Item 2. Amend the Fiscal Year 2007 Agency Budget for the San Ysidro and authorize expenditure of funds for costs related to the ENA.

This activity (entering into an Exclusive Negotiation Agreement) is covered under the San Ysidro Redevelopment Plan Environmental Impact Report (EIR), (SCH No. 95-101015, dated March 1996 certified by the City of San Diego, City Council on April 2, 1996, Council Resolution No. R-287149). The activity is adequately addressed in the environmental document and there is no change in circumstance, additional information, or project changes to warrant additional environmental review. Because the prior environmental documents adequately covered this activity as part of the previously approved project, the activity is not a separate project for purposes of CEQA review per CEQA Guidelines Section §15060(c)(3) and 15378(c). This determination is predicated on Section 15004 of the Guidelines, which provides direction to lead agencies on the appropriate timing for environmental review. Implementation of the proposed project will require further environmental review under the provisions of CEQA.

(RA-2007-34)

- Item 1. Authorize the use of tax increment to purchase for future installation Modular buildings, in an amount not to exceed \$1.3 million, on an Agency-or City-owned site, and lease of the buildings and site to the Volunteers of America ('VOA'), on a short term basis (18 months with a Centre City Development Corporation-approved, optional 18-months extension), for temporary relocation of a portion of its downtown services.

(RA-2007-35)

Adopt a resolution making certain findings and determinations that the project is of benefit to the Centre City Redevelopment project and to the immediate neighborhood; that there is no other reasonable means of financing the project available to the community; and that the payment of funds by the Agency for the costs related to the temporary relocation of the VOA will assist in the elimination of one or more blighting conditions and the expenditure is consistent with the Implementation Plan of the Centre City Redevelopment Project.

This determination is predicated on Section 15004 of the CEQA Guidelines, which provides direction to lead agencies on the appropriate timing for environmental review.
