CITY PLANNING
COMMISSION

DEC - 1 2008

RECEIVED

November 19, 2008

Mr. Barry Schultz, Chairperson
and Members of the City Planning Commission
City of San Diego
202 C Street
San Diego, California
92101

Dear Chairperson Schultz and Planning Commissioners,

Growing up, I knew that I was going to go to high school at OLP simply because of the fact that my mom went there. After attending OLP for almost four years, I can say that there is no place quite like it.

The atmosphere and community on the OLP campus is an incredible environment in which to grow during the awkward teenage years. The friends I've made here and the lessons that I have learned will be with me long after I graduate in June. I have three younger sisters, and I cannot wait for them to experience OLP, because there really is no way to explain in words what an impact this school has on each one of its students.

In light of this fact, I wanted to take the opportunity to thank you for your continued support of OLP's expansion plan. Your support of our vision for OLP's future is very important to each of us. Though the current junior and senior classes will never see the finished product, we are very excited and supportive of the plan that has been created. We know that if it is passed by the City Council, this plan will allow the future students of OLP to have a richer and more professional learning environment.

As seniors, we are anxiously waiting that day in early June when we can truly call ourselves graduates of the Academy, and we hope that this tradition lives long into the future.

Thank you once again for your continued support.

Sincerely yours,

Kathleen Durr
Class of 2009

Between Heights Neighborhood vs. OLP: The History

On December 9, 1992, The Academy of Our Lady of Peace (OLP) applied to the city of San Diego for a Conditional Use Permit (CUP) for 640 students. The school had previously accommodated between 500 & 600 students. OLP's application was granted on June 26, 1995.

OLP then entered into a major phase of expansion and reconstruction, where they demolished a beautiful, historic, Neptune swimming pool on campus and replaced it with a much-needed gymnasium.

OLP also demolished two "Spanish Eclectic" cottages on Copley Ave in 1995, and replaced them with a parking lot.

This expansion was only mildly controversial at the time, mostly because neighbors didn't find out about it until too late! While preservationists did not want to see the gorgeous pool demolished and neighbors were horrified to see the homes knocked down overnight, by the time the community realized what was happening, it was too late to act. The school had been a good neighbor up to that point and had the reputation of being a fine institution, so not very much fuss or complaint was made.

Also, and most particularly, school officials assured neighbors at that time that this would be the limit of their expansion and that they had no need or desire to grow beyond the 640 students applied for.

Within 1 year of being issued their new CUP, the school increased its enrollment to 750 students (110 students over the allowed limit) in full knowledge that they were violating their CUP and the law.

This over-enrollment has led to a host of problems in our small residential neighborhood, most particularly with regard to traffic problems, but also including parking issues and student and parental behavior issues.

Residents have been making complaints to the school for over 10 years about all these issues without receiving any satisfaction. Mostly, the school's response was along the lines of "There is nothing we can do...you bought a home next to a school... what did you expect?"

Early in 2006, the school invited a select number to neighbors to a presentation of their latest expansion plans, including demolishing (3) more Spanish Eclectic homes (two of them have been determined to be of historic significance the city and OLP's own Draft EIR) and building a 2-story, 22 thousand square foot classroom building on Collier and a 3-story parking lot on Copley.

Almost all neighbors present at this first meeting objected violently to the school's new plans, citing existing traffic, parking and behavior problems, and the importance of neighborhood character and historic building preservation, not to mention meeting the criteria of the North Park Community Plan, which OLP's expansion plans most definitely do not.

001489

A second meeting was held at the school in July 2006, again with only a very limited selection of neighbors invited (Those who live 300 feet from the school gates). This meeting was more orderly and a hired moderator listed neighbors' objections on a sheet, but neighbors remained very unhappy with the plans presented and felt that the school had not taken their objections and suggestions into account.

Most neighbors at this meeting felt that the school had a 10-year history of being a poor neighbor, and were definitely not inclined to allow further expansion, bringing more traffic and more associated problems into our residential community.

In August 2006, OLP presented their plan to the North Park Planning Committee. At this presentation meeting a committee member noted and we neighbors discovered for the first time that the school had been in violation of its existing CUP for over 10 years! Neighbors then realized that many of our problems with the school's negative impact stemmed from this illegal over-enrollment

After this meeting, groups of neighbors got together to discuss what action to take about this problem. This was the genesis of the Between Heights Community Association (BeHi).

Neighbors from the Between Heights community filed 85 letters of complaint with the City of San Diego's code enforcement division about OLP's CUP violations. That is a very high percentage for such a small neighborhood. A record number of complaints on one institution in the code enforcement division's history, we were told!

As a result, on April 4, 2007, OLP was cited for numerous code violations relating to its CUP, and given 3 months to comply, prior to being summoned to a code compliance hearing before Judge Mandel E. Himmelstein on July 27, 2007.

OLP did not correct even one single code violation prior to the hearing date. (See Judge Himmelstein's ruling of September 18, 2007)

On September 18, 2007, Judge Himmelstein issue a Civil Penalty Administrative Enforcement Order against OLP citing & fining the school for numerous and knowing violations of their CUP and ordering them to comply fully with the CUP by reducing the student body to 640 students by July 1, 2008.

OLP appealed this ruling and managed to get an extension to comply with the CUP until January 2009. We neighbors are still mystified as to how they managed this, as we had very little notice of the appeal, and no opportunity to meet with city attorneys who should have been looking out for our interests, prior to this appeal hearing. The couple of neighbors who managed to attend this appeal hearing said it appeared to be a "done deal" before anyone even got to speak. The appeal hearing was over in less than an hour.

001490

Nevertheless, OLP must comply with Judge Himelstein's order by January 2009, so they are now trying to rush their expansion plans through the city and to tie them to a new amended CUP.

OLP's school board and administration continue to refuse to meet with neighborhood delegations to work out a compromise. They have refused to consider any of the very, very many alternative suggestions & compromises we have offered.

These include permanent off-site parking accompanied by new traffic lights, crosswalks for student safety, repurposing of existing campus buildings into classroom space, adaptive use of historic homes as receptions areas, administrative offices and housing for nuns.

There are always ways that people of good faith can hammer out a compromise, but only if both parties are willing. We, the neighbors of the Between Heights community have shown ourselves willing, however, OLP has refused to come to the table.

Currently, the only way we who live in the Between Heights community have to force the OLP school board and administration to hear our objections, is to force them to comply with their 1995 CUP, so that is what we are attempting to do.

AOLP has claimed to have an ongoing community outreach program that included meetings, tours, a periodic newsletter and a website to inform and update the neighbors, local business owners, alumnae, parents and students about the school's plans.

001491

The timeline below in **black** outlines Academy of Our Lady of Peace ("AOLP"), claimed outreach efforts made to date:

The comments in **blue** indicate the experience of the neighbors in the immediate area of the school.

July 27, 2006:

- AOLP hosted an open house to present the initial campus improvement concepts.

This meeting was where the Between Heights ("BEHI") neighborhood first voiced it's adamant opposition to the project, brought up the horrible traffic conditions and were told that it was not the school's responsibility to address traffic issues. Dialog was promised, none was ever forthcoming.

August 24, 2006

- Greater North Park Planning Committee (GNPPC) tours AOLP

August 28, 2006:

- AOLP presented its initial planning concept to the Urban Design/Project Review Subcommittee of the Greater North Park Planning Committee.

Neighbors started to come together at this point to make sure that OLP was going to listen to neighbor concerns and respect the community plan. OLP had requested no community input at this already advanced point in the design.

January 22, 2007:

- AOLP's community representative met with the Between Heights group at the Sullivan home – 5 households were represented.

Sister Dolores, and Dasan Mahadevi, our only "names" at that point, were contacted directly by the Between Heights group and invited to a meeting. Instead, they sent their paid PR representative, Karen Hutchens, (later dismissed by OLP). We had hopes that by our making the overture and expressing our desires for dialog that the community involvement process would be established. Instead, as far as we know there was no action or report to the board. To say that 5 households were represented is to say that Karen Hutchens merely represented herself.

- AOLP established a community liaison contact person, telephone hotline and email address to report concerns.

E-mails were not responded to. Letters were sent directly to all board members, not a single response was received.

- Developed community liaison report form.

If that was developed, how was it presented to the community? We never saw it.

February 2007:

- Hand delivered invitations to the community meeting regarding AOLP's revised conceptual master plan.

Invitations and promotions of the only plan is not a "dialog". There has never, EVER been an opportunity for the neighborhood to weigh in meaningfully on this project until the DEIR.

- AOLP hosted a community meeting February 21, 2007, to discuss the newly revised master plan concept and obtain neighbors' input.

Again, our input seemed to be ignored as no meaningful or significant changes were ever made to the project.

March 2007:

- AOLP developed "*Neighborhood Notes*", a newsletter and mailed it throughout the neighborhood. In this newsletter, AOLP included additional information on the master plan and its efforts to improve traffic flow.

Please request their "*Neighborhood Notes*" and see what they consider "information".

- AOLP mailed community input cards to our neighbors.

If OLP would not respond to past letters and phone calls, and made arrangements to meet and then backed out, what confidence would we have that a 3 x 5 index card would be taken into account? Most neighbors in opposition to the project chose not to send them.

- AOLP developed a system to inform our neighbors about special events held on campus, which may affect traffic-flow.

Besides the 3 x 5 cards sent, what was that system?

April 2007:

- AOLP hand delivered invitations to the events on the campus celebrating the 125-year anniversary of the Academy. These handouts also included a letter notifying them of the increase in traffic during AOLP's weekend special events.

I do not think there was much community interest in attending what was more a fundraiser than an Anniversary celebration for the community as the invites were for a \$135 golf game or a \$125 per person dinner.

May 2007:

- AOLP hosted outreach meetings and tours with neighbors, alums and friends to update them on the status of the project and project timeline.

Emphasis on "alums and friends". How were the neighbors contacted?

- AOLP hosted meeting and tour with Martin Green, a neighborhood liaison.

OLP denied a meeting with Martin and the BEHI group

AOLP posted all project information regarding the new campus master plan on the AOLP website: project overview, components of master plan, project milestones, schematics and project renderings, as well as an electronic copy of issue one of Neighborhood Notes.

Again, how is this interfacing with and incorporating the community design needs into the master plan?

- AOLP sent a direct mailer to neighbors to inform them of graduation festivities.

Was any plan, busing, valet parking or any type of mitigation proposed to offset the impacts?

June 2007:

- AOLP begin contacts with the Sullivan Family to establish Neighborhood working committee.

