ITEM-330: (R-88-914) ADOPTED AS RESOLUTION R-269974

Considering the protests and determining that it is in the public interest to acquire 4.58 acres of Kensington Hillside Extension for the San Diego Open Space Park Facilities District No. 1, under Resolution of Intention R-269722, adopted on November 16, 1987; authorizing the expenditure of not to exceed \$300,000 as payment for said property and related costs from Open Space Park District Bond Fund 79104; authorizing the City Manager to accept the deed to said property without further Council action.  
(Mid-City Community Area. District-3.)

CITY MANAGER SUPPORTING INFORMATION: On November 21, 1983, the Council approved a revised open space retention list and gave direction on future open space appraisals for purposes of acquisition. Included in that direction was that \$5 million be

allocated in each of Council Districts 3 and 4 to acquire open space and to "look to the Councilmember of the District" in identification of parcels to be acquired. City staff has since been working with District staff to meet the requirements of the Council directive. As part of our ongoing efforts to acquire quality open space the parcel was discussed with District 3. Councilmember McColl reviewed the parcel, part of which is shown as open space in the Mid-City Community Plan, and recommended it be added to the District 3 acquisition plan. The specific acquisition plan and funds to appraise this land for purposes of acquisition for open space were approved by the City Council on September 15, 1986. The system consists of two adjacent parcels, but funds available allow proceeding only on this parcel at this time. This request is for \$300,000 to purchase this parcel at fair market value plus funds to cover title, escrow and other miscellaneous costs.

CITY MANAGER SUPPORTING INFORMATION: The Project First Class Alley and Sewer Replacement - Contract No. 2 is the second project in the Project First Class area to be considered by Council under the CDBG - Assessment District cost sharing concept. The cost sharing concept is based on CDBG funds being used to finance 50 percent of the alley improvements regardless of the income or residency status of the benefitting property owners. The remaining 50 percent of the alley improvement cost will be assessed to the benefitting parcels with CDBG funds being utilized to pay the assessments for owner-occupants who meet HUD income guidelines. Property owners who do not qualify may pay the remaining 50 percent over a period of ten years. The proposed improvements to the six alleys included in this contract consist of clearing, grubbing, grading, paving, curb, retaining wall, storm drain and sewer main replacement improvements. This project also consists of about 140 feet of street paving. There are 88 parcels involved and 32 of them are

owner-occupied. All property owners have been notified of the proposed improvements and given information regarding the assessment payment program. The cost of the sewer main replacements will be paid from Water Utility Department sewer annual allocation funds. The cost of the street paving will be paid for with CDBG funds.

Two actions relative to establishing the Governor Drive (Genesee Avenue to Gullstrand Street) Underground Utility District:  
(University Community Area. District-1.)

Subitem-A: (R-88-743) ADOPTED AS RESOLUTION R-269990

Establishing an Underground Utility District to be known and denominated as the Governor Drive (Genesee Avenue to Gullstrand Street) Underground Utility District.

Subitem-B: (R-88-744) ADOPTED AS RESOLUTION R-269991

Authorizing the expenditure of an amount not to exceed \$5,500 from CIP-37-028, Federal Revenue Sharing Fund 18014, for the purpose of administering the Governor Drive (Genesee Avenue to Gullstrand Street) Underground Utility District, minor City Force work and other related work.

CITY MANAGER SUPPORTING INFORMATION: The proposed district will underground the overhead utility facilities on Governor Drive between Genesee Avenue to Gullstrand Street. This is a scheduled project in the calendar year 1989 Capital Improvements Program. The formation of this district will require the affected property owners to underground the portion of their utilities on their parcel prior to the removal of the overhead utilities. The total number of affected properties in this district is 32, of which 29 are single-family residential properties, and three are commercial or public use properties. A typical cost range for a licensed contractor to perform this conversion work on residential private property is \$700 to \$1,200. Conversion costs on commercial properties may vary from

\$700 to several thousand dollars or more due to differences in service size and location. Council Policy 800-2 provides for the use of San Diego Gas & Electric Company's Annual Allocation Funds (Case 8209) to make reimbursement payments to affected property owners based on the length of their electrical service trench. A future resolution will establish the date for removal of overhead utilities as the undergrounding work approaches completion.

- 2) Rezoning the below described real property from Agricultural (A1-10) to Industrial Park (M-IP) and from Agricultural (A1-10) to Agricultural (A1-10) and Hillside Review (HR) Overlay Zones.

