OFFICE OF MAYOR JERRY SANDERS

MEMORANDUM

DATE: October 3, 2008

TO: Mayor Jerry Sanders, City Council

FROM: Job Nelson, Director Intergovernmental Relations *fn*

RE: November 2008 State Ballot Measures

In determining whether or not the City should support or oppose a given ballot measure, the Intergovernmental Relations Department generally applied the criteria that were used as a guide in establishing the City's 2008 legislative priorities:

1. Does the proposal provide significant revenues or funding opportunities to the City?
2. Does the proposal provide significant cost savings if enacted?
3. Does the proposal enhance public safety?
4. Does the proposal provide the City with greater ability or flexibility to provide municipal services to its citizens?
5. Does the proposal limit or enhance local control?

These criteria do not prohibit individual Councilmembers or the Mayor from taking an individual position of support or opposition to any ballot measure.

Proposition 1A: Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century

Prop. 1A asks voters to approve the issuance of **\$9.95 billion** of general obligation bonds. The funding would be used supplement private monies in order to build the approximately \$40 billion high speed rail system that would stretch from Sacramento down through San Francisco and Los Angeles and end in San Diego. The California High-Speed Rail anticipated the system to be completed around 2030. A portion of the funds, \$950 million, would also be available for capital projects on other passenger rail lines to provide connectivity to the high-speed train system and for capacity enhancements and safety improvements to those lines. The City was active in lobbying for AB 3034 which amended

Prop 1 to give all high-speed rail corridors, including the route through the San Diego region, an equal opportunity to compete for a share of the \$9 billion.

IRD Recommendation: *Support*

It is IRD's recommendation that the City of San Diego support this proposition. The City is already home to the second busiest Amtrak Line in the nation—the Los/San Corridor—which might benefit from the \$950 million in non high-speed rail funds. Additionally, a high-speed rail line that terminated at Lindbergh Field would provide long term benefits to air capacity for San Diego International Airport by reducing the need for commuter flights back and forth to Los Angeles and other cities along the high-speed rail system.

The City is responsible through SANDAG for regional rail issues and aviation issues, therefore this meets the IRD criteria for support or opposition.

Proposition 2: Standards for Confining Farm Animals

The City has already taken a position on this proposition.

Proposition 3: Children's Hospital Bond Act

This measure authorizes just under \$1 billion in bonds, to be repaid from state's General Fund, to fund the construction, expansion, remodeling, renovation, furnishing and equipping of children's hospitals. This initiative was sponsored by children's hospitals across the state. Rady Children's Hospital would benefit if this bond is passed.

IRD Recommendation: *No Position*

This measure does not meet the criteria for a formal city position.

Proposition 4: Abortion Waiting Period and Parental Notification Initiative

The initiative would require parental notification of an unemancipated minors abortion or, if parental abuse has been reported, an alternative adult family member.

IRD Recommendation: *No Position*

This measure does not meet the criteria for a formal city position.

Proposition 5: Nonviolent Offender Rehabilitation Act (NORA)

According to the Secretary of State's Office Proposition 5 includes provisions that:

- Requires California to expand and increase funding and oversight for individualized treatment and rehabilitation programs for nonviolent drug offenders and parolees.

- Reduces criminal consequences of nonviolent drug offenses by mandating three-tiered probation with treatment and by providing for case dismissal and/or sealing of records after probation.
- Limits court's authority to incarcerate offenders who violate probation or parole.
- Shortens parole for most drug offenses, including sales, and for nonviolent property crimes.
- Creates numerous divisions, boards, commissions, and reporting requirements regarding drug treatment and rehabilitation.
- Changes certain marijuana misdemeanors to infractions.

IRD Recommendation: *Oppose*

This measure has the potential to negatively impact public safety and therefore meets the formal position criteria. By reducing sentencing requirements for key crimes it increases the likelihood that drug dealers will also be given the same lenient treatment as casual users. It is opposed by the California District Attorneys Association and the California State Sheriffs Association, as well as numerous other law enforcement and community groups.

Proposition 6: Safe Neighborhoods Act

According to the Legislative Analyst's Office the provisions of Proposition 6 include:

- Enhances various criminal justice programs and increases spending for prison and parole operations. This funding would come from California's General Fund, reallocating funds currently spent on K-12 Education, Higher Education, Health and Human Services, Business, Transportation and Housing, and Environmental Protection
- Enhances penalties for gang crimes by prosecuting youth 14 years or older who are accused of a "gang-related" felony as unfit for trial in a juvenile court as adults.
- Requires that all public housing occupants submit to annual criminal background checks. If any occupant did not pass this criminal background check, the entire family would be removed from their housing.
- Increase penalties for several crimes, including violating gang injunctions, methamphetamine crimes, or carrying loaded or concealed firearms by certain felons.
- Eliminates bail for undocumented individuals charged with violent or gang-related felonies.
- Establish as a crime the act of removing or disabling a monitoring device affixed as part of a criminal sentence.
- Change evidence rules to allow use of certain hearsay statements as evidence when witnesses are unavailable.

IRD Recommendation: *Support*

This measure has the potential to enhance public safety and therefore meets the formal position criteria. This bill provides sentencing enhancements for gang related crimes. It is supported by the California District Attorneys Association and the California State

Sheriffs Association, as well as numerous other law enforcement groups. That said, we are hesitant in our support due to the potential significant statewide budget impacts that this bill would generate. Additionally, we are hesitant to support any measure that contributes to ballot box budgeting for the state. This initiative is opposed by the California Teachers Association and other public employee labor unions.

Proposition 7: Renewable Energy Statute

According to the Secretary of State the provisions of Propositions 7 include:

- All electric utilities will be required to provide half of their electricity from solar and clean energy facilities by 2025.
- This initiative moves considerable authority away from the Public Utilities Commission (PUC) and moves it to the California Energy Commission (CEC). Including requiring the CEC to identify solar and clean energy zones to jump-start clean power plants.
- Renewable plant construction permits would be fast-tracked for approval by the California Energy Commission once all environmental reviews are in place. This fast-tracking would limit local control by curtailing the period for local comments and participation to 100 days.
- Penalties levied on utilities would be reduced from 5% to 1% for specific acts of non-compliance, but the total cap on fines that can be imposed on a utility would be eliminated.
- Funds from these penalties will be spent by the CEC on the construction of new transmission lines or the improvement of existing transmission lines to provide access for renewable energy to the grid.
- Utilities will be prohibited from passing along penalties to their electric rate-payers.
- Caps price impacts on consumer's electricity bills at less than 3 percent. However, the non-partisan California Legislative Analyst's Office states that "the measure includes no specific provisions to implement or enforce this declaration".
- Renewable energy sources include solar thermal, photovoltaic, wind, geothermal, small hydro, biomass, and tidal, etc., as provided for in current law Public Resources Code section 25741.

IRD Recommendation: *Oppose*

This measure will negatively impact local control and therefore meets the formal position criteria. It also has the potential to increase rates at least in the short term. It is opposed by the California League of Cities as well as numerous environmental advocacy organizations and community groups.

Proposition 8: Eliminates Right of Same-Sex Couples to Marry Act

Is a California constitutional amendment that will add the following text: "Only marriage between a man and a woman is valid or recognized in California."

IRD Recommendation: *Oppose*

While this measure does not meet the criteria outlined above, IRD recommends an oppose position that is consistent with the action taken by the City Council in the amicus brief on the Supreme Court Decision to strike down Proposition 22.

Proposition 9: Victims' Rights and Protection Act of 2008

According to the LAO, the provisions of Proposition 9 include:

- Provisions requiring the payment of restitution to victims.
- Any funds collected by a court, or law enforcement agencies, from a person ordered to pay restitution would go to pay that restitution first, in effect prioritizing those payments over other fines and obligations an offender may legally owe.
- Provisions regarding the notification and participation of victims in criminal justice proceedings.
- Provisions that expand victims' legal rights.
- Provisions that affect how parole is granted and revoked.

IRD Recommendation: *No Position*

This measure does not meet the criteria for a formal city position. Many of the provisions in Proposition 9 were already enacted in Proposition 8 (1982). This measure does have the potential to increase the amount of money the state already spends on incarceration.

Proposition 10: California Alternative Fuels Initiative

According to the Secretary of State's Office this bond measure would authorize \$5 billion in general obligation bonds to support alternative fuels, with the emphasis being natural gas technologies. The breakdown of the spending is as follows:

- 58% in cash payments of between \$2,000 and \$50,000 to purchasers of certain high fuel economy and alternative fuel vehicles;
- 20% in incentives for research, development and production of renewable energy technology;
- 11% in incentives for research and development of alternative fuel vehicle technology;
- 5% in incentives for purchase of renewable energy technology;
- 4% in grants to eight cities for education about these technologies; and
- 3% in grants to colleges to train students in these technologies.

IRD Recommendation: *No Position*

This measure does not meet the criteria for a formal city position. This bill is being opposed by California State Association of Counties, as well as environmental advocacy groups, consumer watchdog groups, business, labor and taxpayer organizations.

Proposition 11: Voters FIRST Act

According to the Secretary of State this redistricting constitutional amendment:

- Changes authority for redistricting the Assembly, Senate, and Board of Equalization district boundaries from elected representatives to a 14 member commission.
- Requires government auditors to select 60 registered voters from applicant pool. Permits legislative leaders to reduce pool, then the auditors pick eight commission members by lottery, and those commissioners pick six additional members for 14 total.
- Requires that the commission consist of five Democrats, five Republicans and four of neither party. Commission shall hire lawyers and consultants as needed.
- For approval, district boundaries need votes from three Democratic commissioners, three Republican commissioners and three commissioners from neither party

IRD Recommendation: *No Position*

This measure does not meet the criteria for a formal city position.

Proposition 12: Veterans' Bond Act of 2008

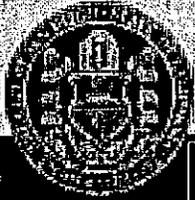

The ballot summary states that "This act provides for a bond issue of nine hundred million dollars (\$900,000,000) to provide farm and home aid for California veterans." Costs of the program are paid by veterans who participate in the program by purchasing properties or homes. California began the veterans' home loan programs in the 1922. California voters have subsequently been asked 26 times to fund the program and have said "yes" all 26 times, for a total of \$8.4 billion in the past. The 2008 effort is the 27th time voters will have been asked to support the program. Prop. 12's request for \$900 million is the largest request for a Cal-Vet bond

IRD Recommendation: *No Position*

This measure does not meet the criteria for a formal city position.

1 RULES 10/8/08 T

City of San Diego

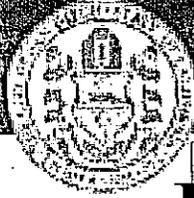

Overview

City can take a position on a ballot proposition but it cannot use taxpayer dollars to advocate on behalf of a measure.

These criteria do not prohibit individual Councilmembers or the Mayor from taking an individual position of support or opposition to any ballot measure.

In our IRD Report we included criteria and recommendations should the Council over the next month decide that they wish to take a formal position on any of these measures.

