See Centre City Development Corporation report, dated July 5, 1995. The Corporation Board of Directors heard and unanimously approved this item on June 30, 1995 (Vice President Fredman was not present for the vote).

Councilmember Harvey asked the question of what we are assigning to the general fund, and what we are assigning to the assessment district? We are now proposing to build something that has a fairly heavy and large attached maintenance cost to it. He wanted to make sure how we are justifying the split between the maintenance district, who is in the maintenance district, how are we going to notify them, and what is the amount we are setting aside for the general fund to pay? What is the split and noticing, and what are we setting up for future discussions?

CIVIC POND IMPROVEMENTS - CONTINUED

He said will required an estimated approximately \$190,000 a year in maintenance cost for both the pond, as well as the urban park. Ron Oliver, Executive Director of the Downtown Partnership, gave a brief background of the downtown ownership and the agreement.

Deputy Mayor Vargas assumed chair of the meeting.

Councilmember Kehoe asked the issue maintenance

Councilmember Warden asked what source do you identify for the \$95,000 from the general fund?

City Manager McGrory said we will put in as a requirement in the base budget for fiscal year 1997, and identify what impacts it will have.

Councilmember Kehoe asked would like to have more detailed how to bring the costs down from the assessment, how the Downtown Partnership will participate in this discussion.
