CONSENT MOTION BY McCOLL TO INTRODUCE. Second by Cleator.
Passed by the following vote: Wolfsheimer-yea, Cleator-yea,

McColl-yea, Jones-yea, Struiksma-yea, Gotch-yea, McCarty-yea,
Ballesteros-yea, Mayor O'Connor-yea.

ITEM-51: (O-87-121) INTRODUCED, TO BE ADOPTED JANUARY 12,
1987

Introduction of an Ordinance establishing a two-hour parking meter zone between the hours of 8:00 a.m. and 6:00 p.m., Sundays and certain holidays excepted, on the north side of Washington Street, between Brant Street and Albatross Street, and on the west side of Albatross Street, between Washington Street and a point 120 feet north of Washington Street.

(Uptown Community Area. District-2.)

CITY MANAGER REPORT: Presently there is two hour parking on both streets where the parking meters were requested. Petitions requesting the meters were signed by the owners of 66 percent of the frontage on Washington Street and 33 percent of the frontage on Albatross Street. Although this represents less than the normal percentage of frontage required in Council Policy 200-4 (75 percent), this is being presented for Council action due to the unusual circumstances at this location. The petitions for parking meter installation represent all but one property owner on the continuous Washington Street/Albatross Street frontage. The requestors have claimed that the one property, an automobile repair garage, which is not requesting the installation of parking meters, has been a major source of the parking problems along this frontage. The Police Department has confirmed this claim and reports that the two hour parking limits have become difficult to enforce. Although the installation of parking meters at this location will not solve all of the parking problems which currently exist, it will allow improved enforcement and should increase parking turnover. The preparation of this request for Council action was requested by the office of Council District 2.

MOTION BY CLEATOR TO INTRODUCE. Second by Jones. Passed by the following vote: Wolfsheimer-yea, Cleator-yea, McColl-yea, Jones-yea, Struiksma-yea, Gotch-yea, McCarty-yea, Ballesteros-yea, Mayor O'Connor-yea.

* ITEM-100: (R-87-960) ADOPTED AS RESOLUTION R-267231

Awarding contracts for the purchase of hardware and fasteners, as may be required for the period of one year

beginning January 1, 1987 through December 31, 1987, for a total estimated cost of \$30,772.60, including tax and terms as follows:

- 1) Western Fastener Co. for Section I - carriage bolts, cotter pins, etc., Section V - stainless steel cap screws and nuts and Section VI - other fasteners;
- 2) Ababa Bolt, Inc. for Section II - Nails;
- 3) Pell Mell Supply Inc. for Section III - machine screws, etc.; and Section IV - toggle bolts and lag screws. (BID-7669)

CONSENT MOTION BY CLEATOR TO ADOPT. Second by Gotch. Passed by the following vote: Wolfsheimer-yea, Cleator-yea, McColl-yea, Jones-yea, Struiksma-yea, Gotch-yea, McCarty-yea, Ballesteros-yea, Mayor O'Connor-yea.

* ITEM-101: (R-87-959) ADOPTED AS RESOLUTION R-267232

Inviting bids for the San Diego Stadium parking lot resurfacing and restriping on Work Order No. 118936; authorizing the execution of a contract with the lowest responsible and reliable bidder; authorizing the expenditure of funds not to exceed \$1,200,000 from Stadium Operations Fund 10330 for providing funds for said project and related costs; authorizing the Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves. (BID-7733)

(Mission Valley Community Area. District-5.)

CITY MANAGER REPORT: San Diego Jack Murphy Stadium parking lot has not been resurfaced since it was built in 1967. It has been slurry sealed on three occasions; however, the condition of the parking lot now requires a higher degree of maintenance. Therefore, it is proposed that approximately one inch of asphalt be applied over the entire lot. This will ensure the safety of vehicles and pedestrians during Stadium events and avoid more costly repairs in the future. In conjunction with this project, a consultant has studied the layout of the parking lot in an attempt to add more parking spaces. As a result of the study, approximately 300 parking spaces will be added which should alleviate some of the parking problems during sell-out Stadium events.

CONSENT MOTION BY CLEATOR TO ADOPT. Second by Gotch. Passed by the following vote: Wolfsheimer-yea, Cleator-yea, McColl-yea, Jones-yea, Struiksma-yea, Gotch-yea, McCarty-yea, Ballesteros-yea, Mayor O'Connor-yea.

* ITEM-102: (R-87-958) ADOPTED AS RESOLUTION R-267233

Inviting bids for San Diego Jack Murphy Stadium Lighting Conversion on on Work Order No. 118692; authorizing the execution of a contract with the lowest responsible and reliable bidder; authorizing the expenditure of funds not to exceed \$576,000 from Capital Outlay Fund 30244, CIP-34-104, Stadium Lighting Conversion for said project and related costs; authorizing the Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves. (BID-7732)

(Mission Valley Community Area. District-5.)

CITY MANAGER REPORT: This construction project provides for the relighting of the stadium field with state of the art metal halide lighting fixtures. The new system provides substantial energy savings and high level uniform lighting acceptable to media, spectators, and players. The lighting system to be replaced is the original 1967 installation which has served the stadium well in the delivery of adequate illumination but from an energy consumption standpoint is seriously deficient. The total savings generated by this project are estimated at \$162,000 per year which results in a 3.8 year payback. In addition to the above energy savings the decrease in the connected electrical load provides a moderate spare capacity in the system with the existing services.

CONSENT MOTION BY CLEATOR TO ADOPT. Second by Gotch. Passed by the following vote: Wolfsheimer-yea, Cleator-yea, McColl-yea, Jones-yea, Struiksma-yea, Gotch-yea, McCarty-yea, Ballesteros-yea, Mayor O'Connor-yea.

* ITEM-103: (R-87-957) ADOPTED AS RESOLUTION R-267234

Inviting bids for the renovation of Old Mission Dam - Phase I on Work Order No. 118581; authorizing the execution of a contract with the lowest responsible and reliable bidder; authorizing the Auditor and Comptroller to establish an interest bearing fund, Old Mission Dam Park Fund, to

receive California Park and Recreation Act of 1984 grant funds (State of California Project No. 84-37020); authorizing the Auditor and Comptroller to transfer \$44,600 from Capital Outlay Fund 30245, CIP-20-010, Annual Allocation - Resource Based Open Space Parks to CIP-290554, Old Mission Dam - Phase I; authorizing the expenditure of funds not to exceed \$194,600 (\$44,600 from CIP-29-554, Old Mission Dam - Phase I and \$150,000 from the Old Mission Dam Park Fund) for said project and related costs; authorizing the Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves. (BID-7728)

(Mission Trails Regional Park Community Area. District-7.)

