

THE CITY OF SAN DIEGO

## Report to the City Council

DATE ISSUED: April 13, 2016

REPORT NO: 16-039

ATTENTION: Charter Review Committee

SUBJECT: Streamlining of Contracting & Procurement Charter Sections

REFERENCE: Charter Sections 35, 94.1, 94.2, 94.3, 94.4, 98, 99, 100, and 102

REQUESTED ACTION: Consideration of updates and/or removal of Charter Sections 35, 94, 94.1, 94.2, 94.3, 94.4, 98, 99, 100 and 102.

STAFF RECOMMENDATION: Approve changes to the proposed Charter Sections and forward to full Council to consider placing on the November 2016 ballot.

### SUMMARY:

The proposed changes to the purchasing and contracting related sections of the Charter are intended to harmonize and remove duplication between the Charter, Municipal Code, and State Government Code. The recommended changes to these sections will provide greater flexibility to city departments to procure goods and services to meet the needs of the city in a timely and cost effective manner.

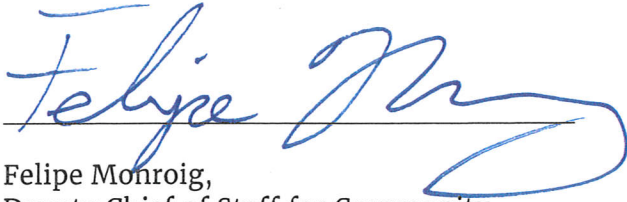

The proposed changes provide the following:

- Update restrictions against city personnel who may seek an improper personal benefit through the city's purchasing and contracting process.
- Incorporate state requirements by reference which will provide for consistency and greater clarity on restrictions on certain activities regarding purchasing and contracting.
- Provide flexibility to the departments to ensure the best value and service to the taxpayers.

Furthermore, the changes proposed are consistent with the stated goals of the Charter Review Committee to make provisions within the Charter less proscriptive and easier to comprehend for the citizens of San Diego.

FISCAL CONSIDERATIONS: The cost of placing measures on the November 2016 ballot is unknown at this time.

PREVIOUS COUNCIL and/or COMMITTEE ACTION: February 3, 2016, the Charter Review Committee unanimously requested the Independent Budget Analyst, Mayor's Office, Committee Consultant and Director of Legislative Affairs work with the City Attorney to return with some short, plain, introductory and overarching language for the Charter that says we will do what it takes to deliver the best value to the City and citizens we serve; and move whatever specific language we need to implement improvements and efficiencies in our purchasing and contracting process to the Municipal Code.

### **Section 35: —Purchasing Agent**

The Purchasing Agent shall make all purchases of supplies, materials, equipment, and insurance required by the various Departments or offices of the City, except as may be otherwise provided by the Council or this Charter. He shall prepare in consultation with the administrative officers of the City standard specifications for all supplies, materials, equipment, and insurance necessary for use by the various Departments or offices of the City.

In purchasing any supplies, materials, equipment and insurance required by the various Departments or offices of the City, if the cost of said supplies, materials, equipment and insurance exceeds a sum to be established by ordinance of the City Council, no such purchase shall be made without advertising for sealed proposals therefor. Notices calling for such sealed proposals shall be published for one day in the official newspaper of the City, and a contract let for such purpose only after the expiration of ten days following said advertising. If the cost of the said supplies, materials, equipment and insurance required by said City falls within a dollar range also established by ordinance of the City Council, the said purchase may be made by said Purchasing Agent without advertising for sealed proposals, but not until said Purchasing Agent has secured competitive prices from merchants or other persons interested in making the sale to said City and not until the Purchasing Agent has been authorized by the Council to make such purchase. Purchases of supplies, materials, equipment and insurance required by the various Departments or offices of the City which do not exceed in cost a sum established by ordinance of the City Council may be made by the Purchasing Agent directly upon the request of the department interested.

The Council shall by ordinance provide for the sale, exchange or other disposal by the Purchasing Agent of any surplus, used, obsolete or depreciated personal property belonging to the City.

The Council by resolution may order the purchase without advertising for bids of surplus commodities from the United States of America, or any agency thereof, or from any other public corporation, state or municipal, or any agency thereof. The Council may authorize the Purchasing Agent to participate in joint and cooperative purchasing with any other public corporation, state or municipal, or agencies thereof. The Council may also authorize said Purchasing Agent to sell to any other public corporation, state or municipal, any supplies, material and equipment which said City may have been able to purchase in quantity at a reduced price.

Supplies shall be furnished upon requisition either from the stores under the control of the Purchasing Agent or by purchase, and whenever so purchased shall be paid for by the Department or office furnished therewith. It shall be the duty of the Purchasing Agent to inspect or cause to be inspected all purchases, and reject any of those which are not up to the standard specifications provided therefor, and he shall not approve any bid or voucher for articles which are not in conformity with specifications, or which are at variance with any contract. The Purchasing Agent shall not furnish supplies to any Department or office unless there be to the credit thereof an available unencumbered balance sufficient to pay for such supplies.

