todd Flynn and Michael Caldwell spoke in favor of removing the angle parking. Roger Lewis suggested following the compromise offered by the City to reduce the angle. Member Arechiga explained that the City had measured wrong initially and the street is not wide enough for angle parking. Following discussion by the Board - Motion: To support petition to remove Angle Parking on east side of Louisiana St, between Meade Avenue and Monroe Avenue, with the recommendation that marked parking be instituted on the east and west side of Louisiana Street for parallel parking. Cronan/Steppke 9-1-0. (Voting yes: Arechiga, Armelin, Cronan, Gonzales, Granowitz, Petersen, Rosa, Steppke, Whitburn. Voting no: Martin.)
2. NPPC Demolition Position Paper. Following brief discussion - Motion to adopt and approve NPPC Demolition Paper and submit it to the appropriate City personnel. Martin/Rosa 10-0-0
3. Adoption of GNPCPC/NPPC Bylaws. Following presentation by the Chair and Rob Steppke-
  - a. MOTION TO AMEND AND REVISE BYLAWS AS FOLLOWS:
