COUNCIL ACTION: (Tape location: A236-241.)

CONSENT MOTION BY McCARTY TO DISPENSE WITH THE READING AND ADOPT. Second by Pratt. Passed by the following vote: Wolfsheimer-not present, Roberts-yea, McColl-yea, Pratt-yea, Struiksma-yea, Henderson-yea, McCarty-yea, Filner-yea, Mayor O'Connor-yea.

\* ITEM-51: (O-90-26) INTRODUCED, TO BE ADOPTED DECEMBER 4, 1989

Introduction of an Ordinance amending Chapter II, Article 2, of the San Diego Municipal Code by renumbering and retitling Section 22.0210.1 and by renumbering, retitling and amending Section 22.0210.2 relating to Public Works.

COMMITTEE ACTION: Reviewed by RULES on 11/1/89.

Recommendation to approve the City Manager's recommendation to increase the authorization limit from \$5,000 to \$15,000 for use of City Forces. Districts 2, 3, 4, 7 and Mayor voted yea. District 6 not present.

CITY MANAGER SUPPORTING INFORMATION: Section 94 of the City Charter states, "...The Council may, however, establish by ordinance an amount below which the Manager may order the performance of any construction, reconstruction or repair work by appropriate City forces without approval by Council. When such Council approval is required, the Manager's recommendation shall indicate justification for the use of City forces and shall indicate whether the work can be done by City forces more economically than if let by contract...". Section 22.0210.2 of the Municipal Code set the Manager's limit for City forces authorization at \$5,000. This limitation has been in effect for over eleven years. In consideration of inflation and the need for immediate responses for smaller construction or repair projects, it is recommended that this level be raised to \$15,000. This proposal to raise the upper limit of City force work was discussed with the construction industry. Their members indicated no opposition to this proposal, given assurances that this process would not be abused in that work amounting to more than \$15,000 would not be constructed in a piecemeal manner thereby circumventing this dollar limitation. Additionally, such work would not represent construction at competitively bid prices. In response it should be pointed out

that in many situations it is in the City's interest that there be no delay, such as is required for plan preparation, specifications and bidding, and the Manager should be permitted this additional latitude when warranted for more effective performance.

CONSENT MOTION BY McCOLL TO ADOPT. Second by Pratt. Passed by the following vote: Wolfsheimer-not present, Roberts-yea, McColl-yea, Pratt-yea, Struiksma-yea, Henderson-yea, McCarty-yea, Filner-yea, Mayor O'Connor-yea.

\* ITEM-101: (R-90-171) ADOPTED AS RESOLUTION R-274691

Authorizing the execution of the option to renew the contract of \$3,085,000 with V.R. Dennis Construction Co. for Maintenance Surfacing Various City Streets Group "Z" FY

90 for a period of one year beginning July 1, 1989 through June 30, 1990; authorizing the expenditure of an amount not to exceed \$3,085,000 (\$3,000,000 from Gas Tax Fund 30219, \$35,000 from Water Utility Operations Fund No. 41500, and \$50,000 from Sewer Revenue Fund 41506), for said project and related costs; authorizing the Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves. (BID-K0916/90 (0544/89).

CITY MANAGER SUPPORTING INFORMATION: On April 10, 1989, the City Council approved specifications and authorized the Purchasing Agent to invite bids for resurfacing various City streets, Group Y (Resolution R-273205). The bid specification offered bidders the option of concurrently bidding the FY 90 resurfacing program. The low bidder, V.R. Dennis Construction Co., exercised this option and bid the FY 90 program at the same price as for FY 89. We now wish to exercise the option and award the FY 90 contract. Under resurfacing program standards, asphalt streets should receive this resurfacing treatment every 21 years and concrete streets every 40 years. Specific streets to be resurfaced are selected on the basis of an annual survey using the following criteria: age, oxidation, cracking, amount of patching, nature of use, and avoiding conflict with planned underground utility work. The following is a summary of the