OLP set a meeting and cancelled it at the last minute stating they would re-schedule. They never did

- AOLP held meetings and tours for neighbors, alumnae, parents and students to update them on the process.

...and yet they could never find time to reschedule a meeting with the immediate neighborhood to establish a working committee.

- AOLP hosted the San Diego Chamber of Commerce for an open house and conducted tours.

...and yet they still could never find time to reschedule the meeting with the immediate neighborhood.

June, July and August BEHI group collects signatures on petitions asking the City of San Diego to enforce its long violated Conditional Use Permit. Meetings held at private residences, Birney school and neighborhood parties.

July 2007:

- 7/3/07 SOHO tours campus
- 7/16/07 AOLP finally meets with Mr. Sullivan.

Mr. Sullivan offers multiple adaptive re-use suggestions. All were immediately dismissed for a multitude of excuses.

- AOLP held coffee style meeting for neighbors, alumnae, parents and students to update them on the process.

Why were the Between Heights Committee members conspicuously not invited?

- Over 500 invitations were delivered throughout the neighborhood, to an on campus meeting to discuss the findings of the traffic survey.

001494

- Posted web a web forum, hosted by a few neighbors, an invitation to a meeting to discuss the findings of the traffic survey.

A traffic study we all new to be flawed due to being performed during a slow school week and on a weekend. They also did not count any alleyways which represent 40% of possible traffic.

August 9, 2007:

- AOLP held a community-wide meeting to discuss the findings of the traffic flow survey. Initial recommendations and the back to school traffic-flow plan were shared. AOLP listened and responded to suggestions, questions and comments.

Neighbors were invited to attend a meeting, under armed guard, to hear the reports of the traffic study. All questions were to be written on a 3 x 5 card prior to the presentation???

How is this possible prior to the being given the traffic study results?

BEHI did manage a few questions but were told that they were out of time. A newly hired staff member for the Karen Hutchens PR firm, told us that he would be glad to stay late, outside and stay "all night if necessary" to answer our questions. Upon adjourning the meeting and meeting him outside, we were told that he had to go as he was having a drink with the Hutchins staff!

This finally opened our eyes to the fact that AOLP had an agenda it was pursuing, and was not the least bit interested in neighborhood input, rather, that it was doing it's best to develop the type of "documentation" you see here.

September 2007:

- 9/27/07 AOLP contacts Sullivan Family again requesting meeting with the Between Heights group

OLP refused to meet with BEHI because of our stance on adaptive reuse. They wanted us to accept the same plan and would not agree to meet unless we would agree to accept it.

OLP was taken to court and served with the violation notice on Sept. 18th, 2007.

October 2007:

- 10/2/07 AOLP gives presentation to North Park Lions Club

Mr Sullivan presented to Lions Club. Most felt OLP was being unreasonable and a neighborhood "bully" .

One Lion Club member stated he helped write the Greater North Park Community Plan and that it was written for just such matters.

- 102/070 AOLP held a Neighborhood Walk; talked to the neighbors regarding our plans to modernize the campus and discuss our community efforts.

November 3, 2007

- AOLP held a breakfast for interested neighbors

001495

Again, by this time, AOLP had a good idea of who not to invite. Most known neighbors in opposition to AOLP's plan were NEVER invited to the breakfast. This was an apparent attempt to encourage the few supporting neighbors and to feed them with propaganda and mis-truths.

December 5, 2007

- Neighborhood Working Committee meeting at AOLP

Who are these people? Please provide attendance and minutes.

- AOLP contacts Sullivan Family to continue communication

Truth be told Mr. Sullivan contacted OLP and again asked to meet. AOLP scheduled a meeting and cancelled at the last minute with no reschedule date.

January 11th OLP somehow manages to have Judge Himmelstein return to Court to ask for an extension to the violation order. New attorneys for the City seemed to know little about the case, did not contact or interview any of the Between Heights Group, and agreed to let AOLP enroll the additional 100 students for the 2008-2009 school year..... But required that the school meet its revised CUP's by February!!! So will the City force 100 students out of private school in February if the CUP changes are denied, as they should be? This is very odd!

March 12 & 13, 2008

- Parents of AOLP students walked the neighborhood handing out March "At OLP" Newsletter which included our traffic plans

April 14 & 15, 2008

- Walked the neighborhood handing out April "At OLP" Newsletter and asked for feedback from neighbors regarding parking and traffic

Neither Mr. Turner nor Mr. Sullivan were asked for feedback, but traffic did improve greatly due to the Court imposed traffic control measures.

May 5, 2008

- Presented revised plans of our new academic building and parking structure to the North Park Community Planning Committee Urban Design/Project Review Subcommittee

Large turn out by neighborhood disputing the AOLP "findings" and neighborhood "involvement". Plan was sharply rejected by Planning Committee, including the comment that they were the "poster child for how not to run a project". Planning Committee recognized lack of community support and the schools intentional lack of community involvement.

May 10, 2008

- Walked the neighborhood from Adams to Monroe and from Kansas to Arizona; passed out newsletters, feedback cards and invitations to AOLP Open House on Saturday, June 7, 2008

001496

May 19 & 20, 2008

- Walked the neighborhood between Copley and Adams and from Kansas to Arizona; passed out newsletters, feedback cards and invitations to AOLP Open House on Saturday, June 7, 2008

How many supporters in the neighborhood did they find?

June 7, 2008

- Hosted an Open House on the campus of AOLP for neighbors

Must have forgotten to invite Mr. Turner and Mr. Sullivan again!

- Updated AOLP website with Modernization project renderings

This would still not be construed as "meeting with and incorporating" the neighborhood's concerns.

July 2008

- Draft Environmental Impact Report released to public
- AOLP distributed copies of the draft EIR to local libraries

This is required by CEQA law. It is not voluntary community outreach by AOLP.

August 2008

- 8/4/08 AOLP presented revised plans of our new academic building and parking structure to the North Park Community Planning Committee Urban Design/Project Review Subcommittee.
- 8/19/08 AOLP attended the North Park Community Planning Committee meeting regarding Draft EIR discussion.

What was "revised" about the plans?

North Park Planning Committee votes to send extensive comment to the City on the DEIR and expresses extreme concern with the plan as presented. – comments sent to City attached

- 8/25/08 AOLP attended the Urban Design/Project Review Sub-Committee of the North Park Planning Committee meeting for vote on project.

Urban Design/ Project Review sub-committee votes to reject plan as presented. – motions attached

ACADEMY OF OUR LADY OF PEACE

CITY PLANNING DEPT.
SEP 1 1993
RECEIVED

To Whom It May Concern:

Mr. Ed McArdle, an architect at Martinez, Cutri and McArdle, has asked that I provide information to you concerning the Academy's request (DEP. NO. 92-0769) to erect a multi-purpose building. The information that he desired concerned student enrollment and the number of faculty and staff who are employed at the Academy.

During the 1992 - 1993 academic year, 631 students were enrolled at the Academy at year's end. Thirty-nine full-time faculty and six staff members were employed. The enrollment figures for the upcoming 1993 - 1994 academic year will be similar. It is anticipated that the enrollment figures will remain constant in the future, as the facilities will not house additional students.

If I may be of further assistance to you concerning the Academy's request for permits, please contact me.

Sincerely yours,

Sister Dolores Anchondo, C.S.J.
Principal

ACADEMY OF OUR LADY OF PEACE
ATTN: SISTER DOLORES ANCHONDO
4860 OREGON STREET
SAN DIEGO, CA 92116

SUBJECT: RPO/CUP 92-0769

Enclosed is a copy of the subject permit that was approved by the PLANNING COMMISSION on 12/8/94. It is very IMPORTANT that you read your permit thoroughly. No changes will be allowed after the permit is recorded.

Also enclosed is an All Purpose Certificate form. After signing and obtaining notarization of this form, please return it as soon as possible to:

City of San Diego Development Services Department
Permit Intake Section
1222 First Avenue MS 501
San Diego, CA 92101

When the signature form is received, the permit will be sent to the County Recorder. The County Recorder will return the recorded document in four to six weeks. At that time, a copy of your permit will be mailed to you.

If you do not return the form with your signature notarized, your permit cannot be recorded. Your building permit cannot be issued if your permit is not recorded.

If you would like to expedite the recordation process please enclose a brief letter stating this request. Include your letter with the signature/notary page when returning to Permit Intake. Your account will be charged for the special handling to expedite the recordation.

If you have any questions regarding your permit or the recordation process, please call the Permit Intake Section at 236-6495.

Sincerely,
AMANDA ALVARADO

RESOURCE PROTECTION ORDINANCE/
CONDITIONAL USE PERMIT NO. 92-0769
ACADEMY OF OUR LADY OF PEACE
PLANNING COMMISSION

This Resource Protection Ordinance/Conditional Use Permit is granted by the Planning Commission of the City of San Diego to the ACADEMY OF OUR LADY OF PEACE, a corporation, Owner/Permittee, pursuant to conditions contained in Sections 101.0462 and 101.0510 of the Municipal Code of the City of San Diego.

1. Permission is granted to Owner/Permittee to: demolish an existing swimming pool and three single-family residences; construct a new 12,200 square foot gymnasium/multi-purpose building; construct a landscaped courtyard with outdoor amphitheater; construct a new pedestrian entrance; construct four parking lots and a new school sign; make modifications to the existing landscaping and perimeter walls; and continue the existing senior high school use on the property described as the north 130 feet of Villa Lots 31, 32, & 33, all of Villa lots 36 through 50 inclusive and Lots 1, 2, the north 13 feet of the south 68 feet of lot 3, and the south 55 feet of Lots 3 & 4 of Block "R" of the University Heights Subdivision according to the map of the east 1/2 of Pueblo Lot 1110, being Map No. 937 and the Map made by G.A. de'Hemecourt in Book 8, Page 36 et seq of Lis Pendens, on file in the Office of the County Recorder, San Diego County, California. The subject property is located at 4860 Oregon Street in the R-1-5000 and R-1-40000 zones of the Greater North Park Community Plan area. *→ never done*

2. The Resource Protection Ordinance/Conditional Use Permit shall include all of the following activities/facilities:

- a. A senior high school with a maximum number of 46 staff and a maximum enrollment of 640 students;

ORIGINAL

- b. A new 12,200 square foot gymnasium/multi-purpose building with a variance to permit a height of 32 feet where 30 feet is allowed;
- c. A new outdoor amphitheater and landscaped courtyard;
- d. Four off-street parking lots with a total of 106 parking spaces;
- e. Incidental accessory uses as may be determined and approved by the Development Services Director.

