Second by Hartley. Passed by the following vote: Wolfsheimer-yea, Roberts-yea, Hartley-yea, Stevens-yea, Behr-yea, Stallings-yea, McCarty-yea, Filner-yea, Mayor O'Connor-yea.

ITEM-100: (R-93-295) ADOPTED AS RESOLUTION R-280853

Awarding a contract to Randazzo Construction in the

amount of \$936,735, for Memorial Community Park Recreation Center Improvements; authorizing the City Auditor and Comptroller to transfer \$147,000 from PSD Fund No. 15000 to CIP-29-661.0, Memorial Community Park - Improvements; authorizing the additional expenditure of \$147,000 from CIP-29-661.0, Memorial Community Park - Improvements, PSD Fund 15000, to supplement funds previously authorized by Resolution R-280106, for Memorial Community Park Recreation Center Improvements, adopted on June 15, 1992, for said project and related costs. (BID-K3216/92)
(Logan Heights Community Area. District-8.)

CITY MANAGER SUPPORTING INFORMATION: The Memorial Community Park is located at 2902 Marcy Avenue. Bids for the Memorial Community Park Recreation Center Improvements project were received on July 16, 1992. The low bid of \$936,735 for the Base Bid plus Additive Alternate No. 1 was submitted by Randazzo Construction. That bid is \$37,735 over the estimate of \$899,000. The additive alternate provides a new roof. The existing recreation center building was vandalized and burned during the bidding period. This may increase the unanticipated work done by construction change order. The contingencies encumbrance is over the typical 5 percent of low bid to provide funds for such work.

Two actions relative to Rehabilitation of Scripps Ranch 20-inch Water Pipeline:
(Scripps Miramar Ranch Community Area. District-5.)

Subitem-A: (R-93-298) ADOPTED AS RESOLUTION R-280855

Inviting bids for the Rehabilitation of Scripps Ranch 20-inch Water Pipeline on Work Order No. 182321; authorizing the execution of a contract with the lowest responsible bidder; authorizing the expenditure of \$504,672 from Water Revenue Fund 41500, Water Construction Outlay (70592), CIP-73-083, for providing funds for said project and related costs; authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves. (BID-K3451/93)

Subitem-B: (R-93-299) ADOPTED AS RESOLUTION R-280856

Authorizing the use of City Forces to isolate, hi-line and perform operational checks involving Rehabilitation of Scripps Ranch 20-inch Water Pipeline; declaring that the cost of the work shall not exceed \$126,672.

CITY MANAGER SUPPORTING INFORMATION: This contract will provide construction repair services for the installation of permanent internal pipe joint seals. This pipeline has been placed out of

service on several occasions for leak repairs over the past two years. An internal inspection of this pipeline revealed that severe internal structural damage (caused by corrosion) has occurred at a majority of pipe joints. In addition to serving existing users, a new residential development currently under construction (Miramar Ranch North) will be tied into this pipeline as part of the main water supply for the development. Immediate repairs to the pipeline are necessary. The scope of work will include all necessary materials and equipment for the complete installation of the internal seals. The internal seals and methods of installation are a proprietary item of Miller Pipeline Corporation. Staff has researched all other possible sources of repair, and the decision to use internal seals was based on a number of factors: (1) the belief that the internal seals are a permanent repair; (2) cost, which is substantially less than other alternatives; (3) installation time, which could be two months or less; and (4) minimal surface disturbance to a heavily traveled road by commuters.

* ITEM-103: (R-93-297) ADOPTED AS RESOLUTION R-280857

Inviting bids for the Replacement and Upgrade of Centre City Traffic Signal System from Broadway to Market Street and from Fourth Avenue to Sixth Avenue on Work Order No. 119631; authorizing the execution of a contract with the lowest responsible bidder; authorizing the expenditure of \$255,600 from CIP-68-011.0, Annual Allocation - Modernize Top 5-10 Prioritized Traffic Signals, TransNet Fund 30300, for providing funds for said project and related costs; authorizing the City Auditor and Comptroller, upon

advice from the administering department, to retain excess monies, if any, in CIP-68-011.0.
(BID-K3444/93)
(Centre City Community Area. District-2.)