miles of streets by neighborhood: Downtown/Hillcrest/North Park/Normal Heights/Logan Heights-11 miles; East San Diego/Southeast San Diego/Paradise Hills/Encanto--17 miles; Mission Hills/Old Town/Point Loma/Ocean Beach--6 miles; Mission Beach/Pacific Beach/La Jolla/Bay Park--10 miles; Clairemont/Serra Mesa/Tierrasanta--5 miles; Del Cerro/Allied Gardens/San Carlos--2 miles; Mira Mesa/Del Mar Heights/Scripps Ranch--2 miles; Penasquitos/Rancho Bernardo/San Pasqual--6 miles; and South Bay/San Ysidro--7 miles. The Utilities Department contributes funds annually to this contract to pay for the raising of sewer manhole covers and gate valve covers to the new surface elevation.

Two actions relative to Genesee Avenue (Linda Vista Road to Highway 163) Underground Utility District:  
(Linda Vista Community Area. District-5.)

Subitem-A: (R-90-704) ADOPTED AS RESOLUTION R-274697

Designating December 20, 1989, as the date upon which all property in the Genesee Avenue (Linda Vista Road to Highway 163) Underground Utility District must be ready to receive underground service and January 29, 1990, as the date for the removal of all overhead utility facilities.

Subitem-B: (R-90-705) ADOPTED AS RESOLUTION R-274698

Authorizing the City Auditor and Comptroller to open Fund

No. 78043 for the purpose of depositing Public Utilities

Commission Case 8209 Utility Undergrounding Allocation Funds for the Genesee Avenue (Linda Vista Road to Highway 163) Underground Utility District; authorizing the City Treasurer to receive these funds from the San Diego Gas and Electric Company; authorizing payment to all property owners as reimbursement for electrical service underground conversion work done on private property whenever the required length of trenching exceeds 15 feet; authorizing the City Auditor and Comptroller to return to San Diego Gas and Electric Company any undisbursed funds.

CITY MANAGER SUPPORTING INFORMATION: The Genesee Avenue (Linda Vista Road to Highway 163) Underground Utility District was created by the City Council on May 19, 1987. The resolution creating the district left the matter of the actual dates for converting services and removing overhead facilities to be established later. This action will set December 20, 1989 as the Customer Ready Date, which will require that, upon this date, all affected customers within the Underground Utility District must have their services prepared to receive service from the new underground system. This action will also establish January 29, 1990 as the Pole Removal Date, which will require that, upon this date, all overhead facilities within the Underground Utility District must be removed.

The utility companies concur with these proposed dates. Council Policy 800-2 provides for the use of California Public Utilities Commission Case 8209 funds to assist in financing the conversion of private electric service laterals in all underground utility districts. Funding consists of a lump-sum reimbursement based upon the length of the electrical service trench. The property owner remains responsible for all remaining conversion costs.

CONSENT MOTION BY MCCOLL TO ADOPT. Second by Pratt. Passed by the following vote: Wolfsheimer-not present, Roberts-yea, McColl-yea, Pratt-yea, Struiksma-yea, Henderson-yea, McCarty-yea, Filner-yea, Mayor O'Connor-yea.

\* ITEM-107: (R-90-690) ADOPTED AS RESOLUTION R-274701

Authorizing the City Auditor and Comptroller to create the College Heights Branch Library Fund, with proceeds to be used to fund conceptual drawings for a new branch library, plus the purchase of furniture, fixtures, equipment, supplies, and library materials; authorizing the City Auditor and Comptroller to ensure that the Fund will retain all interest earned from pooled investments.

(State University Community Area. District-7.)

CITY MANAGER SUPPORTING INFORMATION: It has been proposed that a 10,000 square foot library for the College Heights area be included in the San Diego State University Foundation's redevelopment project master plan. This request will establish a trust account in the name of the College Heights Branch Library Fund to facilitate the process of receiving private gifts for a new building. The proceeds of the fund and all earned interest will be used to fund conceptual drawings for the new library, plus the purchase of furniture, fixtures, equipment, supplies, and library materials.

