statement of overriding considerations pursuant to
California Public Resources Code Section 21081 in
connection with Addendum No. 88-0542 to Environmental
Impact Report EIR-84-0744.

CITY MANAGER SUPPORTING INFORMATION:

The proposed vacation has been initiated by the submission of a tentative map for Cypress View Estates (TM-88-0542). The subject vacation and tentative map area are located within the Scripps Miramar Ranch community and within the R-3000 Zone. The tentative map proposes subdivision of 12.47 acres into 25 lots for single-family residential use and one lot for future commercial development. Future development of the residential segment will be controlled by the related Planned Residential Development Permit (PRD-88-0542). There are no development plans for the commercially designated property at this time. The Subdivision Board recommended approval of the tentative map and street vacation on January 3, 1989.

The subject vacation consists of two excess portions of the old alignment for Pomerado Road which are now closed to through traffic. The new alignment for Pomerado Road was dedicated recently with the Sunburst Scripps and Scripps Eastview Projects (TM-87-0883 and TM-88-0884 respectively). The future improvements will also be provided with those developments. The area-of-vacation totals 0.783 acres of which 0.336 acres will be utilized with the residential development and 0.447 acres will be consolidated with the future commercial property. Easement

reservations are not required since all necessary easements will be provided with the final map.

Staff review has indicated that the excess rights-of-way are no longer required for present or prospective public use and may be summarily vacated conditioned upon the recordation of the final map for Cypress View Estates (TM-88-0542).

and February 14, 1989, Item 337; last continued at Council Member Wolfsheimer's request, to be heard with the North City West Transportation Phasing Plan.)

Approval of the proposed Sorrento Hills Development Agreement Case-88-0590 between the City of San Diego and American Newland Associates et al. The agreement would apply to approximately 557 acres in the Sorrento Hills community. The development agreement is being proposed to meet a condition placed on an approved tentative subdivision map for the property. The primary purpose of the development agreement is to provide for the funding of public facilities through the owner's participation in the community's public facilities financing plan. The owner would agree to pay its fair share of fees or contribute facilities in lieu of payment as required by the public facilities financing plan for the community. The developer would also provide public improvements, facilities and services as required by the tentative subdivision map. The development agreement would assure the owner that the property could be developed in conformance with Sorrento Hills Community Plan; Zones M-IP, M-1B, R-1500 and A-1-1; PRD, PID and Tentative Map TM-84-0570; PRD-84-0518; Tentative Map TM-84-0519; HRP-183; and HRP and Tentative Map TM-83-0167 for the 20-year term of the agreement. Additional provisions are included in the draft development agreement.

The subject property is located on the east side of I-5 and I-805 between Carmel Valley and Rancho de Los Penasquitos Canyon. A brief legal description is as follows: portions of Sections 29, 30, 31, 32, 24 and 25, Township 14 South, Range 3 West, SBBM; Map Nos. 433, 36 and others and Record of Survey Maps. The specific legal description is on file in the City Planning Department.

ITEM-S503: (R-89-1516) ADOPTED AS RESOLUTION R-272973

(Continued from the meeting of February 21, 1989, Item 334, at Council Member Filner's request, for further review.)

The Redevelopment Agency of the City of San Diego is proposing a Sixth Amendment to the Redevelopment Plan for the Columbia Redevelopment Project. The Columbia Redevelopment Plan provides for the expansion of the Central Business District westerly toward San Diego Bay. The proposed Sixth Amendment would increase permitted development densities on certain blocks in the Columbia Redevelopment Project commensurate with the development intensity of the commercial core of the City, delete references to the construction of a convention center in the Project area, refine permitted uses, and establish urban design standards. Density bonuses would be awarded for provision of underground parking, residential use, open space, certain architectural treatment, and for contributions to art, cultural, or social improvements. A 30-story height limit would be deleted from the Plan. The proposed Sixth Amendment to the Columbia Redevelopment Plan also constitutes an amendment to the City of San

Diego's Local Coastal Program (LCP). If approved by the City Council, the proposed LCP amendment must be submitted to the California Coastal Commission for review and final approval.

(District-8.)

Adoption of a Resolution amending the Local Coastal Program and authorizing transmittal to the California Coastal Commission.