000264

City of San Diego

Proposition 1A: Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century

- Prop. 1A asks voters to approve the issuance of \$9.95 billion of general obligation bonds.
- The funding would be used to supplement private monies in order to build the approximately \$40 billion high speed rail system that would stretch from Sacramento down through San Francisco and Los Angeles and end in San Diego.
- The High Speed Train Bond Act has been delayed 4 times.
- A portion of the funds, \$950 million, would also be available for capital projects on other passenger rail lines to provide connectivity to the high-speed train system and for capacity enhancements and safety improvements to those lines.
- The City was active in lobbying for AB 3034 which amended Prop 1 to give all high-speed rail corridors, including the route through the San Diego region, an equal opportunity to compete for a share of the \$9 billion.

000265

Prop 1A Supporting Arguments

- The high speed train network proposed in the initiative will reduce highway traffic congestion without raising taxes.
- It will save commuters time and money.
- It will remove 12 billion pounds of CO(2) emissions.
- The ridership and revenue forecasts in the project's plan were subjected to "tough peer review".
- Federal funds and private grants that amount to as much as 9 billion dollars will match the debt incurred if this proposal passes.

Supporters include: California Labor Federation, Sierra Club, League of Conservation Voters, CALPIRG, California Hispanic Chamber of Commerce

Prop 1A: Opposing Arguments

000267

- There is no guarantee the project will ever be completed.
- Building the rail system on the proposed route will have an adverse impact on 140-180 parks, wildlife refuges and protected open spaces.
- It is a political boondoggle and a waste of money.
- Existing transit systems should be expanded instead of starting from scratch.

Opponents include: Howard Jarvis Taxpayers Association, California Chamber of Commerce, California Rail Foundation

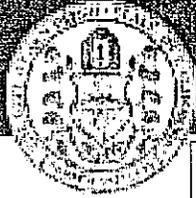

City of San Diego

Proposition 2: Standards for Confining Farm Animals

The City has already taken a position on this proposition

00268

City of San Diego

Proposition 3: Children's Hospital Bond Act

- This measure authorizes just under \$1 billion in bonds, to be repaid from state's General Fund, to fund the construction, expansion, remodeling, renovation, furnishing and equipping of children's hospitals.
- This initiative was sponsored by children's hospitals across the state.
- Rady Children's Hospital would benefit if this bond is passed.

000269

Prop 3 Supporting Arguments

000270

- The initiative will help provide the hospitals with enough money for greater bed capacity.
- The initiative will also allow hospitals to purchase important equipment as well as the most modern technologies.

Supporters include: American Academy of Pediatrics - California, California Medical Association, California Chamber of Commerce, League of Women Voters of California, California Federation of Teachers, California Parent Teacher Association (PTA), Actress Jamie Lee Curtis

Prop 3: Opposing Arguments

000271

- Proposition 3 is misuse of the public ballot system by special interests
- The measure also allows money to go to hospitals that are not children's hospitals
- These very same special interest groups initiated the passage of Prop 61-half of that money still remains unspent

Opponents include: National Tax Limitation Committee

Proposition 4: Abortion Waiting Period and Parental Notification Initiative

The initiative would require parental notification of an unemancipated minor's abortion or, if parental abuse has been reported, an alternative adult family member. The initiative also:

- Provides notification exceptions for medical emergency or parental waiver.
- Permits courts to waive notice based evidence of minor's best interests.
- Mandates reporting requirements, including reports from physicians regarding abortions on minors.
- Authorizes damages against physicians for violation.
- Requires minor's consent to abortion, with exceptions.

City of San Diego

Prop 4 Supporting Arguments

000273

- 34 other U.S. States have notification laws in place that proponents argue have resulted in declined rates of teen abortion, STDs, and teen pregnancy.
- An abortion for a minor without the knowledge of a family member or guardian may result in additional health complications that parents may not be aware of to seek help.
- Abortion clinics may not report sexual crimes. This builds in reporting redundancy.
- Governor Schwarzenegger has gone on the record in support of the initiative.

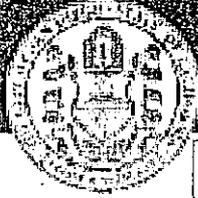

Supporters include: Pacific Justice Institute, Family Research Council, Advocates for Faith and Freedom

Prop 4: Opposing Arguments

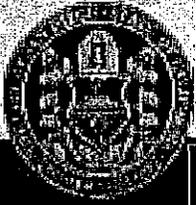

- Mandated parental notification laws don't work.
- Some teenagers fear going to their parents
- Prop 4 may force these teens to delay medical care, turn to self-induced abortions, or consider suicide.

Opponents include: American Academy of Pediatrics, California District, American College of Obstetricians and Gynecologists, District IX, California Nurses Association, California Teachers Association, Planned Parenthood Affiliates of California

Proposition 5: Nonviolent Offender Rehabilitation Act (NORA)

- Requires California increase funding and expand oversight for individualized treatment and rehabilitation programs for nonviolent drug offenders and parolees.
- Reduces criminal consequences of nonviolent drug offenses by mandating three-tiered probation with treatment and by providing for case dismissal and/or sealing of records after probation.
- Limits court's authority to incarcerate offenders who violate probation or parole.
- Shortens parole for most drug offenses, including sales, and for nonviolent property crimes.
- Creates numerous divisions, boards, commissions, and reporting requirements regarding drug treatment and rehabilitation.
- Changes certain marijuana misdemeanors to infractions.

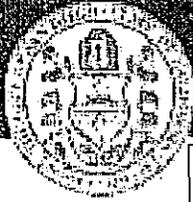

Prop 5 Supporting Arguments

000276

- The initiative would reduce pressure on overcrowded and expensive prisons.
- It focuses on rehabilitation making it a real priority for the state prison system and restructures the Department of Corrections and Rehabilitation to further that goal.
- NORA commits about \$65 million per year to drug treatment and other support programs for at-risk youth, creating a system of care for young people under the age of 18 where no services exist now.

Supporters include: California Nurses Association, California Society of Addiction Medicine, California Academy of Family Physicians, League of Women Voters of California, California Federation of Teachers, California Labor Federation

Prop 5: Opposing Arguments

- The initiative shortens parole for methamphetamine dealers and other drug felons from 3 years to 6 months.
- This measure may allow drug users to escape prosecution for other crimes by claiming addiction— for this reason it is strongly opposed by MADD.
- It establishes two new bureaucracies with limited accountability and at a cost of hundreds of millions of dollars.
- Addicted defendants will be permitted five violations of probation or treatment failures based on drug use, and judges will be unable to meaningfully intervene until the sixth violation.
- The Governor and Legislature cannot adjust Prop 5 funding, even in times of budget shortfall or state crisis.

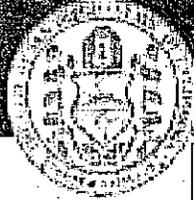

Opponents include: Mothers Against Drunk Driving (MADD), Crime Victims United, California State Association of Counties (CSAC), California Chamber of Commerce, California District Attorneys Association, California Police Chiefs Association, National Drug-Free Workplace Alliance, National Association of Drug Court Professionals.

Proposition 6: Safe Neighborhoods Act

000278

- Enhances various criminal justice programs and increases spending for prison and parole operations. This funding would come from California's General Fund.
- Enhances penalties for gang crimes by prosecuting youth 14 years or older who are accused of a "gang-related" felony as unfit for trial in a juvenile court.
- Requires that all public housing occupants submit to annual criminal background checks. If any occupant did not pass this criminal background check, the entire family would be removed from their housing.
- Increase penalties for several crimes, including violating gang injunctions, methamphetamine crimes, or carrying loaded or concealed firearms by certain felons.
- Eliminates bail for undocumented individuals charged with violent or gang-related felonies.
- Change evidence rules to allow use of certain hearsay statements as evidence when witnesses are unavailable.

- Creates tougher punishment for gang crimes, drive-by shooting, meth distribution and victim intimidation.
- Enhances and increases funding for gang prevention programs.
- It funds victim-witness protection programs.
- Prohibits bail for illegal aliens who are charged with violent or gang crimes.
- Ensures funding for local police, sheriff, district attorneys and probation officers.

Supporters include: California Police Chiefs' Association, California District Attorneys Association, Chief Probation Officers' of California, California Peace Officers Association, Crime Victims United, National Tax Limitation Committee

Prop 6: Opposing Arguments

- It could divert billions from California's schools, hospitals and childcare centers, deepening the state's ongoing budget crisis.
- Opponents argue that it targets poor people, forcing recipients of public housing subsidies to submit to annual criminal background checks with the intention of withdrawing the housing subsidies of people with recent criminal convictions.
- It also targets undocumented immigrants by denying bail to those charged with violent or gang-related crimes and requiring local sheriffs to inform Immigration and Customs Enforcement (ICE) of the arrest and charges of people who are undocumented.
- It guarantees billions of taxpayer dollars to unproven programs with no accountability.

Opponents include: California Teachers Association, California Federation of Teachers, California State Firefighters Association, California Labor Federation, AFL-CIO, California State Conference of the NAACP

Proposition 7: Renewable Energy Statute

000281

- All electric utilities will be required to provide half of their electricity from solar and clean energy facilities by 2025.
- This initiative moves considerable authority away from the Public Utilities Commission (PUC) and moves it to the California Energy Commission (CEC). Including requiring the CEC to identify solar and clean energy zones to jump-start clean power plants.
- Renewable plant construction permits would be fast-tracked for approval by the California Energy Commission once all environmental reviews are in place. This fast-tracking would limit local control by curtailing the period for local comments and participation to 100 days.
- Penalties levied on utilities would be reduced from 5% to 1% for specific acts of non-compliance, but the total cap on fines that can be imposed on a utility would be eliminated.

Proposition 7: Renewable Energy Statute

000282

- Funds from these penalties will be spent by the CEC on the construction of new transmission lines or the improvement of existing transmission lines to provide access for renewable energy to the grid.
- Utilities will be prohibited from passing along penalties to their electric rate-payers.
- Caps price impacts on consumer's electricity bills at less than 3 percent. However, the Legislative Analyst's Office states that "the measure includes no specific provisions to implement or enforce this declaration."
- Renewable energy sources include solar thermal, photovoltaic, wind, geothermal, small hydro, biomass, and tidal, etc., as provided for in current law.

Prop 7 Supporting Arguments

- Proponents offer a letter from three Nobel prize winning scientists that states the initiative provides powerful and necessary tools to reach the goals of 50% renewable energy by 2025.
- It would make California the world leader in clean power technology.
- It would help create over 370,000 new high wage jobs.
- The initiative meets environmental protection standards as outlined in the Warren-Alquist Act and Desert Protection Act.
- Provides for local government review.
- It will have no negative impact on small-scale renewables and will very likely benefit small-scale renewables.

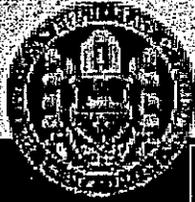

Supporters include: No organizational endorsements but endorsed by John Burton, Danny Glover

Prop 7: Opposing Arguments

- Will force small wind and solar companies out of the market. The initiative excludes small renewable plants smaller than 30mw from counting towards new requirements.
- Contains a provision that virtually guarantees that electricity consumers will pay 10% above market rates for renewable power forever, even when the costs of solar and wind sources become more competitive.
- Will cause the average California household to see its utility bill increase by more than \$300 each year.
- An analysis by the California Public Utilities Commission legal counsel warns that Prop. 7 could interfere and delay renewable energy programs.

