

THE CITY OF SAN DIEGO
REPORT TO THE CITY COUNCIL

DATE ISSUED: April 20, 2011

REPORT NO: 11-064

ATTENTION: Land Use and Housing Committee Chairman and Committee Members
Agenda of April 27, 2011

SUBJECT: Right Of Way Certification Authorization

REQUESTED ACTION:

Authorizing the Mayor, or his designee to execute Right-of -Way Certifications pertaining to City projects funded by the State or Federal government.

STAFF RECOMMENDATION:

Authorize the requested action.

BACKGROUND:

This action pertains to all City right of way projects that involve State or Federal funding. A Right of Way Certificate is verification to the State (Caltrans) that all necessary real estate required for the proposed project has been secured. The State requires that a resolution be adopted by the governing body for each individual Certification or that a resolution be adopted authorizing a responsible official to execute Right of Way Certifications. This action would eliminate the necessity of returning to Council for every individual certification.

This is primarily a routine process that can involve projects as minor as basic street improvements. This action would eliminate the necessity of returning to Council for projects that have already been previously approved.

FISCAL CONSIDERATIONS:

N/A

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

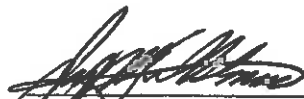

N/A

KEY STAKEHOLDERS AND PROJECTED IMPACTS:

The City would be able to expedite the certification process for all right of way projects.

James F. Barwick, Director
Real Estate Assets Department

Jay M. Goldstone
Chief Operating Officer

RESOLUTION NUMBER R-_____

DATE OF FINAL PASSAGE _____

A RESOLUTION OF THE CITY OF SAN DIEGO AUTHORIZING
THE MAYOR, OR HIS DESIGNEE, TO EXECUTE RIGHT-OF-
WAY CERTIFICATIONS FOR PROJECTS TO BE SUBMITTED
TO THE CALIFORNIA DEPARTMENT OF TRANSPORTATION.

WHEREAS, the California Department of Transportation (CalTrans) requires that a “Right-of-Way Certification” be submitted to CalTrans for each City project submitted for acceptance and/or approval; and

WHEREAS, CalTrans also requires that the each Right-of-Way Certification be accompanied by a resolution adopted by the City Council which authorizes a city official to execute the Right-of-Way Certification; and

WHEREAS, pursuant to CalTrans Right-of-Way Manual Chapter 17, Section 17.08.14.11, one option for compliance with the requirement that each Right-of-Way Certification be accompanied by a resolution, is to have a resolution adopted by the City Council giving a responsible City official the blanket authority to execute Right-of-Way Certifications; and

WHEREAS, CalTrans has given official notice to the City that, without an individual resolution for each project or a blanket resolution, CalTrans will no longer accept and/or approve future Right-of-Way Certifications for City projects that are either on the Street Highway System or those off-system projects with federal funding (preliminary engineering, right-of-way, or construction); nor will such projects be allowed to be advertised without having properly submitted Right-of-Way Certifications; and

WHEREAS, a blanket authority resolution would eliminate the necessity of obtaining a separate resolution for each project to be submitted to CalTrans and would allow City staff to timely file the necessary Right-of-Way Certifications; NOW, THEREFORE,

BE IT RESOLVED, by the San Diego City Council that the Mayor, or his designee, is authorized to execute Right-of-Way Certifications for submittal to the California Department of Transportation, and take all other actions necessary to facilitate the timely filing of such certifications, for City of San Diego projects that are either on the State Highway System or those off-system projects with federal funding.