3. No fewer than a total of 106 off-street parking spaces shall be maintained on the property. Parking spaces shall be consistent with Division 8 of the Municipal Code and shall be permanently maintained and not converted for any other use. Parking spaces and aisles shall conform to City of San Diego standards.

4. The applicant shall obtain approval from the Director of the Development Services Department prior to the commencement of any events at the outdoor amphitheater (i.e. concerts, plays) which would occur beyond the typical school hours and days. Such request for approval shall be made a minimum of thirty (30) days prior to the event.

5. The applicant shall be limited to the schools annual week long run of school plays and four other "special events" per calendar year, held at any facility on campus, which would include more than one hundred (100) guests/spectators who are not employed by or enrolled at the school. Any additional such events shall require approval of the Director of the Development Services Department at least thirty (30) days prior to the event.

6. Prior to the issuance of building permits, complete grading and building plans, including landscaping and signage, shall be submitted to the Development Services Director for approval. All plans shall be in substantial conformity to Exhibit "A," dated December 8, 1994, on file in the Development Services Department. All landscaping shall be installed prior to issuance of an occupancy permit for the gymnasium/multi-purpose building. Such planting shall not be modified or altered unless this permit has been amended and such planting is to be maintained in a disease, weed and litter free condition at all times. Subsequent to the completion of this project, no changes shall be made until an appropriate application for an amendment to this permit shall have been granted.

7. The construction and continued use of this permit shall be subject to the regulation of this or other governmental agencies.

ORIGINAL

8. If any existing hardscape or landscape indicated on the approved plans is damaged or removed during demolition or construction, it shall be repaired and/or replaced in kind per the approved plans.

9. The applicant shall implement a standard brush management program in accordance with the approved brush management plan shown for the site on Exhibit "A", dated December 8, 1994, on file in the Development Services Department, including the following measures:

- a. Prior to the issuance of any grading or building permits, a complete set of brush management working drawings, shall be submitted to the Development Services Director and the Fire Marshall for approval. The plans shall be in substantial conformity to Exhibit "A", dated December 8, 1994, on file in the office of the Development Services Department and shall comply with the applicable provision of the City of San Diego "Landscape Technical Manual", document number RR-274506. The approved Brush Management Program shall be implemented before issuance of any occupancy permit on any building and shall be inspected by the Development Services Department Landscape Inspector prior to issuance of any occupancy permit. Such brush management plan shall not be modified or altered unless this permit has been amended and is to be maintained, at all times, in accordance with the guidelines of the City of San Diego's "Landscape Technical Manual", document number RR-274506, on file in the office of the City Clerk.
- b. No accessory structures shall be permitted within Zone 1, including but not limited to wood decks, trellises, gazebos, etcetera. Non-combustible accessory structures may be approved by the Fire Marshall and the Planning Director.
- c. The Fire Department may consider deviations from these conditions or may require additional conditions at the time of final inspection if it is determined an eminent health and safety risk still exists.
- d. No new planting shall occur within the Zones 2 and 3.

10. Prior to the issuance of any building permits, the applicant shall assure, by permit and bond, the construction of the following public improvements, satisfactory to the City Engineer:

- a. replacement of all curb, gutter, and sidewalk adjacent to 2736 Copley Avenue;

ORIGINAL

- b. replacement of all damaged curb and gutter on Collier Avenue and Oregon Street;
- c. replacement of all damaged sidewalk west of the existing school driveway on Copley Drive and adjacent to 2736 and 2728 Copley Drive;
- d. removal of the following unused curb cuts:
 - i. adjacent to 2736 Copley Drive,
 - ii. adjacent to 2728 Copley Drive,
 - iii. at the west end of the site on Collier Avenue, and
 - iv. on the west side of Oregon Street,and their replacement with standard curb, gutter, and sidewalk; and
- e. replacement or repair of all uplifted, damaged, or misaligned sidewalk on Collier Avenue and Oregon Street.

11. No access-control gates shall open outward into the public right-of-way.

12. Prior to the issuance of any building permits, the applicant shall assure, by permit and bond, the construction of a pedestrian/wheelchair ramp at the northwest corner of Collier Avenue and Oregon Street, satisfactory to the City Engineer.

13. Prior to the issuance of any building permits, the applicant shall obtain an Encroachment Removal Agreement, from the City Engineer, for the bollards and all other private improvements, including landscape and irrigation, in the public right-of-way. This condition does not constitute approval of the Encroachment Removal Agreement, which requires separate application.

14. The developer shall install fire hydrants at locations satisfactory to the Fire Department and the City Engineer. If more than two (2) fire hydrants and/or thirty (30) Equivalent Dwelling Units (EDUs) are located on a dead-end main, then a dual-fed system shall be installed.

15. All private outdoor lighting shall be shaded and adjusted to fall on the same premises where such lights are located.

16. Prior to the issuance of any building permits, the applicant shall designate the entry loop, at the corner of

ORIGINAL

001505

Copley Avenue and Oregon Street, as one-way, counter-clockwise, with directional signs and appropriate pavement markings. ✓

17. Prior to the issuance of any building permits, the applicant shall install bollards, south of Parking Lot #1, in a manner satisfactory to the Fire Marshal.

18. The effective date of this permit shall be the date of final action by the Planning Commission. If an appeal is filed, the effective date shall be the date of final action by the City Council. The permit must be utilized within 36 months after the effective date. Failure to utilize the permit within 36 months will automatically void the permit unless an extension of time has been granted by the Planning Commission, as set forth in Section 111.1122 of the Municipal Code. Any such extension of time must meet all the Municipal Code requirements and applicable guidelines in effect at the time the extension is considered by the Planning Commission.

19. No development shall commence, nor shall any permit for construction be issued, until:

- a. The Permittee signs and returns the permit to the Development Services Department;
- b. The Resource Protection Ordinance/Conditional Use Permit is recorded in the Office of the County Recorder.

If the signed permit is not received for recording by the Development Services Department within 90 days of the decision of the Development Services Director or Planning Commission, the permit shall be void.

20. The property included within this Resource Protection Ordinance/Conditional Use permit shall be used only for the purposes and under the terms and conditions set forth in this permit unless otherwise authorized by the Development Services Director or the permit has been revoked by The City of San Diego.

21. This Resource Protection Ordinance/Conditional Use Permit may be canceled or revoked if there is any material breach or default in any of the conditions of this permit. Cancellation or revocation may be instituted by the City or Permittee.

22. This Resource Protection Ordinance/Conditional Use Permit shall constitute a covenant running with the land; all conditions and provisions shall be binding upon the permittee and any successor(s), and the interests of any successor(s) shall be subject to every condition herein.

ORIGINAL

23. The use of textured or enhanced paving shall be permitted only with the approval of the City Engineer and Development Services Director, and shall meet standards of these departments as to location, noise and friction values, and any other applicable criteria.

24. Prior to the issuance of building permits, the applicant shall:

- a. Ensure that building address numbers are visible and legible from the street (UFC 10.208).
- b. Show the location of all fire hydrants on the plot plan (UFC 10.301).
- c. Provide access in conformance with Fire Department Policy A-89-1 (UFC 10.207).
- d. Comply with the City of San Diego Landscaping Technical Manual regarding brush management and landscaping.

25. In the event that any condition of this Permit, on a legal challenge by the Owner/Permittee of this Permit, is found or held by a court of competent jurisdiction to be invalid, unenforceable or unreasonable, this Permit shall be void.

26. The following mitigation measures are required to reduce potential adverse project impacts to cultural resources to below a level of significance:

As a condition of this Resource Protection Ordinance/Conditional Use Permit the applicant shall document the historic swimming pool complex and the house at 2604 Collier Avenue prior to project development. This shall be accomplished through completion of:

- a. Historic American Building Survey (HABS) Level 1 documentation for the existing swimming pool, bath house, gazebo and landscape elements that are to be removed; and
- b. Completion of California Department of Parks and Recreation Primary Record (DPR 523A-test) and Building Structure and Object Record (DPR 523B-test) for the house at 2604 Collier Avenue.

All of these records are to be completed by a qualified architectural historian or historic architect. A qualified architectural historian or historic architect is an individual who meets the Secretary of Interior's minimum professional qualifications in education and experience for

architectural history or historic architecture. The Mitigation Monitoring and Reporting Program requires that prior to issuance of a demolition permit, the HABS Level 1 documentation shall be submitted to and approved by the Director of the Development Services Department. This historic mitigation program shall be included in the final site plan.

The above mitigation monitoring and reporting program will require additional fees and/or deposits to be collected prior to the issuance of building permits, certificates of occupancy and/or final maps to ensure the successful completion of the monitoring program.

27. Prior to the issuance of any demolition or building permit for the property at 2604 Collier Avenue, (Villa Lot 36 of University Heights Subdivision), the applicant shall have exercised its Option to purchase said property.

28. Prior to the issuance of any demolition or building permits for any of the activities authorized by this permit on any portion of the project site, the applicant shall have exercised its Option to purchase the property at 2604 Collier Avenue.

29. This Conditional Use Permit shall remain in effect for twenty-five (25) years from the date the permit is utilized. After the twenty-five years has expired, the activities authorized by this permit shall cease unless a new Conditional Use Permit has been issued by the City of San Diego for an additional period of time.

30. The original gate and walls at the main vehicular entrance to the site at the intersection of Oregon and Coply Streets will remain in their original appearance and location, but the gate will not open outward toward the street.

APPROVED by the Planning Commission of The City of San Diego on December 8, 1994.