Opponents include: California League of Conservation Voters, Environmental Defense Fund, Natural Resources Defense Council, Sierra Club California, California Solar Energy Industries Association, California Wind Energy Association, California Taxpayers' Association, League of Women Voters of California, California Chamber of Commerce, California Labor Federation, League of California Cities

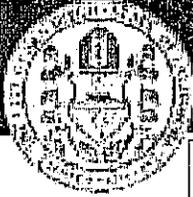

City of San Diego

000285

Proposition 8: Eliminates Right of Same-Sex Couples to Marry Act

Is a California constitutional amendment that will add the following text:
"Only marriage between a man and a woman is valid or recognized in California."

The constitutional amendment would overturn the courts decision this spring which allowed same sex couples to marry in California.

Prop 8 Supporting Arguments

- Proposition 8 doesn't take away any rights or benefits of gay or lesbian domestic partnerships.
- Prop. 8 "restores the definition of marriage to what the vast majority of California voters already approved and human history has understood marriage to be."
- It overturns the decision of four activist Supreme Court judges who the will of the people.
- It protects children from being taught in public schools that "same-sex marriage" is the same as traditional marriage.

Supporters include: American Family Association, California Family Alliance, Concerned Women for America, Family Research Council

Prop 8: Opposing Arguments

- The California Constitution should guarantee the same freedoms and right to everyone. "Equal protection under the law is the foundation of American society."
- The institution of marriage conveys dignity and respect to the lifetime commitment that a couple makes.
- The freedom to marry is fundamental to our society, just like the freedoms of religion and speech.

Opponents include: California NAACP, California NOW, The Center Advocacy Project, Gay & Lesbian Alliance Against Defamation (GLAAD), California Federation of Teachers, California Labor Federation

Proposition 9: Victims' Rights and Protection Act of 2008

- This initiative requires the payment of restitution to victims.
- Any funds collected by a court, or law enforcement agencies, from a person ordered to pay restitution would go to pay that restitution first, in effect prioritizing those payments over other fines and obligations an offender may legally owe.
- This initiative enhances the notification and participation of victims in criminal justice proceedings.
- The initiative contains provisions that expand victims' legal rights.
- It impacts how parole is granted and revoked.

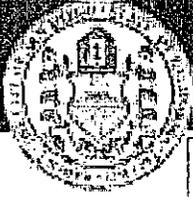

Prop 9 Supporting Arguments

000289

- Proposition 9 would save money because under the current system, taxpayers are spending money to fund hearings for criminals who have little chance of release.
- Enhances victim rights.
- Parole judges could increase the number of years between parole hearings typically to 15 years, saving money.

Supporters include: A list of endorsers could not be found

Prop 9: Opposing Arguments

000290

- Voters already approved many components of Prop. 9 when they passed Proposition 8 (1982), including the requirements that victims be notified of critical points in an offender's legal process as well as the rights for victims to be heard throughout the legal process.
- The provision in Prop. 9 to stop early release of criminals could end up costing the taxpayer in the "hundreds of millions" of dollars.
- It would make prison overcrowding in California even worse.
- Opponents say that Prop. 9 would affect early parole of only 1% of the most violent criminal population.

Opponents include: California Teachers Association, California Federation of Teachers

Proposition 10: California Alternative Fuels Initiative

This bond measure would authorize \$5 billion in general obligation bonds to support alternative fuels, with the emphasis being natural gas technologies. The breakdown of the spending is as follows:

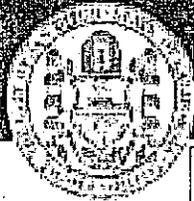

- 58% in cash payments of between \$2,000 and \$50,000 to purchasers of certain high fuel economy and alternative fuel vehicles;
- 20% in incentives for research, development and production of renewable energy technology;
- 11% in incentives for research and development of alternative fuel vehicle technology;
- 5% in incentives for purchase of renewable energy technology;
- 4% in grants to eight cities for education about these technologies; and
- 3% in grants to colleges to train students in these technologies.

Prop 10 Supporting Arguments

- This initiative provides funding for the generation of electricity from renewable sources, and provide consumer rebates for the purchase or lease of clean alternative fuel vehicles.
- The funding allocates money into research for alternative fuels.
- The diesel trucks that could be replaced produce dangerous pollution.
- Alternatives to high-priced gasoline are important.

Supporters include: City of Oakland, Ed Begley, Jr., Actor
Ron Dellums, Mayor, City of Oakland, Bob Foster, Mayor, City of
Long Beach, Miguel Pulido, Mayor, City of Santa Ana, Plug in
America, Consumers First, California Natural Gas Vehicle Partnership

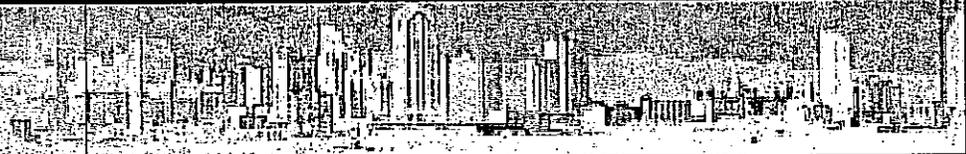

Prop 10: Opposing Arguments

000293

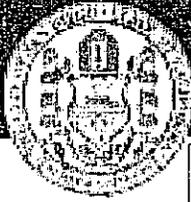

- The proposition is a laundry list of cash grabs -- from \$200 million for a liquefied natural gas terminal to \$2.5 billion for rebates of up to \$50,000 for each natural gas vehicles.
- This initiative ties up \$10 billion out of the state's general fund over a 30-year period to underwrite the cost for individuals and businesses to purchase low-emission vehicles just increasing the states debt.
- Focus is on natural gas and not a lot of other better fuel sources.
- Only one car currently manufactured (the Toyota Prius) meets the rebate standards in Prop. 10.

Opponents include: California League of Conservation Voters, the Sierra Club, Consumer Federation of California, Utility Consumers' Action Network (UCAN), California Chamber of Commerce, California Taxpayers Association, the Howard Jarvis Taxpayers Association, California Labor Federation, California Federation of Teachers

Proposition 11: Voters FIRST Act

- This initiative changes authority for redistricting the Assembly, Senate, and Board of Equalization district boundaries from elected representatives to a 14-member commission.
- It requires government auditors to select 60 registered voters from applicant pool. Permits legislative leaders to reduce pool, then the auditors pick eight commission members by lottery, and those commissioners pick six additional members for 14 total.
- It requires that the commission consist of five Democrats, five Republicans and four of neither party. Commission shall hire lawyers and consultants as needed.
- For approval, district boundaries need votes from three Democratic commissioners, three Republican commissioners and three commissioners from neither party.

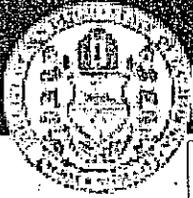

Prop 11 Supporting Arguments

000295

- Ends the conflict of interest of politicians drawing their own election districts
- Creates fair districts drawn by a citizens commission following clear rules and open to the public
- It holds politicians accountable for solving problems like gas prices, healthcare, and education.

Supporters include: Governor Arnold Schwarzenegger, Steve Westly, Former State Controller, AARP, League of Women Voters of California, Los Angeles Area Chamber of Commerce, California Chamber of Commerce, California Common Cause

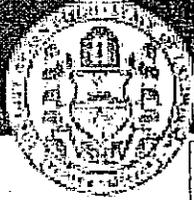

Prop 11: Opposing Arguments

000296

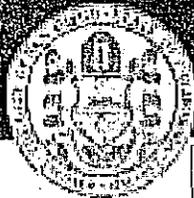

- Politicians paid millions to put Prop. 11 on the ballot to change the Constitution and create a costly new bureaucracy.
- Gives the power of drawing districts to people who are never elected and never accountable to voters.

Opponents include: California Democratic Party, California Federation of Teachers, United Teachers of Los Angeles, California State Firefighters Association, California League of Conservation Voters, Mexican American Legal Defense and Educational Fund, NAACP Legal Defense Fund

Proposition 12: Veteran's Bond Act of 2008

- This act provides for a bond issue of \$900,000,000 to provide farm and home aid for California veterans.
- Costs of the program are paid by veterans who participate in the program by purchasing properties or homes.
- California began the veterans' home loan programs in the 1920s. California voters have subsequently been asked 26 times to fund the program and have said "yes" all 26 times, for a total of \$8.4 billion in the past.
- The 2008 effort is the 27th time voters will have been asked to support the program.
- Prop. 12's request for \$900 million is the largest request for a Cal-Vet bond.

Prop 12 Supporting Arguments

- The Cal-Vet Home Loan Program enables veterans to obtain low-interest rate loans for the purchase of conventional homes, manufactured homes, and mobile homes without costing the taxpayers one cent.
- More than 420,000 California veterans, including those who served during World War I, World War II, Korea, Vietnam, and more recently, in Iraq and Afghanistan, have become homeowners under the Cal-Vet Home Loan Program.
- All costs of the program, including all administration costs, are paid for by veterans holding loans. There have never been any costs to the taxpayers of California, so this is a fiscally sound way to assist veteran men and women as they return to civilian life.

Supporters include: Senator Mark Wyland, Assemblyman Greg Aghazarian, Assemblyman Tony Strickland

Prop 12: Opposing Arguments

- This program has indirect costs to the taxpayers, since the interest paid to bondholders is tax-deductible, reducing tax revenue to the state.
- These loans should be limited to those most deserving of assistance — veterans who were wounded or served in combat zones. The program currently has no such limitations.
- In a time of declining home prices, state taxpayers could be liable for shortfalls if home purchasers cannot make payments or sell their property.

6, "SAFE NEIGHBORHOODS ACT."

WHEREAS, Statewide Proposition 6 is officially titled "Police and Law Enforcement Funding. Criminal Penalties and Laws. Initiative Statute" and it also known as the "Safe Neighborhoods Act"; and

WHEREAS, Proposition 6 requires the state of California to spend for various state and local criminal justice programs at least \$965 million beginning in 2009-2010, an increase in \$365 million compared to 2007-08, according to the Legislative Analyst; and

WHEREAS, Proposition 6 requires new state spending for increased supervision of adult probationers by counties; juvenile facility repair and renovation and the operation of county probation programs for youth; city enforcement efforts to target various crimes including violent, gang, and gun crimes; prosecution of violent, gang and vehicle theft crimes; construction and operation of county jails; and programs to assist parolees in their reentry into communities; and

WHEREAS, Proposition 6 increases criminal penalties for certain crimes and creates some new felonies and misdemeanors including crimes related to gang participation and recruitment, witness intimidation, possession and sale of methamphetamines, vehicle theft, removing or disabling a Global Positioning System device and firearms possession; and

WHEREAS, Proposition 6 expands the circumstances under which juveniles 14 years and older would be eligible for trial in an adult criminal court, rather than the juvenile court system, for certain gang related offense; and

WHEREAS, Proposition 6 requires yearly criminal background checks of all public housing residents by agencies responsible for enforcing compliance with public housing occupancy requirements that accept certain state grant funds with the objective of eliminating public funding of tenancies that are occupied by individuals who are involved with illegal gang, drug or other criminal activity; and

WHEREAS, Proposition 6 prohibits undocumented persons charged with a violent or gang-related felony from being released on bail or his or her own recognizance pending trial; and

WHEREAS, opponents of Proposition 6 contend that it is too expensive and threatens state funding for schools, after school programs, foster care, healthcare, and other public safety programs and services; and would fund unproven programs with no real oversight and accountability; and

WHEREAS, opponents state that Proposition 6 will place a greater burden on already crowded jail facilities by creating more than 30 new crimes and making jail terms longer; and

WHEREAS, Proposition 6 will require that, if any occupant does not pass the annual criminal background check, the entire family would be removed from their housing; NOW, THEREFORE,

BE IT RESOLVED, that the San Diego City Council opposes Statewide Proposition 6, the "Safe Neighborhoods Act."

