EXECUTIVE SUMMARY OF ITEM BACKGROUND:
As part of the portfolio management plan for the City’s real estate assets, City staff reviews the City’s property inventory to determine which properties are no longer needed to support a municipal function. Factors considered when determining which properties should be sold include: 1) relief of potential liabilities and/or the cost of maintaining property; 2) property tax increment that will be created by returning the property to the tax rolls; 3) stimulation of the economy by providing opportunities for private sector investment; 4) generation of revenue.

Council Policy 700-10 states that City owned properties may become available for sale if at least one of the following criteria has been met: 1) the property is not currently used by a City department or does not support a municipal function; 2) the property is vacant has no foreseeable use by the City; 3) the property is a non-performing or under-performing asset and greater value can be generated by its sale; 4) significant economic development opportunities can be generated by selling the property. The proposed properties for sale meet the criteria for sale per the Council Policy.
The properties have been cleared for sale in accordance with California Government Code Section 54220. City departments were also notified and given an opportunity to retain the property. No City department has any current or foreseeable use for the properties.

The following properties (also listed on Exhibit B) have been determined to be excess to the City’s needs:

- Headquarters Point, South side of Lusk, APN 340-090-55, 10.32 acres of unimproved land.

- 811 South 28th Street, Former Logan Heights Library, APN 550-011-01: The old library, built in 1927, is potentially historically significant and eligible for designation. The building is vacant and in poor condition.

- 540 W. Laurel and 2513/2515 Union Street, Two Residential Structures: The property was purchased with Gas Tax Funds in the 1960’s for Maple Canyon Road extension. The road extension was not constructed. The property (Site 11A) was designated for sale in 1980 and 1987 (R-252539 and R-268357). Since it was determined not to use the property for street purposes, only temporary interim uses of the property have been permissible. Due to slope issues, existing structures, and lack of connectivity to Maple Canyon Open Space, City staff cannot justify this location for park uses. The property requires upgrades. Since the property was acquired using Gas Tax Funds, the sale proceeds are required to be deposited into the Gas Tax Fund.

The properties were appraised by independent MAI designated appraisers who determined the fair market value of each property (see attached Exhibit B). The properties will be re-appraised at least once every twelve months until sold and the resulting fair market value of each property shall become the minimum acceptable sales price.

Commercial real estate brokers will be used to represent the City and facilitate the sale of each property. Brokerage firms were selected through Requests for Statement of Qualifications and then through Requests for Proposals for each property. Real estate commissions will be paid from the proceeds of the sales. Real estate commissions will be paid from the proceeds of the sales. Pursuing open market transactions using brokers and selling by negotiation will achieve the highest price for the City. Please see attached Exhibit B for additional information.

This item is requesting authorization to sell each property at or above its appraised value and pay real estate broker commissions based on a percentage of the final sale price for each property.
CITY STRATEGIC PLAN GOAL(S)/OBJECTIVE(S):
Goal #3: Create and sustain a resilient and economically prosperous City.
Objective #1: Create dynamic neighborhoods that incorporate mobility, connectivity, and sustainability.

FISCAL CONSIDERATIONS:
North terminus of Campus Point Drive, APN’s 340-030-44, 340-080-55&62: proceeds from the sale, net of costs related to the sale, will be deposited in Capital Outlay Fund 400002 and, because a 0.67 acre portion of the property is located within a portion of Lot 1321, a 0.67 acre portion of the total sales proceeds will be deposited in Capital Outlay Pueblo Land/Police Decentralization Fund 400006 to be used solely and exclusively for the purpose of financing acquisition and construction of police substations and other permanent improvements for police purposes in accordance with Ordinance O-12685.

Headquarters Point/South side of Lusk, APN 340-090-55: proceeds from the sale, net of costs related to the sale, will be deposited in the Capital Outlay Fund 400002.

PROPOSITION C

Should the Governor and Legislature of the State of California be advised that:

It is the will of the people of the City of San Diego that the Governor and the Legislature apportion the existing six cents state sales and use tax so that two cents rather than the present one cent be allocated to be used by cities and counties for priority local services rather than by the state for state services or to the state surplus.

It is understood that if the Governor and Legislature so act, any funds resulting therefrom which would cause the city to exceed a spending limit imposed by a vote of the people of the City of San Diego or the State of California shall, in accordance with the provisions of Section 77 of the City Charter, be returned to the people or expended for capital improvements.

Further, it is the will of the people that the Governor and Legislature enact such allocation into law by no later than the first of May 1980, to avoid the unnecessary enactment by the people through the initiative process to cure legislative default.

Environmental Statement

Consistent with CEQA Guidelines section 15004, the mere authorization to sell properties at a specific price using a real estate broker, but no actual sale is pending and no offers have been received, is not the appropriate time to conduct environmental review because the City does not yet have sufficient meaningful information for environmental assessment. This action is not an approval of a project under CEQA Guidelines section 15352 as it does not commit the City to a definite course of action in regards to a project intended to be carried out. This authorization does not require that the City sell the property, even if an offer at or above the authorized price is received. Currently, the City does not know who the potential buyers may be or for what purpose they might wish to use the property. Only upon receipt of an offer that the City wishes to accept, can the City begin analyzing potential impacts of that particular transaction to the existing physical conditions of the property authorized for sale. This action will not foreclose review of alternatives or mitigation measures by the public as part of any future CEQA process. Formal approval of a future project will occur once an environmental review has been completed in accordance with the provisions of CEQA Section 15004 and the City’s Land Development Code.