~~Materials, supplies or equipment not needed by a Department or office, but necessary to another Department or office, may be transferred by the Purchasing Agent and a proper record made of the transaction. He shall have charge of such storerooms and warehouses of the City as the Manager may provide or the Council by ordinance may authorize. The Council may, upon recommendation of the Manager, authorize the Purchasing Agent to purchase materials, supplies, or equipment in common use by the Departments and offices in large quantities and store the same until requisitioned by the Departments or offices for use. The Council shall provide a sufficient revolving fund in the annual appropriation ordinance of an adequate amount for the purpose of creating a store's account and stock for future supply of the Departments and offices when needed.~~

The Purchasing Agent shall keep a record of all sources of supply, of all quotations received, of all awards made, of all inspections, of all requisitions filed, and of all vendors furnishing commodities to the City. He shall perform such other duties as may be prescribed by general law or ordinance or by the Manager.

## Section 94: Contracts

Contracts for~~In~~ the construction, reconstruction or repair of public buildings, streets, utilities and other public works, for the provision of goods or services, and the hiring of architects, engineers, and other consultants, shall be competitively bid pursuant to rules when the expenditure therefor shall exceed the sum established by ordinance of the City Council,~~the same shall be done by written contract, except as otherwise provided in this Charter, and the Council, on the recommendation of the Manager or the head of the Department in charge if not under the Manager's jurisdiction, shall let the same to the lowest responsible and reliable bidder, not less than ten days after advertising for one day in the official newspaper of the City for sealed proposals for the work contemplated. If the cost of said public contract work is of a lesser amount than the figure established by ordinance of the City Council, the Manager may let said contract without advertising for bids, but not until the Purchasing Agent of the City shall have secured competitive prices from contractors interested, which shall be taken under consideration before said contract is let. The Council may, however, establish by ordinance an amount below which the Manager may order the performance of any construction, reconstruction or repair work by appropriate City forces without approval by Council. When such Council approval is required, the Manager's recommendation shall indicate justification for the use of City forces and shall indicate whether the work can be done by City forces more economically than if let by contract. The City Council may establish by ordinance contract amounts below which competitive bidding is not required. Unless otherwise required by ordinance, competitive bidding is not required for work done by City forces, services provided by non-profit organizations, in an emergency, or where competitive bidding is not required by state law.~~

In case of a great public calamity, such as extraordinary fire, flood, storm, epidemic or other disaster the Council may, by resolution passed by a vote of two-thirds of the members elected to the Council, determine and declare that the public interest or necessity demands the immediate expenditure of public money to safeguard life, health or property, and thereupon they may proceed, without advertising for bids or receiving the same, to expend, or enter into a contract involving the expenditure of any sum required in such emergency, on hand in the City treasury and available for such purpose. All contracts before execution shall be approved as to form and legality by the City Attorney.

Each bidder shall furnish with his bid such security or deposit insuring the execution of the contract by him as shall be specified by the Council or as provided by general law.

For contracts exceeding \$100,000.00, the Council shall require each contractor to insure the faithful performance of his contract by delivering to the City a surety bond in an amount specified by the Council, executed by a surety company authorized to do business in the State of California; provided, however, that in all contracts the Council shall require the retention of sufficient payments, under the contract to insure the protection of the City against labor or material liens.

The Council, on the recommendation of the Manager, or the Head of the Department not under the jurisdiction of the Manager, may reject any and all bids and readvertise for bids. The Council may provide that no contract shall be awarded to any person, firm or corporation if prison or alien labor is to be employed in performing such contract, or if the wage schedule for employees engaged in performing such contract is based on more than eight hours of labor per day. Any contract may be let for a gross price or on a unit basis and may provide for liquidated damages to the City for every day the contract is uncompleted beyond a specified date. It shall be competent in awarding any contract to compare bids on the basis of time completion, provided that when any award has been made in consideration, in whole or in part, of the relative time estimates of bidders for the completion of the work, the performance in accordance with such time limits shall be secured by a surety bond as hereinabove provided with adequate sureties and penalties, and provided further, that for any contract awarded solely or partially on a specified time for completion the Council shall not extend such time limits unless such extension be recommended by the Manager and the Head of the Department concerned.