BE IT FURTHER RESOLVED, that no public funds shall be used in the campaign for or against the measure.

**POLICE AND LAW ENFORCEMENT FUNDING.
CRIMINAL PENALTIES AND LAWS. INITIATIVE STATUTE.**

OFFICIAL TITLE AND SUMMARY

PREPARED BY THE ATTORNEY GENERAL

POLICE AND LAW ENFORCEMENT FUNDING. CRIMINAL PENALTIES AND LAWS. INITIATIVE STATUTE.

- Requires minimum of \$965,000,000 each year to be allocated from state General Fund for police, sheriffs, district attorneys, adult probation, jails and juvenile probation facilities. Some of this funding will increase in following years according to California Consumer Price Index.
- Makes approximately 30 revisions to California criminal law, many of which cover gang-related offenses. Revisions create multiple new crimes and additional penalties, some with the potential for new life sentences.
- Increases penalties for violating a gang-related injunction and for felons carrying guns under certain conditions.

Summary of Legislative Analyst's Estimate of Net State and Local Government Fiscal Impact:

- Net increase in state costs that are likely within a few years to exceed \$500 million annually, primarily due to increasing state spending for various criminal justice programs to at least \$965 million, as well as for increased costs for prison and parole operations. These costs would increase by tens of millions of dollars annually in subsequent years.
 - Potential one-time state capital outlay costs for prison facilities that could exceed \$500 million due to increases in the prison population.

INITIATIVE COORDINATOR
ATTORNEY GENERAL'S OFFICE

Dear Ms. Paris:

As the proponents of the Safe Neighborhoods Act we are submitting substantive amendments within the 15 days allowed by law as you continue to prepare a Title and Summary for the Safe Neighborhoods Act, which we are submitting as an initiative measure to the people of the State of California.

Sincerely,

Safe Neighborhoods Act proponents

SECTION 1. TITLE

This act shall be known, and may be cited as, the "Safe Neighborhoods Act: Stop Gang, Gun, and Street Crime."

SEC. 2. FINDINGS AND DECLARATIONS

(a) The People of the State of California find and declare that state government has no higher purpose or more challenging mandate than the protection of our families and our neighborhoods from crime.

(b) Almost every citizen has been, or knows someone who has been, victimized by crime.

(c) Although crime rates have fallen substantially since the early 1990s, there have been some disturbing increases in the last few years in several categories of crime. According to the Federal Bureau of Investigation, there were 477 more homicides in California in 2006 than there were in 1999, a period during which homicides and homicide rates declined in many other states. In addition, the California Department of Justice has reported that there were 74,000 more vehicle thefts in 2006 than in 1999 and that the number of robberies in our state jumped by over 7,500 between 2005 and 2006. More needs to be done to reduce crime and keep our communities safe.

(d) Gangs are a large part of the reason why California has not fared as well as many other states in recent years in terms of decreasing crime rates. Street gangs are largely responsible for increases in California homicides in recent years. Many gangs involve juveniles.

(e) Previously convicted felons and gang members commit the vast majority of gun crimes, including the killing of peace officers. Gangs have compromised our criminal justice system, routinely threatening and assaulting victims, witnesses, and even judges. It is essential that state laws and resources target these types of offenders.

(f) The proliferation of methamphetamine has created a multitude of crime problems, driving recent increases in vehicle and identity theft. Now the illegal drug of choice, methamphetamine is often sold by street gangs and, unlike many other drugs, is produced here in California. The effects of the drug are devastating on users and communities where its use is widespread.

(g) Our state adds several hundred thousand people to its population each year and must commit resources necessary to support increasing demands on criminal justice personnel and infrastructure. California's law enforcement personnel, programs, technology, and infrastructure have not kept pace. In fact, the resources available to California law enforcement agencies are generally not as great as those found in communities in other states. According to the U.S. Department of Justice, in 2004, thirty-five states had more sworn officers per 100,000 residents than California.

(h) Unfortunately, our Legislature has failed to address these problems in a comprehensive way. Programs to prevent crime and rehabilitate offenders are inadequate and unaccountable to the public. Penalties for certain crimes are not severe enough to deter. Enforcement efforts and deterrence programs that do work are often so erratically funded they cannot be sustained. Victims of crime are not afforded adequate information, protection, and support in the criminal justice system. In 2007, the State Senate abdicated its responsibility altogether, refusing to pass legislation that enhances criminal penalties.

(i) These conditions are unacceptable. Californians have used their constitutionally reserved power of initiative to enact comprehensive criminal justice reform in the past and it is time for us to do so again. Early intervention reduces crime and gang activity. Tougher criminal penalties reduce the number of crime victims.

SEC. 3. STATEMENT OF PURPOSE

In order to make our neighborhoods safe and reduce the number of crime victims, the People of the State of California hereby enact a comprehensive reform of our criminal justice laws in order to:

- (a) Improve programs to prevent crimes;
- (b) Enhance public involvement and public accountability;

- (c) Increase punishment to incapacitate criminals and deter crime;
- (d) Protect victims of crimes from abuse and ensure that they are treated with dignity at all stages of the criminal justice process; and
- (e) Provide supplemental and sustainable funding for law enforcement, crime prevention, and victim programs.

SEC. 4. INTERVENTION

Section 14260 is added to Part 4 of the Penal Code, to read:

14260. (a) There is hereby established the Office of Public Safety Education and Information.

(b) The primary objectives of the office are to deter crime, support crime victims, encourage public cooperation with law enforcement, and administer grant programs that pursue these goals. These objectives shall be met in part through public service announcements disseminated by the most efficient means including television, radio, the Internet, and through the office's own website.

(c) Public disclosures shall include, but not be limited to, information regarding the following themes and state laws: "Use a Gun and You're Done," "Three Strikes," and "Jessica's Law." In addition, disclosures will incorporate comparative crime rates by specific offense, including homicide, rape, robbery, burglary, and vehicle theft; incarceration rates; and prison demographics that explain by offense the makeup of inmate population. Comparative information regarding crime and criminal justice resources may include year-to-year as well as state-to-state comparisons. Public disclosures shall also include the relative efficacy of programs to deter, educate, and rehabilitate, including but not limited to the disclosure of recidivism rates and subsequent arrests and convictions.

(d) The office shall maintain a publicly-accessible website that shall include at least three discrete features:

(1) A public safety information page that shall include general information regarding the criminal justice system, current crime activity, safety advice, statistics, changes in the law, and links to related websites including the California Department of Justice and the Federal Bureau of Investigation.

(2) A statewide neighborhood watch page, known as "Cal Watch," providing informational support for and linking with local neighborhood watch programs and assisting communities, sheriffs, and police departments wishing to create new neighborhood watch programs.

(3) A crime victim information and support page shall link state and local programs which assist victims through the criminal justice process and provide services and reimbursement including medical expenses, rape counseling, lost wages, and victim-paid rewards.

(e) The sum of twelve million, five hundred thousand dollars (\$12,500,000) is hereby appropriated from the General Fund to the Office of Public Safety Education and Information for the 2009-2010 fiscal year and annually thereafter, adjusted for cost of living changes pursuant to the California Consumer Price Index, for the purpose of augmenting resources of district attorneys and law enforcement agencies employed to assist victims or comply with victim notification requirements under the California Constitution or consistent statutory measures.

(1) Twenty percent of the amount annually appropriated shall be distributed on a pro rata basis to participating county sheriffs' departments which maintain the Victim Information and Notification Everyday (VINE) program.

(2) Eighty percent of the amount annually appropriated shall support grant programs awarded to county district attorneys, sheriffs, and police departments in order to disseminate victim rights information and to assist victims of crime in gaining access to protective services, counseling, and loss reimbursement. Specific program and grant application requirements shall be promulgated by the office no later than March 30, 2009, and may be amended periodically. Applicant agencies may apply no later than June 15th preceding the fiscal year during which grant funds are sought.

(f) The Governor shall appoint an executive officer and staff, as reasonably necessary to implement the work of the office.

(g) The office shall work with state, local, and federal agencies to maximize public safety resources,

secure matching funds, eliminate duplicative efforts, and help craft better public safety policies and practices.

Section 13921 is added to the Government Code, to read:

13921. (a) There is hereby established the California Early Intervention, Rehabilitation, and Accountability Commission for the purpose of evaluating publicly-funded programs designed to deter crime through early intervention, or reduce recidivism through rehabilitation, and to disclose those findings to the public. The commission shall adhere to the principle that limited public resources are best directed to programs that help limit incarceration through deterrence and focused rehabilitation rather than early release without meaningful accountability.

(b) The commission's long-term goal is to help identify and productively intervene with at-risk populations prior to incarceration, and for those subject to incarceration, to identify programs and offenders with the greatest rehabilitative potential, so the most successful programs can be replicated.

(c) The commission is authorized to propose standards of accountability for publicly-funded program providers and participants, make recommendations to continue, supplement, or decrease funding and highlight favorable or unfavorable elements of the programs reviewed.

(d) The commission shall report annually to the Joint Legislative Audit Committee and the Governor regarding the expenditures and efficacy of publicly-funded programs.

(e) All publicly-funded early intervention programs shall have a clearly defined at-risk target population and identify participants so that participants' subsequent criminal involvement, if any, can be compared to similarly situated control groups.

(f) All publicly-funded rehabilitation programs involving criminal offenders, including juveniles, shall be designed to help create a plan for the offenders' successful integration or reintegration into the community. Accordingly, all such programs shall have clearly defined goals and require the offender to develop skills to find employment, locate housing, overcome addiction, and/or develop a plan with the potential for successful reintegration.

(g) All recipient programs, including those directed toward early intervention and education, shall file an annual statement with the commission detailing staffing, curriculum, and program participation. Copies of annual statements to other granting authorities will be sufficient unless the commission requires additional information.

(h) The commission shall be comprised of nine members, consisting of three appointees of the Governor, including the chair; two members of the Senate, one appointed by the Rules Committee and one by the Minority Leader; two members of the State Assembly, one appointed by the Speaker and one by the Minority Leader; a retired judge appointed by the Chief Justice of the California Supreme Court; and the Attorney General or his or her designee. The members of the commission shall not receive compensation, but shall be reimbursed only for reasonable commission-related expenses.

(i) The Governor shall appoint an executive officer, who shall hire necessary staff to conduct research and administer to the commission, including staff to conduct periodic or random audits of all publicly funded programs, subject to budgetary limitations of the commission.

(j) Every early intervention or rehabilitation program funded, in whole or in part with public funds, shall make its physical facilities and financial records available to the commission as a condition of public funding.

(k) The commission may evaluate any early intervention, education, or rehabilitation program, juvenile or adult, public or private, for the purposes of comparative study.