001508

PLANNING COMMISSION RESOLUTION NO. 2156-PC.
GRANTING RESOURCE PROTECTION ORDINANCE/
CONDITIONAL USE PERMIT NO.92-0769

WHEREAS, THE ACADEMY OF OUR LADY OF PEACE, a corporation, Owner/Permittee, filed an application for a Resource Protection Ordinance/Conditional Use Permit to: demolish an existing swimming pool and three single-family residences; to construct a new 12,200 square-foot gymnasium/multi-purpose building, a landscaped courtyard with outdoor amphitheater, a new student pedestrian entrance, four parking lots and a new school sign; and to make modifications to the existing landscaping and perimeter walls at an existing senior high school located at 4860 Oregon Street and described as Villa Lots 31, 32, 33, & 36 through 50 inclusive and Lots 1, 2, the north 13 feet of the south 68 feet of 3, and the south 55 feet of Lots 3 & 4 of Block "R" of the University Heights Subdivision according to the map of the east 1/2 of Pueblo Lot 1110, being Map No. 937 and the map made by G.A. de'Remecourt in Book 8, Page 36 et seq of Lis Pendens, on file in the Office of the County Recorder, California. The subject property is located in the R-1-5000 and R-1-40000 zones of the Greater North Park Community Planning Area; and

WHEREAS, on December 8, 1994, the Planning Commission of the City of San Diego considered Resource Protection Ordinance/Conditional Use Permit No. 92-0769 pursuant to Sections 101.0462 and 101.0510 of the Municipal Code of the City of San Diego; NOW, THEREFORE,

BE IT RESOLVED by the Planning Commission of the City of San Diego as follows:

1. That the Planning Commission adopts the following written Findings, dated December 8, 1994:
 - a. The proposed use and development will not adversely affect the neighborhood, the City of San Diego's Progress Guide and General Plan, or the Community Plan, and, if conducted in conformity with the conditions provided by the permit, will not be detrimental to the health, safety and general welfare of persons residing or working in the area; and
 - b. The proposed development will be sited, designed, constructed and maintained to minimize, if not preclude, adverse impacts on environmentally sensitive lands.
 - c. The proposed development will minimize the alterations of natural landforms and will not result in undue risks from geological and erosional forces and/or

ORIGINAL

001509

flood and fire hazards.

- d. The proposed use will comply with the relevant regulations in the San Diego Municipal Code. The proposal conforms with all applicable Municipal Code regulations except the height of the proposed gymnasium/multi-purpose facility achieves a height of 32 feet where a height of 30 feet is allowed and the project proposes to provide 106 parking spaces where 115 are required for the school's current enrollment. However, 32 feet is the minimum height necessary to achieve the required interior height for a regulation high school gymnasium and 106 parking spaces are the most that can be provided on site without compromising the historic integrity of the property.

- 2. That said Findings are supported by maps and exhibits, all of which are herein incorporated by reference.

BE IT FURTHER RESOLVED that, based on the Findings hereinbefore adopted by the Planning Commission, Resource Protection Ordinance/Conditional Use Permit No. 92-0769, is hereby GRANTED to Owner/Permittee in the form and with the terms and conditions set forth in Resource Protection Ordinance/Conditional Use Permit No. 92-0769, a copy of which is attached hereto and made a part hereof.

RESOLUTION NUMBER R- 2156-1-PCADOPTED ON December 8, 1994

WHEREAS, on December 9, 1992, SISTER DOLORES ANCHONDO, PRINCIPAL, ACADEMY OF OUR LADY OF PEACE, submitted an application to the Development Services Department for a Conditional Use Permit and Resource Protection Ordinance permit; and

WHEREAS, the permit was set for a public hearing to be conducted by the Planning Commission of the City of San Diego; and

WHEREAS, the issue was heard by the Planning Commission on December 8, 1994; and

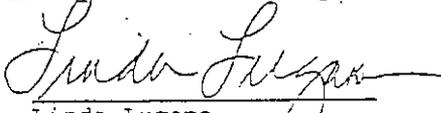

WHEREAS, the Planning Commission of San Diego considered the issues discussed in Mitigated Negative Declaration No. 992-0768; NOW THEREFORE,

BE IT RESOLVED, by the Planning Commission, that it is hereby certified that Mitigated Negative Declaration No. 92-0769 has been completed in compliance with the California Environmental Quality Act of 1970 (California Public Resources Code Section 21000 et seq.) as amended, and the State guidelines thereto (California Administration Code Section 15000 et seq.), that the report reflects the independent judgment of the City of San Diego as Lead Agency and that the information contained in said report, together with any comments received during the public review process, has been reviewed and considered by the Planning Commission.

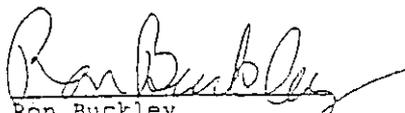

BE IT FURTHER RESOLVED that the Planning Commission finds that project revisions now mitigate potentially significant effects on the environment previously identified in the Initial Study and therefore, that said Mitigated Negative Declaration, a copy of which is attached hereto and incorporated by reference, is hereby approved.

BE IT FURTHER RESOLVED that pursuant to California Public Resources Code, Section 21081.6, the Planning Commission hereby adopts the Mitigation Monitoring and Reporting Program, or alterations to implement the changes to the project as required by this body in order to mitigate or avoid significant effects on the environment, a copy of which is attached hereto and incorporated herein by reference.

EXHIBIT A

MITIGATION MONITORING AND REPORTING PROGRAM

ACADEMY OF OUR LADY OF PEACE

CONDITIONAL USE AND RESOURCE PROTECTION ORDINANCE PERMIT

DEP NO. 92-0769

This Mitigation Monitoring and Reporting Program is designed to ensure compliance with Public Resources Code Section 21081.6 during implementation of mitigation measures. This program identifies at a minimum: the department responsible for the monitoring, what is to be monitored, how the monitoring shall be accomplished, the monitoring and reporting schedule, and completion requirements. All mitigation measures contained in the Mitigated Negative Declaration (Dep No. 92-0769) shall be made conditions of CONDITIONAL USE PERMIT and RESOURCE PROTECTION ORDINANCE PERMIT 92-0769 as may be further described below.

The following mitigation measures are required to reduce potential adverse project impacts to cultural resources to below a level of significance:

As a condition of Resource Protection Ordinance/Conditional Use Permit the applicant shall document the historic swimming pool complex and the house at 2604 Collier Avenue prior to project development. This shall be accomplished through completion of:

1. Historic American Building Survey (HABS) Level 1 documentation for the existing swimming pool, bath house, gazebo and landscape elements that are to be removed; and
2. Completion of California Department of Parks and Recreation Primary Record (DPR 523A-test) and Building Structure and Object Record (DPR 523B-test) for the house at 2604 Collier Avenue.

All of these records are to be completed by a qualified architectural historian or historic architect. A qualified architectural historian or historic architect is an individual who meets the Secretary of Interior's minimum professional qualifications in education and experience for architectural history or historic architecture. The Mitigation Monitoring and Reporting Program requires that prior to issuance of a demolition permit, the HABS Level 1 documentation shall be submitted to and approved by the Director of the Development Services Department. This historic mitigation program shall be included in the final site plan.

The above mitigation monitoring and reporting program will require additional fees and/or deposits to be collected prior to the issuance of building permits, certificates of occupancy and/or final maps to ensure the successful completion of the monitoring program.

THE CITY OF SAN DIEGO

April 4, 2007

CIVIL PENALTY NOTICE AND ORDER

Location: 4860 Oregon Street
APN NO: 438-230-16-00
Property Owners: Academy of Our Lady of Peace
Agent for Service: Jill Napier
Address: 11999 Chalon Road
Los Angeles, CA 90049
Responsible Party: Dasan Mahadevan
Address: 4860 Oregon Street
San Diego, CA 92116
Zone: RS-1-1/RS-1-7

You are hereby notified that the property at 4860 Oregon Street is in violation of the San Diego Municipal Code (SDMC) and you are subject to civil penalties pursuant to San Diego Municipal Code Section 12.0801 through 12.0810.

Civil Penalties for violations of the Municipal Code may be assessed at a daily rate not to exceed \$2,500 per day per violation; not to exceed a total maximum of \$250,000 per parcel or structure for any related series of violation(s).

Penalties may be assessed for each individual code section violated. These penalties may accrue daily for as long as the violations exist.

You are violation of the following items of your Conditional Use Permit No. 92-0769:

2. The Resource Protection Ordinance/Conditional Use Permit shall include all of the following activities/facilities:
 - a. A senior high school with a maximum number of 46 staff and a maximum enrollment of 640 students;
 - d. Four off-street parking lots with a total of 106 parking spaces;

001516

Civil Penalty Notice and Order
4860 Oregon Street
April 4, 2007
Page 2

3. No fewer than a total of 106 off-street parking spaces shall be maintained on the property. Parking spaces shall be consistent with Division 8 of the Municipal Code and shall be permanently maintained and not converted for any other use. Parking spaces and aisles shall conform to City of San Diego standards.
7. The construction and continued use of this permit shall be subject to the regulation of this or other governmental agencies.
15. All private outdoor lighting shall be shaded and adjusted to fall on the same premises where such lights are located.

The property is in violation of the following section(s) of the SDMC.

SDMC Sec.

- 121.0302(a) It is unlawful for any person to maintain or use any *premises* in violation of any of the provisions of the Land Development Code, without a required permit, contrary to permit conditions, or without a required variance.
- 121.0302(b) It is unlawful for any person to engage in any of the following activities, or cause any of the following activities to occur in a manner contrary to the provisions of the Land Development Code:
- (3) To change *density* or intensity of the use of land; or
 - (4) To maintain or allow the existence of any condition that creates a *public nuisance*.
- 126.0306 It is unlawful for any person to maintain, use, or develop any *premises* without a Conditional Use Permit if such a permit is required for that use or *development* or to maintain, use, or develop any *premises* contrary to the requirements or conditions of an existing Conditional Use Permit. Violation of any provision of this division shall be subject to the enforcement provisions contained in Chapter 12, Article 1. Violations of this division shall be treated as strict liability offenses regardless of intent.

You are hereby ordered to correct the violations by completing the following actions set forth below:

By June 30, 2007: You shall reduce the number of staff to 46 and the number of students to a maximum of 640. Provide and maintain all development as required by Conditional Use Permit 92-0769.

Civil Penalty Notice and Order
4860 Oregon Street
April 4, 2007
Page 3

Failure to Comply with Notice and Order

This Resource Protection Ordinance/Conditional Use Permit may be canceled or revoked if there is any material breach or default in any of the conditions of this permit. Cancellation or revocation may be instituted by the City or Permittee.

Failure to comply with this Notice and Order will result in the ongoing assessment of Civil Penalties:

1. Civil Penalties Hearing

This Notice and Order may cause a date, time, and place to be set for a hearing regarding the existing violations and confirmation of assessed civil penalties.

Written notice of the time and place of the hearing will be served on you at least ten days prior to the date of the hearing.

At the hearing, you, your agent or any other interested person may present testimony or evidence concerning the existence of the violations and the means and time frames for correcting the violations. Testimony or evidence may also be presented relating to the duration, frequency of recurrences, nature and seriousness, and history of the violations; whether the offense impacted environmentally sensitive lands or historical resources the willfulness of the responsible person's misconduct, after issuance of the Notice and Order; the good faith effort by the responsible person to comply; the economic impact of the penalty on the responsible person; the impact of the violation upon community; and/or any other factor which justice may require.