Two alternatives are being proposed for this amendment:

The proposal by the United States Navy to amend the Tierrasanta Community Plan would redesignate approximately 213 acre parcel of Navy-owned land from military use to a mix of industrial (59 acres) and open space (154 acres) uses.

The alternative amendment to the Tierrasanta Community Plan proposed by the City Planning Department would designate approximately 51 acres of the subject property for industrial use and 162 acres for open space.

Either proposal includes rezoning the land proposed for industrial use from A1-10 (Agricultural) to M-IP (Industrial Park) and application of the Hillside Review Overlay Zone to approximately 22 acres. The subject property is located east of I-15, north of Clairemont Mesa Boulevard, and south of the future alignment of State Route 52 (Figure 3).

(See City Manager Report CMR-87-365 and memorandum from CCDC Executive Vice President dated 10/8/87.)

Subitem-A: (O-88-95) INTRODUCED AND ADOPTED AS  
ORDINANCE O-16997 (New Series)

Introduction and adoption of an Ordinance amending Ordinance O-16916 (New Series), as amended, entitled "An Ordinance Adopting the Annual Budget for the Fiscal Year 1987-88 and Appropriating the Necessary Money to Operate the City of San Diego for Said Fiscal Year" by amending Document No. 00-16916-1, as amended and adopted therein, by establishing Capital Improvement Project CIP-39-106.0, entitled "San Diego Day Care Center" to permit the

construction of a Day Center for the Homeless; authorizing the Auditor and Comptroller to accept \$78,000 in repaid loans from the Redevelopment Agency, \$100,000 from the County of San Diego, \$100,000 in Private Funding to be provided by the Regional Task Force on the Homeless, and the total of \$47,000 of CDBG Funds (\$15,700 from Fund 18521, Dept. 5834, Org. 3410 - Socioenvironmental Consultants and \$31,300 from Fund 18521, Dept. 5834, Org. 3401 - Social Service Administration); authorizing the Auditor and Comptroller to transfer the above identified sum of \$47,000 of CDBG Funds to Fund 18521, Dept. 5833, Org. 3315, San Diego Day Care Center for the purpose of establishing CIP-39-106.0; authorizing the Auditor and Comptroller to appropriate and allocate to the newly created CIP-39-106.0, entitled "San Diego Day Care Center," the sums recited above and as follows, when received: \$78,000 from repaid loans from the Redevelopment Agency, \$100,000 from the County of San Diego, \$100,000 from the Private Fundraising by the Regional Task Force on the Homeless and the \$47,000 of CDBG Fund previously specified above.

NOTE: The first public hearing of this Ordinance was held on Monday, December 7, 1987, Item 217. Today's action is the second public hearing for the introduction and adoption of the Ordinance.

Subitem-B: (R-88-1174) ADOPTED AS RESOLUTION R-269978

Adoption of a Resolution requesting the Redevelopment Agency of the City of San Diego to fully authorize the Center City Development Corporation (CCDC) to administer and supervise, for and on behalf of the City, the design and construction of the San Diego Day Care Center Project, authorized in Capital Improvement Project CIP-39-106.0, after lease negotiations and private fundraising is completed and all funds have been received by the City, pursuant to the provisions of the October 8, 1987 memorandum of CCDC to the Redevelopment Agency.

CITY MANAGER SUPPORTING INFORMATION: The City Council on August 3, 1987 approved the City Manager's request to begin negotiating with the California Department of Transportation (CalTrans) to lease, on behalf of the Regional Task Force on the Homeless, vacant property located on 17th Street between K and L Streets to be used as a Homeless Day Center. The Board of Supervisors approved a similar request made by the County's Chief Administrative Officer. Negotiations are in process and are expected to take several months. A recently passed piece of

State legislation allows the property on 17th Street to be leased for \$1 per month. It has been proposed that a building be constructed on the leased CalTrans site to accommodate approximately 100 homeless during daytime hours. The total cost to build a suitable building for this purpose is estimated to be approximately \$325,000. The Center City Development Corporation (CCDC) is willing and able to act on the City's behalf and to administer the funds, and to construct said building. Funding for the project is available from \$78,000 in repaid loans from the Redevelopment Agency, \$47,000 in Community Development Block Grant funds, \$100,000 from the County of San Diego, and \$100,000 in private fund raising yet to be accomplished by the Regional Task Force on the homeless. It is recommended that in order to begin the process to allow for a building to be built that CIP Project CIP-39-106.0 be established, that CCDC be authorized to administer the project, and that funding as noted above be authorized and expended on this project. The Regional Task Force has committed to raise \$100,000 for the construction of the facility, plus the first two year's operating budget.
