An Environmental Secondary Study for the Renaissance Hotel, dated April 12, 2002, was prepared by BRG, an environmental consultant for CCDC. The Environmental Secondary Study found that the proposed project may result in significant environmental effects not discussed in the Master Environmental Impact Report ("MEIR"), for the Centre City Project, the Subsequent Environmental Impact Report ("SEIR") to the MEIR for the proposed Ballpark and ancillary development and a Supplement to the MEIR would be required to be prepared for the project.
