CITY MANAGER REPORT:

Proceeds from this initial series of economic development revenue bonds for Southwest Marine, Inc. will be used for acquisition of a floating drydock and related improvements at the Company's Sampson Street facility. The City Council adopted Inducement Resolution R-255319 on November 2, 1981, which provides for issue of bonds up to \$30,000,000. After consideration of a staff evaluation report, the City Council adopted Resolution R-256923 on August 2, 1982 authorizing the City Manager to continue with preparation of documents for the bond issue. Southwest Marine has contracted with Kawasaki Heavy Industries Ltd. of Japan for construction of the drydock.

Bond issuance in two or more series, up to a total of \$20,000,000, is now planned. This docket item covers the initial series which is not to exceed \$7,000,000. This initial series will be purchased by Merrill Lynch, Pierce, Fenner & Smith. Maturity and interest will be as specified in the indenture and are now projected at 10 years and 9.625 percent. Primary security for the bonds will be a standby letter of credit issued by Wells Fargo Bank. The indenture specifies that the bonds and interest thereon will be paid by Southwest Marine, Inc. and that "neither the faith and credit, nor the taxing power of the City is pledged to the payment of principal or interest on the bonds." Issue of subsequent series will be subject to separate, specific City Council authorization.