Section 749.22 of the Welfare and Institutions Code is amended to read:

749.22. To be eligible for this grant, each county shall be required to establish a multiagency juvenile justice coordinating council that shall develop and implement a continuum of county-based responses to juvenile crime. The coordinating councils shall, ~~at a minimum,~~ include the chief probation officer, as chair, and one representative each from the district attorney's office, the public defender's office, the sheriff's department, the board of supervisors, the department of social services, the department of mental health, ~~a community-based drug and alcohol program,~~ a city police department, the county office of education or a school district, ~~and an at-large community representative.~~ In order to carry out its duties pursuant to this

~~section, a coordinating council shall also include representatives from nonprofit community-based organizations providing services to minors. The board of supervisors shall be informed of community-based organizations participating on a coordinating council. The coordinating councils shall develop a comprehensive, multiagency plan that identifies the resources and strategies for providing an effective continuum of responses for the prevention, intervention, supervision, treatment, and incarceration of male and female juvenile offenders, including strategies to develop and implement locally based or regionally based out-of-home placement options for youths who are persons described in Section 602. Counties may utilize community punishment plans developed pursuant to grants awarded from funds included in the 1995 Budget Act to the extent the plans address juvenile crime and the juvenile justice system or local action plans previously developed for this program. The plan shall include, but not be limited to, the following components:~~

(a) An assessment of existing law enforcement, probation, education, mental health, health, social services, drug and alcohol and youth services resources which specifically target at-risk juveniles, juvenile offenders, and their families.

(b) An identification and prioritization of the neighborhoods, schools, and other areas in the community that face a significant public safety risk from juvenile crime, such as gang activity, daylight burglary, late-night robbery, vandalism, truancy, controlled substance sales, firearm-related violence, and juvenile alcohol and drug use within the council's jurisdiction.

(c) A local action plan (LAP) for improving and marshaling the resources set forth in subdivision (a) to reduce the incidence of juvenile crime and delinquency in the areas targeted pursuant to subdivision (b) and the greater community. The councils shall prepare their plans to maximize the provision of collaborative and integrated services of all the resources set forth in subdivision (a), and shall provide specified strategies for all elements of response, including prevention, intervention, suppression, and incapacitation, to provide a continuum for addressing the identified male and female juvenile crime problem, and strategies to develop and implement locally based or regionally based out-of-home placement options for youths who are persons described in Section 602.

(d) Develop information and intelligence-sharing systems to ensure that county actions are fully coordinated, and to provide data for measuring the success of the grantee in achieving its goals. The plan shall develop goals related to the outcome measures that shall be used to determine the effectiveness of the program.

(e) Identify outcome measures which shall include, but not be limited to, the following:

(1) The rate of juvenile arrests in relation to the crime rate.

(2) The rate of successful completion of probation.

(3) The rate of successful completion of restitution and court-ordered community service responsibilities.

(f) *No person employed by or representing the interest of any private entity including a charitable nonprofit organization which has received or may receive grant funding for providing services for juvenile or adult offenders or at-risk populations may serve on a coordinating council.*

Section 1951 of the Welfare and Institutions Code is amended to read:

1951. (a) There is hereby established the Youthful Offender Block Grant Fund.

(b) Allocations from the Youthful Offender Block Grant Fund shall be used to enhance the capacity of county probation, ~~mental health, drug and alcohol, and other county departments~~ to provide *or secure* appropriate rehabilitative and supervision services to youthful offenders subject to Sections 731.1, 733, 1766, 1767.35. ~~Counties, in expanding the Youthful Offender Block Grant allocation, shall provide all necessary services related to the custody and parole of the offenders:~~

(c) The county of commitment is relieved of obligation for any payment to the state pursuant to Section 912, 912.1, or 912.5 for each offender who is not committed to the custody of the state solely pursuant to subdivision (c) of Section 733, and for each offender who is supervised by the county of commitment pursuant to subdivision (b) of Section 1766 or subdivision (b) of Section 1767.35. *Savings from this provision shall be added to the Youthful Offender Block Grant Fund and directed to the probation department as specified in (b).*

(d) *There is hereby continuously appropriated from the General Fund, ninety-two million, five hundred*

thousand (\$92,500,000) or the amount in Sections 1953, 1954, or 1955, whichever is greater for the 2009-2010 fiscal year and each year thereafter adjusted for cost of living changes annually pursuant to the California Consumer Price Index. This amount shall be distributed in accordance with the formula in Section 1955 to assist counties for the expense of housing juvenile offenders.

Section 30062.2 is added to the Government Code, to read:

30062.2. (a) There is hereby established the Juvenile Probation Facility and Supervision Fund.

(b) The sum of fifty million dollars (\$50,000,000) is hereby appropriated from the General Fund to the Juvenile Probation Facility and Supervision Fund for the 2009-2010 fiscal year and annually each year thereafter adjusted for cost of living changes pursuant to the California Consumer Price Index to be allocated by the State Controller to counties and deposited in each county's SLESF in the same ratios authorized under paragraph (1) of subdivision (b) of Section 30061 of the Government Code for juvenile facility repair and renovation, juvenile deferred entry of judgment programs, and intensified juvenile or young adult (under age twenty-five) probation supervision.

SEC. 5. PROTECTION AND SUPPORT FOR VICTIMS

Section 240 of the Evidence Code is amended to read:

240. (a) Except as otherwise provided in subdivision (b), "unavailable as a witness" means that the declarant is any of the following:

(1) Exempted or precluded on the ground of privilege from testifying concerning the matter to which his or her statement is relevant.

(2) Disqualified from testifying to the matter.

(3) Dead or unable to attend or to testify at the hearing because of then existing physical or mental illness or infirmity.

(4) Absent from the hearing and the court is unable to compel his or her attendance by its process.

(5) Absent from the hearing and the proponent of his or her statement has exercised reasonable diligence but has been unable to procure his or her attendance by the court's process.

(6) The declarant is present at the hearing and refuses to testify concerning the subject matter of the declarant's statement despite an order from the court to do so.

(b) A declarant is not unavailable as a witness if the exemption, preclusion, disqualification, death, inability, or absence of the declarant was brought about by the procurement or wrongdoing of the proponent of his or her statement for the purpose of preventing the declarant from attending or testifying.

(c) Expert testimony which that establishes that physical or mental trauma resulting from an alleged crime has caused harm to a witness of sufficient severity that the witness is physically unable to testify or is unable to testify without suffering substantial trauma may constitute a sufficient showing of unavailability pursuant to paragraph (3) of subdivision (a). As used in this section, the term "expert" means a physician and surgeon, including a psychiatrist, or any person described by subdivision (b), (c), or (e) of Section 1010. The introduction of evidence to establish the unavailability of a witness under this subdivision shall not be deemed procurement of unavailability, in absence of proof to the contrary.

Section 1390 is added to the Evidence Code, to read:

1390. (a) Evidence of a statement is not made inadmissible by the hearsay rule if the statement is offered against a party who has engaged or acquiesced in intentional criminal wrongdoing that has caused the unavailability of the declarant as a witness.

(b)(1) The party seeking to introduce a statement pursuant to subdivision (a) shall establish, by a preponderance of the evidence, that the elements of subdivision (a) have been met at a foundational hearing.

(2) Hearsay evidence, including the hearsay evidence that is the subject of the foundational hearing, is admissible at the foundational hearing. However, a finding that the elements of subdivision (a) have been met shall not be based solely on the uncontroverted hearsay statement of the unavailable declarant, and shall be supported by independent corroborative evidence.

(3) The foundational hearing shall be conducted outside the presence of the jury. However, if the hearing

is conducted after a jury trial has begun, the judge presiding at the hearing may consider evidence already presented to the jury in deciding whether the elements of subdivision (a) have been met.

(c) If a statement to be admitted pursuant to this section includes a hearsay statement made by anyone other than the declarant who is unavailable pursuant to subdivision (a), that other hearsay statement is inadmissible unless it meets the requirements of an exception to the hearsay rule.

Section 13921.5 is added to the Government Code, to read:

13921.5. (a) There is hereby established the Crimestopper Reward Reimbursement Fund, to be administered by the board.

(b) Allocations from the Crimestopper Reward Reimbursement Fund shall be used to provide reimbursement for rewards offered and paid for information in felony cases.

(c) Reimbursement in amounts not to exceed five thousand dollars (\$5,000) per claim may be paid to eligible claimants but may not exceed the actual reward paid.

(d) Reward reimbursement claims shall be paid upon proof that the underlying reward was offered and paid for evidence which actually led to arrest or conviction verified by the arresting or prosecuting agency.

(e) Qualified claimants for reimbursement include the victim of the underlying felony or his or her family, or a charitable or nonprofit organization.

(f) The board may set reward limits below the maximum, may set discrete limits for different crime classifications, may increase the class of eligible claimants, and shall post its claim procedures and forms on its web site.

(g) The Controller shall transfer ten million dollars (\$10,000,000) from the General Fund to the Crimestopper Reward Reimbursement Fund for the 2009-2010 fiscal year.

(h) The Crimestopper Reward Reimbursement Fund shall be annually augmented by the State Controller so that the fund has available the amount of ten million dollars (\$10,000,000), adjusted for cost of living annually according to the California Consumer Price Index.

(i) Nothing in this section shall be deemed to preclude or otherwise interfere with the Governor's power to offer rewards pursuant to Section 1547 of the Penal Code.

Section 13974.6 is added to the Government Code, to read:

13974.6. (a) The Victim Trauma Recovery Fund is hereby created for the purpose of supporting victim recovery, resource, and treatment programs to provide comprehensive recovery services to victims of crime.

(b) The board shall select up to five sites to award grants pursuant to this section. The sites shall include, but need not be limited to, all of the following programmatic components:

(1) Establishment of a victim recovery, resource, and treatment center.

(2) Implementation of a crime scene mobile outreach team to provide comprehensive intervention and debriefing for children and families.

(3) Community-based outreach.

(4) Services to family members and loved ones of homicide victims.

(c) Victim recovery, resource, and treatment programs selected by the board shall serve populations of crime victims whose needs are not currently being met, shall be distributed geographically to serve the state's population, and shall include services to all of the following:

(1) Individuals who are not aware of the breadth and range of services provided to victims of crime.

(2) Individuals residing in communities with limited services.

(3) Individuals who cannot access services due to disability.

(4) Family members and loved ones of homicide victims.

(d) The board shall award those grants beginning on July 1, 2009.

(e) The board may retain up to 5 percent of those funds for the purposes of administering those grants.

Section 136.1 of the Penal Code is amended to read:

136.1. (a) Except as provided in subdivision (c), any person who does any of the following is guilty of a public offense and shall be punished by imprisonment in a county jail for not more than one year or in the state prison:

(1) Knowingly and maliciously prevents or dissuades any witness or victim from attending or giving testimony at any trial, proceeding, or inquiry authorized by law.

(2) Knowingly and maliciously attempts to prevent or dissuade any witness or victim from attending or giving testimony at any trial, proceeding, or inquiry authorized by law.

(3) For purposes of this section, evidence that the defendant was a family member who interceded in an effort to protect the witness or victim shall create a presumption that the act was without malice.

(b) Except as provided in subdivision (c), every person who attempts to prevent or dissuade another person who has been the victim of a crime or who is witness to a crime from doing any of the following is guilty of a public offense and shall be punished by imprisonment in a county jail for not more than one year or in the state prison:

(1) Making any report of that victimization to any peace officer or state or local law enforcement officer or probation or parole or correctional officer or prosecuting agency or to any judge.