CITY MANAGER SUPPORTING INFORMATION: The subject Capital Improvement Program Project to replace and upgrade the traffic signal system includes the installation of traffic signal standards, programmed visibility signal heads, the replacement of 8-inch signal heads with 12-inch signal heads and standardized pole mounted street name signs. The traffic signal system provides for the safe passage of pedestrians and vehicles through the intersections.

* ITEM-104: (R-93-300) ADOPTED AS RESOLUTION R-280858

Inviting bids for the Construction of Arizona Street Landfill on Work Order No. 119254; authorizing the execution of a contract with the lowest responsible bidder; authorizing the expenditure of \$262,900 from CIP-37-250.0, Arizona Street Landfill, Fund No. 41201, for providing funds for said project and related costs; authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves.

(BID-K3452/93)
(Balboa Park Community Area. District-3.)

CITY MANAGER SUPPORTING INFORMATION: Currently a temporary maintenance yard is located at 2830 Pershing Drive on the easterly portion of the Arizona Street landfill. The underlying refuse has decomposed resulting in significant settling problems.

This condition is a major concern as employees who occupy the area could potentially be exposed to toxic gases escaping from the cracked surfaces. The Regional Water Quality Control Boards which mandates maintaining the integrity of the landfill, providing drainage off the site, and preventing water from penetrating to the underlining refuse, is also concerned. In order to alleviate these problems, the existing maintenance yard must relocate to a more suitable area. This project will provide for the temporary access roads and a paved area to relocate the maintenance facilities to a more central area of the site. A decomposed granite "road mix" will be used for the paved areas.

Calling a public hearing to determine whether the public health, safety or general welfare requires the formation of the El Cajon Boulevard (Seminole Drive to Montezuma Road) Underground Utility District.
(College Community Area. District-7.)

CITY MANAGER SUPPORTING INFORMATION: The proposed district will underground the overhead utility facilities on El Cajon Boulevard between Seminole Drive and Montezuma Road. This is a scheduled project in the Fiscal Year 1992 Capital Improvements Program. The formation of this district will require the affected property owners to underground the portion of their utilities on their parcel prior to removal of the overhead utilities. Council Policy 800-2 provides for the use of San Diego Gas and Electric Company's Annual Allocation Funds (Case 8209) to make reimbursement payments to affected property owners based on the length of their electrical service trench. A future resolution will establish the date for removal of overhead utilities as the undergrounding work approaches completion.

* ITEM-118: (R-93-434) ADOPTED AS RESOLUTION R-280878

Adopting the Conflict of Interest Code for the City of San Diego's Los Penasquitos Canyon Preserve Task Force.

CITY MANAGER SUPPORTING INFORMATION: The Political Reform Act of 1974 (Government Code Section 87300, et seq.) requires all agencies to prepare and submit for approval a Conflict of Interest Code to their legislative body. On May 21, 1990, the San Diego City Council adopted Resolution Number R-275742 that requires all City advisory boards, commissions and committees created by the Council to adopt a Conflict of Interest Code and that all members of such groups file Statements of Economic Interest (Form 730). The Los Penasquitos Canyon Preserve Task Force was established by Council Resolution R-221307, on June 28, 1978. The Code adopted by the Los Penasquitos Preserve Task Force on August 6, 1992, consists of two basic parts. The body contains the basic provisions required by the Political Reform Act. The appendices list designated positions and disclosure categories for these positions. The Code has been reviewed and approved by the Task Force. The City Attorney's office has reviewed this document also and determined that it conforms to the standards set by the Fair Political Practices Commission.

* ITEM-125: (R-93-596) ADOPTED AS RESOLUTION R-280889

Authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$10,000 from Annual Allocation - Miscellaneous Requirements - City Streets (CIP-58-004.0) to Genesee Avenue (CIP-52-295.0); \$10,000 from Annual Allocation - Miscellaneous Requirements - City Streets (CIP-58-004.0) to Valencia Parkway (CIP-52-121.3); \$10,000 from Annual Allocation - Miscellaneous Requirements - City Streets (CIP-58-004.0) to Whittier Street (CIP-52-313.0); and \$10,000 from Annual Allocation - Miscellaneous Requirements - City Streets (CIP-58-004.0) to Eighth Avenue (CIP-52-353.0), for the purposes of performing an audit on the projects; authorizing the expenditure of an amount not to exceed \$10,000 from Genesee Avenue (CIP-52-295.0); \$10,000 from Valencia Parkway (CIP-52-121.3); \$10,000 from Whittier Street (CIP-52-313.0); and \$10,000 from Eighth Avenue (CIP-52-353.0), for the purpose of providing funds for auditing of the above projects.