CITY MANAGER REPORT: This project will provide for improvements to the existing parking lot and adjacent parklands at the Old Mission Dam Park site. Specifically, this project involves repaving and striping of the parking lot, construction of rock walls, drainage structures, picnic tables, signs, landscaping and irrigation. This project is Phase I of a two phase program to implement the Council approved Final Development Plan for Old Mission Dam Park (R-264959). All work associated with this project is confined to parklands not in the riparian habitat area of the park.

Two actions relative to View Ridge Unit No. 3, a 1-lot subdivision located westerly of Bullock Drive and Deep Dell Road:
(South Bay Terraces Community Area. District-4.)

Subitem-A: (R-87-1054) ADOPTED AS RESOLUTION R-267255
Approving the final map.

Subitem-B: (R-87-1100) ADOPTED AS RESOLUTION R-267256
Authorizing the execution of an agreement with La Jolla Alta for acquisition of Lot 1, View Ridge Unit No. 3 as a park site; authorizing the addition of CIP-29-463.0, Boone

Neighborhood Park, to the Fiscal Year 1987 Capital Improvement Program; authorizing the City Auditor and Comptroller to credit an amount not to exceed \$272,908.85 for park site improvement; authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$225,000 from South Bay Terraces Park Development Fund No. 39089 to Boone Neighborhood Park, CIP-29-463.0; authorizing the expenditure of an amount not to exceed \$225,000 from Boone Neighborhood Park, CIP-29-463.0 for the purpose of providing funds for the above project; authorizing the City Auditor and Comptroller to transfer unexpended funds to the appropriate reserves upon the advice of the administering department.

CITY MANAGER REPORT: The resolution approving the tentative map of View Ridge Units 1 thru 10 requires the subdivider to reserve a park site in accordance with Section 66479 of the State Map Act. The proposed agreement provides for the acquisition of the park site concurrently with the filing of this subdivision map. The agreement also provides for the granting of park fee credits for the improvements to the property which are being constructed by the subdivider. The purchase price of the property is the fair market value of the property at the time the tentative map was originally submitted to the City on February 23, 1984, plus property taxes from the date of tentative map approval on September 4, 1984, to the present, plus other costs incurred by subdivider in the maintenance of the property. The fair market value of the property, as determined by appraisal, is \$151,625. Taxes and maintenance costs are estimated to be \$73,375, making the full purchase price of the property to be approximately \$225,000. The exact amount will depend on the actual date of the transfer of title which will occur within 30 days after Council approval. The amount of park fee credits being granted is not to exceed \$272,908.85. This amount is based on the estimated value of the grading and other improvements to the park site being done by the subdivider.

Granting an extension of time to October 18, 1987 to Jung Ngoon Tom, subdivider, to complete the improvements required in Chollas Plaza.

(Mid-City Community Area. District-3.)

CITY MANAGER REPORT: On August 3, 1970, the City entered into an agreement with Clayton E. Wall and Bernis W. Wall, as subdivider, for the construction of public improvements for Chollas Plaza. The agreement expired on August 3, 1972. On October 24, 1974, a time extension was granted to August 1, 1976, by Resolution R-211822. On February 22, 1983, the City entered into an amendment to the Subdivision Improvement Agreement with Jung Ngoon Tom, as trustee. The amended agreement also provided for a time extension to December 1, 1984, by Resolution R-257982. The subdivider has requested a third time extension to October 18, 1987. It is recommended that the improvements to be delayed are not necessary to service adjacent developments or the general public. The time extension is in accordance with Council Policy 600-21.

Two actions relative to the partial release of surety and time extension for Marbella Unit No. 2:
(Rancho Bernardo Community Area. District-1.)

Subitem-A: (R-87-903) ADOPTED AS RESOLUTION R-267258

Authorizing the City Manager to release a portion of the surety issued by Insurance Company of the West in the form of Performance Bond No. 13-07-54, so that the same is reduced as follows:

1. For faithful performance, to the sum of \$410,370;
2. For the benefit of the contractor, subcontractor and to persons renting equipment or furnishing labor or materials, to the sum of \$205,185.

Subitem-B: (R-87-902) ADOPTED AS RESOLUTION R-267259

Granting an extension of time to June 11, 1987, to Rancho Bernardo Development Company, subdivider, to complete the improvements required in Marbella Unit No. 2

CITY MANAGER REPORT: On November 19, 1984, the City entered

into an agreement with Rancho Bernardo Development Company for the construction of public improvements for Marbella Unit No. 2. Performance Bond No. 13-07-54, issued by Insurance Company of the West, in the amount of \$1,243,545, was provided by the subdivider. The agreement expired on November 19, 1986. The subdivider has requested a partial release of surety and an extension of time to June 11, 1987, in which to complete the required improvements. Eighty-nine percent of the work has been completed to the satisfaction of the City Engineer. The job order account has sufficient funds to cover anticipated future costs to the City. There are no mechanic's liens filed against the surety and there has not been a previous partial release. In accordance with Council Policy 800-11 and 600-21, respectively, it is recommended that the surety be reduced (approximately) 67 percent to \$410,370, and since the improvements to be delayed are not necessary to serve the adjacent development or the general public, that the time extension be granted.

Unit No. 2 to provide for the substitution of Brisas, Ltd. for Lomas Santa Fe, Inc., subdivider; accepting Performance Bond Rider with Performance Bond No. 13-46-92, issued by Insurance Company of the West, as surety for the required improvements.

(Via de la Valle Specific Plan Area. District-1.)

CITY MANAGER REPORT: On January 27, 1986, the City entered into an agreement with Lomas Santa Fe, Inc. for the construction of public improvements for San Andres P.R.D. Unit No. 2. The agreement expires on January 27, 1988. The property is now owned by Brisas, Ltd. The new owner has signed an amended agreement to assume all of the obligations of the original subdivider and complete the required work.

The new subdivider has provided a performance bond rider for the original bond naming Brisas, Ltd., as principal.

(Southeast San Diego Community Area. District-4.)