\* ITEM-108: (R-90-723) ADOPTED AS RESOLUTION R-274702

Prohibiting commercial vehicles with a gross vehicle weight rating of over 10,000 pounds, from operating on Flanders Drive from Camino Santa Fe to the end of Flanders Drive, east of Westchester Avenue; authorizing the installation of the necessary signs and markings; declaring that the regulations shall become effective upon the installation of such signs.

(Mira Mesa Community Area. District-5.)

CITY MANAGER SUPPORTING INFORMATION: The 10,000 lbs. truck limit was requested by a resident on Flanders Drive. Staff's field investigation revealed that numerous trucks use this residential street to avoid the traffic congestion on Mira Mesa Boulevard. Streets such as Mira Mesa Boulevard and Camino Ruiz are designed to accommodate the heavier weight of vehicles such as commercial trucks, while residential streets, such as Flanders Street, are not. Staff recommends implementation of the requested restriction to 10,000 lbs. gross vehicle weight rated capacity to protect the integrity of the residential street.

\* ITEM-109: (R-90-725) ADOPTED AS RESOLUTION R-274703

Establishing a truck parking prohibited zone on the north and south sides of Activity Road between Padgett Street and Black Mountain Road; authorizing the installation of the necessary signs and markings; declaring that the

regulations shall become effective upon the installation of such signs.

(Mira Mesa Community Area. District-5.)

CITY MANAGER SUPPORTING INFORMATION: A truck parking prohibition along the north and south sides of Activity Road between Padgett Street and Black Mountain Road was petitioned by property owners representing 75 percent of the affected property frontage. Staff's field investigation revealed that many large trucks park along Activity Road within the limits noted above. The trucks parked along the subject street obstruct visibility of oncoming traffic for motorists exiting driveways along the street. It is recommended that vehicles with a gross vehicle weight rated capacity of 10,000 pounds be prohibited from parking along the north and south sides of Activity Road between Padgett Street and Black Mountain Road as requested.

\* ITEM-110:

Two actions relative to the Operating Memorandum for Views West Park and Penasquitos Creek Park:

(Penasquitos East Community Area. District-1.)

Subitem-A: (R-90-696) ADOPTED AS RESOLUTION R-274704

Authorizing the execution of an Operating Memorandum Implementing Development Agreement with American Newland

Associates for the design and construction of Views West Park and Penasquitos Creek Park, with any modifications or amendments which do not increase the project scope or cost and which the City Manager shall deem necessary in order to carry out the purposes and intent of the projects and Operating Memorandum; authorizing the City Auditor and Comptroller to make payments from FBA Fund No. 79004 as funds become available, in accordance with the terms and conditions of the Operating Memorandum.

Subitem-B: (R-90-697) ADOPTED AS RESOLUTION R-274705

Certifying that the information contained in Environmental Negative Declarations END-89-0224 and END-89-0494, has been completed in compliance with the California Environmental Quality Act of 1970 as amended, and State guidelines, and has been reviewed and considered by the Council, in approving the Views West Park and Penasquitos Creek Park Operating Memorandum Implementing Development Agreement with American Newland Associates.

CITY MANAGER SUPPORTING INFORMATION: American Newland Associates (Newland), a California general partnership, is obligated to design and construct two parks in the Penasquitos East Community pursuant to Development Agreement OO-17179, dated November 14, 1988. The parks are Views West Park and Penasquitos Creek Park. The proposed Operating Memorandum Implementing Development Agreement defines the specific obligations of Newland and the City in the design and construction of these parks. Newland will perform the work and the City will reimburse Newland as FBA Funds become available. This reimbursement is scheduled in the Penasquitos East Public Facilities Financing Plan and Facilities Benefit Assessment (Financing Plan) beginning in FY 91. Both parks are being designed and construction could begin in FY 90.