Failure to attend the hearing shall constitute a waiver of your rights to an administrative hearing and administrative adjudication of the Notice and Order.

2. Assessment of Penalties

Any person violating any provision of the Municipal Code or applicable State Codes is subject to assessment of Civil Penalties.

Civil penalty amounts are established by the Deputy Director of the Neighborhood Code Compliance. The following factors were used in determining the amount: seriousness of the violation, case history, lack of good faith efforts toward compliance, serious of violation.

The penalty rate for the above listed violations have been established at \$1000.00 per day and shall be an ongoing assessment of penalties at the daily rate until the violations are corrected in accordance with Municipal Code Sections 12.0801 et seq.

Pursuant to SDMC Section 12.0805(a), in determining the date on which civil penalties shall begin to accrue and the duration, the Deputy Director may consider a date when Neighborhood Code Compliance first discovered the violations as evidenced by the issuance of a Notice of Violation or any other written correspondence.

Civil Penalty Notice and Order
4860 Oregon Street
April 4, 2007
Page 4

Administrative Costs

The Deputy Director or Hearing Officer is authorized to assess administrative costs. Administrative cost may include scheduling and processing of the hearing and all subsequent actions.

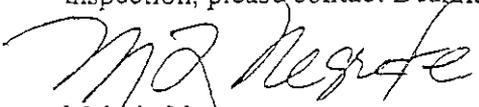

Waiver

Failure to attend the hearing shall constitute a waiver of your rights to an administrative hearing and adjudication of the Notice and Order or any portion thereof.

If you fail, neglect or refuse to obey an order to correct the violations, civil penalties will continue to accrue on a daily basis until the violation is corrected, except that such amount shall not exceed \$250,000.

If you fail, neglect or refuse to obey an order to pay civil penalties, the unpaid amount shall constitute a personal obligation and/or a lien upon the real property. Failure to pay a personal obligation will cause the Deputy Director to refer the obligation to the City Attorney to file a court action to recover these costs. Failure to pay a lien will cause the Deputy Director to refer the lien to the County Auditor for collection in the same manner that ordinary municipal taxes are collected.

If you have any questions concerning this Notice and Order, or to schedule a compliance inspection, please contact Deanna Walker, Land Development Investigator at (619) 533-6145.

001520

Appellant appeared and was represented by its attorneys, Paul Robinson and Josh Sonne.

Testifying for Appellant was Sister Dolores Anchondo, school principal (PRINCIPAL), Dasan Mahadevan, school chief financial officer, Andy Schlectli and Patricia Butler, technical consultants, and Brian Newell, neighbor.

The City offered documentary evidence identified as C-1 through C-24. Appellant offered documentary evidence identified as A-1 and A-2. All documents were admitted into evidence.

II

FINDINGS OF FACT

1. Appellant, Academy of Our Lady of Peace, (OLP) is a parochial high school for girls (SCHOOL) operated by the Sisters of St. Joseph Carondelet.

OLP is the owner of real property at 4860 Oregon which has been occupied by the SCHOOL for more than 80 years (PROPERTY).

2. OLP applied for a Conditional Use Permit and Resource Protection Ordinance Permit on December 9, 1992. The purpose was to make certain improvements and to continue operation of the SCHOOL.

The application was approved by the San Diego Planning Commission on December 8, 1994 and executed by the Senior Planner on January 19, 1995 (CUP).

Appellant, through its PRINCIPAL, executed the CUP on June 16, 1995 as Permittee, agreeing to each condition and promising to perform each obligation.

The CUP was recorded in the official records of San Diego County on June 26, 1995.

3. The CUP was granted to Appellant subject to certain conditions, restrictions and limitations (CONDITIONS). Among those CONDITIONS were that:

- A. Appellant maintain a maximum staff of 46 and a maximum enrollment of 640 students;
- B. Appellant provide four off-street parking lots on the PROPERTY with a total of 106 spaces. The parking spaces were to be permanently maintained and not converted to any other use;
- C. All private outdoor lighting was to be shaded and adjusted to fall on the premises where the lights were located;

001521

- D. Appellant was to designate one entry loop at the corner of Copley Avenue and Oregon Street as one-way counterclockwise traffic, with appropriate signs and markings;
- E. The PROPERTY use was limited to the permit conditions and was subject to cancellation or revocation for any material breach or default.

- 4. Supporting the application process, Appellant submitted a site plan identified as Exhibit A, which detailed the location of the mandated four parking lots.
- 5. Responding to a large number of complaints by the neighboring community, the PROPERTY became the subject of observation and investigation by the City of San Diego to determine whether Appellant was compliant with the CUP.

On April 4, 2007, the City of San Diego issued a Civil Penalty Notice and Order (CPNO) to Appellant for violations of the CUP and the San Diego Municipal Code (SDMC).

Appellant was specifically cited for violation of the CONDITIONS (exceeding student enrollment, exceeding staff, not providing required off street parking, not shading outdoor lighting and not providing the entry loop) and for violation of SDMC Sections:

- A. 121.0302(a) (use contrary to permit);
- B. 121.0302(b) (change in density or intensity and creating a public nuisance);
- C. 126.0306 (use contrary to conditions of existing CUP).

Violations of 126.0306 are treated "as strict liability offenses regardless of intent".

Appellant was granted until June 30, 2007 to correct the violations. The violations remain uncorrected.

- 6. The City assessed Civil Penalties to Appellant of \$1,000.00 per day from April 4, 2007 until compliance.
- 7. Appellant was aware of these violations almost from the issuance of the CUP.

Appellant admits that it became aware of violations of the CUP at least as early as 2005; it acknowledged the violations but did not take a single step to correct any violation.

001522

8. Appellant did not deny the violations of the CUP or the allegations in the CPNO, but maintained it took no corrective action because it was in the planning stages of a massive modernization program requiring the approval of many levels of City regulators.
9. These violations substantially impacted the neighboring community as evidenced by the many complaints and by uncontested testimony concerning traffic, parking, safety, noise and related issues detailed by several neighbors.

One day before this hearing, City of San Diego police officers issued 20 traffic tickets or warnings to OLP students arriving at and departing from the PROPERTY for various violations including speeding, failure to stop and parking.

Neighbors testified that students blocked driveways, double- and triple-parked, intermittently blocked the streets, parked on sidewalks, narrowly missed children while speeding, reduced resident parking availability and otherwise caused the neighbors' continuing concern.

Neighbors did not urge closure of the SCHOOL. They wanted Appellant to comply with the CUP and relief from the negative impact on their community.

10. The seriousness of the violations is magnified by their long duration, frequency, impact upon neighbors, lack of compliance even after admitting knowledge and disregard for the law and CUP CONDITIONS.

In further aggravation, uncontested testimony established that:

- A. As early as March 4, 1993, in an Appellant Board of Directors meeting, Appellant projected enrollment "to a maximum student body of 740 students".

- B. On August 25, 1993, PRINCIPAL, in a letter to the City of San Diego Planning Department, stated

"During 1992-1993, 631 students were enrolled at the Academy at year's end. Thirty nine full time faculty and six staff members were employed. The enrollment figures for the upcoming 1993-1994 academic year will be similar. It is anticipated that the enrollment figures will remain constant in the future as the facilities will not house additional students."

- C. After obtaining the CUP, Appellant's general contractor directed a subcontractor to prepare one designated parking

001523

lot (UPPER PLAZA) with special material prior to striping so that the striping could be easily removed and erased. The striping was removed.

D. Neither the UPPER PLAZA nor a large, beautiful lawn area used as the traditional graduation location, were ever used for parking. Both areas were designated on Exhibit A of the CUP application as parking lots.

E. Student enrollment for the past 8-10 years exceeded the CUP limit by 110 students and the faculty limit of 46 grew to 60 or 61.

Appellant testimony established that in 1995, when the CUP was first issued, student enrollment was 650 or more students, already exceeding the limit of 640.

F. The entry loop was never utilized.

G. After issuance of the CUP, no evidence was presented to establish any effort by Appellant to comply with the CONDITIONS.

H. Knowing it continued in violation of the CUP and the CPNO, Appellant began the current school year on August 27, 2007 with 740-750 students.

11. There are mitigating factors:

A. Appellant operates a parochial girls' school providing high quality education to a large number of children;

B. Appellant is non-profit;

C. Appellant has engaged consultants to assist it in applying for an amendment to the CUP to reflect the reality of its campus, enrollment, faculty and physical condition;

D. Appellant has sought input from its neighbors;

E. Appellant admitted the CUP violations and the allegations of the City in the CPNO;

F. Neighbors do not support closure of the SCHOOL.

12. The City assessed Appellant a civil penalty of \$155,000.00 (155 days at \$1,000.00 per day from April 4 through September 7, 2007). It seeks

001524

accruing penalties of \$1,000.00 per day from September 8, 2007 until compliance.

The City expended \$2,431.97 in administrative costs in prosecuting this case. The City seeks reimbursement from Appellant for those costs.

13. SDMC 126.9396 mandates that these violations be treated as strict liability offenses. Lack of knowledge, negligence, inattention, acting at the direction of others or being misled by others are not defenses to these violations.
14. All Notices and Orders including written notice of the times and places of these hearings were served upon Appellant according to law.
15. The responsible party is Appellant.

III

DETERMINATION OF ISSUES

- i. By reason of the facts found in Findings of Fact paragraph 15, Appellant is the Responsible Party.
2. By reason of the facts found in Findings of Fact paragraph 14, the Appellant was notified of the CPNO and this Administrative Hearing.
3. By reason of the facts found in Findings of Fact paragraph numbers 5, 6, and 8, the Appellant failed to comply with the CUP and CPNO.
4. By reason of the facts found in Findings of Fact paragraph numbers 5, 6, 8 and 10, the Appellant violated the SDMC Code as listed in Paragraph 6.
5. By reason of the facts found in Findings of Fact paragraph numbers 2, 5, 6, 7, 8, 9, 10, 12, 13 and 15, the civil penalty assessed against Appellant in the amount of \$155,000.00 is affirmed. Administrative costs of \$2,431.97 are awarded to the City of San Diego.

IV ORDER

THEREFORE, the following order is made:

1. Appellant is ordered to pay the City of San Diego the sum of \$105,000.00 in civil penalties and \$2,431.97 in administrative costs (\$107,431.97). Payment shall be made to the City Treasurer upon receipt of invoice.

