COUNCIL COMMENT-2:

Council Member Wear commented on the top 10 priorities for the City of San Diego. In response to Mr. Jarvis Ross' comment on the bay-to-bay study, Council Member Wear stated that four and a half years ago when he was looking at the entire Midway Community, he felt it was important to look beyond a bay-to-bay study to a redevelopment area that would include a smart-growth project. He noted that 87 percent of our property taxes collected would be kept in that area instead of in Sacramento, which would yield considerable funds, including 20 percent for low-mod set-aside. This project would include the traffic flow, eliminate the adult businesses and create more housing for seniors and others in that community. Council Member Wear stated that this could create a park linkage which would create a first-class community for San Diego.
