

DATE ISSUED: April 16, 2003

REPORT NO. 03-066

ATTENTION: Honorable Mayor and City Council
Docket of

SUBJECT: Developer Fees FY 2002 Annual Report

SUMMARY

Issue - Should the City Council adopt a resolution accepting the attached developer fees reports for Fiscal Year 2002 and make findings related to unexpended balances as required in the California Government Code 66001?

Manager's Recommendation - Adopt the resolution accepting the attached reports and make findings as required by the California Government Code.

Other Recommendations - None with this action.

Fiscal Impact - None with this action.

BACKGROUND

The purpose of this Manager's Report, and the accompanying attachments, is to fulfill State mandated annual reporting and disclosure requirements with respect to the imposition of development impact fees by local governments.

DISCUSSION

The California Government Code requires that local agencies that impose fees in connection with the approval of development projects make certain information available to the public on an annual basis. This section of the Government Code requires that the following be disclosed: a) a brief description of the type of fee in the fund; b) the amount of the fee; c) the beginning and ending balance of the fund; d) the amount of fees collected and the interest earned; e) an identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement; and f) an identification of an approximate date by which the

construction of the public improvement will commence if the public agency determines that sufficient funds have been collected to complete financing of an incomplete public improvement.

Reports 1 through 3 relate to Development Impact Fees, Park Development Fees, and Urban Impact Fees. Reports 4 and 5 relate to the Sewerage Utility Expansion fund and the Water Utility Expansion fund. These reports were made available to the public in the City Clerk's Office on December 19, 2002.

Section 66001 of the Government Code mandates additional disclosure with respect to any fees collected and remaining unexpended in the fifth year after collection. For this category, whether the fees are committed or not, the following findings must be made: 1) identify the purpose to which the fee is to be put; 2) demonstrate a reasonable relationship between the fee and the purpose for which it is charged; and 3) identify all sources and amounts of funding anticipated to complete financing in incomplete improvements and the approximate dates on which such funding is expected to be deposited into the appropriate fund. When sufficient funds have been collected to complete financing of incomplete public improvements and the improvements remain incomplete, the agency is required to identify an approximate date by which construction of the public improvement will be commenced, or shall refund to the then current owners of record the unexpended portion of the fee and interest accrued thereon with limited exception. Required findings for funds collected over five years ago are contained in Attachment 6.

ALTERNATIVE

Do not accept the attached reports.

Respectfully submitted,

S. Gail Goldberg, AICP
Planning Director

Approved: P. Lamont Ewell
Assistant City Manager

GOLDBERG/CMG

- Attachments:
1. Report #1 Development Impact Fee (Planned Urbanizing)
 2. Report #2 Park Development Fees

FINDINGS FOR FUNDS COLLECTED OVER FIVE YEARS AGO
DEVELOPMENT IMPACT FEES FISCAL YEAR 2002 ANNUAL REPORT

1. What is the purpose of the Impact Fee? The proposed Impact Fees are to ensure that new development provide its fair share funding for community public facilities.
2. What is the use to which the fee is to be put? The Impact Fees will be used to finance transportation, park and recreation, or library facilities as indicated in each fund explanation.
3. What is the reasonable relationship between the fee's use and the type of development project on which the fee is imposed? The Impact Fees will be used to provide for a fair share contribution for community infrastructure projects needed to serve both residential and non-residential development.
4. What is the reasonable relationship between the need for the public facility and the type of development project on which the fee is imposed?
 - Transportation Projects: Both residential development and non-residential development utilize the community's transportation system which requires various street projects, traffic signal interconnect systems, landscaping, and medians.
 - Park and Recreation Projects: Residential development utilizes the community's parks and improvements are necessary based on the population build-out and the General Plan standards to maintain the existing levels of services.
 - Library Projects: residential development utilizes the community libraries and expansions are necessary based on the population build-out and the General Plan standards to maintain the existing levels of service.

The following funds have unexpended net balances as of June 30, 2002. The reasons for these unexpended funds and the actions taken are discussed below.

Sorrento Hills Park Development Fund 39093 - \$8,749.51

Funds will be allocated to fund a portion of the Sorrento Hills share of CIP 29-764.0 "Carmel Valley Community Park-South." The FY 2002 Carmel Valley Public Facilities Financing Plan reflects the Sorrento Hills community's contribution to this project in FY 2004.

La Jolla Impact Fee Fund 79514 - \$74,264.03

During the first quarter of FY 2003, funds remaining on balance were expended on CIP 52-583.0, "Reconfiguration of La Jolla Shores Drive, Torrey Pines Road, and Ardath Road."

Kearny Mesa Impact Fee Fund 79530 - \$1,251,307.72

Identification of vernal pools on the Serra Mesa Branch Library site necessitated resiting and redesign of the proposed library. The facility redesign is nearing completion with an anticipated construction start in FY 2004.