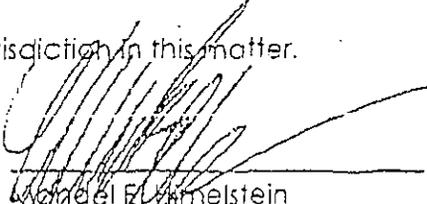

001525

2. The balance of \$50,000.00 plus accruing civil penalties of \$500.00 per day from September 8, 2007 is stayed pending Appellant's compliance with the following:
 - A. On or before October 1, 2007, shade and adjust on-campus lighting consistent with the CUP.
 - B. On or before October 15, 2007:
 - a. Activate the entry loop at the corner of Oregon and Copley Streets, consistent with the CUP and supervise the dropoff and pickup of students pre-assigned to either the entry loop, the West parking lot or other convenient area to ease congestion and improve efficient and safe movement of traffic;
 - b. Provide only trained, qualified employees, security personnel or off-duty police officers to supervise and monitor the dropoff and pickup to ensure student and faculty safety, compliance with traffic laws, and to minimize disruption in the neighboring community.
 - c. Formally adopt on-going effective and appropriate procedures to educate, inform and require its students, and especially its student drivers, to comply with traffic laws, to respect the rights of its neighbors and to act lawfully and with courtesy and consideration toward them.
 - d. Report to and meet with the NCCD of the City of San Diego to detail these efforts and their results.
 - C. On or before November 1, 2007:
 - a. Provide an additional 45 off-street parking spaces, either on the PROPERTY or at private parking facilities;
 - b. Provide shuttle service for students and staff utilizing the private facilities;
 - c. Ensure the safety of students, staff and neighbors by the use of well-maintained vehicles and qualified drivers;
 - d. Report to and meet with City of San Diego NCCD to detail these efforts and their results.

001526

- D. On or before July 1, 2008, reduce student enrollment to 640 and reduce staff to 46, or complete amendment of the CUP to reflect conditions at the SCHOOL, including physical, personnel, student or general changes as shall be consistent with law and authorized by the City of San Diego.
3. If the Appellant does not timely comply, the balance of \$50,000.00 plus \$500.00 per day accruing civil penalties is awarded and shall be payable upon receipt of invoice from the City of San Diego. Total civil penalties shall not exceed \$250,000.00.
- If the Appellant does comply, the balance of \$50,000.00 and accruing civil penalties are dismissed.
4. The penalties and administrative costs shall be a personal lien against the Appellant and shall be recovered by the use of all appropriate legal means.
5. The Hearing Officer retains jurisdiction in this matter.

NORTH PARK PLANNING COMMITTEE

3939 Arizona Street
San Diego, CA. 92104
info@northparkplanning.org

001527

August 21, 2008

Terri Bumgardner
Environmental Planner
City of San Diego Development Services Center
1222 First Avenue, MS 501
San Diego, CA 92101

Dear Ms. Bumgardner;

At our August 19, 2008, meeting, the North Park Planning Committee voted unanimously to submit the following comments to you regarding the draft EIR for the Academy of Our Lady of Peace (Project #130619, SCH No. 2008021024). The approved motion included the recommendation that planning commission deny certification of the EIR based on unmitigated impacts to land use, aesthetics, neighborhood character, historical resources, traffic and circulation, and cumulative impacts to hydrology and water quality. Please include the following EIR comments for Planning Commission consideration at the applicant's September 18 hearing.

EIR: Page 3-5 of the report says one of the "design criteria driving the proposed Academy improvements" is "preservation of existing historical areas of the campus." Continuing, it says, "The new plan envisions using the historical structures in a manner consistent with their historical nature."

CONCERNS:

- The Collier and Copley homes are historical (they meet the meet the city's Significance Criterion C and the city has deemed them "locally significant historical resources") and their recent purchase makes them part of the OLP campus. In light of the stated criteria above, why would the school demolish these homes?
- Demolishing historical homes conflicts with the North Park Community Plan's objectives to "preserve the architectural variety and residential character of Greater North Park" and to "preserve and restore unique or historic structures within the community."
- The Community Plan calls for maintaining the low-density character of predominantly single-family areas and the preservation of moderate and higher-cost housing, which the Collier and Copley homes are.

EIR: The report does not mention any adaptive re-use of the single-family homes set for demolition.

CONCERNS:

- This is an issue that has been raised at UD subcommittee meetings and OLP has failed to answer except to say that it is not feasible as adequate/modernized space in keeping with OLP's objectives/goals. Some NPPC committee members toured the campus and felt that the homes could be used as nuns' housing, offices, and/or small classrooms. The larger building currently used for the nuns' residence could be modernized to function as classroom and lab space.
- The school's plan to demolish two potentially historical homes without investigating their potential adaptive re-use is outside the Community Plan's goals and objectives.

EIR: The report finds that for the Copley house "adaptive reuse is not considered feasible for this structure as a parking facility is proposed for this location."

CONCERN: Eliminating feasibility of reuse based solely on the fact that the applicant wants to demolish it due to its being in the footprint of a proposed structure is not considering adaptive re-use as an alternative.

EIR: The report says OLP's board plans to "adopt a solution of financial hardship" based on a religious exemption that will exempt it from developers' rules, including limitations on demolition of historically designated buildings.

CONCERN: The report also says the "school is considered the primary use of the site." Should a school be considered a "religious institution"? Should a board be allowed to receive this hardship exemption — and thereby demolish historical structures — when it also is proposing a multi-million-dollar building project?

001528

EIR: The report notes without objection that the 30-foot-tall classroom building will have "design features" that will extend its height in some places by 13.5 feet over the maximum height limitation and will be 10 feet from the property line of the adjacent historically designated single-family residence. It will be taller than any existing campus buildings.

CONCERN: The Community Plan says "new development should be consistent with the scale and character of the existing development of the surrounding areas" and it should "relate the height of the new buildings to the height of existing development."

EIR: The report's visual impact simulations show a low-impact bulk and scale of the project.

CONCERN: The classroom building on Collier will result in residents facing a two-story wall 10 feet or across a narrow street from their property instead of the landscaping and air circulation they enjoy from the placement of the current single-story residence. The parking structure could prove similar, depending on its final rendition.

EIR: In the report, page 5.10-6 says, "The proposed new parking structure would reduce existing congestion and parking issues by providing new on-site parking which does not currently exist."

CONCERN: These items are in the current CUP but were never addressed on campus. If the school were to comply with the CUP, these issues would be resolved without the proposed structure. Also, it has not been demonstrated that students will park in the structure with ample street parking available or that the structure will ease congestion with one ingress/egress.

EIR: In the alternatives discussion on Page 9-7, the report argues that if the campus is not expanded, "110 existing students would be forced to leave the school."

CONCERN: The report does not recognize that the original CUP enrollment could be reached by limiting incoming freshmen to a pre-determined percentage each year until the overall maximum enrollment number is met.

EIR: In the report, page ES-1 and 3-1, it says one of the CUP modifications is to "modify limitations of special events."

CONCERN: On page 1-1, the 2008 CUP amendment is silent regarding special event modifications and on page 3-25-26 there is no mention of any changes to the proposed uses or operational characteristics. What are the modified limits?

EIR: The report says OLP seeks to "legalize several deviations" in a development permit to expand their campus footprint.

CONCERN: With OLP's history of CUP violations, is the applicant trying to "bend" city guidelines rather than comply with them?

In closing, the cumulative impacts section for water quality and hydrology topic areas are inadequate for increased encroachment into the canyon with increased enrollment, vehicles, and runoff. The cumulative impacts water quality section does not account for growth-inducing impacts to the canyon.

Sincerely,

(signed)

Rob Steppke, Chair
North Park Planning Committee

001529

North Park Planning Committee
Urban Design/Project Review Subcommittee
August 25, 2008

Academy of Our Lady of Peace Expansion and Modernization Project

Motion: Scannell/Bonn

Whereas the Greater North Park Community Plan seeks to “preserve the architectural variety and residential character of Greater North Park” and to “preserve and restore unique or historic structures within the community,” we find the applicant’s plan to demolish the Collier and Copley Avenue houses—which the City has deemed “locally significant historical resources” that meet Significance Criterion C—to be opposite of the Community Plan.

Whereas the applicant has been in violation of its existing CUP since approximately 1996—including increases in enrollment, lack of parking, and traffic management—we find the applicant to be disingenuous in its attempt to amend its CUP as part of a major building project while neighbors endure the impacts of the violations.

Whereas the Greater North Park Community Plan aims to maintain the low-density character of predominantly single-family areas, we find the project’s nearly 22,000-square-foot, 30-foot-tall (plus an additional 13 feet in some areas) classroom structure that is to be 10 feet from a neighboring and historically significant home’s property line to be opposite of the Community Plan.

Whereas the applicant has not presented alternatives for the Collier and Copley houses, or existing campus structures, we find the applicant negligent in exploring adaptive re-use contrary to the Community Plan.

Whereas the applicant’s EIR fails to include mitigation for impacts on land use, aesthetics, neighborhood character, historical resources, traffic and circulation, and cumulative impacts to hydrology and water quality, we find the EIR incomplete and not compatible with land use protections or the Community Plan.

Whereas the project seeks deviations for setback, parking and building height, we find no community benefit to such deviations.

Whereas the project includes the applicant’s plan to “adopt a solution of financial hardship” based on a religious exemption from developers’ rules, including limitations on demolition of historically significant buildings, we find conflict with the applicant’s statement in the EIR that the “school is considered the primary use of the site,” not a religious institution.

Whereas the applicant is assuming the proposed parking structure would “reduce existing congestion and parking issues,” we find no assurance students or faculty/staff would

001530

favor the structure over available street parking or that it would ease congestion with only one ingress/egress.

Whereas the applicant's EIR says the amended CUP will "modify limitations of special events," yet the CUP amendment offers no explanation of these modifications, we find potential for harmful overuse of neighborhood resources should the applicant pursue these additional events.

Whereas neighbors and this committee have documented the applicant's insincere efforts at community involvement and participation, we find the project to be one-sided and without concessions traditionally agreed upon between residents and expanding institutions.

Whereas the applicant sought a planning commission hearing date prior to a vote by this committee, conflicting with planning steps the City designed to protect neighborhoods, we find the applicant to be careless of its North Park location and neighbors.

Therefore, we deny the project and the CUP amendment as currently proposed.