Subitem-A: (R-87-1062) ADOPTED AS RESOLUTION R-267260
Authorizing the City Manager to initiate a Resolution of Intention for the improvement of Project First Class Alley and Sewer Replacement - Contract No. 1, under the provisions of the Housing and Urban Development Block Grant Program B-85-MC-06-0542, the San Diego Municipal Code, and the Improvement Act of 1911; directing the City Manager to prepare plans, drawings, typical cross-sections, profiles and specifications for Project First Class Alley and Sewer Replacement - Contract No. 1, together with estimates of the costs and expenses of such work and to furnish the Council with a description of the district to be included in the assessment work for the above improvements.

Subitem-B: (R-87-1063) ADOPTED AS RESOLUTION R-267261
Resolution of Intention for the improvement of Project First Class Alley and Sewer Replacement - Contract No. 1.

CITY MANAGER REPORT: The Project First Class Alley and Sewer Replacement - Contract No. 1 is the first project in the Project First Class area to be considered by Council under the CDBG - Assessment District cost sharing concept. The cost sharing concept is based on CDBG funds being used to finance 50 percent of the alley improvements regardless of the income or residency status of the benefitting property owners. The remaining 50 percent of the alley improvement cost will be assessed to the benefitting parcels with CDBG funds being utilized to pay the assessments for owner-occupants who meet HUD income guidelines. Property owners who do not qualify may pay the remaining 50 percent

over a period of ten years. The proposed improvements to the four alleys included in this contract consist of clearing, grubbing, grading, paving, curb, retaining wall, storm drain and sewer main replacement improvements. There are 108 parcels involved and 61 of them are owner-occupied. All property owners have been notified of the proposed improvements and given information regarding the assessment payment program. The cost of the sewer main replacements will be paid from the Water Utility Department sewer annual allocation funds.

* ITEM-116: (R-87-1077) ADOPTED AS RESOLUTION R-267262

Calling for a public hearing to determine whether the public health, safety or general welfare requires the formation of an Underground Utility District to be known as the Harbor Drive (5th Avenue to 1,000 feet north of Sigsbee Street) Underground Utility District.

(Barrio Logan/Harbor Community Area. District-8.)

CITY MANAGER REPORT: The proposed district will underground both distribution and transmission overhead utilities on Harbor Drive between 5th Avenue and the Harbor Drive Bridge to the south. Due to its substantially higher cost, 69KV transmission lines are normally excluded from undergrounding projects. However, in this case it is recommended that the 69KV lines be undergrounded because of their proximity to the proposed Convention Center and the fact that the 69KV lines in Harbor Drive west of 5th Avenue were undergrounded when Harbor Drive was realigned in 1980. It is proposed that the additional cost of the 69KV undergrounding be provided by deferring the portion of this scheduled project between the bridge and Evans Street to Calendar Year 1994 or later.

The formation of this district will require the affected property owners to underground the portion of their utilities on their parcel prior to removal of the overhead utilities. All of the 24 properties affected by this district are commercial/industrial in use. Conversion costs may vary from \$600 to several thousand dollars or more. Property owners will be eligible for reimbursement payments based on the

length of their electrical service trench. A future resolution will establish the date for removal of overhead utilities as the undergrounding work approaches completion.

Subitem-A: (R-87-1121 Rev.1) ADOPTED AS AMENDED AS
RESOLUTION R-267263

Granting the petition for the acquisition of Parcel 1, Parcel Map PM-14157, (Bluebird Canyon) Open Space, under the provisions of the Municipal Improvement Act of 1913; directing the City Manager to appoint Finley, Kumble, Wagner, Heine, Underberg, Manley, Myerson and Casey as Special Bond Counsel in connection with the proposed proceedings for the Bluebird Canyon Open Space Acquisition.

Subitem-B: (R-87-1122) ADOPTED AS RESOLUTION R-267264

Authorizing the expenditure of an amount not to exceed \$45,000 from Open Space Bond Fund 79104, Dept. 79104, Org. 101, for the purpose of paying incidental expenses associated with the proposed assessment district.

CITY MANAGER REPORT: The City has received a property owner petition requesting the acquisition of Parcel 1, Parcel Map 14157, also known as Bluebird Canyon, for permanent open space via assessment district proceedings. The petition is signed by the owners of 74.1 percent of the land area proposed to be assessed for the acquisition. Bluebird Canyon is located approximately 1/2 mile south of the intersection of Nautilus Street and Muirlands Drive in the La Jolla community. The parcel is approximately four acres in size and consists of a canyon bounded generally on the south and east sides by steep cliffs 25 to 30 feet in height. A geological reconnaissance of the site was provided by the owner indicating that there are no significant geologic

problems that would be inconsistent with the proposed open space use. The petitioners have requested that the City participate in the acquisition costs by paying the incidental costs, estimated to be \$40,000 to \$45,000. Under Council Policy 600-31, "Open Space Acquisition Through Donation or Assessment District," the assessment district would be eligible for a City contribution of up to 25 percent of the open space parcel value based on its category H ranking. This would amount to more than \$120,000. A full 25 percent participation is not recommended since the proposed acquisition has such limited benefit and a relatively high cost. The requested City participation level, which is less than 10 percent of the parcel value, is recommended.

Two actions relative to the vacation of Danica Mae Drive and Mahaila Avenue:
(University City Community Area. District-1.)

Subitem-A: (R-87-1116) ADOPTED AS RESOLUTION R-267265
Vacating Danica Mae Drive, north of Mahaila Avenue, and Mahaila Avenue, west of Danica Mae Drive, under the procedure for the summary vacation of streets.

Subitem-B: (R-87-1117) ADOPTED AS RESOLUTION R-267266
Certifying that the information contained in Environmental Mitigated Negative Declaration, EMND-86-0411, issued in connection with Planned Residential Development Permit (PRD-86-0411), has been completed in compliance with the California Environmental Quality Act of 1970, as amended, and the State guidelines thereto, and that said Report has been reviewed and considered by the Council.

CITY MANAGER REPORT: The abutting property owner has requested the vacation of Danica Mae Drive and Mahaila Avenue

and has included the areas of vacation within the site plan of the approved Planned Residential Development Permit PRD-86-0411. The subject area is in an R-1000 Zone within the University Community Plan Area. The total area of the vacations is approximately 26,000 square feet and would normally allow 26 additional residential units. However, the approved PRD-86-0411 includes the areas of vacation as part of its site plan for development of 302 residential units. PRD-86-0411 is an amendment to the previously approved PRD-83-0893. The amendment revises the previous site plan to include an additional 131 multi-family dwelling units covering Lots 8, 6 and 10 through 12 of La Jolla Village, Map-8906.

