ITEM-333:

Matters concerning the I-15 Corridor Consolidated Community Plan Amendments:

1) A proposal to amend the Sabre Springs Community Plan and the General Plan and Progress Guide of the City of San Diego by modifying the phasing program to eliminate the requirement that each parcel within the community be assigned to a specific phase and time period for development. The amended phasing program would require that certain infrastructure (public facility) improvements be assured prior to approval of final maps for each of five non site-specific development phases. Each phase would

require a higher threshold of infrastructure improvements than the preceding phase. The proposed amendment would modify residential densities and unit totals on specific parcels while the overall density and unit total in the community would be unchanged. In some instances parcel shapes and sizes have been slightly modified. The proportion of the community designated for open space has not been significantly modified.

The subject property includes the entire 1,507-acre Sabre Springs Community and is bounded by the Carmel Mountain Ranch Community to the north, I-15 to the west, the Miramar Ranch North Community to the south, an "island" within the County of San Diego to the southeast, and the City of Poway to the east.

(District-1.)

2) Rezoning Lot 82, Lusk Industrial Park Unit 2, Map-10099 (a 6.1-acre site), in the Mira Mesa Community Plan area, from Zone M-1B to Zone CR. The subject property (Ramada Inn) is located on the north side of the intersection of Mira Mesa and Lusk Boulevards.

3) Rezoning Lots 88 and 89, Lusk Industrial Park Unit 3, Map-10361 (a 5.6-acre site), in the Mira Mesa Community Plan area, from Zone M-1B to Zone CR. The subject property (Marriott Hotel) is located on the west side of Scranton Road between Barnes Canyon Road and Morehouse Drive.

4) Amendments to the Mira Mesa Community Plan and the Progress Guide and General Plan to redesignate the two sites in Items 2 and 3 from Industrial Park to Visitor Commercial.

Vacating Maxim Street between Dr. Martin Luther King Jr. Way and Interstate 805, under Resolution of Intention R-268095, adopted August 10, 1987.

(Southeast San Diego Community Area. District-4.)

CITY MANAGER REPORT: The applicants have requested the subject vacation and propose to consolidate the majority of the area of vacation with their property which was recently acquired from CalTrans. Upon completion of the vacation and a

consolidation parcel map, the applicants are to construct a 20-unit apartment complex. The proposed vacation and the adjoining properties are located in the Southeast San Diego Community and are situated in a R-3000 Zone. The subject street vacation is approximately 15,700 square feet in area of which approximately 15,100 square feet is to be consolidated with the applicant's property to form a 1.27-acre site for the contemplated 20-unit development which includes a density bonus. The Planning Department has no objection to the proposed vacation and the Planning Commission recommended approval on May 14, 1987 by a 5-0 vote. The proposed area of vacation is fully improved with curb, gutter and sidewalk but dead-ends abruptly at Interstate 805 with no cul-de-sac improvements. The current right-of-way contains public facilities for which an easement reservation is required. The subject right-of-way is not required for traffic circulation but does provide the only access and legal frontage for several unimproved parcels. Therefore, a consolidation parcel map is required to prevent landlocking. In addition, public improvements to include curb, gutter and sidewalk must be constructed across the vacated area at Dr. Martin Luther King Jr. Way as a condition of the vacation. Staff review has indicated that the right-of-way to be vacated is no longer needed for present or prospective public use and may be vacated conditioned upon the recordation of a consolidation parcel map and issuance of permits for the required public improvements.

ITEM-342: CONTINUED TO OCTOBER 20, 1987, 10:00 A.M. TIME CERTAIN

Matters of:

- 1) A proposal to amend the Mid-City Planned District
Ordinance, which would amend and expand the area
covered by the adopted Mid-City Planned District
Ordinance to include the Greater North Park community
and portions of the west side of Park Boulevard between
Adams Avenue and Pennsylvania Avenue in the Uptown
community. The proposed ordinance revises property
development standards, which include building design

criteria, revises multi-family parking standards and introduces four (4) new multi-family residential zones. Proposed revisions also include provisions that adjust setback and height requirements, reduce the number of dwelling units that would require a special permit for development projects (unit threshold), require a 600-square-foot minimum average unit size for projects in residential zones, and would allow expansion of nonconforming auto repair uses along Adams Avenue with a special discretionary permit, and modify multi-family parking standards.

- 2) The rezoning from City-wide designations to the proposed Planned District Ordinance zones and City-wide zones to implement the Greater North Park Community Plan, adopted by the City Council in November 1986. The proposed ordinance would rezone certain property zoned for commercial and multi-family use, as recommended in the Greater North Park Community Plan. This ordinance would also replace the Emergency Ordinance zoning for Greater North Park adopted by the City Council in November 1986 and would rezone designated properties along the west side of Park Boulevard between Adams Avenue and Pennsylvania Avenue in the Uptown Community. The Greater North Park community is located in the central portions of the City of San Diego, and is bordered by Balboa Park on the south and west, I-805 on the east, and the slopes of Mission Valley on the north. North Park abuts the community planning areas of Uptown on the west, Mission Valley on the north, Mid-City on the east and Greater Golden Hill on the south. The Mid-City Community is generally located east of I-805, south of I-8, north of Highway 94 and west of the City of La Mesa.