\* ITEM-111: (R-90-709) ADOPTED AS RESOLUTION R-274706

Authorizing the execution of an agreement with Groundwater Technology, Inc., to provide professional services for Petroleum Abatement - Western Division Police Station; authorizing the expenditure of an amount not to exceed \$225,000 from Capital Other Fund 302453, CIP-33-084.0, Underground Hazardous Storage Tanks (Petroleum Abatement Western Division Police Station) for the purpose of providing funds for the above project.

(Linda Vista Community Area. District-6.)

CITY MANAGER SUPPORTING INFORMATION: On February 6, 1987 representatives of the San Diego County Department of Health Services, Hazardous Materials Management Division (HMMD)

responded to a complaint of gasoline fumes in the Napa-Riley Streets area. Subsequent investigations by HMMMD personnel localized the source of contamination to an "abandoned" sewer lateral leading toward the Western Division Police Station. On February 19, 1987 all underground tanks at the site were tested. Fuel Tank No. 2 failed a precision test due to improperly connected pipe and fittings. This problem was corrected the following day. Based on the best available evidence, the tank became operational around May 7, 1984. On April 17, 1987 the "abandoned" sewer lateral was closed by City personnel. A preliminary site assessment was performed during June 1987. Based on inventory reconciliation records, approximately 50,000 gallons of unleaded gasoline were lost. A second site assessment was performed during October 1987. Based on the site characterization approximately 10,000 gallons remain in the ground. The remainder evidently was routed inadvertently to the Pt. Loma Treatment Plant. Pursuant to federal, state, and local statutes and regulations, cleanups must be performed at all contaminated sites. Under this agreement, Groundwater Technology, Inc. shall remediate the residual soil and groundwater contamination based on the above characterizations. The work plan includes vapor extraction and treatment of contaminants, laboratory sampling and testing and documentation and reporting to regulatory agencies. All work shall be in accordance with regulatory dictates. MBE and WBE participation on this contract shall be approximately 5 percent. Aud. Cert. 9000410.

Org. 8208, for the purpose of providing funds for the above  
project.

(Mid-City, Normal Heights and Logan Heights Community  
Areas. Districts-3 and 4.)

CITY MANAGER SUPPORTING INFORMATION: A) Mid City Senior  
Enterprises, located at 4069-71 Street, is a multi-service  
center with low income senior citizens as target clients. This  
project will encompass design and renovation of the facility.  
Asbestos has been found in the structure and will be abated as  
required with the renovation.

B) Normal Heights Community Development Corporation is located  
at 4649 Hawley Blvd. This project is for the renovation of, but  
not limited to, restroom improvements to meet standards for the  
disabled; various electrical, mechanical and plumbing  
improvements; and door and window replacement. Plans and  
specifications are currently being processed through various  
City departments for approval.

C) Y.W.C.A. of San Diego County, South Center Branch is located

\* ITEM-113: (R-90-719) ADOPTED AS RESOLUTION R-274708

Authorizing the execution of an agreement with Nancy  
McPherson, a consultant, for administration and  
coordination services in the operation of the Problem  
Oriented Policing (P.O.P.) Program with the San Diego  
Police Department; authorizing the expenditure of an amount

not to exceed \$50,000 from Fund No. 101321, Department 101321, Account No. 4279, Job Order No. 000001, for the above project.

CITY MANAGER SUPPORTING INFORMATION: In April 1988, the Police Department received a Bureau of Justice Assistance Grant administered by the Police Executive Research Forum to implement a Problem Oriented approach (P.O.P.) to drug enforcement. This innovative program is a step-by-step problem solving model that guides street level police officers in solving the underlying problems which cause calls for service at specific locations. Under grant funding, the program was successfully field tested at the Southeastern Area Command. Due to its success, a request for proposal was advertised by the Police Department in order to continue this program and expand it Department-wide. The Police Department proposed to implement the P.O.P. Program Department-wide by entering into an agreement with Nancy McPherson, a consultant and the only respondent to the Department's request for proposal. The term of this agreement is for one year, from November 1, 1989, through October 31, 1990. Nancy McPherson is fully capable, professional and considered an expert nationwide in the implementation and operation of this type of program.