The revision also includes a joint use recreational facility over Lot 9. The Planning Department recommended approval of the street vacations based on the approval of PRD-86-0411 by the Planning Director on September 16, 1986. The Planning Commission recommended approval of the street vacation by a 5-0 vote on October 9, 1986. The areas of vacation are improved with curb, gutters and paving with the adjoining property being undeveloped. The proposed vacations contain public utilities but are to be relocated when development of the property occurs so easement reservations will not be required. The subject streets provide access only to the property within the PRD site. Staff review has indicated that the rights of way to be vacated are no longer needed for present or prospective use and may be summarily vacated.

Three actions relative to the vacation of a portion of Mercy Road and a portion of Black Mountain Road:
(Mira Mesa Community Area. District-5.)

Subitem-A: (R-87-1113) ADOPTED AS RESOLUTION R-267267

Vacating a portion of Black Mountain Road and Mercy Road, under the procedure for the summary vacation of streets and public service easements where the streets will have been superseded by relocation; declaring that this resolution shall not become effective unless and until the rededication for Mercy Road within Mercy Mira Mesa subdivision (TM-85-0299) has been approved by Council action; declaring that in the event the dedication of the realignment for Mercy Road is not approved by June 13, 1987, this resolution shall become void and be of no further force or effect; directing the City Engineer to advise the City Clerk of the approval of the rededication of Mercy Road.

Subitem-B: (R-87-1114) ADOPTED AS RESOLUTION R-267268

Vacating the City's interest in an unneeded drainage easement affecting a portion of Mercy Road east of Black Mountain Road and within Parcel 2 of Parcel Map PM-12296.

Subitem-C: (R-87-1115) ADOPTED AS RESOLUTION R-267269

Certifying that the information contained in Environmental Impact Report EIR-85-0299, issued in connection with Mercy Mira Mesa (TM-85-0299), has been completed in compliance with the California Environmental Quality Act of 1970, as amended, and the State guidelines thereto, and that said Report has been reviewed and considered by the Council.

CITY MANAGER REPORT: The vacation of Mercy Road and Black Mountain Road are in conjunction with development of the Mercy Mira Mesa subdivision (TM-85-0299). The proposed vacation is within the Mira Mesa Community and the adjacent property is zoned R-10,000. The Subdivision Board approved the tentative map conditioned upon the approval of the street vacations. The tentative map and accompanying Planned Residential Development proposes subdivision of approximately 204 acres for 207 single family dwelling units, 448 multi-family dwelling units and 11 lots designated for open space totalling 117.2 acres.

Since the development is controlled by the PRD, the proposed vacations will not affect density. The areas of vacation are currently unimproved and contain franchised facilities which are covered by prior easements; therefore, no easements are to be reserved. The portion of Black Mountain Road requested for vacation is right-of-way excess to that required for the 6-lane major street specified in the tentative map. Mercy

Road is classified as a 4-lane major street and was dedicated in 1982. During the approval of the tentative map, slight changes were made to the alignment of Mercy Road and a realignment became necessary. Upon the rededication of Mercy Road on the final map, the areas proposed to be vacated will no longer be required. Staff review has indicated that the rights-of-way to be vacated will no longer be required for present or prospective use, and can be summarily vacated conditioned upon the rededication of Mercy Road with the final map of the Mercy Mira Mesa subdivision.

(San Ysidro Community Area. District-8.)

CITY MANAGER REPORT: Rancho del Rio Mobilehome Park is being developed on a 23-acre City-owned site in San Ysidro by the lessee, Cal-West Diversified. The 55-year lease, which is administered by the Housing Commission, commenced in August 1984 and is for the construction and operation of 130 mobile home spaces, 30 percent of which are to be available to low-income tenants. TO provide underground telephone service to the development, Pacific Bell requires an easement from the City for the on-site underground telephone cables. The proposed easement has been cleared with the lessee and the Housing Commission. Approximately 13,520 square feet of the leasehold will be occupied by the easement, and the lessee is paying the installation costs.

CITY MANAGER REPORT: The City is upgrading and enlarging Pump Station 64 in Sorrento Valley to increase its operating capacity. In order to meet the station's greater energy requirements, SDG&E plans to replace the existing on-site electric substation with a new and larger one. SDG&E has requested an easement for the new substation and will quitclaim the easement for the old substation site when the new substation is constructed and placed in service. The substation is being built at City expense previously authorized by Council as part of the construction contract. Closing the alley in Block 1 of Fleischer's Addition,

to vehicular traffic; declaring that the alley is not
currently needed for motor vehicle travel pursuant to
California Vehicle Code Section 21101(a).

Recommendation to deny the appeal for an encroachment permit
and adopt the City Manager's recommendation in CMR-86-489 to
close the alley to vehicular access and maintain bicycles and
pedestrian access. The Committee also directed staff to
establish "No Parking" in the 20-foot paved east-west alley.
Districts 6, 7 and 8 voted yea. Districts 1 and 4 not
present.

CITY MANAGER REPORT: On July 16, 1986, Mrs. Sue A. Dowdy
filed an encroachment application with the City Engineering
Department, requesting authorization to construct two gates
across the alley adjacent to her property at 1021 Johnson
Avenue. Mrs. Dowdy's request to install the gates was denied
on August 11, 1986. On September 8, 1986, Mrs. Dowdy
appealed the City Engineer's denial to the Transportation and
Land Use Committee. At the October 13, 1986, Transportation
and Land Use Committee meeting, staff reported that the
Council did have the authority to close the subject alley to
vehicular traffic. Based on the traffic engineer's
evaluation, staff recommended that the subject alley be
closed as illustrated in the October 13, 1986, City Manager
Report CMR-86-489. Residents affected by the proposed
partial alley closing were notified of the October 13, 1986,
Transportation and Land Use Committee meeting. At the
closing of the hearing, the Transportation and Land Use
Committee directed the City Manager to prepare a resolution

for the Council's consideration to: 1) close the subject alley as proposed by staff; and 2) to either post "No Parking" signs or paint red stripes on the paved 20-foot alley in the block where the subject dirt alley is located.