(2) Causing a complaint, indictment, information, probation or parole violation to be sought and prosecuted, and assisting in the prosecution thereof.

(3) Arresting or causing or seeking the arrest of any person in connection with that victimization.

(c) Every person doing any of the acts described in subdivision (a) or (b) knowingly and maliciously under any one or more of the following circumstances, is guilty of a felony punishable by imprisonment in the state prison for two, three, or four years under any of the following circumstances:

(1) Where the act is accompanied by force or by an express or implied threat of force or violence, upon a witness or victim or any third person or the property of any victim, witness, or any third person.

(2) Where the act is in furtherance of a conspiracy.

(3) Where the act is committed by any person who has been convicted of any violation of this section, any predecessor law hereto or any federal statute or statute of any other state which, if the act prosecuted was committed in this state, would be a violation of this section.

(4) Where the act is committed by any person for pecuniary gain or for any other consideration acting upon the request of any other person. All parties to such a transaction are guilty of a felony.

(d) Any person who, by means of force or by express or implied threat of force or violence, attempts to prevent or dissuade a judge, juror, prosecutor, public defender, or peace officer from participating in the arrest, prosecution, trial, or impartial judgment of any criminal suspect is guilty of a felony punishable by imprisonment in the state prison for two, three or four years.

(e) Any person who, by means of force or by express or implied threat of force or violence, attempts to prevent or dissuade any person from filing, authorizing, or implementing a gang injunction or nuisance abatement process in response to gang, drug, or other organized criminal activity, or from inspecting premises where such activities occur, shall be guilty of a felony punishable by imprisonment in the state prison for two, three, or four years.

(f) Any person who, by means of force or by express or implied threat of force or violence, attempts to retaliate against any person who lawfully participated in any criminal or civil process protected pursuant to subdivisions (a), (b), (d) or (e) shall be guilty of a felony punishable by imprisonment in the state prison for two, three, or four years.

Section 1464 of the Penal Code is amended to read:

1464. (a) (1) The people of the State of California find and declare that street crime, through its prevalence and brutality, creates numerous victims who require support and services that are best obtained from experienced providers. Further, because the funds allocated to the Driver Training Penalty Assessment Fund are no longer used for their original purpose, it is appropriate to redirect those funds, which are generated by criminal penalty assessments, to victim services and law enforcement training programs.

(2) Subject to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, there shall be levied a state penalty, in an amount equal to ten dollars (\$10) for every ten dollars (\$10) or fraction thereof, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses, except parking offenses as defined in subdivision (i) of Section 1463, involving a violation of a section of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code. (c) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the state penalty prescribed by this section for forfeited bail. If bail is returned, the state penalty paid thereon pursuant to this section shall also be returned.

(d) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the state penalty, the payment of which would work a hardship on the person convicted or his or her immediate family.

(e) After a determination by the court of the amount due, the clerk of the court shall collect the penalty and transmit it to the county treasury. The portion thereof attributable to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code shall be deposited in the appropriate county fund and 70 percent of the balance shall then be transmitted to the State Treasury, to be deposited in the State Penalty Fund, which is hereby created, and 30 percent to remain on deposit in the county general fund. Thereafter, funds shall be transferred pursuant to the requirements of this section. Notwithstanding any other provision of law, the funds transferred into the Traumatic Brain Injury Fund for the 1997-98, 1998-99, and 1999-2000 fiscal years, may be expended by the State Department of Mental Health, in the current fiscal year or a subsequent fiscal year, to provide additional funding to the existing projects funded by the Traumatic Brain Injury Fund, to support new projects, or to do both.

(B) Any moneys deposited in the State Penalty Fund attributable to the assessments made pursuant to subdivision (i) of Section 27315 of the Vehicle Code on or after the date that Chapter 6.6 (commencing with Section 5564) of Part 1 of Division 5 of the Welfare and Institutions Code is repealed shall be utilized in accordance with paragraphs (1) to (8), inclusive, of this subdivision.

(h) Notwithstanding any other provision of law, for each person committed to the Division of Juvenile Facilities for a conviction pursuant to subdivision (a) or (b) of this section, the offense shall be deemed one for which the state shall pay the rate of 100 percent of the per capita institutional cost of the Division of Juvenile Facilities, pursuant to Section 912.5 of the Welfare and Institutions Code.

(i) In order to secure a conviction or sustain a juvenile petition, pursuant to subdivision (a) it is not necessary for the prosecution to prove that the person devotes all, or a substantial part, of his or her time or efforts to the criminal street gang, nor is it necessary to prove that the person is a member of the criminal street gang. Active participation in the criminal street gang is all that is required.

(j) A pattern of gang activity may be shown by the commission of one or more of the offenses enumerated in paragraphs (26) to (30), inclusive, of subdivision (e), and the commission of one or more of the offenses enumerated in paragraphs (1) to (25), inclusive, or (31) to (33), inclusive of subdivision (e). A pattern of gang activity cannot be established solely by proof of commission of offenses enumerated in paragraphs (26) to (30), inclusive, of subdivision (e), alone.

(k)(1) Notwithstanding paragraph (4) of subdivision (a) of Section 166, any willful and knowing violation of any injunction issued pursuant to Section 3479 of the Civil Code against a criminal street gang, as defined in this section, or its individual members, shall constitute contempt of court, a misdemeanor, punishable by imprisonment in a county jail for not more than one year, by a fine of not more than one thousand dollars (\$1,000), or by both that imprisonment and fine.

(2) A second violation of any order described in paragraph (1) occurring within seven years of a prior violation of any of those orders is punishable by imprisonment in a county jail for not less than 90 days and not more than one year.

(3) A third or subsequent violation of any order described in paragraph (1) occurring within seven years of the prior violation of any of those orders shall be punished by imprisonment in the county jail not to exceed one year, or by imprisonment in the state prison for one, two, or three years, provided that any person sentenced to imprisonment in the county jail shall be imprisoned for a period not to exceed one year, but not less than 180 days. If the court grants probation or suspends the execution of sentence imposed upon the defendant, it shall require as a condition thereof that the defendant serve 180 days in the county jail.

(4) The penalties in this subdivision shall apply unless a greater penalty is authorized by subdivision (d) or any other provision or provisions of law.

(l) Any person found guilty as an accessory to a felony, within the meaning of Section 32, shall be subject to one-half the punishment prescribed for a principal in such felony if it is pled and proved that the felony was committed for the benefit of, at the direction of, or in association with any criminal street gang unless a greater penalty is authorized by any other provision or provisions of law.

Section 186.22a of the Penal Code is amended to read:

186.22a. (a) Every building or place used by members of a criminal street gang for the purpose of the commission of the offenses listed in subdivision (e) of Section 186.22 or any offense involving dangerous or deadly weapons, burglary, or rape, and every building or place wherein or upon which that criminal conduct by gang members takes place, is a nuisance which shall be enjoined, abated, and prevented, and for which damages may be recovered, whether it is a public or private nuisance.

(b) Any action for injunction or abatement filed pursuant to subdivision (a), including an action filed by the Attorney General, shall proceed according to the provisions of Article 3 (commencing with Section 11570) of Chapter 10 of Division 10 of the Health and Safety Code, ~~except that all of the following shall apply:~~

~~(2) No order of eviction or closure may be entered.~~

~~(3) All injunctions issued shall be limited to those necessary to protect the health and safety of the residents or the public or those necessary to prevent further criminal activity.~~

~~(4) Suit may not be filed until 30-day notice of the unlawful use or criminal conduct has been provided to the owner by mail, return receipt requested, postage prepaid, to the last known address.~~

(c) Whenever an injunction is issued pursuant to subdivision (a), or Section 3479 of the Civil Code, to abate gang activity constituting a nuisance, the Attorney General may maintain an action for money damages on behalf of the community or neighborhood injured by that nuisance. Any money damages awarded shall be paid by or collected from assets of the criminal street gang or its members that were derived from the criminal activity being abated or enjoined. Only persons who knew or should have known of the unlawful acts shall be personally liable for the payment of the damages awarded. In a civil action for damages brought pursuant to this subdivision, the Attorney General may use, but is not limited to the use of, the testimony of experts to establish damages suffered by the community or neighborhood injured by the nuisance. The damages recovered pursuant to this subdivision shall be deposited into a separate segregated fund for payment to the governing body of the city or county in whose political subdivision the community or neighborhood is located, and that governing body shall use those assets solely for the benefit of the community or neighborhood that has been injured by the nuisance.

(d) No nonprofit or charitable organization which is conducting its affairs with ordinary care or skill, and no governmental entity, shall be abated pursuant to subdivisions (a) and (b).

(f) (1) Any firearm, ammunition which may be used with the firearm, or any deadly or dangerous weapon which is owned or possessed by a member of a criminal street gang for the purpose of the commission of any of the offenses listed in subdivision (e) of Section 186.22, or the commission of any burglary or rape, may be confiscated by any law enforcement agency or peace officer.

(2) In those cases where a law enforcement agency believes that the return of the firearm, ammunition, or deadly weapon confiscated pursuant to this subdivision, is or will be used in criminal street gang activity or that the return of the item would be likely to result in endangering the safety of others, the law enforcement agency shall initiate a petition in the superior court to determine if the item confiscated should be returned or declared a nuisance.

(3) No firearm, ammunition, or deadly weapon shall be sold or destroyed unless reasonable notice is given to its lawful owner if his or her identity and address can be reasonably ascertained. The law enforcement agency shall inform the lawful owner, at that person's last known address by registered mail, that he or she has 30 days from the date of receipt of the notice to respond to the court clerk to confirm his or her desire for a hearing and that the failure to respond shall result in a default order forfeiting the confiscated firearm, ammunition, or deadly weapon as a nuisance.

(4) If the person requests a hearing, the court clerk shall set a hearing no later than 30 days from receipt of that request. The court clerk shall notify the person, the law enforcement agency involved, and the district attorney of the date, time, and place of the hearing.

(5) At the hearing, the burden of proof is upon the law enforcement agency or peace officer to show by a preponderance of the evidence that the seized item is or will be used in criminal street gang activity or that return of the item would be likely to result in endangering the safety of others. All returns of firearms shall be subject to Section 12021.3.

(6) If the person does not request a hearing within 30 days of the notice or the lawful owner cannot be ascertained, the law enforcement agency may file a petition that the confiscated firearm, ammunition, or

deadly weapon be declared a nuisance. If the items are declared to be a nuisance, the law enforcement agency shall dispose of the items as provided in Section 12028.

(b) Delivery by hand of a copy of any process against the criminal street gang to any natural person designated by it as agent for service of process shall constitute valid service on the criminal street gang. If designation of an agent for the purpose of service has not been made, or if the agent cannot with reasonable diligence be found, the court or judge shall make an order that service be made upon the criminal street gang by delivery by hand of a copy of the process to three or more members of the criminal street gang designated in the order who actively participate in the criminal street gang. The court may, in its discretion, order, in addition to the foregoing, that a summons be served in any manner which is reasonably calculated to give actual notice to the criminal street gang. Service in the manner ordered pursuant to this section shall constitute valid service on the criminal street gang.

