REQUESTED ACTION:

1. Authorize the Mayor or his representative to apply for, accept : this grant.
2. Authorize the City Comptroller to establish a special fund for the purpose of tracking the grant funds.
3. Authorize the City Comptroller to accept, appropriate and expend the grant fund when the grant is officially authorized by the U.S. Department of Justice, Office of Community Oriented Policing Services.
4. Authorize the Chief of Police to administer and operate this program.

STAFF RECOMMENDATION: Authorize the requested actions.

EXECUTIVE SUMMARY:

The San Diego Police Department has been selected to receive \$678,039 in federally appropriated funds to enhance law enforcement and crime prevention abilities through the use of greatly expanded automation capabilities.

The Project Goal is to build upon existing automated systems to capture, analyze and provide criminal justice data in the field for officers and detectives to utilize in identifying and targeting crime problems.

The Objectives are to: (1) enhance existing systems to permit electronic capture of timely and relevant criminal data from the field; (2) provide criminal justice data in the field, using laptops and PDAs, in a real time, user friendly format; and (3) incorporate advanced problem solving abilities, including data gathering, analysis, and dissemination.

In order to implement these objectives, funds will be used to enhance the automation systems to permit them to: capture auto theft information electronically; establish an online reporting system for citizens; enhance mapping and link analysis; auto-populate the arrest log; enable multiple system queries with a single search; and convey additional data to officers in the field. Funds are allocated to the equipment, supplies and consultants/contractors categories for the above purposes.

001314

The project period is 36 months, to design, develop, test and implement the enhancements. Once department-wide application is achieved, the project is expected to greatly improve the ability to predict, prevent and solve crime; identify linkages, hotspots, associates, and other connections; support greater cooperation among local, regional, state and federal agencies; improve community relations; and bring community policing and problem solving to new levels in San Diego.

A process and evaluation will be conducted to assess department and community satisfaction with the improvements.

EEO: This agreement is subject to the City's Equal Opportunity Contracting (San Diego Ordinance No. 18173, Section 22.2701 through 22.2702) and Non-Discrimination in Contracting Ordinance (San Diego Municipal Code Sections 22.3501 through 22.3517)

FISCAL CONSIDERATIONS: Approval of this project will result in no additional direct costs to the City or SDPD. There is no requirement for matching funds, nor to continue program operations or expenditures after funding is depleted or discontinued.
