

RESOLUTION NUMBER R- **313130**

DATE OF FINAL PASSAGE **JUL 06 2020**

A RESOLUTION OF THE COUNCIL OF THE CITY OF SAN DIEGO APPROVING THE FISCAL YEAR 2020 MISSION VALLEY IMPACT FEE STUDY AND THE DEVELOPMENT IMPACT FEE SCHEDULE FOR PROPERTIES WITHIN MISSION VALLEY, AND AUTHORIZING THE CHIEF FINANCIAL OFFICER TO ESTABLISH AND MODIFY INDIVIDUAL CAPITAL IMPROVEMENT PROGRAM PROJECT BUDGETS TO REFLECT THE STUDY.

WHEREAS, the purpose of Development Impact Fees (DIFs) is to ensure that each new development project pays its proportionate share of the funding needed for public facilities necessary to serve new development; and

WHEREAS, the Council of the City of San Diego has reviewed and considered the methodology set forth in the Fiscal Year 2020 Mission Valley Impact Fee Study on file in the Office of the City Clerk as Document No. RR- **313130**; NOW, THEREFORE,

BE IT RESOLVED, by the Council of the City of San Diego, as follows:

1. The Fiscal Year 2020 Mission Valley Impact Fee Study (Study) and the Mission Valley Development Impact Fee Schedule are approved.
2. The Chief Financial Officer is authorized to establish and modify individual Capital Improvement Program project budgets to reflect the Study, provided funding is available for such action.
3. Effective sixty days from the date of final passage of this Resolution, all DIFs due under the Study shall be those fees in effect at the time the project's building permits or construction permits are issued, in accordance with San Diego Municipal Code section 142.0640(b).

4. Effective sixty days from the date of final passage of this Resolution, the Study replaces and supersedes the Fiscal Year 2013 Mission Valley Public Facilities Financing Plan.

5. The DIFs due shall automatically increase annually in accordance with San Diego Municipal Code section 142.0640(c).

6. The Study is incorporated by reference into this Resolution as support and justification for satisfaction of findings required pursuant to the Mitigation Fee Act, as set forth in California Government Code section 66001, for imposition of development impact fees. Specifically, it is determined and found that this documentation:

a. Identifies the purpose of the DIF, which is to ensure that each development project pays its proportionate share of funding needed for the public facilities projects necessary to serve new development;

b. Identifies the use to which the DIF is to be put, which includes but is not limited to, the funding of public facilities projects to serve the community at full community development as identified in the Mission Valley Community Plan and the General Plan. A list of the public facilities projects is shown in the Study;

c. Demonstrates there is a reasonable relationship between the DIFs' use and the type of development project on which the DIF is imposed. The DIF will be used to provide for a proportionate fair share contribution for community infrastructure projects needed to serve both residential and non-residential development based on the increased intensity of the development permitted in accordance with the DIF schedule in effect at the time a building permit is issued. Credit will be given for any existing development;

d. Demonstrates there is a reasonable relationship between the need for the public facility and the type of development project on which the DIF is imposed, which includes the following:

(i) Mobility Facilities: Residential and non-residential development utilize the community's transportation system, which requires various roadway improvements, bicycle improvements, pedestrian improvements, and storm water improvements.

(ii) Park and Recreation Facilities: Residential development utilizes the community's parks, and improvements are necessary based on the projected population at full community development and General Plan standards.

(iii) Fire/Rescue Facilities: Residential and non-residential development will be served by community fire/rescue facilities, and additional and expanded facilities are necessary based on the projected population at full community development, General Plan standards, and established emergency response times.
