Adoption of a Resolution ordering the work for Logan Heights Block Grant Alleys and Sewer Main Replacement Contract No. 2 under the provision of the San Diego Municipal Code and the Improvement Act of 1911.

CITY MANAGER REPORT: Logan Heights Alleys Contract No. 2 is the second project in the Logan Heights area to be considered by Council under the CDBG - Assessment District cost sharing concept. The cost sharing concept is based on CDBG funds being used to finance 50 percent of the alley improvements regardless of the income or residency status of the benefitting property owners. The remaining 50 percent of the alley improvement costs

will be assessed to the benefitting parcels with CDBG funds being utilized to pay the assessments for owner-occupants who meet the HUD income guidelines. The improvements for the six alleys in this project consist of clearing and grubbing, excavation, installation of storm drain, grading, and concrete paving. Five of the six alleys will also have the existing sewer main replaced because of its poor condition and inadequate capacity.

ITEM-S501: (O-84-238 Rev.) ADOPTED AS ORDINANCE O-16277 (New Series)

Amending Ordinance O-16249 (New Series), as amended, entitled "An Ordinance adopting the Annual Budget for the Fiscal Year 1984-85 and Appropriating the Necessary Money to Operate the City of San Diego for said Fiscal Year" by amending Document No. 00-16249-1, as amended and adopted therein, by exempting one Deputy Director position in the General Services Department, Solid Waste Division (533) from the classified service, pursuant to Charter Section 117; establishing a salary rate therefor.

CITY MANAGER REPORT: The General Services Department as a result of reorganization, is proposing to exempt the Chief of Disposal (Proj. Officer II) from the Classified Service and place it in the Unclassified Deputy Director position in accordance with Charter Section 117 which states, "The Unclassified Service shall include: managerial employees having significant responsibilities for formulating or administering departmental policies and programs. Each such position shall be exempted from the Classified Service by ordinance, upon the initiation of the appropriate authority and after receiving the advisory review and comment of the Civil Service Commission and the approval of the City Council."

Recent and ongoing solid waste issues have required an increasing amount of time and managerial expertise, to prioritize and manage current and future needs. This has placed a severe strain on the ability of any one individual to run the operations of both collection and disposal. Reorganization

creates a Collection and a Disposal Deputy Director as operations managers. A Deputy Director position is required to manage the Disposal Division. The recommendation to exempt this position from Classified Service was made by the Personnel Department and approved by the Civil Service Commission on April 6, 1984.