Authorizing the expenditure of an amount not to exceed \$51,747 from Capital Outlay Fund 30245, Annual Allocation-New Development, CIP-58-001, to R. Kent and Robert Q. Sutherland, for the purpose of providing funds for the construction of drainage from Costebelle Way to Pottery Canyon.

(Torrey Pines Community Area. District-1.)

CITY MANAGER REPORT: During the processing of the tentative map for the Starlight Subdivision, the proposed discharge of drainage from the end of Starlight Drive was shifted from Pottery Canyon to the end of Costebelle Way. This diversion of drainage was supported by the La Jolla Shores Planned District Board, who was concerned over slope stability in the canyon. The Engineering Department approved the drainage diversion as the magnitude of the anticipated flow was minimal. The final map and improvement agreement were approved in June 1978. During the course of construction of the subdivision improvements, property owners on Costebelle Way brought a communication to the Transportation and Land Use Committee expressing their concerns regarding the method proposed for resolving the drainage. The City Attorney's office had advised that the diversion of drainage should be eliminated before the subdivision is accepted. Following several meetings by the Committee regarding this issue, the Committee on June 10, 1979, approved the recommendation to negotiate with the developer to install additional drainage facilities conveying the water into Pottery Canyon. The revised drainage design required additional easements which took several years to negotiate. The construction is now completed and the total cost of these revisions is approximately \$125,000. Of these costs it is recommended that the City fund \$51,747 as its share of the improvements involved in remedying the diversion

of drainage.

(Southeast San Diego Community Area. District-4.)

CITY MANAGER REPORT: Phase I of this CDBG project constructed a new gymnasium adjacent to the existing Boys' Club facility at 6785 Imperial Avenue. The site is easterly of the Encanto Neighborhood Park and is leased to the Boys' Club for this purpose. Phase II will provide a locker room, toilet room, and shower area while Phase III provides improvements to the existing Boys' Club building. It is necessary to amend the original agreement between the City and the Boys' Club to allow Boys' Club to use the balance of project funds for construction of Phase II and Phase III improvements. The amendment to the agreement will also require the Boys' Club to augment project funding as necessary to complete the improvements by July 1, 1987. Boys' Club has already contributed \$120,000 to the project in addition to all architectural services.

(Serra Mesa Community Area. District-5.)

CITY MANAGER REPORT: This agreement will provide the professional services necessary for the design and construction of Cabrillo Heights Neighborhood Park Improvements, CIP-29-558. The approximate 14-acre park is located on Hurlbut Street west of Afton Road in the Serra Mesa Community. The improvements will complete the development of this park by providing two multi-use sports fields, a second parking lot, a small turf area suitable for use as a T-ball field, and additional landscaping and irrigation, all in accordance with the approved General Development Plan for this park. Marum Associates was selected according to Council Policy 300-7, being advertised in the San Diego Daily Transcript on May 6, 1986. Fourteen responses were received by the Design Nominating Committee. Four firms were recommended to and interviewed by the Park and Recreation Department. 19861215

(Continued from the meeting of November 24, 1986, Item 100, at John Griffith's request, to allow Council to review the

information he presented and to get a report from staff.)
Awarding a contract to Marathon Construction Corporation in the amount of \$1,070,000 for the construction of Tecolote Canyon Erosion Control; authorizing the expenditure of an amount not to exceed \$164,600 from CIP-11-050, Mission Bay Water Quality to supplement funds previously authorized by Resolution R-266303, adopted July 28, 1986, for providing funds for said project and related costs; authorizing the City Auditor and Comptroller, upon advice from the administering department, to retain excess budgeted funds, if any, in CIP-22-050, Mission Bay Water Quality. (Clairemont Mesa and Linda Vista Community Areas. Districts-5 and 6.)

CITY MANAGER REPORT: This contract will perform erosion control work in Tecolote Canyon Natural Park in order to reduce sediment transported to Mission Bay via Tecolote Creek. City Council approved the project and authorized advertising for bids on July 28, 1986. Work will include cutting back steep channel and gully slopes and installing riprap and flexible concrete revetment on those slopes subject to stream flow. All graded slopes and hillsides will be revegetated with non-irrigated plants and seeds native to Tecolote Canyon Natural Park. Thirty-nine bid packages were issued and one bid was received. The bid is 40 percent above the consultant's estimate of \$765,320. The job is complicated by the 22 work sites being spread over eight different site groupings, each requiring a separate public street access. Many of the sites have difficult access through the park with the contractor being responsible for repair of damage. Such conditions often make contractors reluctant to bid, or if they do, increase their bid to cover unknown contingencies. Staff has reviewed the project and determined that a redesign and rebid would not produce significant contract savings.

FISCAL IMPACT: Additional funding for the project is available in CIP-22-050, Mission Bay Water Quality.

ITEM-205: (R-87-1012) ADOPTED AS RESOLUTION R-267302

Acknowledging receipt of SB 201 Annual Reports from the San Ysidro, South Bay and Sweetwater School Districts, submitted pursuant to the requirements of Section 65978 of the California Government Code.

CITY MANAGER REPORT: State law requires that each school district which has been declared an Impacted Attendance Area under the Interim School Facilities Financing Law (SB 201) must submit to the local legislative body an annual report on two matters:

1. An accounting of the money allocated from developers during the previous fiscal year; and
2. An updating of statistics on the district's conditions of overcrowding. In the City of San Diego, the City Council has declared Impacted Attendance Areas and has set fees to be collected by three school districts, as follows:

District	Date of Council Action
San Ysidro School District	June 16, 1986
South Bay Union School District	June 16, 1986
Sweetwater Union High School District	June 9, 1986

These districts have submitted the required reports. The reports show that no district has yet collected developers' fees under the authority of SB 201; also, the conditions of overcrowding documented in the original submittals of these districts remain substantially unchanged. It should be noted that newer legislation for schools may impact the existing SB 201 regulations. As this impact becomes known, we will issue an information report.

ITEM-206: (R-87-847) ADOPTED AS RESOLUTION R-267303

Adopting the Southern California Water Policy, as adopted

by the San Diego County Water Authority by Resolution No. 86-40.