(Centre City, Peninsula, South Encanto, and Linda Vista Community Areas. Districts-2, 4 and 5.)

CITY MANAGER SUPPORTING INFORMATION: Genesee Avenue (CIP-52-295.0), Valencia Parkway (CIP-52-121.0) Whittier Street (CIP-52-313.0), and Eighth Avenue (CIP-52-353.0) utilized funding from the State/Local Partnership Program that is administered by the State of California. A requirement of using this funding is that audits be performed on each of the projects. Because this funding cannot be used for the audits, it is necessary to use an alternative source for funding. Because TransNet was also a fund source for each of these projects, it is recommended that TransNet funding be utilized for these audits. SANDAG has been contracted and concurs that this is a valid TransNet expenditure. On these four projects the auditing will be performed by staff from the City Auditor and is expected not to exceed \$10,000 per project. Any funds not utilized will be returned to the TransNet fund.

(BID-K2570/92)
(Skyline/Paradise Hills Community Areas. District-4.)

CITY MANAGER SUPPORTING INFORMATION: To promote efficient traffic flow on Briarwood Road between Zest Street and Alsacia Street, near Bell Junior High, this project will provide for the construction of a raised center median utilizing stamped concrete. It will also construct guardrail, sidewalk, chain link fence, storm drain, inlets and pedestrian ramps. Changes had to be made during construction which required additional traffic striping work. This action will authorize the expenditure of \$15,000 to cover the additional work and related engineering costs from Maple and 33rd Streets for which construction was completed in July 1992.

Authorizing the City Manager to permit the Park and Recreation Department, Lifeguard Services Division, to conduct two classes:

Seamanship and Rescue Boat Handling, and Marine Firefighting, to be co-sponsored by the State of California, Department of Boating and Waterways.

CITY MANAGER SUPPORTING INFORMATION: The California Department of Boating and Waterways (DBW) currently offers four 40-hour modules of training in the area of Boating Rescue and Enforcement. These courses are approved by the Port Captains and Harbor Masters Association and the California Boating Safety Officers Association. The modules are Seamanship and Rescue Boat Handling, Marine Firefighting, Boating Safety and Enforcement, and Navigation. DBW requested that the City of San Diego host two classes; Seamanship and Rescue Boat Handling and Marine Firefighting. Classes are open to agencies involved in boating safety, rescue and enforcement, including lifeguards, harbor patrolmen and law enforcement officers. By hosting this class, San Diego staff members will be able to attend without having to incur the cost of travel.

Ratifying the results of the College Community Redevelopment Project Area Committee election; approving a representative Project Area Committee for the College Community Redevelopment Project Area. (College Community Area. District-7.)

CITY MANAGER SUPPORTING INFORMATION: The City is preparing a Redevelopment Plan for the College Community Redevelopment Project Area. California Community Redevelopment Law requires that a Project Area Committee be formed to review the proposed plan if implementation of the plan could potentially result in the displacement of low and/or moderate income residents. On August 6, 1992, the Planning Commission adopted the Preliminary College Community Redevelopment Plan. The Plan is expected to provide a living environment adjacent to San Diego State University which will attract University students who now commute to campus, create parking congestion, or reside in single family homes in neighborhoods adjacent to the campus which are ill-suited for student housing purposes. No specific projects are proposed at this time; however, there is the possibility that low and moderate income residents from the Project Area will be displaced as a result of implementation of the redevelopment plan. Subsequent to Council direction, the College Community PAC Election was held September 30, 1992. Approximately 300 voters elected 13 PAC members representing the categories of residential tenant, business owner, and community organizations. Only 13 of the 14 PAC seats were filled. There was no candidate for the owner occupant category. The names of those elected and nominated for Council ratification are provided as an Attachment. The first PAC meeting will occur after Council ratification.

Subitem-B: (R-93-469)

Authorizing the execution of a two-year agreement with the San Diego Greater Chamber of Commerce, San Diego Film Commission, to provide economic development support services.