Section 186.26 of the Penal Code is amended to read:

(f) Any person who violates subdivisions (b) or (c) shall be a principal to any subsequent felony committed by the subject of his or her solicitation, recruitment, coercion, or threat in the event that:

(1) The subject commits a felony for the benefit of, at the direction of, or in association with the criminal street gang, and

(e) This section shall not apply to the removal or disabling of an electronic, GPS, or other monitoring device by a physician, emergency medical services technician, or by any other emergency response or medical personnel when doing so is necessary during the course of medical treatment of the person subject to the electronic, GPS, or other monitoring device. This section shall also not apply where the removal or disabling of the electronic, GPS, or other monitoring device is authorized, or required, by a court of law or by the law enforcement, probation, or parole authority or other entity responsible for placing the electronic, GPS, or other monitoring device upon the person or, at the time, has the authority and responsibility to monitor the electronic, GPS, or other monitoring device.

Section 4505 is added to the Penal Code, to read:

4505. (a) Any inmate who commits a felony for the benefit of, at the direction of, or in association with, a criminal street gang, as defined in Section 186.22, shall be sentenced to twice the punishment that is

SEC. 7. INTENT REGARDING CONFLICTING PENALTIES

It is the intent of the People of the State of California in enacting this measure to strengthen and improve the laws that punish and control perpetrators of gang offenses, firearm offenses, and other specified crimes. It is also the intent of the People of the State of California that if any provision in this act conflicts with any other provision of law that provides for a greater penalty or longer period of imprisonment the latter provision shall apply.

SEC. 8. INTENT REGARDING CHANGES TO THE STEP ACT

(a) The amendments to paragraph (4) of subdivision (b) of Section 186.22 of the Penal Code, to delete the alternative minimum term computations and to include enhancements in the computation of the term, are intended to improve that statute by simplifying the computation procedure for the minimum term of the life sentence. The amendments repealing the alternative minimum term computations in that statute shall not be given any retroactive application, and shall not be construed to benefit any person who committed a crime or received a punishment while those provisions were in effect.

(b) The amendments to subparagraph (B) of paragraph (4) of subdivision (b) of Section 186.22, to delete Section 12022.55 and add Section 12034, are intended to increase the punishment for gang offenses involving shooting from a vehicle. These amendments shall not be given any retroactive application, and shall not be construed to benefit any person who committed a crime or received a punishment while the former version of this provision was in effect.

(c) The amendment to subdivision (g) of Section 186.22, to delete the provision regarding the court striking the punishment for an enhancement, is not intended to affect the court's authority under Section 1385.

SEC. 9. CONDITIONAL RELEASE AND REENTRY

Section 667.21 is added to the Penal Code, to read:

667.21. (a) Notwithstanding any other law, no person charged with a violent felony described in subdivision (c) of Section 667.5 or a gang-related felony in violation of subdivision (a) or (b) of Section 186.22 shall be eligible for bail or be released on his or her own recognizance pending trial, if, at the time of the alleged offense, he or she was illegally within the United States. The sheriff of the county in which the subject is being held shall as soon as practical notify federal Immigration Criminal Enforcement (ICE) of the person's arrest and charges.

(b) This section shall not be construed to authorize the arrest of any person based solely upon his or her alien status or for violation of federal immigration laws.

(c) The sheriff, district attorney, and trial courts of each county shall record the status of any illegal alien charged, booked, or convicted of a felony to be reported to the Department of Justice for inclusion in that person's criminal history (CLETS) so that reimbursement may be sought from the federal government for the cost of incarceration.

Section 1319 of the Penal Code is amended to read:

1319. (a) No person arrested for a violent felony, as described in subdivision (c) of Section 667.5 or a serious felony, as described in subdivision (c) of Section 1192.7, may be released on his or her own recognizance until a hearing is held in open court before the magistrate or judge, and until the prosecuting attorney is given notice and a reasonable opportunity to be heard on the matter. In all cases, these

provisions shall be implemented in a manner consistent with the defendant's right to be taken before a magistrate or judge without unreasonable delay pursuant to Section 825.

(b) A defendant charged with a violent felony, as described in subdivision (c) of Section 667.5, shall not be released on his or her own recognizance where it appears, by clear and convincing evidence, that he or she previously has been charged with a felony offense and has willfully and without excuse from the court failed to appear in court as required while that charge was pending. In all other cases, in making the determination as to whether or not to grant release under this section, the court shall consider all of the following:

(1) The existence of any outstanding felony warrants on the defendant.

(2) Any other information presented in the report prepared pursuant to Section 1318.1. The fact that the court has not received the report required by Section 1318.1, at the time of the hearing to decide whether to release the defendant on his or her own recognizance, shall not preclude that release.

(3) Any other information presented by the prosecuting attorney.

(c) The judge or magistrate who, pursuant to this section, grants or denies release on a person's own recognizance, within the time period prescribed in Section 825, shall state the reasons for that decision in the record. This statement shall be included in the court's minutes. The report prepared by the investigative staff pursuant to subdivision (b) of Section 1318.1 shall be placed in the court file for that particular matter.

Section 1319.5 of the Penal Code is amended to read:

(d) The board, as soon as practicable, shall require that all reports required by this section are transmitted electronically and that reports involving gang, firearm, and violent felonies are given appropriate priority.

Section 5072 is added to the Penal Code, to read:

5072. (a) There is hereby established in the State Treasury the Parolee Reentry Fund for the purpose of funding contracts for parolee mentoring and workforce preparation programs to be awarded by the Secretary of the Department of Corrections and Rehabilitation. Recipients shall be required to have extensive expertise in designing, managing, monitoring and evaluating mentoring, workforce and comprehensive programs specific to parolees, including demonstrated evidence of an effective prisoner reentry program model. For purposes of awarding contracts, contract recipients are required to have extensive related experience working with federal, state, or local government agencies.

(b) The purpose of these programs is to target critical funding to assist and prepare offenders for return to their communities in an effort to reduce recidivism rates and the high costs and threat to public safety associated with the prevalent cycle of incarceration, release, and return to prison. The programs are also intended to provide support, opportunities, mentoring, education and training to offenders on parole. Parameters of the programs shall be as follows:

(1) The programs shall focus on helping parolees make and sustain long-term attachments to the workforce.

(2) The programs shall offer parolees critical support services and referral for housing, addiction, and other services through a case management component. The program will also offer opportunities for positive social support through a mentoring component.

(3) The secretary may authorize programs that employ daily check-in facilities, GPS devices, voiceprints, or other technologies to monitor the daily activities of parolee participants, especially those who are not actively employed or participating in classes.

(c) The sum of twenty million dollars (\$20,000,000) is hereby appropriated from the General Fund to the Parolee Reentry Fund for the 2009-2010 fiscal year and annually thereafter, adjusted for cost of living changes pursuant to the California Consumer Price Index.

(d) It is the intent of the People that emphasis be placed upon programs that provide public safety through aggressive supervision of parolees. An offender's conduct during the months immediately following release from prison are of critical importance and generally determine whether he or she will return to custody. Parolees must be subject to conditions that include, at a minimum, the state's right to conduct warrantless searches. Programs that help monitor or assist parolees including GPS, job training, mentoring, and education programs offer substantial promise but cannot be effectively implemented by parole agents who are routinely burdened by caseloads of 100 or more parolees per agent.

(e) Accordingly, the department shall, within six months of the effective date of this act, adopt a public plan designed to recruit and train sufficient parole agents to reduce average caseloads below 50 parolees per agent with lower ratios for sex offenders, gang offenders, and other high control groups. The overall caseload ratio shall be calculated based upon total parolees and total parole agents applying the same definitions and parole periods in place during the 2006-2007 base year. The plan shall be fully implemented no later than December 31, 2010.

SEC. 10. LAW ENFORCEMENT RESOURCES

Section 30061.1 is added to the Government Code, to read:

(c) Of the amount appropriated to the COPS Fund, one-half shall be transferred by the State Controller to local jurisdictions through each county's Supplemental Law Enforcement Services Fund (SLESF) for support of programs authorized by Section 30061 as of July 1, 2007, for the 2009-2010 fiscal year, and annually each fiscal year thereafter.

(d) Of the amount appropriated to the COPS Fund, one-half shall be transferred by the State Controller to the Safe Neighborhood Fund for the 2009-2010 fiscal year, and annually each fiscal year thereafter for public safety, anti-gang, and other programs newly authorized pursuant to Section 30061.15. These funds shall be distributed in accordance with the provisions of this Act.

Section 30061.15 is added to the Government Code, to read:

30061.15. (a) There is hereby created in the State Treasury the Safe Neighborhood Fund. Funds may only be distributed for the purposes specified in this section. All funding in this section shall be distributed according to the pro rata share of population as established annually by the Department of Finance, unless otherwise stated.

(b) The Comprehensive Safe Neighborhood Plan is hereby established to assist local law enforcement and communities throughout the state with a combination of programs that augment local enforcement and early intervention capacity and create regional and statewide anti-gang networks in order to deter crime, as well as enforce the law, as follows:

(1) Twelve percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to city uniformed law enforcement agencies to be used to target violent, gang, firearm and other street crimes. The funds shall be distributed on a pro rata basis based upon the population of each city as determined by the Department of Finance. The funds allocated to each city shall be used to enhance uniformed law enforcement within the recipient city.

(2) Ten percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to county district attorneys to support violent felon, gang, and car theft vertical prosecution to be deposited in each county's SLESF. Recipients are encouraged to expend a portion of the funding received pursuant to

this subdivision, not to exceed two percent of a recipient's allocation, for training prosecutors in the effective use of the Street Terrorism Enforcement and Prevention (STEP) Act in gang prosecutions.

(3) Six percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to the Office of Public Safety Education and Information to support multi-agency, regional gang task forces and for statewide gang enforcement training programs for uniformed police and sheriffs.

(4) Eight percent of the Safe Neighborhood Fund shall be annually allocated to county sheriffs, and mid-sized cities with populations under 300,000 who are not currently eligible for the minimum grant of one hundred thousand dollars (\$100,000) under Section 30061, to address enforcement problems common to small, mid-sized, and fast growing communities so that they can more actively participate in county, regional, and statewide enforcement activities and programs to be distributed as follows:

(A) 2.32 percent of the Safe Neighborhood Fund shall be distributed in equal amounts to county sheriffs.

(B) 5.68 percent of the Safe Neighborhood Fund to mid-sized cities, as defined in this paragraph, in pro rata shares based upon each city's population as determined by the Department of Finance.

(5) One percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to the Office of Public Safety Education and Information for the purpose of distributing to cities that actively enforce civil gang injunctions.

(6) Twenty-six percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to each participating county probation department according to its pro rata share of the population as follows:

(A) 20 percent of the Safe Neighborhood Fund shall fund county probation programs to alleviate existing probation case loads and to provide intensified supervision for adult offenders on probation.

(B) 6 percent of the Safe Neighborhood Fund shall fund task forces to conduct searches of high-risk probationers to ensure compliance with their conditions of probation. Each participating county shall establish a Developing Increased Safety through Arms Recovery Management (DISARM) Team comprised of the county sheriff, at least one police chief from a city within the county, the district attorney, and the chief probation officer, and shall establish strategies, standards, and procedures to assist probation officers in removing firearms from high-risk probationers by ensuring compliance with their conditions of probation. For purposes of this subdivision, high-risk probationers shall include, but not be limited to, persons with at least one conviction for any of the following crimes:

(i) Assault with a deadly weapon, as defined in Section 245 of the Penal Code.

