

THE CITY OF SAN DIEGO

DATE ISSUED: April 13, 2010 REPORT NO: RA-10-20

ATTENTION: Honorable Chair and Members of the Redevelopment Agency,
Docket of April 20, 2010

SUBJECT: Redevelopment Agency Debt Repayment Capability

THIS IS AN INFORMATION ITEM ONLY. NO ACTION IS REQUESTED OF THE REDEVELOPMENT AGENCY BOARD

BACKGROUND:

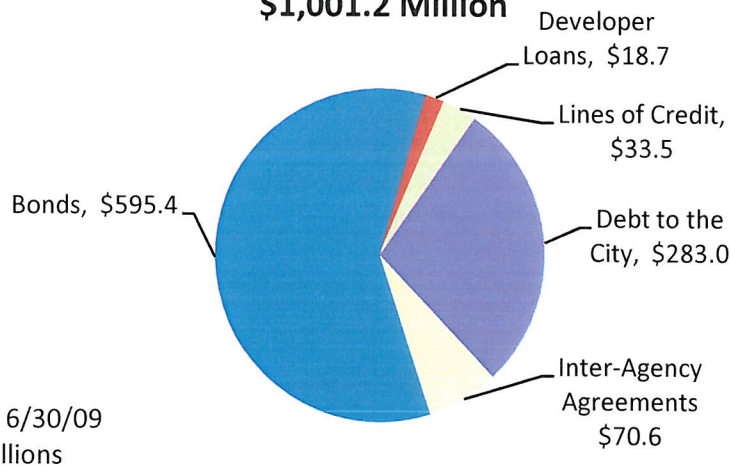

At the February 1, 2010 meeting of the City's Audit Committee, the Committee requested staff to provide information and analysis on the outstanding debt of the Redevelopment Agency and the capability of the Agency to repay the debt. Staff provided detailed information on the Agency's debt to the City at the Redevelopment Agency hearing of February 23, 2010. (Refer to Redevelopment Agency Report RA-10-11.). This report provides additional information on the comprehensive debt of the Agency and addresses the Agency's capability to repay the debt.

REDEVELOPMENT AGENCY DEBT

The Agency's Long Term Obligations as of June 30, 2009 total \$1,001,264,000.

ADJUSTMENTS

While the data on debt obligations presented above is as of June 30, 2009, a number of debt transactions have occurred since the close of Fiscal Year 2009. The following debt transactions have been taken into account for the determination of debt repayment capability.

Project Area	Adjustment	Impact to Debt (In Millions)
North Park	Issuance of Series 2009A Bonds, July, 2009	\$13.9
North Park	Line of Credit Pay Off	(\$8.5)
North Park	Line of Credit Draws	\$1.6
North Bay	Line of Credit Draws	\$4.0
Naval Training Center	Line of Credit Draws	\$3.0
City Heights	Line of Credit Draws	\$2.9
North Park	Development Debt Cancellation	(\$2.0)
College Community	Development Debt Cancellation	(\$1.0)
Crossroads	Development Debt Cancellation	(\$4.9)

ASSUMPTIONS FOR THE DEBT REPAYMENT ANALYSIS

- Assessed Valuation growth no greater than 0% in FY 11, 1% in FY 12, and 2% per year afterward. (Projections vary by project area).
- The Agency's Line of Credit draws are refinanced via Bond Issuances upon maturity with an assumed interest rate for capacity illustration purposes of 7%. No additional bond issuances are assumed for the purposes of this analysis, though the Agency will request authorization to issue bonds in the future.
- The HUD OIG CDBG debt repayment¹ is made per the repayment schedule presented to the Agency Board on February 23, 2010.
- The FY 2010 and FY 2011 ERAF² Obligations are paid as presented to the Agency Board on February 23, 2010.
- All future interest accrual on Agency debt to the City is assumed to be suspended.

REDEVELOPMENT PROJECT LIMITS

Redevelopment project areas typically have a number of project limitations, as follows:

- Project Area Time Limit: Project activities terminate on this date.
- Debt Establishment Time Limit: Project area may not incur additional debt after this date.
- Tax Increment Time Limit: Project area may not receive Tax Increment after this date.
- Tax Increment Cap: Project area may not receive cumulative Tax Increment over the life of the Project Area in excess of the Cap.
- Bonded Indebtedness Cap: Dollar limit of the bonded indebtedness that a project area may have at any given time.

These limitations have been taken into account for each project area's debt capability analysis. The limitations vary widely by project area and all limitations do not apply to all project areas.

OVERALL REPAYMENT CAPABILITY

The Agency estimates it will be able to repay 93.5% of the total debt obligation, including 100% of all Bond Debt and Third Party obligations and 76.9% of all debt obligations to the City. Should the City elect to forgive CDBG debt (the portion of CDBG debt outside of the proposed CDBG Repayment Plan presented at the February 23, 2010 Redevelopment Agency Hearing), additional debt obligations to the City could be repaid, resulting in a return to the City of additional monies that could be used for unrestricted purposes.

¹ Repayment associated with the Audit Report dated December 30, 2008 of the City's Community Development Block Grant Program (CDBG), produced by the Office of Inspector General (OIG) of the U.S. Department of Housing and Urban Development (HUD).

² Education Revenue Augmentation Fund. Refer to Redevelopment Agency Report RA-10-11 dated February 17, 2010.

PROJECTED SHORTFALLS

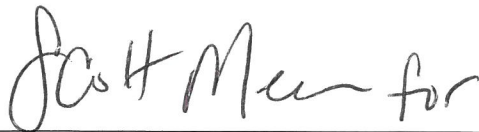

Current projections indicate the following Project Areas will not have the capacity to repay a portion of their respective outstanding debt to the City. However, the time horizons for the affected project areas are still many years out. Tax revenue growth in the long term may be significantly greater than the conservative growth rates assumed for this analysis. For some of the affected project areas, the shortfalls are compounded by cap limitations on Tax Increment. Actions can potentially be taken to increase the Tax Increment caps. Staff will provide the Agency Board an updated debt repayment forecast annually in conjunction with the Annual Budget, as a means to monitor this situation on an annual basis.

PROJECTED DEBT REPAYMENT SHORTFALLS							
Project Area	Managing Entity	Debt to the City (In Millions)	Project Area Expiration	Tax Increment Time Limit for Debt Repayment	Time Horizon	Tax Increment Cap Affecting Repayment (Y/N)	Estimated Debt Repayment Shortfall (In Millions)
Barrio Logan	City Redev Division	\$27.0	5/20/32	5/20/42	32 yrs	NO	\$18.0
Linda Vista	City Redev Division	\$6.5	11/21/12	11/21/22	12 yrs	NO	\$5.1
Gateway Center West	SEDC	\$21.1	11/17/19	11/17/29	19 yrs	YES	\$21.5
Mount Hope	SEDC	\$5.6	11/22/25	11/22/35	25 yrs	YES	\$2.9
Southeast	SEDC	\$19.8	4/1/27	4/14/37	27 yrs	YES	\$17.8
Total		\$80.0					\$65.3