CITY MANAGER SUPPORTING INFORMATION: On June 15, 1992, the City Council approved the Economic Development Program Report (CMR-92-190), including a Financing Plan for implementation. The Plan provided funding for agencies which will assist the City in the implementation of various activities identified in the Report. ERB will provide objective economic and demographic information about San Diego to assist public and private sector representatives to make informed decisions. SDFC will promote the use of San Diego as an ideal site location for film, and television, and will assist with advertising production and other artistic endeavors. The City Council requested that the contract for the Greater San Diego Chamber of Commerce, ERB and SDFC be returned to the Council for approval.

* ITEM-137: (R-93-571) ADOPTED AS RESOLUTION R-280897

Authorizing the City Manager to execute a First Amendment to a Reimbursement Agreement with Pardee Construction Company, for FBA credits or cash reimbursements in exchange for the construction of a 20-inch water line that serves Sabre Springs. (Sabre Springs Community Area. District-5.)

CITY MANAGER SUPPORTING INFORMATION: On May 12, 1992, by Resolution R-279946, the City Council of the City of San Diego adopted the revised Sabre Springs Public Facilities Financing Plan and Facilities Benefit Assessment (FBA) for the proposed development of the real property owned by Pardee Construction Company (Pardee) and others in the area known as Sabre Springs. As the major property owner and developer in Sabre Springs, Pardee is to provide substantial public improvements for that area. On September 10, 1990, by Resolution R-276453, the City Council entered into a Reimbursement Agreement with Pardee to construct Project No. 25, as described in the Sabre Springs FBA. The approved agreement provided that Pardee advance the total cost for design and construction of the Project. The estimated total cost including, but not limited to, construction costs, design services, engineering, professional services, grading, soils testing, surveying, Project administration, insurance, bonds, and all other fees and charges was originally estimated to be \$1,300,000. This agreement further provided that the City will either grant FBA credits to Pardee for the actual costs incurred or will grant cash reimbursements to Pardee should there not be any lots left on which to receive FBA credits. If FBA credits are granted, they will be applied to future FBA charges applicable to building permits on lots within the Sabre Springs Facilities Benefit Assessment District. Pardee will only be eligible for cash reimbursements if there are sufficient monies available on deposit in the FBA fund for Sabre Springs. During the course of construction a concealed and unknown rock zone was encountered beneath the surface within the depth of the trench for the water line. This resulted in the actual costs of the Project increasing to approximately \$1,475,000. Consequently, the proposed First Amendment to the original agreement will

increase the estimated total cost to agree with the actual costs incurred.

(District-2.)

CITY MANAGER SUPPORTING INFORMATION: The City of San Diego and San Diego Unified Port District entered into a contract on September 20, 1982 for fire protection services at San Diego International Airport. The current contract with San Diego Unified Port District will expire on September 20, 1992. An agreement extending the terms of the contract for approximately six months, until March 31, 1993, will enable the City and the Port District to complete negotiations for a long term agreement.

Authorizing the execution of an agreement with the San Diego Unified Port District for emergency medical technician paramedic services at the San Diego International Airport.
(District-2.)

CITY MANAGER SUPPORTING INFORMATION: Most major U.S. airports have dedicated paramedic ambulances located on airport property for immediate response. The Port District desires to station a paramedic ambulance at San Diego International airport during the hours the Airport is in operation. Since the City is the authorized provider of paramedic services, it is necessary for the Port to contract with the City in order to engage the City's contractor, Hartson Medical Services. Hartson will provide all services called for in the Agreement and will be reimbursed directly by the Port. This agreement will end on June 30, 1993, coinciding with the end of the City's current paramedic services agreement with Hartson.

ITEM-140: (R-93-574) CONTINUED TO OCTOBER 26, 1992

Authorizing the execution of an agreement with Joint Venture of Superior Ready Mix Concrete and West Coast General Corporation, for the excavation, processing and removing of aggregate material, dirt and sand from the Phase II area of West Miramar Landfill; authorizing the execution of an amendment to the United States of America Grant of Easement N6247482RPOOQ77 to permit the excavation, processing and removing of aggregate resources from the Phase II portion of West Miramar Landfill.
(NAS Miramar Community Area. District-5.)