SUBJECT: RPO/CUP 92-0769

Enclosed is a copy of the subject permit that was approved by the
PLANNING COMMISSION on 12/8/94. It is very IMPORTANT that you read
your permit thoroughly. No changes will be allowed after the permit is recorded.

Also enclosed is an All Purpose Certificate form. After signing and obtaining
notarization of this form, please return it as soon as possible to:

City of San Diego Development Services Department
Permit Intake Section
1222 First Avenue MS 501
San Diego, CA 92101

When the signature form is received, the permit will be sent to the County Recorder.
The County Recorder will return the recorded document in four to six weeks. At that
time, a copy of your permit will be mailed to you.

If you do not return the form with your signature notarized, your permit cannot be
recorded. Your building permit cannot be issued if your permit is not recorded.

If you would like to expedite the recordation process please enclose a brief letter
stating this request. Include your letter with the signature/notary page when returning
to Permit Intake. Your account will be charged for the special handling to expedite
the recordation.

If you have any questions regarding your permit or the recordation process, please call
the Permit Intake Section at 236-6495.

Sincerely,
AMANDA ALVARADO

Point No. 4
OLP's Lack of Transparency in Notification of Neighbors
Regarding Their Planned Expansion

001543

July 13, 2006

Richard Strickland & Billie S. Fogle-Strickland
4795 Oregon Street
San Diego, CA 92116

Re: 4795 Oregon Street

Dear Neighbor,

We would like to invite you to the Academy of Our Lady of Peace for an evening of information sharing regarding our plans to alleviate the student parking problem on the streets surrounding our campus.

Please join us from 6:30 - 7:30 p.m. in our campus amphitheater on Thursday, July 27, 2006. Light refreshments will be served.

You can most easily access our outdoor amphitheater by entering the campus through the double green doors just to the right of our main entrance on Oregon Street. Representatives of our administration and Board of Directors will be there to further assist you.

Sincerely,

Sister Dolores Anchondo
Principal

001544

August 18, 2006

Sr. Dolores Anchondo

San Diego, California 92116

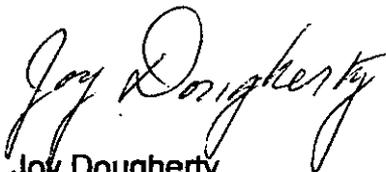

Dear Sr. Anchondo,

I was unable to attend your open house on July 27, 2006 due to my being out of town; however, had I known that your facility's ultimate intention to address what was referenced in the open house invitation as "parking issues" was the construction of a parking structure, I would have rearranged my schedule to make sure I was there to voice my opposition to its construction.

I find it unimaginable that your facility feels that a parking structure is an "enhancement" to the neighborhood. A parking structure is not only incompatible to the 1920s era feel of the neighborhood, but will negatively impact property values.

In lieu of a parking structure in the middle of this residential neighborhood, why not take the respectful and responsible action of choosing a location in a commercial area for a parking/drop off point and implement a shuttle service to and from that location to your facility. That will eliminate not only the eye sore of a parking structure in this charming neighborhood, but also eliminate the traffic related issues.

When is the next meeting planned, so I may make sure to be there?

To: Sokolowski, Michelle
Subject: Proj. No. 130619 Amend Acameny of Our Lady of Peace CUP

I strongly oppose this project to allow further expansion of the Academy under a CUP that they have violatd for the past years without requirement that they comply. If the Commission approves this they are legalizing their continueal violations of their original CUP. Now the Commission is being asked to Amend this CUP to allow extension of the Academy into the surrounding residential community. They intend to purchase and destroy historically significant homes which will violate the character of this neighborhood. Once OLP comes into compliance with their original CUP, then they can design any future expansion WITHIN THEIR ORIGINAL HISORIC FOOTPRINT. Many architects could help them do this and be sure the buildings are complementary to the present historic buildings they now have. Mary Lou Ruane 2207 Mission Ave. San Diego, CA 92116 (619-298-6061.

AND CONSIDER IT THOROUGHLY.

*(From 9/18/08 PC hearing -
Provided in opposition
to project).*

STATEMENT OF THE CASE

This matter came on regularly for hearing before Mandel E. Himmelstein, Administrative Hearing Officer for the City of San Diego on July 27, 2007 at 9:00 a.m. and September 7, 2007 at 9:00 a.m. at The Neighborhood Code Compliance Department and the San Diego City Council chambers, and was heard on those dates, notice duly and regularly given.

The purpose of the hearing was to determine whether the Responsible Persons have caused or maintained a violation of the Municipal Code or applicable State Code that existed on the dates specified in the Notice and Order; and whether the amount of civil penalties assessed by the Director pursuant to the procedures and criteria outlined in Section 12.0805 were reasonable.

Brian Ziegler, Deputy City Attorney, Melody Negrete, Code Enforcement Coordinator, Deanna Walker, Criminal Investigator, and Michelle Sokolowski, Development Program Manager, appeared on behalf of the City of San Diego.

Testifying for the City was Al Stasukevich, Land Development Investigator II, Kelly Gee, subcontractor, Terry Cook, Dan Sullivan, Clive Turner, Diana Carlson, Ross Lopez and Tom McDonald, neighbors of Appellant.

001547

8. Appellant did not deny the violations of the CUP or the allegations in the CPNO, but maintained it took no corrective action because it was in the planning stages of a massive modernization program requiring the approval of many levels of City regulators.

9. These violations substantially impacted the neighboring community as evidenced by the many complaints and by uncontested testimony concerning traffic, parking, safety, noise and related issues detailed by several neighbors.

One day before this hearing, City of San Diego police officers issued 20 traffic tickets or warnings to OLP students arriving at and departing from the PROPERTY for various violations including speeding, failure to stop and parking.

Neighbors testified that students blocked driveways, double- and triple-parked, intermittently blocked the streets, parked on sidewalks, narrowly missed children while speeding, reduced resident parking availability and otherwise caused the neighbors' continuing concern.

Neighbors did not urge closure of the SCHOOL. They wanted Appellant to comply with the CUP and relief from the negative impact on their community.

10. The seriousness of the violations is magnified by their long duration, frequency, impact upon neighbors, lack of compliance even after admitting knowledge and disregard for the law and CUP CONDITIONS.

In further aggravation, uncontested testimony established that:

- A. As early as March 4, 1993, in an Appellant Board of Directors meeting, Appellant projected enrollment "to a maximum student body of 740 students".

- B. On August 25, 1993, PRINCIPAL, in a letter to the City of San Diego Planning Department, stated

"During 1992-1993, 631 students were enrolled at the Academy at year's end. Thirty-nine full time faculty and six staff members were employed. The enrollment figures for the upcoming 1993-1994 academic year will be similar. It is anticipated that the enrollment figures will remain constant in the future as the facilities will not house additional students."

- C. After obtaining the CUP, Appellant's general contractor directed a subcontractor to prepare one designated parking

001548

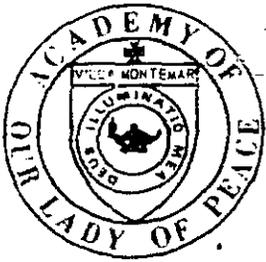

lot (UPPER PLAZA) with special material prior to striping so that the striping could be easily removed and erased. The striping was removed.

- D. Neither the UPPER PLAZA nor a large, beautiful lawn area used as the traditional graduation location, were ever used for parking. Both areas were designated on Exhibit A of the CUP application as parking lots.
- E. Student enrollment for the past 8-10 years exceeded the CUP limit by 110 students and the faculty limit of 46 grew to 60 or 61.
- Appellant testimony established that in 1995, when the CUP was first issued, student enrollment was 650 or more students, already exceeding the limit of 640.
- F. The entry loop was never utilized.
- G. After issuance of the CUP, no evidence was presented to establish any effort by Appellant to comply with the CONDITIONS.
- H. Knowing it continued in violation of the CUP and the CPNO, Appellant began the current school year on August 27, 2007 with 740-750 students.

11. There are mitigating factors:

- A. Appellant operates a parochial girls' school providing high quality education to a large number of children;
- B. Appellant is non-profit;
- C. Appellant has engaged consultants to assist it in applying for an amendment to the CUP to reflect the reality of its campus, enrollment, faculty and physical condition;
- D. Appellant has sought input from its neighbors;
- E. Appellant admitted the CUP violations and the allegations of the City in the CPNO;
- F. Neighbors do not support closure of the SCHOOL.

12. The City assessed Appellant a civil penalty of \$155,000.00 (155 days at \$1,000.00 per day from April 4 through September 7, 2007). It seeks

RECEIVED

To Whom It May Concern:

Mr. Ed McArdle, an architect at Martinez, Cutri and McArdle, has asked that I provide information to you concerning the Academy's request (DEP. NO. 92-0769) to erect a multi-purpose building. The information that he desired concerned student enrollment and the number of faculty and staff who are employed at the Academy.

During the 1992 - 1993 academic year, 631 students were enrolled at the Academy at year's end. Thirty-nine full-time faculty and six staff members were employed. The enrollment figures for the upcoming 1993 - 1994 academic year will be similar. It is anticipated that the enrollment figures will remain constant in the future, as the facilities will not house additional students.

If I may be of further assistance to you concerning the Academy's request for permits, please contact me.

Sincerely yours,

Sister Dolores Anchondo, C.S.J.
Principal

THIS DOCUMENT IS PUBLIC INFORMATION
DATE 11/11/08 BY 10000

(From 9/11/08 PC Hearing)

Unsigned, Undated response by OLP to Community Concerns
Page 4 of 5 pages

Current Status: We will continue Ecology Club.

6. Conditional Use Permit (CUP) Compliance

Concern: OLP is attempting to increase enrollment and is currently above the levels authorized by its existing CUP.

Response: We acknowledge the student population exceeds the permitted enrollment in the CUP. When OLP realized this, ~~it called a meeting of the surrounding neighbors to inform them and to let them know OLP would seek an amendment to the CUP.~~

OLP is amending its CUP to accommodate the student population that exists today. The amended CUP would permit up to 750 students. It is unlikely the student population will ever reach that number again.

An amended CUP would cap the enrollment. OLP will not attempt to increase this cap in the future.

Concern: The neighborhood has a lack of trust for OLP based on its compliance with the existing CUP.

Response: The school understands the concerns of the neighborhood and has made a commitment to work with the neighbors to provide information that would impact the community and establish and maintain a constructive form of communication via distribution of OLP monthly newsletter, community surveys regarding traffic and parking issues, etc.

Status of Remaining Administrative Enforcement Orders:

(a) 59 on-site parking spaces provided where 106 required by 1995 Permit.