Pursuant to state law, ~~No officer of the City, whether elected or appointed, of The City of San Diego shall be or become directly or indirectly financially interested in, or in the performance of, any contract made by them in their official capacity, with or for The City of San Diego, or in the purchase or lease of any property, real or personal, belonging to or taken by said City or which shall be sold for taxes or assessments or by virtue of legal process or suit of said City. Any officer who person willfully violates~~ing this section of the Charter paragraph shall be guilty of a misdemeanor and shall immediately forfeit his ~~or her~~ office and be thereafter forever barred and disqualified from holding any elective or appointive office in the service of the City. ~~No officer, whether elected or appointed, shall be construed to have an interest within the meaning of this section unless the contract, purchase, lease, or sale shall be with or for the benefit of the office, board, department, bureau or division with which said officer is directly connected in the performance of his duties and in which he or the office, board, department, bureau or division he represents exercises legislative, administrative or quasi-judicial authority in the letting of or performance under said contract, purchase, lease or sale.~~

All contracts entered into in violation of this Section shall be void and shall not be enforceable against said City; provided, however, that officers of this municipality may own stock in public utility service corporations and the City permitted to contract for public utility service when the rates for such service are fixed by law or by virtue of the Public Utilities Commission of the State of California; and provided further, that no officer shall be prohibited from purchasing the services of any utility whether publicly or privately owned, whether or not the rates are fixed by law or by the Public Utilities Commission of the State of California; and provided further, that in designating any bank as a depository for the funds of said City, any officer interested as a stockholder or otherwise in such bank shall not be deemed to have an interest in such City contract within the meaning of this section, and in each of the cases enumerated herein such contracts shall be valid and enforceable obligations against the municipality.

Provided below are the citations where selected portions of the Charter—as it applies to contracts—are addressed in the San Diego Municipal Code.

Public Works Contracts

### Section 94: Contracts

In the construction, reconstruction or repair of public buildings, streets, utilities and other public works, when the expenditure therefor shall exceed the sum established by ordinance of the City Council, the same shall be done by written contract, except as otherwise provided in this Charter, and the Council, on the recommendation of the Manager or the head of the Department in charge if not under the Manager’s jurisdiction, shall let the same to the lowest responsible and reliable bidder, not less than ten days after advertising for one day in the official newspaper of the City for sealed proposals for the work contemplated. If the cost of said public contract work is of a lesser amount than the figure established by ordinance of the City Council, the Manager may let said contract without advertising for bids, but not until the Purchasing Agent of the City shall have secured competitive prices from contractors interested, which shall be taken under consideration before said contract is let. The Council may, however, establish by ordinance an amount below which the Manager may order the performance of any construction, reconstruction or repair work by appropriate City forces without approval by Council. When such Council approval is required, the Manager’s recommendation shall indicate justification for the use of City forces and shall indicate whether the work can be done by City forces more economically than if let by contract.

In case of a great public calamity, such as extraordinary fire, flood, storm, epidemic or other disaster the Council may, by resolution passed by a vote of two-thirds of the members elected to the Council, determine and declare that the public interest or necessity demands the immediate expenditure of public money to safeguard life, health or property, and thereupon they may proceed, without advertising for bids or receiving the same, to expend, or enter into a contract involving the expenditure of any sum required in such emergency, on hand in the City treasury and available for such purpose. All contracts before execution shall be approved as to form and legality by the City Attorney.

**Commented [RA5]:** Covered in SDMC §22.3108 Exceptions to Advertisement and Competitive Award of Public Works Contracts

Each bidder shall furnish with his bid such security or deposit insuring the execution of the contract by him as shall be specified by the Council or as provided by general law.

For contracts exceeding \$100,000.00, the Council shall require each contractor to insure the faithful performance of his contract by delivering to the City a surety bond in an amount specified by the Council, executed by a surety company authorized to do business in the State of California; provided, however, that in all contracts the Council shall require the retention of sufficient payments, under the contract to insure the protection of the City against labor or material liens.

**Commented [RA6]:** Covered in SDMC § 22.3005 Insurance and Bonds

The Council, on the recommendation of the Manager, or the Head of the Department not under the jurisdiction of the Manager, may reject any and all bids and readvertise for bids. The Council may provide that no contract shall be awarded to any person, firm or corporation if prison or alien labor is to be employed in performing such contract, or if the wage schedule for employees engaged in performing such contract is based on more than eight hours of labor per day. Any contract may be let for a gross price or on a unit basis and may provide for liquidated damages to the City for every day the contract is uncompleted beyond a specified date. It shall be competent in awarding any contract to compare bids on the basis of time completion, provided that when any award has been made in consideration, in whole or in part, of the relative time estimates of bidders for the completion of the work, the performance in accordance with such time limits shall be secured by a surety bond as hereinabove provided with adequate sureties and penalties, and provided further, that for any contract awarded solely or partially on a specified time for completion the Council shall not extend such time limits unless such extension be recommended by the Manager and the Head of the Department concerned.

However, applicable sections of the Charter are not appropriately included in the Municipal Code with respect to applicable sections in [Chap 02 Art 02 Div. 32, Contracts for Services, Goods, and Consultants](#); specifically, as it applies to Consultant Contracts.