CITY MANAGER SUPPORTING INFORMATION: In October 1988 the City issued a Request for Proposal for Aggregate Extraction at West

Miramar Landfill. On August 7, 1989, pursuant to Resolution R-274257 an agreement was executed with West Coast General Corp. for the excavating, processing and removing of aggregate in the Phase I area of the landfill. Additionally, the City Manager was authorized to negotiate an agreement with West Coast General Corp. for extraction of aggregate in the Phase II area of the landfill. The contractor successfully complied with their obligations under the Phase I agreement. Approximately 2,500,000 tons were excavated (half of which was provided to the City for landfill cover). This generated 1,750,000 cubic yards, or approximately 9 months, of additional landfill capacity. The Navy received approximately \$450,000 in royalty payments and the City realized approximately \$100,000 during the course of the Phase I part of the contract. It is estimated there are 8-15 million tons of aggregate material in the Phase II area of the landfill. Excavation and export of this material is expected to generate at least 4-5 years of additional landfill capacity, royalty payments to the Navy of approximately \$3.3 million, and net revenue to the City of \$500,000 to \$800,000 over the course of the ten year project. The City via the bill of sale shall purchase the aggregate material from the Navy and through the agreement with the contractor. The contractor shall pay the royalty for the material. These payments shall pass through the City to the Navy. This is a no cost project for the City. All Federal and State environmental regulations shall be complied with by the contractor.

Approving Change Orders Nos. 7 and 8, dated December 19, 1991 and July 13, 1992, respectively, issued in connection with the contract with The Industrial Company, for the construction of Sewer Pump Stations 11, 14, and 16, amounting to a net increase in the contract price of \$92,417.26; authorizing the City Auditor to transfer \$172,418 within Sewer Revenue Fund 41506, from CIP-46-106.0, Annual Allocation of Sewer Pump Station Restoration, to CIP-46-121.0, Sewer Pump Stations Nos. 11, 14 and 16 Improvements; authorizing the expenditure of an amount not to exceed \$172,418 from CIP-46-121.0, of which \$92,418 will be for Change Orders Nos. 7 and 8, and \$80,000 will be placed in contingency for repair of nearby structures by the Risk Management Department.

(Mission Bay, Mission Beach and Ocean Beach Community Areas. District-2.)

CITY MANAGER SUPPORTING INFORMATION: On January 29, 1990, the City Council approved a construction contract with the Industrial Company (formerly P&H Contracting, Inc.) for the amount of \$2,335,622 for the construction of Sewer Pump Stations 11, 14, and 16. It replaced three existing sewer pump stations in the Mission Beach area which were built in the 1920s and constructed 2,700 lineal feet of pressurized sewer mains. All three new pump stations are operational, and two of the old above ground pump stations on the bay have been demolished. Constructing the pump station on the bay, 35 feet below sea level proved to be a challenging endeavor during both engineering and construction. Due in part to the limited width of construction area, existing underground utilities, and the proximity of this project to the

bay, a series of construction changes were necessitated during the course of this contract. Two major items of work comprised the majority of Change Orders Nos. 7 and 8: (1) The repair, clean-up, and replacement of an existing, broken 12-inch sewer line near Pump Station No. 11. (2) The on-going erosion of the beach directly in front of new Pump Station No. 11. Change Orders Nos. 7 and 8 totalling \$92,418 are needed to accommodate the extra work for this project. Prior Change Orders No. 1 through No. 6 total \$121,342.74, 5.4 percent of the original contract. Prior to award of this contract, soil investigations indicated that due to the construction de-watering operations, up to one inch of differential settlement may occur to adjacent structures. \$200,000 was programmed into this budget for potential claims. \$125,000 has been spent on monitoring nearby structures, and the balance has been spent on construction claims. It is estimated that an additional \$80,000 will be required.

Approving the revised golf fee schedule for inclusion in the Park and Recreation Department's Fee Schedule. (See Legislative Specialist Analysis PFR-92-5 and City Manager Report CMR-92-205.)

Monthly Golf Tickets (Age 62 and over) to Council without a recommendation; recommended approval of the temporary reduction of Golf Fees during construction in Balboa Park; recommended approval of the complimentary rounds for Volunteer Marshals and Junior Golf Clinic Participants.

Districts 3, 5, 6 and 7 voted yea.

