

THE CITY OF SAN DIEGO

REPORT TO THE CITY COUNCIL

DATE ISSUED: December 26, 2012

REPORT NO.: 13-005

ATTENTION: Honorable Council President and City Council

SUBJECT: Landscape Maintenance Contract with Contemporary Design Landscape for the Stonecrest Maintenance Assessment District

COUNCIL DISTRICT: 7

CONTACT/PHONE NUMBER: Andrew Field, (619) 685-1307, MS 5D

REQUESTED ACTIONS:

This action would authorize a landscape maintenance contract with Contemporary Design Landscape for the purpose of providing landscape maintenance services to the Stonecrest Maintenance Assessment District (MAD) in an amount not to exceed \$1,731,872 over a period of five years (one-year initial term plus four one-year options to renew) beginning in Fiscal Year 2013 and ending in Fiscal Year 2018.

STAFF RECOMMENDATION:

Staff recommends the City Council authorize the Mayor, or his designee, to execute, for and on behalf of the City, a landscape maintenance contract with Contemporary Design Landscape for landscape maintenance services related to maintenance activities in the Stonecrest MAD in an amount not to exceed \$1,731,872.

BACKGROUND:

Program Overview

MADs are authorized by law to assess benefiting property owners for landscape and lighting maintenance and other service activities. These activities must provide a special benefit above the standard level of service provided by the City. Maintenance areas may include but are not limited to landscaped and paved medians, landscaped right-of-ways and slopes, open space, parks, ponds, flood control channels, monuments, decorative street lighting, decorative gates and fences, community signage, and banners. MADs may also provide for cleaning curbs and gutters and sweeping sidewalks.

The City of San Diego's Park and Recreation Department, Open Space Division currently administers 49 of the 56 MADs located throughout the City. The Development Services Department, Economic Development Division administers the remaining seven MADs, mostly in conjunction with existing Business Improvement Districts in commercial areas. MADs are authorized by the State of California and provided for in the Landscape and Lighting Act of 1972 (Part 2 of Division 15 of the California Streets and Highways Code), applicable provisions of Proposition 218 (Article XIIIID of the California Constitution), and provisions of the San Diego Municipal Code §65.0201 et seq.

Under the provisions of these laws, the City may assess properties based on the amount of benefit each property will receive. To form a new district, the City ballots property owners. Each ballot is weighted based on the amount of maximum annual assessment for the parcel. If a majority of the ballots returned are in favor of forming an assessment district, the district may be formed by resolution of the City Council. Each year, the City Council authorizes approval of updated assessment engineer's reports and annual levy of assessments in each existing maintenance assessment district. The most recent action for Fiscal Year 2013 was taken on August 10, 2012, per Resolution R-307663.

District Background

The Stonecrest Village Maintenance Assessment District was established on March 4, 1997 (per Resolution R-288402) to maintain landscaped medians, parkways, greenbelts, slopes, ornate street lights, decorative sign posts, and pavers within a residential subdivision located along West Canyon Avenue, Daley Center Drive, and Stonecrest Boulevard. The district also maintains a paved asphalt trail that runs behind the residential area, connecting trails, and the easement open space areas within the subdivision. Located in the Kearny Mesa Community Planning Area, the Stonecrest MAD accepted most improvements for long-term maintenance in 2003. Assessments for the district have been approved annually since that time. The most recent annual levy and Fiscal Year 2013 Assessment Engineer's Report for the Stonecrest MAD were approved by the City Council on August 10, 2012, per Resolution R-307663. The Assessment Engineer's Report may be accessed on the City's webpage at <http://www.sandiego.gov/park-and-recreation/general-info/engreports.shtml>.

Landscape Maintenance Contract

All landscape maintenance activities in the Stonecrest MAD are provided by a landscape contractor. Areas of maintenance in each contract may include care and cleaning of street medians, parkway landscaping, greenbelts, undeveloped open space, sidewalk, curb and gutter, and/or landscaped slopes. Regular maintenance tasks include litter removal, sweeping, edging, trimming, mowing, and related functions; these tasks are identified categorically within the contract. Special planting projects and repairs are funded through the extraordinary labor allocation.

Staff estimates that maintenance activities require at least five workers daily, Monday through Friday or approximately 10,412 labor hours annually for routine work. Additional workers may be needed for extraordinary labor tasks. As such, the landscape maintenance contract is anticipated to exceed \$1 million over the maximum possible term of five years as shown in

Attachment 1. As a result of the anticipated cost of this maintenance work, this contract is subject to compliance with the Living Wage Ordinance in accordance with Municipal Code §22.4201 *et seq.*

Bid Process

The City issued a Request for Bids for the Stonecrest MAD Landscape Maintenance (Bid Number 10022719-12-W). The bid was published in the *San Diego Daily Transcript* on February 16, 2012, and posted on the City's website (DemandStar) on February 13, 2012. Staff conducted a pre-bid conference on February 27, 2012. Approximately 88 vendors viewed the bids on DemandStar, and Purchasing & Contracting Department received 12 bids by the deadline of March 15, 2012. One addendum was issued during the bidding process to clarify questions associated with the location of work/maps and to document questions/answers raised during the pre-bid conference.

Staff analyzed bids and interviewed the lowest bid firms in accordance with Municipal Code §22.3001 *et seq.* Following a competitive selection and procurement process, the City selected Contemporary Design Landscape as the lowest responsible bidder. An intent-to-award letter was issued on April 19, 2012, and Contemporary Design Landscape began services on August 1, 2012. Copies of the contract and outline agreement are provided in Attachment 2.