Three actions relative to the Lakeside/Alpine and Wintergardens Sanitation Districts:

Subitem-A: (R-90-731) ADOPTED AS RESOLUTION R-274709

Authorizing the execution of a Fifth Amendment to the Sewage Disposal Agreement of 1974 with the Lakeside/Alpine Sanitation Districts for the purchase of additional sewage capacity from the City.

Subitem-B: (R-90-732) ADOPTED AS RESOLUTION R-274710

Authorizing the execution of a First Amendment to the Sewage Disposal Agreement of 1983 with the Wintergardens Sanitation District for the purchase of additional sewage capacity from the City.

Subitem-C: (R-90-733) ADOPTED AS RESOLUTION R-274711

Certifying that the information contained in the County of San Diego Environmental Impact Report EIR/MUP-66-016W1, Log 89-14-14, has been completed in compliance with the California Environmental Quality Act of 1970, as amended, and State guidelines, and has been reviewed and considered by the Council.

CITY MANAGER SUPPORTING INFORMATION: The Lakeside/Alpine and Wintergardens Sanitation Districts are in need of additional

Metropolitan Sewerage System capacity. The County of San Diego, as the administrator of these sanitation districts, has requested the City, as the owner and operator of the Metro System, to approve the purchase of an additional one million gallons per day of sewage capacity by the Sanitation Districts. The County will construct a sewage flow equalization facility to reduce the peak sewage flows through the East Mission Gorge Interceptor Sewer as a condition of receiving the additional sewage capacity. Amendments to the current Sewage Disposal Agreements have been developed to approve the purchase of additional sewage capacity. The terms and conditions of the amendments follow:

1. Additional sewage capacity in the amount of 170,000 gallons per day will be granted to the Sanitation Districts upon execution of the contract amendments. On September 25, 1989 the City Council approved an agreement between the City and Padre Dam Municipal Water District whereby the City would operate a sewage flow equalization facility using facilities owned by Padre Dam. This facility will provide capacity in the East Mission Gorge Interceptor Sewer for the transportation of this initial increase in sewage flows.
2. Additional sewage capacity in the amount of 830,000 gallons per day will be granted to the Sanitation Districts after the City has deemed the County-constructed flow equalization facility to be operational. The County projects the facility will be operational in April, 1990 and will have a peak flow capacity of 5.6 million gallons.
3. Should the County fail to operate its flow equalization facility upon the City's request, the additional capacity granted through the contract amendments shall revert back to the

City.

Authorizing the execution of an amendment to the Master  
Policy Statement for the CityMed Health Plan; authorizing  
the premium rates increase for employees and their  
dependents.

CITY MANAGER SUPPORTING INFORMATION: A review of the  
integrity and stability of the CITYMED Health Plan was conducted  
by the actuarial firm of A. Foster Higgins in March, 1989.

Based on their recommendation and negotiations with the labor  
groups the following premium rate structure was established:

	\$150	\$1000	\$2500	
Monthly Premiums				Retirees
Employee (City Paid)	\$ 91.58	\$ 50.00	\$ 41.66	\$195.22
Retiree (Medicare)			\$ 65.00	
1 Dependent				
(Employee paid)	\$106.24	\$ 58.00	\$ 48.34	\$199.00
1 Dependent				
(Medicare)			\$ 69.50	
2+ Dependents				
(Employee paid)	\$212.48	\$116.00	\$ 96.66	\$298.62

Premium increases were based on current actuarial assumptions,  
experience, and indicated plan modifications implemented to  
remain a competitive and viable health plan. The policy  
statement has been amended for better clarification of covered  
benefits and compliance with Federal law.