Status: 84 on-site parking places and 22 off-site parking places with shuttle service are currently provided.

- 29 spaces in faculty lot
- 53 spaces in Copley Lot & Circle Dr. (2) combined
- 18 spaces off-site with shuttle
- 6 spaces in private arrangements

001581

City of San Diego
FHPS Policy A-00-1
Fire Access Roadways
UPC 901.4.2

001582

THE CITY OF SAN DIEGO

FHPS POLICY A-00-1

FIRE ACCESS ROADWAYS
UFC 901.4.2

I. PURPOSE

This policy clarifies Fire and Life Safety Services' access roadway requirements as outlined in UFC 901.4.2, and California Vehicle Code Section 22500.1.

II. SCOPE

Fire access roadways for new and existing buildings are regulated by this policy. Both public streets and private roadways fall under the scope of this policy.

III. PERMITS

No permits are required.

IV. WHERE ROADWAYS ARE REQUIRED

Buildings shall be accessible to emergency vehicle access. Access roadways shall be not less than 20 feet of unobstructed width, shall have an adequate roadway turning radius and shall have a minimum vertical clearance of 15 feet 6 inches. Access roads shall be extended to within 150 feet of all portions of the first story of the building served (as measured around the exterior of the building), and shall be installed with an all-weather driving surface. All access, including bridges, shall support the imposed load of fire apparatus to withstand a minimum 95,000 pound vehicle load.

Exceptions:

- A. Proposed surfaces other than concrete or asphalt shall be designed and installed in accordance with FHPS Policy A-96-9.
- B. For buildings constructed prior to February 9, 1975, private roadway widths less than 20 feet may be permitted to remain. The ability to conduct fire fighting operations will be the primary consideration in grandfathering these reduced roadway widths.

Fire and Hazard Prevention

Fire and Life Safety Services • 1010 Second Avenue, Suite 300 • San Diego, CA 92101
Tel (619) 533-4400 Fax (619) 544-6806

- C. Bridges constructed prior to April 22, 1982 shall suffice as access if such bridge was built according to the building standards in effect at that time. If the bridge will not safely support the imposed load of fire apparatus, the Chief is authorized not to operate fire apparatus over such bridge.
- D. These access roadway requirements do not apply to Group U occupancies or to two or less Group R-3 occupancies located more than 150 feet from a public street or roadway.
- E. These requirements may be modified when authorized by the Chief. The Chief may require installation of a fire access roadway when circumstances warrant.

V. *RED CURBS/NO PARKING SIGNS*

The required width of access roadways shall not be obstructed in any manner, including the parking of vehicles. Where no space is provided for parking along access roadways, they shall be kept clear by the posting of signs or the painting of curbs as follows:

- A. Owners or property representatives shall post the entrance to the required roadway with an approved sign. Sign shall read "NO PARKING FIRE LANE" in letters of 1" or greater in height. (see attached specification sheet). Signs shall be placed every 100 feet facing traffic at a height of 7 feet. Requests for placement variations, alternative sign designs, or omission of signs shall be submitted in writing and must be approved by the Plan Review Officer.

Exception: Signs may be omitted on public streets.

- B. All curbs that outline the access roadway shall be painted red. White 4 inch high letters reading "No Parking - Fire Lane" shall be stenciled every 30 feet on the red curb. If no curb is present, an 8 inch wide red stripe shall be painted on the pavement. The stripe shall be lettered the same as a curb.

Exception: Red fire lane curbs on public streets do not require the white stenciled lettering.

- C. Signs, red curbing, and white lettering shall be maintained to ensure visibility.

NOTE: Fire and Life Safety Services recommends that signs as well as red curbs with white lettering be provided.

VI. ADDITIONAL REQUIREMENTS (FOR NEW CONSTRUCTION)

A. 26 foot access roadway

1. When adjacent to buildings that are greater than 35 feet in height above natural grade, the access roadway shall have a minimum width of 26 feet. The location shall be 15 - 25 feet from the building and shall be positioned parallel to one entire side of the building.
2. When adjacent to a fire hydrant, access roadways shall be a minimum of 26 feet in width for 20 feet in either direction from the hydrant. (See attached specification sheet.)
3. Fire access roadway over 300 feet in length shall be 26 feet in width.

B. Turning radius

A minimum 50 foot turning radius is required and shall be in accordance with the semi-trailer template detailed on the attached sheet. Inside measurement shall be according to California Truck Semi-Trailer Wheel Tracks. An additional two feet of width shall be provided to allow for clearance of apparatus bumper over-hang.

C. Maximum grades shall not exceed:

1. 15% (6.75°) for concrete
2. 12% (5.4°) for asphalt

D. Large buildings

Buildings exceeding 100 feet in width and 600 feet in length shall have access roadways serving the two long sides of the building.

VII. NOTIFICATION OF PROPERTY OWNERS

A. New Construction

Fire access roadway requirements for new buildings are addressed during the plans review.

B. Existing Buildings

1. On Private Streets

The Department will notify affected property owners when it is determined that a fire access roadway is required. The notice shall advise the property owners of their right to appeal to the Board of Appeals per Uniform Fire Code, Section 103.1.4. If an appeal takes place and is decided in favor of the City, or after 30 days if no appeal is requested, a Notice to Install Fire Lane will be issued to the property owner(s). The owner is responsible for the installation of signs and/or the painting of curbs and will be given fifteen (15) days to do so. If the owner does not comply within the given time frame, the Chief may order installation to be done by the City. The administrative and direct costs incurred will then be assessed to the property owners.

2. On Public Streets

When it is determined that a public street needs to be designated as a fire access roadway, the Department will notify the affected property owners by mail. The Department's letter advises the property owners to address questions or appeals to Fire and Hazard Prevention Services. Once questions and appeals have been addressed or after 30 days if no appeals have been filed, the Department will contact the Traffic Engineering Division of the Public Works Business Center. A site meeting will be held between the Department and Traffic Engineering to clarify exactly which curbs are to be painted and where signs, if any, are to be placed. Traffic Engineering will issue the work order for the installation of signs and/or the painting of curbs to the Streets Division of the Public Works Business Center.

- C. Copies of all correspondence between the Department and property owners shall be retained in Fire and Hazard Prevention Services' geographical files.

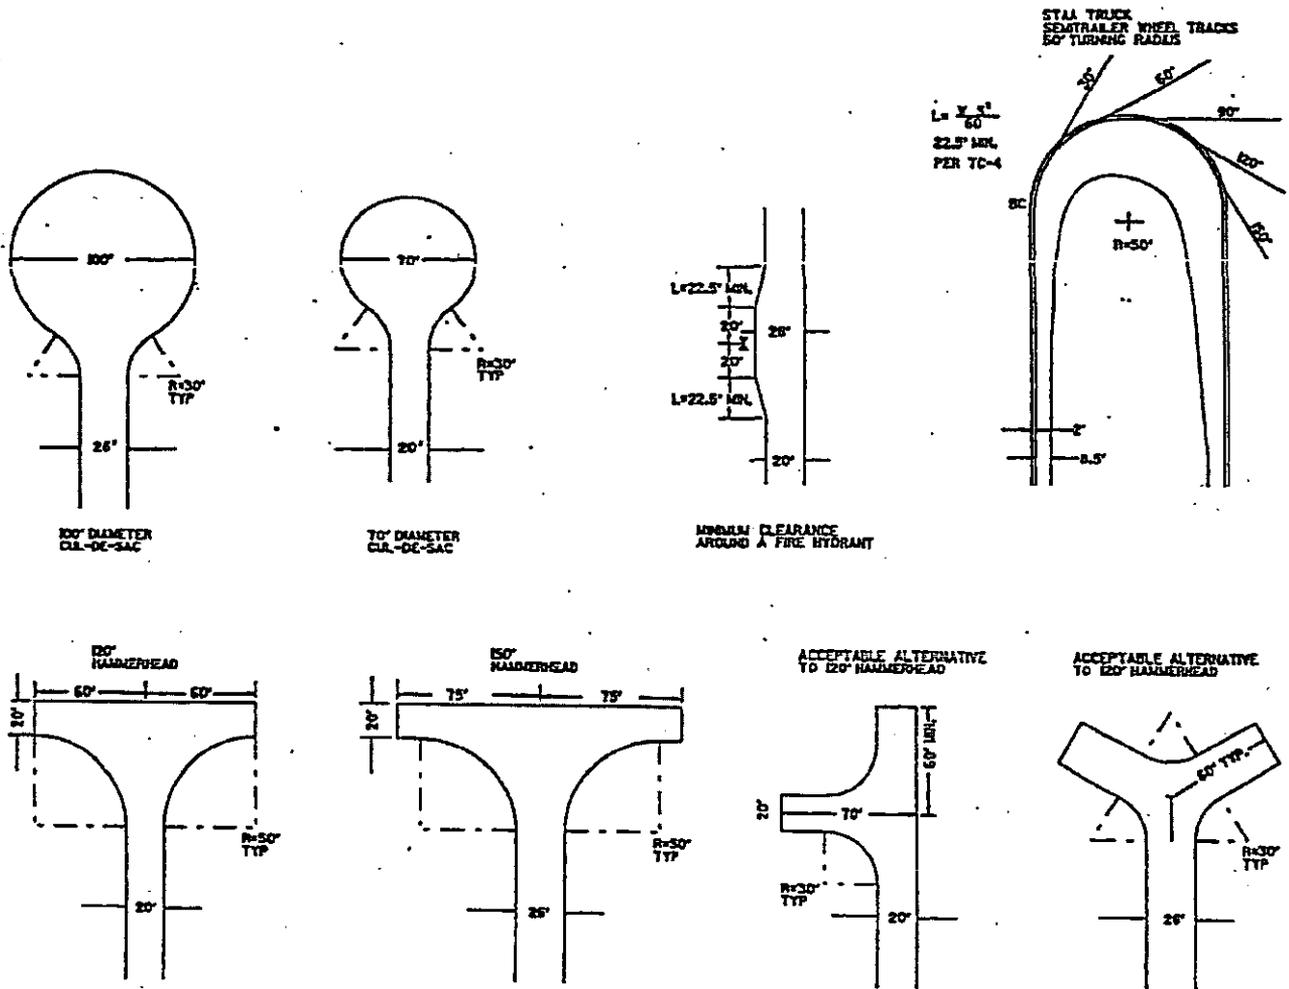

Promulgated by: *Terrance F. Finch* Date: 3/2/2000