CITY MANAGER REPORT: On August 14, 1986, the Public Information Committee of the San Diego County Water Authority (CWA) Board recommended that all CWA member agencies review and, if possible, adopt without modification the attached Southern California Water Policy (SCWP). The SCWP was prepared with input from representatives of a number of Southern California water agencies, and its uniform adoption is intended to be a sign of solidarity among those agencies. On September 11, 1986, the CWA Board adopted the SCWP without modification. The content of the SCWP is in concert with City Council Policy 400-09, "Action Plan for City's Future Water Supply." While Council Policy 400-09 was specifically designed to address local San Diego water supply issues, the SCWP addresses issues as they apply to the entire Southern California area. Adoption of the SCWP will demonstrate the City's solidarity with other Southern California water agencies and the County Water Authority. WU-U-87-063.

ITEM-209: (O-87-126) FIRST PUBLIC HEARING HELD

First public hearing in the matter of:
Amending Ordinance No. O-16678 (New Series), as amended, entitled "An Ordinance Adopting the Annual Budget for the Fiscal Year 1986-87 and Appropriating the Necessary Money to Operate the City of San Diego for said Fiscal Year" by amending Documents No. 00-16678-1 and No. 00-16678-2, as amended and adopted therein, by transferring sales tax revenue in the amount of \$140,716 from CIP-52-285 (Street, Alley, and Sidewalk Improvements in CDBG Areas) to the General Fund 100 for the Property Department; transferring \$110,000 from the Mid-City Facade Improvement Rebate Program, and \$30,716 from the Enterprise Zone Program to CIP-52-285 for purposes of street, alley and sidewalk improvements in CDBG areas.

(Mid-City, Southeast San Diego, Barrio Logan and Centre City Community Areas. Districts-3, 4 and 8.)

CITY MANAGER REPORT: In previous actions, the City Council has allocated Community Development Block Grant Funds for the Mid-City Facade Improvement Rebate Program and the Southeast/Barrio Logan Enterprise Zone Program. Both of these programs contain provisions for reimbursing business or property owners for certain costs involved in improving or developing their property. The Council has also allocated sales tax revenues to the Capital Outlay Fund for improving streets, alleys, and sidewalks in CDBG eligible areas. The City has encountered difficulties in finding merchants willing to take

advantage of the facade improvement rebates because of administrative burdens which impose increased costs on the merchants' projects. The fee reimbursements which are a part of the City's Enterprise Zone incentives are also affected by these administrative requirements. In many cases, the costs imposed by these requirements exceeds the financial incentives being offered. This ordinance would withdraw use of CDBG funds for rebate or reimbursement programs and instead place those funds into CIP-52-285 (Street, Alley, and Sidewalk Improvements in CDBG Areas). Thus, there is no net reduction in the use of CDBG money for CDBG projects. The City will use its sales tax revenues to accomplish the Mid-City Facade improvement and Enterprise Zone fee reimbursement goals.

ITEM-210: (O-87-125) FIRST PUBLIC HEARING HELD

First public hearing in the matter of:

Amending Ordinance O-16678 (New Series), as amended, entitled "An Ordinance Adopting the Annual Budget for the Fiscal Year 1986-87 and Appropriating the Necessary Money to Operate the City of San Diego for said Fiscal Year" by amending Document No. 00-16678-1, as amended and adopted therein, by amending the personnel authorization of the Fire Department (120), in General Fund 100, by adding one Fire Shift Commander position and deleting 1 Fire Battalion Chief position in the Fire Operations Program (12040); exempting said Fire Shift Commander Position from the Classified Service; and establishing a salary rate therefor.

CITY MANAGER REPORT: In November, 1979, the voters approved an amendment to Charter 117 to allow for additional positions in the unclassified service. This Charter Section now reads, "The unclassified service shall include: Managerial employees having significant responsibilities for formulating or administering departmental policies and programs. Each such position shall be exempted from the Classified Service by ordinance, upon the initiation of the appropriate authority and after receiving the

advisory review and comment of the Civil Service Commission and the approval of the City Council." The position proposed for the Unclassified Service is that of one Fire Shift Commander, to replace one Fire Battalion Chief position in the Classified Service. This restructuring of duties will create a fourth Shift Commander. Due to the emergency response requirements of this position whenever one of the current three shift commanders is on leave the position is filled through out-of-class assignments. A lack of administrative continuity has developed at this unclassified position because of constantly rotating persons. This new position will fill the relief needs and be available to the Fire Chief for other non-emergency managerial and special project assignments. These duties and responsibilities are comparable to those of the other three Shift Commanders positions, which have been placed in the Unclassified Service. The request to remove this position from the Classified Service was made by the Fire Chief through the City Manager's Office on September 24, 1986. It was favorably reviewed by the Civil Service Commission on November 6, 1986.

Authorizing the purchase of additional miscellaneous furnishings from Southwest Business Interiors, previously authorized by Resolution R-266340, adopted August 4, 1986, for an actual cost of \$356,044.82, including tax and terms. (BID-7231)

CITY MANAGER REPORT: Several months ago the City Council passed a resolution accepting bids and authorizing contracts for the purchase of miscellaneous furnishings for the Police Headquarters building with an option to purchase additional furnishings within a six month period. The original estimate of the cost of furnishings considerably exceeded the amount budgeted and the amount of furniture specified was cut back, particularly in the area of office partitions. The price bid for the furniture turned out to be considerably lower than the estimate. This action would exercise the option created in the initial resolution, thus allowing the Police Department to purchase the furniture items deleted from the first order. In addition, furniture would be purchased for new positions created by Council since the original bid document was constructed. It should be noted that by exercising this option, the furniture will be purchased at prices that are substantially below the prices normally paid by the City (over 60 percent discount versus 40 percent discount). However, the major supplier has only agreed to hold the original bid price for this one order and in no case later than December 31, 1986. Funds for this purchase will not exceed the original budgeted amount. Aud. Cert. 8700496.

CITY MANAGER REPORT: As a condition of final map approval, three agreements must be entered into. One agreement is between the City and CMZ Investments, Ltd. which will provide for financing of public facilities for the Mira Mesa Community Plan. There is no cost to the City as a result of this agreement. A reimbursement agreement must be entered into between the City and CMZ Investments, Ltd. for construction of a traffic signal at the intersection of Dowdy Drive and Miramar Road. This agreement will reimburse the developer \$31,500, which has already been contributed to the City by the developer (KLH Miramar Assoc.) of Koll Business Center/Miramar Point, Map-11161. The developer of Mira Este has posted a bond for the remaining amount of \$51,440. There is no cost to the City as a result of this agreement.

