CITY MANAGER SUPPORTING INFORMATION:

This action establishes the Fiscal Year 1996 assessments for the Scripps-Miramar Ranch Landscape Maintenance District. The district was originally formed in May 1981 to provide maintenance for landscaped medians and open space within the district. The Fiscal Year 1996 proposed maintenance costs for the district are as follows:

Contractual Maintenance	\$344,400
Personnel	51,208
Utilities	43,000
Incidentals	59,415
Total Expenses	\$498,023

Assessed to District	\$498,629

The proposed unit assessment for FY '96 is \$73.00. The unit assessment for FY '95 was \$62.76. The increase is due to the inclusion of several new landscaped projects in the district. (Continued from the meeting of July 18, 1995, Item 332a, at the request of Councilmember Stallings and Councilmember Stevens, for assessment information for Linda Vista and Emerald Hills.)

CITY MANAGER'S RECOMMENDATION:

Upon affirmative findings at today's public hearing, adopt the following Resolution:

(R-95-1581 Rev.1) ADOPTED AS AMENDED AS RESOLUTION R-286166

Considering the protests, approving the modified map, confirming the assessments, and ordering the proposed maintenance in the matter of the San Diego Street Light Maintenance District. No. 1.

CITY MANAGER SUPPORTING INFORMATION:

This action establishes the FY 1996 assessments for the San Diego Street Light Maintenance District No. 1 (District). The District provides funding for the energy and maintenance costs for lighting levels above standard "City safety" lighting to 55 subdistricts. New areas are added to the District by annexation. Approximately 40 percent of the street lights within the District are required for safety lighting. The City pays for this obligation by providing in-kind maintenance service and cash to the District. As a part of this action it is proposed to annex the following into the District:

- property to be known as the Robinhood Creek subdistrict
- property to be known as the Ocean Beach #2 subdistrict
- property to be known as the Plaza Boulevard subdistrict

All property owners in the above areas to be annexed will be notified of the proposed annexation hearings and their rights regarding protest of the proposed actions. The proposed assessment to the District for FY '96 is \$564,144 compared with

\$420,000 for FY '95. The increase is a result of:

- a) an electrical energy rate increase of approximately 7 percent;
- b) higher energy usage due to the use of high pressure sodium vapor (HPSV) street lights and increased levels of lighting in certain subdistricts;
- c) a smaller City contribution of in-kind services and Gas Tax funds; and
- d) the operation and maintenance of more street lights in areas annexed in FY '95. Assessment costs vary for each subdistrict depending on the number and type of lights. Subdistrict costs are divided by the amount of assessable street frontage within each subdistrict to calculate a rate for each subdistrict.
