

RESOLUTION NUMBER R- 314142DATE OF FINAL PASSAGE JUN 03 2022

A RESOLUTION ADOPTING ADDENDUM TO THE FINAL  
NEGATIVE DECLARATION NO. 225045 (SCH NO.  
2013011059) FOR THE POINT LA JOLLA AND BOOMER  
BEACH SEASONAL CLOSURE PROJECT.

WHEREAS, the City of San Diego (City) prepared Negative Declaration (ND) 225045 for the La Jolla Children's Pool Enclosure Project, which was adopted by the Council of the City of San Diego (Council) on March 12, 2014 (Resolution R-308758). The La Jolla Children's Pool Enclosure Project included an amendment to the La Jolla Community Plan and Local Coastal Program to establish community plan policies to support a seasonal closure of the Children's Pool Beach consistent with Coastal Act Section 30230, "Marine resources; Maintenance" during harbor seal pupping season to contribute to the protection of an area of special biological significance for breeding pinnipeds; and

WHEREAS, on February 25, 2022 the City, as Lead Agency under California Environmental Quality Act (CEQA), prepared and completed an Addendum to the ND (Addendum) for the proposed seasonal closure of Point La Jolla and Boomer Beach annually from May 1 to October 31 for sea lion pupping season (Project) consistent with Coastal Act Section 30230, "Marine resources; Maintenance"; and

WHEREAS, pursuant to Section 15162 of the State CEQA Guidelines when an EIR has been certified or a negative declaration adopted for a project, no subsequent EIR shall be prepared for that project unless the lead agency determines, on the basis of substantial evidence in the light of the whole record, that 1) substantial changes are proposed in the project which will require major revisions of the previous EIR or negative declaration, or 2) substantial changes

occur with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR or negative declaration; and

WHEREAS, pursuant to Section 15162 of the State CEQA Guidelines when an EIR has been certified or a negative declaration adopted for a project, no subsequent EIR shall be prepared for that project unless the lead agency determines, on the basis of substantial evidence in the light of the whole record, that there is new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous environmental document was certified as complete or was adopted, that shows any of the following: a) the project will have one or more significant effects not discussed in the previous EIR or negative declaration, b) significant effects previously examined will be substantially more severe than shown in the previous EIR, c) mitigation measures or alternatives previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative, or d) mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative; and

WHEREAS, based on all available information in light of the entire record, the analysis in the City's Addendum, and pursuant to Section 15162 of the State CEQA Guidelines, the City has determined that none of the situations described in Sections 15162 of the State CEQA Guidelines apply. No changes in circumstances have occurred, and no new information of substantial importance has manifested which would result in new significant or substantially

increased adverse impacts as a result of the project. Therefore, the Addendum was prepared in accordance with Section 15164 of the CEQA Guidelines; and

WHEREAS, on April 8, 2022, the California Coastal Commission voted unanimously to close Point La Jolla and Boomer Beach for the Project via an "APPROVED WITH CONDITIONS" designation of the City's Coastal Development Permit Application (No. 6-22-0113); and

WHEREAS, along with this resolution, the City is requesting approval of a proposed ordinance amending Chapter 6, Article 3, Division 1 of the San Diego Municipal Code by adding new Section 63.0102(f) relating to the Use of Point La Jolla and Boomer Beach, which outlines the Project; and

WHEREAS, the Council has considered the potential environmental effects of the Project; and

WHEREAS, on     MAY 24    , 2022, the Council held a duly noticed public meeting and considered the written record for the Project as well as any public comment; and

WHEREAS, the Council, using its independent judgment, has determined that that none of the situations described in Sections 15162 of the State CEQA Guidelines apply to the Project. No changes in circumstances have occurred, and no new information of substantial importance has manifested, which would result in new significant or substantially increased adverse impacts as a result of the project; NOW, THEREFORE,

BE IT RESOLVED, that the Council of the City of San Diego has determined that none of the situations described in Section 15162 of the State CEQA Guidelines apply. No changes in circumstances have occurred, and no new information of substantial importance has manifested which would result in new significant or substantially increased adverse impacts as a result of the

Project. Therefore, the Council adopts the Addendum for the proposed seasonal closure of Point La Jolla and Boomer Beach annually from May 1 to October 31 for sea lion pupping season consistent with Coastal Act Section 30230, "Marine resources; Maintenance."

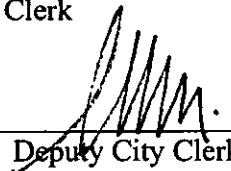

APPROVED: MARA W. ELLIOTT, City Attorney