A cost and maintenance agreement must be entered into between the City and the Atchison, Topeka and Santa Fe Railway Company, for construction and maintenance of an at-grade crossing, safety gates and warning system, necessary to accomplish the extension of Dowdy Drive. By virtue of this agreement, the railroad company will construct and provide maintenance of the crossing at an estimated cost of \$101,157. The City will purchase the material for rubberized crossing in accordance with the agreement and the usual procedure with the railway company. Aud. Cert. 8700492.

CITY MANAGER REPORT: In addition to the usual resolution associated with the approval of a final map is a resolution approving a participation agreement. There is a drainage problem approximately 1,000 feet northerly from the intersection of Pomerado Road and Escala Drive in Tennis Ranch Unit 1, a subdivision that was accepted sometime ago. Predevelopment topography indicates that all surface drainage at the easterly side of the intersection should drain in a southerly direction. However, the "As-Built" construction plans indicate that the surface drainage has been directed northerly. This problem can be eliminated by constructing a curb inlet at the northeast corner of the intersection. Because Tennis Ranch Unit 1 has already been accepted, the developer cannot be pursued for this work. R. B. McComic, the developer of Tennis Ranch Unit 7, which is located at the southeast corner of the intersection, is required to construct an off-site drainage system. It is recommended that the City enter into a participation agreement in an amount of \$22,705 to cover the cost of the improvement of the off-site drainage system.

ITEM-S412: (R-87-1212) ADOPTED AS RESOLUTION R-267337

Authorizing the Auditor and Comptroller to increase the budget for Certified Development Corporation (CDC) from \$218,000 to \$245,000; authorizing the Auditor and Comptroller to transfer an amount not to exceed \$27,000 from Fund 18502 (Program Income) to Fund 18519, Dept. 5835,

Org. 3507; authorizing the expenditure of an amount not to exceed \$27,000 from Fund 18519, Dept. 5835, Org. 3507 for the purpose of providing funds for the above project.

CITY MANAGER REPORT: On June 30, 1986, City Council adopted Resolution R-266119, which authorized the City Manager to enter into an agreement with the San Diego Certified Development Corporation (CDC). The agreement was to cover the period from July 1, 1986 to December 31, 1986, and was to be funded by program income from the CDC. The budget attached to the agreement totalled \$218,000, which was the then estimated amount of all funds expected to be available to the CDC. The budget was adjusted down by \$10,000 to cover the cost of the annual audit of the CDC and the cost of a third party monitor. The budget included an "incentive" item, which was established due to personnel contracts with CDC loan packagers. It called for incentives to be paid by formula to the packager based upon loan production. Loan production exceeded expectations and created \$98,000 more in program income than expected. The increased production also increased the amount needed to pay earned incentives. The shortfall to the expected CDC expenses, based upon the above, is \$27,000, \$19,000 of which is needed for personnel costs. Increasing the CDC budget by \$27,000 is therefore necessary to enable the CDC to operate through December 1986. The CDC budget for 1987 is being addressed as a separate docket item.

ITEM-S413: (R-87-1213) ADOPTED AS RESOLUTION R-267338

Authorizing the execution of an agreement with Certified Development Corporation (CDC) for professional, financial and management services for the period beginning January 1, 1987 through December 31, 1987; authorizing the City Auditor and Comptroller to expend an amount not to exceed \$430,000 from Fund 18523, for the purpose of the execution of the agreement and related costs; authorizing the expenditure of an amount not to exceed \$10,620 to supplement funds previously authorized in Resolution RR-266800, for the purpose of payment of monitoring services of George A. Peterson and Company.

CITY MANAGER REPORT: The San Diego County Certified Development Corporation (CDC) is a Community Development Block Grant (CDBG) activity which provides professional, financial and management services to small businesses in San Diego. The CDC was incorporated as a nonprofit corporation in 1978 to promote economic development in San Diego through a cooperative effort between government and the private sector. It is the only certified development corporation in the County and one of approximately 500 in the nation. Loan packaging assistance is the primary service, although management and advisory services are provided. Services are provided throughout San Diego with particular emphasis on low-and moderate-income areas as defined by the CDBG program. The CDC works with four basic SBA loan programs.

SBA Section 7A - Short-term financing for operating capital of small businesses located throughout the City of San Diego, emphasizing employment of low/moderate income residents of the City.

SBA 502/503/504 - Long-term financing for plant acquisition, construction, conversion or expansion of small businesses.

The CDC agreement and these actions reflect the CDBG allocation already made by the City Council and takes into account the need to closely monitor the program. The agreement further reflects the PS&S Committee direction to insure that program income flows back to the City for future allocation by the City Council.

Included with this section is the continuation of outside program monitoring at a cost of \$10,620. The remaining \$9,380 of the \$450,000 project cost is being reserved for the cost of the annual audit.

CITY MANAGER REPORT: Paragraph 2 of the agreement between the City and Santa Fe Irrigation District provides that by addenda the parties may provide for construction and use of other interconnections between the water system of the City and the district. Presently there are two interconnections between the City and the district water systems. This addendum is to provide for two additional interconnections, an 8-inch meter at El Camino Real and a 6-inch meter at Vista de La Tierra. The district will own all facilities within their boundaries and the meters and vaults. The City's ownership shall start with the connection on the City's side of the meter vault.

of Sewer Pump Station No. 64 Expansion; authorizing the
Auditor and Comptroller, upon advice from the administering
department, to transfer excess budgeted funds, if any, to
the appropriate reserves.

(Torrey Pines Community Area. District-1.)

CITY MANAGER REPORT: Bids for the construction of Sewer Pump
Station No. 64 - Pumping Capacity Expansion were opened on
December 9, 1986. Of the 160 bid packages issued, only 4
bidders responded to the bid call. The apparent low bid of
\$8,474,080, which was submitted by Weardco Construction Company
was 12.5 percent over the engineer's construction cost estimate
of \$7,530,000. The second lowest bid was \$8,590,000. The
highest bid was \$11,946,000. The high bids were not totally
unexpected by staff. They reflect the sensitivity of the
bidders to being assessed very stiff potential monetary
penalties (up to \$10,000 per day) should they fail to complete
the construction in accordance with the Regional Water Quality
Control Board's compliance schedule. During the bidding
process, almost every prospective bidder expressed an intent to
offset the risks associated with meeting the compliance
schedule, including any possible penalties, with a higher bid.
The original construction cost estimate did not allow for this
risk factor. Considering the work and risk factors involved,
the bids received are considered optimal. It is therefore
recommended that the construction contract be awarded to the
lowest responsible bidder.