CITY MANAGER SUPPORTING INFORMATION: On June 24, 1992, the Public Facilities and Recreation Committee considered the Park & Recreation Department's New Fees for FY 93. The PF&R Committee approved two of the four new golf fees, and forward the other two fees on to City Council without a recommendation. The two fees to be considered by the City Council are Senior Monthly Tickets and non-resident fees at Balboa Park Golf Course. Staff recommends approval of the following fees, which were also endorsed by the Golf Advisory Council:

1. Monthly Golf Tickets (Age 62 and over)

Current Fee	Proposed Fee
\$38.00/20 rounds	\$45.00/15 rounds

Increase Fees from \$1.90/round, if all possible rounds are used, to \$3.00/round. This recovers only a portion of the \$9.50/round cost to operate the golf facilities. It is a 79 percent discount at Torrey Pines and a 76 percent discount at Balboa Park.

1. Non-Resident Golf Fees/Balboa Park

Current Fee	Proposed Fee
(9 Holes) \$16.00/round	(9 Holes) \$10.00/round
(18 Holes) \$33.00/round	(18 Holes) \$25.00/round
\$38.00/round	\$30.00/round

Non-resident play at Balboa Park has declined from 13 percent of total rounds in 1987 to 2 percent of total rounds in 1991. The reduction addresses the market rates for competitive courses and the need to insure viability of the enterprise fund.

CITY MANAGER SUPPORTING INFORMATION: On March 19, 1990, the City Council authorized execution of a Formation Cost Agreement with Homart Development Company, developer of Centerside II. The

served from 12 to 20.

CITY MANAGER SUPPORTING INFORMATION: The City has assisted in the financing of the Interfaith Shelter Network since 1986. The Network is a two week rotational homeless shelter program housed in area congregations. Over 130 churches participate on a county-wide basis. Approximately 500 people are served annually. The City and the County each contribute \$30,000 for the hiring of a coordinator and contracting with social service agencies who perform case management. The San Diego Ecumenical Conference oversees the Interfaith Shelter Network program for the City and the County. On October 5, 1992, the City Council directed that \$10,000 in additional financing be made available to the Network in order for the program to serve additional individuals and families. The Council direction will require that an Ordinance be adopted exempting participating congregations from Conditional Use Permits (CUPs) when housing between 12 and 20 individuals. This Ordinance only applies to those congregations which currently have valid CUPs. This Ordinance will sunset five years from the date of its adoption.

Subitem-B: (O-93-60) HEARING HELD

First public hearing in the matter of:

An Ordinance amending Ordinance O-17807 (New Series), as amended, entitled "An Ordinance Adopting the Annual Budget for the Fiscal Year 1992-93 and Appropriating the Necessary Money to Operate the City of San Diego for said Fiscal Year," by directing the Auditor and Comptroller to increase the appropriations to the General Fund 100 by \$40,000 by amending the Fiscal Year 1993 appropriation for the Communications and Electrical Division, Program Element 53522, Object Account 1400, with the funds to come from Sewer Revenue Fund 41506, Unallocated Reserve, and Water Revenue Fund 41502, Unallocated Reserve, to recognize additional revenue to the General Fund 100 from the Sewer and Water Funds as reimbursement of its expenses for the purpose of designing and overseeing the installation of the 900 MHz System.

NOTE: See Item S502 on the supplemental docket of Tuesday, October 29, 1992 for the introduction and adoption of the Ordinance.

CITY MANAGER SUPPORTING INFORMATION: In October of 1991, the City of San Diego, through the Clean Water Program, applied for and was issued five individual licenses (i. e. frequencies) from the Federal Communications Commission (FCC) in the Multiple Address System (MAS) 900 MHz frequency band. The City intends to

operate these frequencies from five locations (Cowles Mountain, Black Mountain, Mt. Soledad, Mt. Woodson and San Ysidro View Park) referred to as Master Stations. The Master Stations will receive and transmit data to and from various sewer and water pumping stations and water reservoirs that have been instrumented with radio systems called Remote Terminal Units (RTUs). The Master Station and RTU combination serve as the communication backbone for a computer based control structure designated as a Supervisory Control and Data Acquisition System (SCADA). The Water Utilities Department will be installing RTUs at a minimum of 180 sites over the next several years. The City must activate these licenses by December 10, 1992 or the FCC will pull the licenses. The FCC requires that to activate each license, each Master Station must have a minimum of four RTU locations on the air (i.e. transmitting information). In an effort to comply with the FCC's minimum requirement to activate these licenses by December 10, 1992, the Communications & Electrical Division of General Services will coordinate this project and San Diego Data Processing Corporation (SDDPC) will perform the procurement function.