(ii) Attempted murder, as defined in Section 664 of the Penal Code.

(iii) Homicide, as provided in Chapter 1 (commencing with Section 187) of Title 8 of Part 1 of the Penal Code.

(iv) Robbery, as provided in Sections 211, 212, 213, and 214 of the Penal Code.

(v) Criminal street gang crimes as described in Section 186.22 of the Penal Code.

(7) One percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to support the California Early Intervention, Rehabilitation, and Accountability Commission authorized pursuant to Section 13921.

(8) Ten percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to county sheriffs to support the construction and operation of jails to be deposited in each county's SLESF.

(9) Four percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to the Department of Justice to support the California Witness Protection Program, or any successor program, created pursuant to Section 14020 of the Penal Code.

(10) Two percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to the Office of Public Safety Education and Information, which shall contract with the Department of Justice or other California enforcement agency to develop and implement a secure statewide gang data warehouse system that shall interface with the current state Cal-Gang database to provide a gang information sharing database system available to local, state and federal law enforcement agencies to better target and prosecute gang crime. After the first year, the Office of Public Safety Education and Information shall allocate two million dollars (\$2,000,000) each year to support and maintain this system and three million

dollars (\$3,000,000) each year to regional gang informational resource centers to help offset the costs of personnel who will staff these resource centers.

(11)(A) Six percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to counties for the purchase of Global Positioning System (GPS) tracking equipment to be used for monitoring high-risk individuals including gang offenders, violent offenders, and sex offenders.

(i) Participating counties must submit to the State Controller, no later than May 1st prior to the fiscal year in which funding is sought, a resolution adopted by the county board of supervisors requesting the amount sought to be used by the county sheriff or probation department to purchase and monitor GPS tracking equipment.

(ii) Funds shall be distributed to each participating county based on the sum requested by that county or that county's pro rata share of the total population of all participating counties, whichever is less.

(iii) If the total funds distributed is less than the annual allocation the remainder shall be distributed to participating counties that sought a greater amount on the same basis as the initial distribution until the allocation is exhausted or all county requests have been honored.

(B) The cost of monitoring any offender who is subject to GPS tracking under conditions imposed by the state parole authority shall for the duration of the GPS monitoring period be a state expense. Any requirement that a county or local government monitor such an offender shall constitute a fully reimbursable state mandate.

(12) Four percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to multi-agency narcotic task forces with an emphasis on those task forces focusing on border interdiction. Eligible task forces (police and sheriffs) may be formed pursuant to this subdivision or may pre-exist, provided that only multi-jurisdictional task forces that do not restrict agency participation or leadership roles shall receive funding.

(13) Six percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to the Office of Public Safety Education and Information for the purpose of disseminating criminal justice information to the public and administering public safety programs pursuant to Section 14260 of the Penal Code.

(14) Four percent of the Safe Neighborhood Fund shall be annually allocated by the State Controller to the Office of Public Safety Education and Information for the purpose of matching local expenditures to fund law enforcement run, juvenile recreational and community service programs. Any sheriff's department, police department, or regional association of such agencies may apply for grant funding to administer a juvenile recreation program with an emphasis on sports, education, and community service. Eligible programs must be administered by peace officers and require an equal match of local funding or in-kind services. The local match requirement can be met by the value of locally dedicated facilities or officer services or through charitable contributions. Priority shall be given to programs that provide services for at-risk juvenile populations, create alternatives to criminal street gang involvement, and ensure a long-term local commitment. Grants may be made for periods of up to ten years.

Section 30062.1 is added to the Government Code, to read:

30062.1. (a) There is hereby established the Safe Neighborhoods Compliance Enforcement Fund in the State Treasury to augment local government efforts to ensure that occupants of residential housing units paid for by vouchers issued pursuant to Section 8 of the United States Housing Act of 1937 (Section 1437f of Title 42 of the United States Code) comply with the regulations issued pursuant thereto and with the conditions of their publicly-funded tenancies.

(b) The Fund shall be administered by the Office of Public Safety Education and Information (OPSE), which shall match qualified increases in local agency expenditures to enhance regulatory capacity. The objective of this funding is to eliminate public funding of tenancies that are occupied by individuals who are involved in illegal gang, drug, or other criminal activity so that limited public resources can be used to assist law-abiding families in need of safe housing.

(c) There is hereby appropriated from the General Fund to the Safe Neighborhoods Compliance Enforcement Fund ten million dollars (\$10,000,000) for the 2009-2010 fiscal year and annually thereafter, adjusted for cost of living changes pursuant to the California Consumer Price Index.

(d) Every governmental agency authorized to enforce compliance with occupancy requirements of vouchers pursuant to Section 8 of the United States Housing Act of 1937 may apply for a matching grant from the Safe Neighborhoods Compliance Enforcement Fund as follows:

(1) No later than March 30, 2009, and each year thereafter, each applicant agency shall submit to the Office of Public Safety Education and Information a request for funding documenting the following in order to be eligible:

(A) The source of the agency's regulating authority.

(B) The amount and source of the local agencies new funding or additional in kind services which shall match in equal dollar amount the grant sought from the Safe Neighborhood Compliance Enforcement Fund.

(C) The additional personnel, equipment, or, compliance enforcement procedures, to be financed by the grant funds.

(D) The number of vouchers pursuant to Section 8 of the United States Housing Act of 1937 issued within the agency's jurisdiction.

(E) The agency's process for ensuring that all occupants of Section 8 tenancies within the agency's jurisdiction are subject to a criminal background check at least once each year.

(2) No funds shall be awarded unless the criteria in paragraph (1) are met.

(c)(1) The Office of Public Safety Education and Information shall on or before June 30, 2009, and each year thereafter, following the deadline for grant applications tabulate the total number of vouchers pursuant to Section 8 of the United States Housing Act of 1937 issued by all of the applicant agencies and shall assign to each agency a numerical factor (percentage) representing its proportionate share of the total number of vouchers pursuant to Section 8 of the United States Housing Act of 1937 issued by all applicant agencies.

(2) Each agency that timely complies with eligibility conditions and the application process shall be issued a fifty percent matching grant up to that percentage of the annual fund appropriation, which equals the agency's proportionate jurisdictional share (numerical factor) of all vouchers pursuant to Section 8 of the United States Housing Act of 1937 as calculated pursuant to subdivision (d).

(3) In the event that available funding is not exhausted pursuant to subdivision (d)(1) the process will be repeated so that each agency that has sought a grant greater in proportion to its percentage of total vouchers calculated pursuant to paragraph (1) shall participate in a second or subsequent pool.

(f) The Office of Public Safety Education and Information may use up to three percent of the total funding for necessary administration of the fund and oversight of recipient programs.

Section 4004.6 is added to the Penal Code, to read:

4004.6. (a) This section applies to any county in which any of the following is true:

(1) The county is subject to federal court orders imposing population caps, or is subject to a self-imposed population cap.

(2) The county is releasing inmates early to avoid overcrowding exceeding 90 percent of jail capacity.

(3) The county has exceeded 90 percent of jail capacity on one or more occasions during each of six consecutive months.

(b) The sheriff of any county described in subdivision (a), or in the case of Madera, Napa, and Santa Clara Counties, the board of supervisors or the Director of Corrections, shall, following a resolution adopted after notice and public hearing by the county board of supervisors, be authorized to employ and operate housing facilities that meet local health and safety codes for residential occupancy, and are deemed secure, as temporary jails or treatment facilities. Nothing in this section shall be construed to authorize the use of noncounty employees to staff temporary jail or treatment facilities. Facilities located within incorporated areas shall in addition require a resolution adopted by the city council.

(1) No inmate shall be housed in a temporary jail or treatment facility for a period exceeding 90 days based on a single sentence.

(2) Determinations regarding the placement of inmates and the security of jail facilities shall be made exclusively by the county sheriff upon consultation with the board of supervisors.

(3) The provisions of this act shall not be construed to limit or preclude any sheriff, or in the case of Madera, Napa, and Santa Clara Counties, the board of supervisors or the Director of Corrections, from

employing lawfully authorized early release, electronic monitoring, or work release programs as necessary.

(4) Notwithstanding any other law or regulation, the use of an emergency jail facility authorized under this section is a discretionary act and shall not form the basis for civil liability on the part of the sheriff, the sheriff's department, or the county or municipality within which the facility located.

(5) Any inmate who escapes from a temporary jail facility or other alternative housing facility shall, in accordance with current law, be in felony violation of Section 4532.

(c) In the event the condition constituting an emergency under this section is remedied and the total population of jail inmates within the subject county remains below 80 percent of permanent authorized capacity for 12 consecutive months the sheriff, or in the case of Madera, Napa, and Santa Clara Counties, the board of supervisors or the Director of Corrections shall, within a reasonable period of time, cease to admit inmates to emergency facilities or bring such facilities into compliance with all applicable laws and regulations for permanent inmate housing.

(d) The population of jail inmates shall, for purposes of this section, include any parole violators held in county jail facilities under contract with California Department of Corrections and Rehabilitation.

Section 14175 of the Penal Code is repealed.

~~14175. This title shall become inoperative on July 1, 2009, and is repealed as of January 1, 2010, unless a later enacted statute, which is enacted before January 1, 2010, deletes or extends that date.~~

Section 14183 of the Penal Code is repealed.

~~14183. This title shall become inoperative on July 1, 2010, and is repealed as of January 1, 2011, unless a later enacted statute that is enacted before January 1, 2011, deletes or extends these dates.~~

SEC. 11. FUNDING OF EXISTING PROGRAMS

The following existing programs shall be funded at or above the level of funding they received in the Budget Act of 2007:

(1) Jail Efficiency Fund as established under Item 9210-105-0001.

(2) California Multi-Jurisdictional Methamphetamine Enforcement Team (CAL-MMET) program under Item 0690-101-0001.

(3) Central Valley Rural Crime Prevention Program established in Chapter 497 of the Statutes of 2005.

(4) Central Coast Rural Crime Prevention Program established in Chapter 18 of the Statutes of 2003.

(5) Juvenile Probation Camp Funding under Item 5225-101-0001, Schedule 1.

SEC. 12. INTENT REGARDING EXISTING PROGRAMS

It is the intent of the People that the adoption of the Safe Neighborhoods Act shall elevate public safety as a statewide priority and limit volatility in the funding of law enforcement and complementary programs of crime deterrence and offender rehabilitation. All too often, short-term economic problems and a multitude of competing interests cause promising programs of deterrence and law enforcement to come to an end or force public safety agencies to work without adequate personnel or equipment. Under the best of circumstances, California police, sheriffs, and correctional officers are faced with much higher caseloads than their counterparts in other parts of the country. Providing our public safety agencies authorization to enforce the law and deter crime is meaningless if these agencies are not provided resources commensurate with their authority. Authorizing additional resources to combat methamphetamine interdiction will prove illusory if the recipient agencies simultaneously lose funding to combat street gangs and firearm violations. Accordingly, this act is designed to protect both new and existing programs and resources and to subject all of the enumerated programs to greater public scrutiny. The objective is to establish a higher commitment to both crime deterrence and enforcement and to sustain that level of commitment.

SEC. 13. EDUCATION FUNDING GUARANTEE

No provision within this act shall be construed to alter the calculation of the minimum state obligations