ITEM-S418: (R-87-1214) ADOPTED AS RESOLUTION R-267343

Authorizing the City Manager to submit the 1986 Metropolitan Facilities Plan to the Environmental Protection Agency (EPA) in accordance with EPA Administrative Order dated March 29, 1985, Docket No. 1X-FY-85-11 and with Regional Water Quality Control Board Order No. 85-26.

CITY MANAGER REPORT: In 1977, Congress amended the Clean Water Act to allow marine dischargers to apply for a waiver from secondary treatment standards. Unless the Environmental Protection Agency (EPA) approves the Waiver Application, the marine dischargers must provide secondary treatment facilities by July 1, 1988. The City has been pursuing a Waiver from secondary treatment since 1979; however, no final decision has been issued by EPA. In addition to this course of action, in 1977 the City prepared and submitted to the EPA a Metropolitan Facility Plan for secondary treatment works should they be required. In an effort to ensure that the City is currently prepared to provide secondary treatment facilities should the Waiver Application be denied, EPA issued an Administrative Order on March 29, 1985, Docket No. 1X-FY-85-11. This Order requires the City to submit to the EPA by December 31, 1986, an updated Facility Plan for secondary treatment. The 1986 deadline for the Facility Plan is required by EPA so that secondary treatment can be implemented in a minimal time in an effort to meet the July 1, 1988, deadline. The updated Facility Plan reflects the changes in the environmental conditions and the increase in population projections which are expected in the forthcoming SANDAG Series 7 Projections. These modifications result in upscaled facilities at a new location in the South Bay Area. (the intersection of Hollister and Dairy Mart Roads) in the updated 1986 Metropolitan Facilities Plan. The consulting firm of NBS/Lowry prepared the updated Facility Plan.

Subitem-A: (O-87-133) FIRST PUBLIC HEARING HELD

First public hearing in the matter of:

Amending Ordinance O-16678 (New Series), as amended, entitled "An Ordinance Adopting the Annual Budget for the Fiscal Year 1986-87 and Appropriating the Necessary Money to Operate the City of San Diego for said Fiscal Year" by amending Documents No. 00-16678-1 and No. 00-16678-2, as amended and adopted therein, by transferring the sum of \$2,108,125 from the unappropriated fund balance of the Sewerage Utility Revenue Fund (41506); amending Section 2, Subsection VI, Item 3, entitled "Sewerage Utility Revenue Fund (41506)" to increase non-personal expenses and total by said \$2,108,125; and directing the Auditor and Comptroller to set aside, transfer and allocate the \$2,108,125 appropriated above to the Wastewater Construction Engineering Program (70892), CIP-46-055.0, Sludge Disposal Facilities.

Subitem-B: (R-87-1216) ADOPTED AS RESOLUTION R-267344

Adoption of a Resolution authorizing the execution of an agreement with Metcalf and Eddy, Inc. for design services relating to the relocation of sludge management facilities from Fiesta Island; authorizing the expenditure of an amount not to exceed \$2,417,325 from the Sewerage Utility Revenue Fund (41506), Wastewater Construction Engineering Program (70892), CIP-46-055.0, Sludge Disposal Facilities, for the purpose of providing funds for the above project; authorizing the City Manager to accept the findings of Metcalf and Eddy's San Diego Sludge Management Program--Master Plan Report; authorizing the City Manager to acquire a waste discharge permit for this site.

CITY MANAGER REPORT: In January, 1981, the State Coastal Commission required the City, as one of the conditions of the coastal development permit for its Fiesta Island sludge drying facility, to "diligently pursue relocation for the entire sludge operation...outside Mission Bay Park within six years." The City therefore requested the consulting firm of Metcalf and Eddy to evaluate the sludge management options available in the San Diego area. This report is now complete. On May 16, 1986, the Coastal Commission reviewed the study's preliminary recommendations and indicated it would consider an amendment

revising the date of relocation, pending City Council action on financing and implementation of a relocation based on the results of the Metcalf and Eddy report. It is therefore recommended that Metcalf and Eddy perform the consultant services in accordance with Council Policy 300-7. George Nolte, as a sub-consultant, is a San Diego based firm responsible for 24 percent of the tasks, while the five remaining sub-consultants, all MBE or WBE firms, are responsible for an additional 12 percent of the work. Details of the recommended relocation plan are given in the consultant's report and in City Manager Report CMR-86-394 presented to the PS&S Committee on August 15, 1986. As part of this action, it is also requested that the Council authorize the acquisition of a waste discharge permit for this site.

Subitem-D: (R-87-1208) ADOPTED AS RESOLUTION R-267349
Approving the acceptance by the City Manager of that street easement deed of Carmel Mountain Ranch, granting to the City an easement for public street purposes in a portion of Pompeii Farms Company, Pompeii Subdivision, Map-1738; dedicating said land as and for public streets and naming the same Highland Ranch Road and Carmel Ridge Road.

CITY MANAGER REPORT: In addition to the usual resolutions connected with the approval of this subdivision map is a resolution authorizing the City Manager to enter into an agreement for the construction of temporary sewer facilities.

This subdivision is located on the boundary between the City of San Diego and the City of Poway. In order to provide a permanent gravity sewer system to serve this property, it will be necessary to construct approximately 1,600 feet of off-site sewer in the City of Poway. The subdivider and his engineer have been working with the City of Poway to obtain their approval. The alignment and grade of the sewer is tied in with the extension of State Highway Route 56. Neither the right of way for Route 56 nor the sewer has been acquired, and it is anticipated that the City of Poway will have to condemn to

obtain the right of way. The subdivider proposes to install a temporary sewer pump station just to serve this subdivision. The proposed agreement establishes the conditions for which the temporary system will be allowed. The agreement requires the subdivider to pay all the cost of construction and maintenance. The permanent gravity system must be under construction before December 31, 1989. The subdivider has provided a \$550,000 performance bond to assure the construction of the sewer, and a \$96,000 Irrevocable Letter of Credit to provide funds for the acquisition of right of way. The subdivider has also deposited \$17,300 with the City of San Diego to cover the costs of maintaining the temporary pump station and its removal when the permanent system is completed.