\* ITEM-119: (R-90-721) ADOPTED AS RESOLUTION R-274716

Authorizing the execution of Change Order No. 3, issued in connection with the contract with Engicon corporation for Sewer Main Replacement Group 85, for a net savings to the City of \$99,290.

(Pacific Beach Community Area. District-6.)

CITY MANAGER SUPPORTING INFORMATION: Sewer Main Replacement Group 85 is a portion of the continuing Annual Capital Improvement Program Allocation to replace old and deteriorated concrete sewer mains within the City of San Diego. This project constructed 8,129 linear feet of new 8-inch sewer main and lined the inside of 2,450 linear feet of 6-inch sewer main and 850 feet of 8-inch sewer main, in lieu of replacement. Field observations during construction of Sewer Main Replacement Group 85 resulted in a quantity reduction of several bid items. The major item reduced was the number of sewer laterals installed.

After trenches were excavated, inspection of the existing sewer laterals found that some were in better condition than expected. It was determined that 57 of the laterals could be reconnected to the new main rather than being replaced from the main to the property line. This resulted in a contract reduction of \$45,600 in sewer laterals, alone. Additionally, reductions in the quantities of bedding materials, survey monuments, and 8-inch sewer main that did not need to be replaced, saved \$85,596. These, coupled with miscellaneous unanticipated work that increased contract costs by \$31,906, resulted in a net contract reduction of \$99,290.

(Mission Valley Community Area. District-5.)  
CITY MANAGER SUPPORTING INFORMATION: On June 23, 1987, the City Council awarded a construction contract for \$20,800,000 to Chilcote, Inc., for the Construction of the First San Diego River Improvement Project (FSDRIP). This flood protection project will construct an earthen channel with landscaping from State Route 163 to Stadium Way. Funding for construction, design consultants, and consultant services during construction is from an assessment district formed by the adjacent property owners. This Change Order will provide for a variety of miscellaneous items including changes in bid item quantities and for additional work. Where bid items are not appropriate, the work is being paid for by negotiated prices.

(Greater Golden Hill Community Area. District-4.)  
Subitem-A: (R-90-388) ADOPTED AS RESOLUTION R-274719

Vacating 29th Street between "B" Street and "C" Street and a portion of the alley adjacent to Lots 1-6 and 43-48, Block 63 of E.W. Morse's Addition, Map-547, under the procedure for the summary vacation of streets; reserving and excepting from the vacation the right, easement and privilege of placing, constructing, repairing, replacing, maintaining, using and operating public utilities of any kind or nature; reserving and excepting from vacation and abandonment, easements, and rights of any public utility pursuant to any existing franchise or renewals thereof; declaring that the easement reserved herein is in, under, over, upon, along and across 29th Street and the alley specified; declaring that this Resolution shall not become effective unless and until issuance of the permits for the required public improvements have been accomplished; in the event that the above requirements are not completed within 18 months following adoption of the Resolution, this Resolution shall become void and be of no further force or effect; directing the City Engineer to advise the City Clerk of the approval of the completion of the issuance of permits.

Subitem-B: (R-90-389) ADOPTED AS RESOLUTION R-274720

Approving the acceptance by the City Manager of a drainage easement deed of 29th and "B" Street, Ltd., granting to the City an easement for drainage purposes in a portion of Lots 1 through 3, Block 63 of E.W. Morse's Subdivision, Map-547.  
CITY MANAGER SUPPORTING INFORMATION: The abutting property owners have petitioned for the subject vacation in order to increase yard areas and to expand the existing lot sizes for future development. The proposed vacation consists of 29th Street between "B" Street and "C" Streets and the 142-foot length of alley immediately west of 29th Street. The City owns the southeasterly property adjacent to the vacation. The Property Department has requested that a pedestrian easement be reserved to provide continued pedestrian access between "B" Street and "C" Street in the future. The subject vacation, which totals approximately 20,700 square feet in the R-600 Zone, is located in the Greater Golden Hill Community. Based upon the present zoning, the vacation will increase the residential