Based on the scope of regular services and extraordinary labor requests, Contemporary Design Landscape bid \$297,262 annually, with provisions for annual adjustments for Living Wage Ordinance (LWO) compliance, provisions allowing for inflationary increases tied to the San Diego-Urban Consumer Price Index (CPI), and contingencies required as a result of special projects, storms, future maintenance areas not yet on-line, or unexpected needs. The bid amount includes extraordinary labor, which is a discretionary account used for special projects such as replanting projects, repairs, irrigation upgrades, storm damage, subcontractor specialized work, and unexpected needs. No discount terms were included in the bid.

City Council Approval Requirement

This landscape maintenance contract will exceed \$1 million in total expenditures over the extent of the total five-year contract period. A memorandum of law (ML 2009-20) issued by the Office of the City Attorney, indicated that these service contracts require City Council approval due to the anticipated expenditures exceeding \$1 million during the contract period in accordance with San Diego Municipal Code §22.3211(d). The \$1,731,872 contract would exceed \$1 million during the third option year, which begins on August 1, 2015, and occurs during Fiscal Year 2016. As such, Council approval is requested to award the third and ensuing options for the duration of the contract.

Phase Funding

Since the term of each contract begins during a given fiscal year but not necessarily at the beginning of a given fiscal year, each contract is typically divided into six separate phases that will span portions of six fiscal years and cumulatively a period not to exceed five years. This

action will authorize the execution of the initial one-year term; authorize the execution of up to four one-year extensions; and authorize the expenditure of funds, contingent upon the City Council authorizing the levy of assessments within the district for each fiscal year of the contract and the City Council adopting the Appropriation Ordinance for each fiscal year of the contract.

This contract is phase funded, with authority granted for each phase contingent upon City Council approval of future appropriation ordinances and assessment levies. The bid amount includes extraordinary labor, which is a discretionary account used for special projects (such as replanting projects, repairs, irrigation upgrades, storm damage, subcontractor specialized work, and unexpected needs). Each contract has provisions for annual adjustments for Living Wage Ordinance compliance and inflationary increases tied to the San Diego-All Urban Consumer Price Index (CPI) at an amount not to exceed 5%.

FISCAL CONSIDERATIONS:

The total five-year cost is projected to be \$1,731,872 over the maximum five-year term of the landscape maintenance contract. See Attachment 1 for a detailed cost spreadsheet of the maximum five-year term. The following chart summarizes the annual cost for the contract as divided by district:

Fiscal Year	Amount
FY 2013	\$286,114.33
FY 2014	\$327,730.96
FY 2015	\$344,117.51
FY 2016	\$361,323.38
FY 2017	\$379,389.55
FY 2018	\$33,196.59
TOTAL	\$1,731,872.31

Funding in the amount of \$286,114 is available from the Stonecrest MAD (Fund No. 200067) in Fiscal Year 2013 for the first phase of the contract. Additional funds for future phases will be available in future years contingent upon available reserves, approval to levy future annual assessments, and approval of the annual district budget and appropriation ordinance. See Attachment 1 for a cost schedule for the contract term.

This contract is funded by three MADs, each of which receives funding primarily from property assessments for the special benefits provided by this district. The Gas Tax Fund provides a financial contribution for the districts to maintain medians, and the Environmental Growth Fund provides a financial contribution for the districts to maintain open space lands.

Cost estimates for future years include a cost indexing factor of a maximum of 5% annually based on changes to the CPI and LWO in accordance with contract specifications. Historically, the actual amount of the allowable cost indexing increase has generally been less than the 5% projection; however, the 5% basis is the most conservative approach and is provided as the maximum indexing amount in the terms of the contract. Additional contingency funds are

included in the cost estimate for any unforeseen needs in the district. Any unspent funds will be returned to the district fund balance.

EQUAL OPPORTUNITY CONTRACTING INFORMATION:

This contract is subject to the City's Equal Opportunity Contracting (San Diego Ordinance No. 18173, Section 22.2701 through 22.2708) and the City's Non-Discrimination in Contracting Ordinance (San Diego Municipal Code Sections 22.3501 through 22.3517).

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

The Stonecrest Village Maintenance Assessment District was established on March 4, 1997, per Resolution R-288402. The City Council last authorized approval of updated assessment engineer's reports and annual levy of assessments for each district on August 10, 2012, per Resolution R-307663.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

The City's Purchasing & Contracting Department issued a Request for Bids for Stonecrest MAD Landscape Maintenance on February 13, 2012, and advertised in the *San Diego Daily Transcript* and on the City's website (DemandStar). The citizen advisory committee was made aware of the need to bid the contract at its annual budget meeting on December 6, 2011, in accordance with Municipal Code §65.0209 and 65.0210 to discuss contract levels of service.

KEY STAKEHOLDERS AND PROJECTED IMPACTS:

Key stakeholders in this process are the property owners that are assessed as part of the Maintenance Assessment Districts program. The services identified in the Contemporary Design Landscape contract are necessary in order to meet legal requirements and to provide Maintenance Assessment District services. If this action is not approved by the City Council, services would cease prior to any expenditure over \$1 million (projected to occur during the second option year), and staff would initiate a new competitive bid process at that time.

Respectfully Submitted,

Stacey LoMedico
Park and Recreation Director

Jay M. Goldstone
Chief Operating Officer