entitlements of the adjacent properties including the City's, a total of 34 residential units. The Planning Department has no objections to the proposed vacation, and the Planning Commission recommended approval on August 6, 1981, by a 5-0 vote. The subject rights-of-way are within a deep southeast-trending canyon and are unimproved except for sewer and drainage facilities. Easements for those utilities are either to be reserved from the vacation or acquired. Due to the adverse topography, it is not feasible to improve these rights-of-way for street purposes. However, there is considerable evidence of pedestrian traffic through the area and, therefore, a pedestrian easement will be reserved to accommodate this use. The vacation will not preclude access to any of the adjacent properties. Staff review has indicated that the rights-of-way to be vacated are no longer required for present or prospective public use and may be summarily vacated.

Subitem-C: (R-90-743)

Declaring the City Council's intent to provide a permanent site for the murals/artwork ensemble, according to the following criteria:

1. That, assuming that the Mercado del Barrio project is implemented under the California Community Redevelopment Law, and that the project includes a Cultural Center, then the Cultural Center shall receive the murals/artwork ensemble, and shall incorporate them in an area which replicates the interior of the Aztec Brewery Rathskeller;

2. That, in the event that the Mercado del Barrio project cannot be implemented, the City Council shall take all necessary steps to see that the murals/artwork ensemble will be placed in a site which is accessible to the public, which will assure its reservation, and which will be located in the Barrio Logan community in a facility which replicates the interior of the Aztec Brewery Rathskeller as closely as possible. In such event, the City shall consult with representatives of the Barrio Logan community to

establish a site that best fulfills the interests of that community;

3. That, regardless of where and how sited, the murals/artwork ensemble shall remain intact as an ensemble and, when permanently sited, shall be available for public viewing at regular and reasonable hours, with an admission fee that is no greater than necessary to cover reasonable administrative costs shall be prominently placed at the site a plaque identifying the murals/artwork ensemble as historic, identifying the murals of Jose Moya del Pino, and describing the artistic, cultural, and historic significance of the murals/artwork ensemble and the Aztec Brewery buildings; and

4. That, when permanently sited, the City shall take particular care to assure the preservation of the murals/artwork ensemble in reference to ventilation, lighting, heating, and any other relevant factors.

(Continued from the meeting of November 6, 1989, Item S401, at Council Member McCarty's request, to allow staff time to redraft the plan to eliminate the Clairemont Mesa Boulevard extension.)

Authorizing the execution of an agreement with P and D Technologies, Inc. to provide construction documents for Jackson Drive Extension to SR-52, together with any modifications or amendments which do not increase the project scope or cost, and which the City Manager shall deem necessary from time to time in order to carry out the purposes and intent of this project and agreement;

(Mission Trails Regional Park Community Area. District-7.)

CITY MANAGER SUPPORTING INFORMATION: This agreement will utilize the services of a consultant to design Jackson Drive Extension. This project would provide for the extension of Jackson Drive from Mission Gorge Road to proposed SR-52, including a bridge over the San Diego River. Jackson Drive would be constructed as a 4-lane major street. This project, along with the completion of Caltrans' improvements of SR-52 and SR-125, is expected to greatly reduce congestion in the Mission Gorge area. It is not practical to prepare the construction documents utilizing City staff as they are already fully involved in other projects. Additionally, the project requires specific technical skills and expertise that is not now available within present City staff. Consultants submitted letters of interest and five were interviewed in conformance with Council Policy 300-7. The firm of P and D Technologies, Inc. was selected as the recommended consultant. They would be responsible for developing all engineering features of the projects, including preparation of construction documents.
